**The Memoir and the Memoirist** Thomas Larson.2007 The memoir is the most popular and expressive literary form of our time. Writers embrace the memoir and readers devour it, propelling many memoirs by relative unknowns to the top of the best-seller list. Writing programs challenge authors to disclose themselves in personal narrative. Memoir and personal narrative urge writers to face the intimacies of the self and ask what is true. In *The Memoir and the Memoirist*, critic and memoirist Thomas Larson explores the craft and purpose of writing this new form. Larson guides the reader from the autobiography and the personal essay to the memoir--a genre focused on a particularly emotional relationship in the author's past, an intimate story concerned more with who is remembering, and why, than with what is remembered. *The Memoir and the Memoirist* touches on the nuances of memory, of finding and telling the truth, and of disclosing one's deepest self. It explores the craft and purpose of personal narrative by looking in detail at more than a dozen examples by writers such as Mary Karr, Frank McCourt, Dave Eggers, Elizabeth Wurtzel, Mark Doty, Nuala O'Faolain, Rick Bragg, and Joseph Lelyveld to show what they reveal about themselves. Larson also opens up his own writing and that of his students to demonstrate the hidden mechanics of the writing process. For both the interested reader of memoir and the writer wrestling with the craft, *The Memoir and the Memoirist* provides guidance and insight into the many facets of this provocative and popular art form.

*Going Wild* Lisa McMann.2016-09-27 Spider-Man meets Animorphs in this thrilling middle grade series from Lisa McMann, New York Times bestselling author of the Unwanteds series. Katherine Applegate—Newbery Medal winning author of *The One and Only Ivan*, *Wishtree*, and *Endling*—calls this book “gripping, action-packed, and filled with humor and heart.” Charlie Wilde knew her life would change forever when her family moved from the city of Chicago to the suburbs of Arizona...and that was before she found the bracelet. After putting it on, she notices odd things start to happen. Suddenly Charlie seems to have the speed of a cheetah and the strength of an elephant—and that’s just the beginning. She would be thrilled about her transformation if she had any idea how to use the device or control her amazing powers. So Charlie is forced to put her trust in new friends to help her uncover the surprising truth behind the mysterious bracelet. The *Going Wild* series is perfect for fans of Rick Riordan, Brandon Mull, and Ridley Pearson looking for a new twist on their middle grade adventures. It blends science fiction with the animal kingdom, highlighting some of the incredible feats that animals can achieve, which might seem possible only in comic books but are actually completely true.
