Here Dr. Green uses the works of contemporary commentators from the Classical world, later Christian scribes recording oral traditions, and archaeological evidence to discuss Celtic myths and their religious beliefs and rituals. The Battle for Moscow David Stahel.2015-01-22 In November 1941 Hitler ordered German forces to complete the final drive on the Soviet capital, now less than 100 kilometres away. Army Group Centre was pressed into the attack for one last attempt to break Soviet resistance before the onset of winter. From the German perspective the final drive on Moscow had all the ingredients of a dramatic final battle in the east, which, according to previous accounts, only failed at the gates of Moscow. David Stahel challenges this well-established narrative by demonstrating that the last German offensive of 1941 was a forlorn effort, undermined by operational weakness and poor logistics and driven forward by what he identifies as National Socialist military thinking. With unparalleled research from previously undocumented army files and soldiers' letters, Stahel takes a fresh look at the battle for Moscow, which even before the Soviet winter offensive, threatened disaster for Germany's war in the east.

The Baby Diaries Tess Daly.2012-04-24 If there's one thing that puts us all on a level playing field it's becoming a mum for the first time, everything else - work, sleep, sanity - goes out of the window. When I was handed our first daughter, Phoebe, I was terrified. This tiny bundle seemed so small and helpless and it was down to me and Vernon to take care of her every need when between us we couldn't change a nappy. This book is the story of my journey into motherhood. From the shock and excitement of the positive pregnancy test to trying to look 'stylish' when I couldn't even see my feet, the overwhelming emotion of having our beautiful baby and the horror to come of not sleeping properly for over three years. And then deciding to do it all over again! I do hope that by sharing my story you will have a better idea of what to expect, pick up a few tips and gain a little reassurance that even if the journey is rocky at times (as ours was!) we all become brilliant mums...eventually. To get a sneak preview of The Baby Diaries download our free iPhone app - just search iTunes for Tess Daly to find it.

Peter Hujar Paul Kasmin Gallery.2016 It's a vanished world, and Peter Hujar was right there in it. The Lower East Side between 1972 and 1985 - filled with artists, wannabe artists and hangers-on - was a community of the misbegotten gathered from every town in America and relocated in the mean streets between Broadway and the Bowery. Nothing but their talent, their flamboyance, their rank gender-bending mockery and their arch irony supported them. Some made their names. Many came to grief. A few made art. In those days, the gutted streets of the Lower East Side looked like a war zone. Everyone lived and worked on the extreme outer margins of money and art, penniless and

unknown. As a community, Downtown was a counterstatement to the rich New York of the banks, museums, media, corporations ... and the art world itself. That Downtown is forever gone. Time, gentrification, disease and death have taken their toll and turned this vibrant epoch into a chapter of art history. But before it vanished, its extravagant cast sat for Peter Hujar's camera - and is now alive again in front of our eyes. Featured among others: Joe Brainard, William Burroughs, Remy Charlip, Edwin Denby, Divine, Ray Johnson, Fran Lebowitz, Charles Ludlum, Susan Sontag, Paul Thek, John Waters, Robert Wilson, David Wojnarowicz.

Bathing in the Roman World Fikret Yegül.2009-09-14 In *Bathing in the Roman World*, Fikret Yegul examines the social and cultural aspects of one of the key Roman institutions. Guiding the reader through the customs, rituals, and activities associated with public bathing, Yegul traces the origins and development of baths and bathing customs and analyzes the sophisticated technology and architecture of bath complexes, which were among the most imposing of all Roman building types. He also examines the reception of bathing throughout the classical world and the transformation of bathing culture across three continents in Byzantine and Christian societies. The

volume concludes with an epilogue on bathing and cleanliness in post-classical Europe, revealing the changes and continuities in culture that have made public bathing a viable phenomenon even in the modern era. Richly illustrated and written in an accessible manner, this book is geared to undergraduates for use in courses on Roman architecture, archaeology, civilization, and social and cultural history.
