## Implementation Plan in Response To The Board-Endorsed Recommendations From The IEO Evaluation Report On IMF Collaboration With The World Bank On Macro-Structural Issues

International Monetary, International Monetary Fund. Strategy, Policy, & Review Department. 2021-10-12 This Management Implementation Plan (MIP) focuses on further strengthening collaboration between the IMF and the World Bank on strategic macro-structural issues. In macro-structural areas, the Fund and the Bank have complementary roles. The Bank provides structural and development-focused assessments and recommendations, while the Fund focuses on integrating macro relevant structural issues in the macroeconomic frameworks and policies. In some areas, including financial sector and public debt sustainability assessments, Bank-Fund collaboration modalities are well established. In other areas, such as climate change, Fund staff is developing comprehensive strategies on how the IMF can step up its engagement and collaboration with external partners, including with the World Bank, to better serve its membership. This MIP proposes concrete steps aimed at further enhancing:

- Bank-Fund collaboration on strategic macro-structural issues, with an initial focus on the climate workstream;
- Fund staff's incentives for collaboration with external partners, including the Bank
- Access to and exchange of information and knowledge between Bank and Fund staff.

National Audit Office. 2007-03-28 The Police (Northern Ireland) Act 2000 requires the Northern

Ireland Policing Board to make arrangements to secure continuous improvement in the way in which their functions and those of the Chief Constable of the Police Service of Northern Ireland (PSNI) are exercised, with particular focus on economy, efficiency and effectiveness. This is the fourth NAO report on the audit of the current best value performance plan. The Policing Board and PSNI have made significant progress in implementing the recommendations of past inspections by NAO and HM Inspector of Constabulary. The proposed performance indicators and standards for 2006-07 are reasonable, but could be improved. Some previous indicators have been dropped, and an explanation would help transparency. The methodology used to select the Best Value Reviews is thorough but again the decision-making process is not clear. The report also recommends improvements in the reporting of performance against standards, particularly where standards have not been achieved.

Boards That Make a Difference John Carver.2011-03-10 In this revised and updated third edition, Carver continues to debunk the entrenched beliefs and habits that hobble boards and to replace them with his innovative approach to effective governance. This proven model offers an empowering and fundamental redesign of the board role and emphasizes values, vision, empowerment of both the

board and staff, and strategic ability to lead leaders. Policy Governance gives board members and staff a new approach to board job design, board-staff relationships, the role of the chief executive, performance monitoring, and virtually every aspect of the board-management relationship. This latest edition has been updated and expanded to include explanatory diagrams that have been used by thousands of Carver's seminar participants. It also contains illustrative examples of Policy Governance model policies that have been created by real-world organizations. In addition, this third edition of Boards That Make a Difference includes a new chapter on model criticisms and the challenges of governance research.
