Encyclopedia of Gay Histories and Cultures George Haggerty.2013-11-05 First Published in 2000. A rich heritage that needs to be documented Beginning in 1869, when the study of homosexuality can be said to have begun with the establishment of sexology, this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors. It covers a long history and a dynamic and ever changing present, while opening up the academic profession to new scholarship and new ways of thinking. A groundbreaking new approach While gays and lesbians have shared many aspects of life, their histories and cultures developed in profoundly different ways. To reflect this crucial fact, the encyclopedia has been prepared in two separate volumes assuring that both histories receive full, unbiased attention and that a broad range of human experience is covered. Written for and by a wide range of people Intended as a reference for students and scholars in all fields, as well as for the general public, the encyclopedia is written in user-friendly language. At the same time it maintains a high level of scholarship that incorporates both passion and objectivity. It is written by some of the most famous names in the field, as well as new scholars, whose research continues to advance gender studies into the future.

The Organ in Manitoba James B. Hartman.1997-12-15 Pipe organs were once a central (and sometimes hotly debated) part of Manitoba's cultural life. The Organ in Manitoba portrays that history--the instruments, builders, players and critics--from the date of the earliest known installations to the 1990s, and includes information on musical organizations such as the Royal Canadian College of Organists. It documents over a century of evolution and changes, from concepts of tonal design to styles of musical commentary and tastes, and includes an inventory of installations and specifications for over 100 organs. Well-illustrated with photographs and excerpts from historical reviews and other documents, it will be of interest to musicians, teachers, and music, church, and cultural historians.

Variations on a Haunting Theme Alan Millard.2017-06-22 What begins as a seemingly innocent invitation to dinner from a relative stranger turns into something more sinister. Persuaded to stay for three days in the stranger's isolated house, the guest hears six bizarre stories of people known to the host. The last of these chilling tales concerns the host himself and has an alarming ending. When the guest returns to his own home, the tales he's heard continue to haunt him and where they lead makes his own story the strangest of all.

Community Organizations for Music: a Neglected Theme in Community Development, Theory and Practice Gerald Curtis Sain.1980

The Music of the Moravian Church in America Nola Reed Knouse.2008 The Moravians, or Bohemian Brethren, early Protestants who settled in Pennsylvania and North Carolina in the eighteenth century, brought a musical repertoire that included hymns, sacred vocal works accompanied by chamber orchestra, and instrumental music by the best-known European composers of the day. Moravian composers -- mostly pastors and teachers trained in the styles and genres of the Haydn-Mozart era -- crafted thousands of compositions for worship, and copied and collected thousands of instrumental works for recreation and instruction. The book's chapters examine sacred and secular works, both for instruments -- including piano solo -- and for voices. The Music of the Moravian Church demonstrates the varied roles that music played in one of America's most distinctive ethno-cultural populations, and presents many distinctive pieces that performers and audiences continue to find rewarding. Contributors: Alice M. Caldwell, C. Daniel Crews, Lou Carol Fix, Pauline M. Fox, Albert H. Frank, Nola Reed Knouse, Laurence Libin, Paul M. Peucker, and Jewel A. Smith. Nola Reed Knouse, director of the Moravian Music Foundation since 1994, is active as a flautist, composer, and arranger. She is the editor of *The Collected Wind Music of David Moritz Michael*.

Weary Throats and New Songs Teresa L. Fry Brown.2003 Teresa Frye Brown's music ministry

forms a background for her application of music as a metaphor to the preaching moment. In this book she interviews numerous preaching sistas and uses categories from her homiletics courses to structure the data that she found in the interviews. The result is a helpful Black Women's Commentary on the homiletic process ... The first couple of chapters provide information on ordination and call that every male minister of the Gospel should keep in mind. It is a review of the gender barrier to ordination. Interestingly enough this aspect of the book also demonstrated the resolve of our sisters to find ways and means to preach the gospel irregardless of these barriers. While we should never accept discrimination in any form, I did find the list of venues for women's in ministry to be a very helpful way to see other possible ways to minister apart from the pulpit in the church that all ministers, male and female, should look at. Our sisters have shown us the way to greater ministry. After call and ordination, Brown moves to a discussion of Biblical exegesis, themes, and structures for sermons by Black women. I found that this section demonstrated that while some women have a tendency towards preaching actively for liberation of women, most of the themes such as purpose, hope, and liberation of the poor holds much in common with the Black male preacher -- From Amazon.com.

In Their Own Words Holly Higgins Jonas.2001-07-01 Winner of the 2002 National Choral Award for Outstanding Choral Publication They are at the heart of every community in Canada, whether they be singing in concert or rehearsal, in a worship service or at a special event. They are Canada's choirs, and their dedication to their craft is a source of both entertainment and inspiration. And at the heart of every choir, there is a choir master who, through talent and commitment, brings the voices together. In Their Own Words relates the stories of Canada's most distinguished and innovative choir masters. In their own words, each tells of their life in music, and shares their thoughts on music and the role of the choir. Many of those profiled have gained international recognition, winning prizes overseas. All have helped to bring the vocal heart-pourings of enthusiastic singers to audiences across the country.

Oxford Textbook of Creative Arts, Health, and Wellbeing Stephen Clift,Paul M. Camic.2015-11-26 There is growing interest internationally in the contributions which the creative arts can make to wellbeing and health in both healthcare and community settings. A timely addition to the field, the Oxford Textbook of Creative Arts, Health, and Wellbeing is the first work of its kind to discuss the role the creative arts have in addressing some of the most pressing public health challenges faced

today. Providing an evidence-base and recommendations for a wide audience, this is an essential resource for anyone involved with this increasingly important component of public health practice. The textbook offers key insights for developing new creative arts-based approaches to health and wellbeing, and shows how these can augment established practices within a variety of social settings. Theoretically grounded and with a strong evidence base, this book brings together contributions from both practitioners and researchers to provide a comprehensive account of the field. Using international examples, the textbook elucidates the various approaches that have successfully led to improvements in public health, whilst case studies in healthcare practices evaluate the impact of arts-based initiatives in a multitude of international settings, life-course stages, and social milieus. The Oxford Textbook of Creative Arts, Health, and Wellbeing is a comprehensive resource that will be essential to anyone with an interest in this increasingly important component of public health practice.

I Saw Eternity the Other Night Timothy Day. 2018-11-01 The sound of the choir of King's College, Cambridge - its voices perfectly blended, its emotions restrained, its impact sublime - has become famous all over the world, and for many, the distillation of a particular kind of Englishness. This is especially so at Christmas time, with the broadcast of the Festival of Nine Lessons and Carols, whose centenary is celebrated this year. How did this small band of men and boys in a famous fenland town in England come to sing in the extraordinary way they did in the twentieth and early twenty-first centuries? It has been widely assumed that the King's style essentially continues an English choral tradition inherited directly from the Middle Ages. In this original and illuminating book, Timothy Day shows that this could hardly be further from the truth. Until the 1930s, the singing at King's was full of high Victorian emotionalism, like that at many other English choral foundations well into the twentieth century. The choir's modern sound was brought about by two intertwined revolutions, one social and one musical. From 1928, singing with the trebles in place of the old lay clerks, the choir was fully made up of choral scholars - college men, reading for a degree. Under two exceptional directors of music - Boris Ord from 1929 and David Willcocks from 1958 - the style was transformed and the choir broadcast and recorded until it became the epitome of English choral singing, setting the benchmark for all other choral foundations either to imitate or to react against. Its style has now been taken over and adapted by classical performers who sing both sacred and secular music in secular settings all over the world with a precision inspired by the King's tradition. *I Saw Eternity the Other Night* investigates the timbres of voices, the enunciation of words, the use of vibrato. But the singing of all human beings, in whatever style, always reflects in profound and subtle ways their preoccupations and attitudes to life. These are the underlying themes explored by this book.

Singing Yoruba Christianity Vicki L. Brennan. 2018-01-23 Singing the same song is a central part of the worship practice for members for the Cherubim and Seraphim Christian Church in Lagos, Nigeria. Vicki L. Brennan reveals that by singing together, church members create one spiritual mind and become unified around a shared set of values. She follows parishioners as they attend

choir rehearsals, use musical media—hymn books and cassette tapes—and perform the music and rituals that connect them through religious experience. Brennan asserts that church members believe that singing together makes them part of a larger imagined social collective, one that allows them to achieve health, joy, happiness, wealth, and success in an ethical way. Brennan discovers how this particular Yoruba church articulates and embodies the moral attitudes necessary to be a good Christian in Nigeria today.

The Gender Based Violence Indicators Study Mercy Machisa, Roos van Dorp. 2012 Over two thirds of women in Botswana (67%) have experienced some form of gender violence in their lifetime including partner and non-partner violence. A smaller, but still high, proportion of men admit to perpetrating violence against women. Inspired by the Commonwealth Plan of Action on Gender and Development (2005-2015) and Southern African Development Community (SADC) Protocol on Gender and Development target of halving GBV by 2015, this research project provides the first comprehensive and comparative baseline assessment of the extent, effects and response to GBV in Botswana. A representative sample of 639 women and 590 men across Botswana completed questionnaires in their preferred local language on behaviour and experiences related to GBV. Researchers asked women about their experience of violence perpetrated by men while men were asked about their perpetration of violence against women.

Glory Road Anthony J. Carter. 2009-06-17 Ten African-American leaders in the church tell their stories of how they embraced Reformed theology and what effect it has had on their lives and ministries. The ten men who have contributed to this book are often asked, How did you come to embrace Reformed theology? With the recent surge in popularity of Reformed theology in the broader evangelical world and the growing interest among African-Americans, it shouldn't seem curious that more and more African-American churchmen are embracing Reformed theology. But the question remains, and *Glory Road* provides an answer, using personal accounts tracing their conversion to Christianity, their introduction to and embrace of Reformed theology, and this theology's effect on their lives and ministries. Ultimately, *Glory Road* is about the glory of God in providentially bringing men and women to the truths of salvation. In addition to the book's editor, Anthony J. Carter, *Glory Road* includes contributions from such notable pastors as Thabiti Anyabwile, Ken Jones, Michael Leach, and Eric Redmond.

The Gustavus Choir: A 75 Year Commitment to Musical Excellence J. David Holdhusen. 2007 For seventy-five years, The Gustavus Choir has been an indispensable contributor to the educational environment of Gustavus Adolphus College. The ensemble provides the campus, and community of St. Peter, Minnesota, with an internationally recognized choir ensemble deeply rooted in the cappella traditions of Lutheran colleges. This study will preserve and document the establishment, history, and development of The Gustavus Choir from its formation in 1932 through 2007: identifying (1) the events leading to the organization and development of The Gustavus Choir, and the influence of F. Melius Christiansen and the Lutheran Choral School; (2) the philosophy and purpose of The Gustavus Choir; (3) the role of the Gustavus Choir within the music department, on

campus, and within the greater community; (4) the musical backgrounds and contributions of each conductor of the Gustavus Choir; (5) the origin and development of Christmas in Christ Chapel and the themes of this annual service; (6) the development of the Gustavus Choir's touring tradition, including philosophical ideology, literature programmed and tour itineraries.
