It wasn't until my mother died was I able to catch my breath and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

Community Justice Todd R Clear, John R Hamilton, Jr., Eric Cadora. 2010-12-08 Community Justice discusses concepts of community within the context of justice policy and programs, and addresses the important relationship between the criminal justice system and the community in the USA. Taking a bold stance in the criminal justice debate, this book argues that crime management is more effective through the use of informal (as opposed to formal) social control. It demonstrates how an increasing number of criminal justice elements are beginning to understand that the development of partnerships within the community that enhance informal social control will lead to a stabilization and possibly a decline in crime, especially violent crime, and make communities more liveable. Borrowing from an eclectic toolbox of ideas and strategies - community organizing, environmental crime prevention, private-public partnerships, justice initiatives - Community Justice puts forward a new approach to establishing safe communities, and highlights the failure of the current American justice system in its lack of vision and misuse of resources. Providing detailed information about how community justice fits within each area of the criminal justice system, and including relevant case studies to exemplify this philosophy in action, this book is essential reading for undergraduate and postgraduate students of subjects such as criminology, law and sociology.

Access to Criminal Justice Richard P. Young, David Wall. 1996 At a time when the legal aid system is facing a major overhaul, this book draws attention to the potential and limits of legal aid for

achieving criminal justice for defendants. In bringing together 16 experienced writers and researchers who are prominent in this field, it takes the reader beyond the hitherto narrow discussion over legal aid, and demonstrates its importance in defending liberty and achieving justice. By drawing on empirical research findings and socio-legal analysis, the authors explore the reasons why legally-aided lawyers have failed, by and large, to turn the theories that underlie legal aid into a practical reality. The book also shows that legal aid can at least be used to ameliorate the injustice of the criminal process itself, however, to do so the potential for criminal justice within the existing system needs to be exploited to the full.

Nation of Rebels Joseph Heath, Andrew Potter. 2004-12-14 In this wide-ranging and perceptive work of cultural criticism, Joseph Heath and Andrew Potter shatter the most important myth that dominates much of radical political, economic, and cultural thinking. The idea of a counterculture -- a world outside of the consumer-dominated world that encompasses us -- pervades everything from the antiglobalization movement to feminism and environmentalism. And the idea that mocking or simply hoping the system will collapse, the authors argue, is not only counterproductive but has helped to create the very consumer society radicals oppose. In a lively blend of pop culture, history, and philosophical analysis, Heath and Potter offer a startlingly clear picture of what a concern for social justice might look like without the confusion of the counterculture obsession with being different.

Criminal Intelligence Analysis Paul P. Andrews, Marilyn B. Peterson.1990 Pomen in vloga obveščevalnega procesa v boju proti organiziranemu kriminalu sta še vedno predmet različnih, pogosto tudi dvoumnih razlag, čeprav se v bistvu ne razlikuje od temeljne raziskave: opredeliti problem, zbrati podatke, jih oceniti, organizirati in analizirati ter razposlati ustreznim osebam. Analitična skupina v obveščevalni enoti poskrbi za interpretacijo podatkov, bodisi v smislu neposrednega policijskega posredovanja (npr. taktični pristop k podatkom) ali pa dolgoročne strategije reorganizacije (strateški pristop). Taktični in strateški vidiki obveščevalnega procesa se medsebojno prepletajo, dopolnjujejo in so soodvisni. Večstopenjski proces obveščanja ni samo fizična, temveč še v večji meri intelektualna dejavnost. S tem pridobiva nove razsežnosti, ki so nadaljnja spodbuda za proaktivno delo v preiskovalnem procesu.
