That Winter Pamela Gillilan.1986 Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

Tyssot De Patot and His Work 1655 - 1738 A. Rosenberg.2012-12-06 Although the novel, *Voyages et aventures de Jacques Masse*, caused some thing of a stir during the first half of the eighteenth century, its author, Simon Tyssot de Patot (1655-1738), remained largely unknown in his lifetime, and it is only in this century that he has been recognized as one of the countless soldiers in the vast army of philosophes that assaulted the bastions of religious, political and sodalife in Europe of the late seven 1 teenth and early eighteenth centuries. Tyssot was a Huguenot who lived most of his life in Holland where he pursued a career as professor of mathematics in the sodal and cultural 1 Tyssot and his work seem to have been first brought to the attention of modem writers by the German critics during their investigation of the type of desert island or robinsonade literature that preceded and followed Defoe's *Robinson Crusoe*. The earliest reference I have found occurs in A. Kippenberg, *Robinson in Deutschland bis zur Insel Felsenburg* (1713-43), Hanover, 1892, pp. 66-67. Tyssot's name and work appear to have been first linked with the development of socialism in A. Lichtenberger, *Le Socialisme au XVIIIe siecle*, Paris, 1895, p. 44. Tyssot's *Voyages et aventures de Jacques Masse* was discussed for its literary merits in A. LeBreton, *Le Roman au dix huitieme siecle*, Paris, 1898. LeBreton did not know that Tyssot was the author.

The Pataphysician's Library Ben Fisher.2000-01-01 *The Pataphysician's Library* is a study of aspects of 1890s French literature, with specific reference to the traditions of Symbolism and Decadence. Its main focus is Alfred Jarry, who has proved, perhaps surprisingly, to be one of the more durable fin-de-siècle authors. The originality of this study lies in its use of the enigmatic list of books termed the *livres pairs*, which appears in Jarry's

1898 novel *Gestes et Opinions du docteur Faustroll*, pataphysicien, his best-known prose work. The greatest interest of the livres pairs lies in a group of works by Jarry's friends and contemporaries, primarily Leon Bloy, Georges Darien, Gustave Kahn, Catulle Mendès, Josephin Madan, Rachilde, and Henri de Regnier. Several of these authors feature as the lords of islands visited by the pataphysician Dr Faustroll in his curious voyage around Paris. In conjunction with Jarry's own works, the contemporary livres pairs serve to illustrate the vibrant and experimental atmosphere in which these authors worked.

British Iron and Steel Colin Bodsworth.2001 Several books have been published which describe the evolution and growth of the British iron and steel industry. Most of these provide accounts of the developments in manufacturing methods that have taken place. Some also discuss the products. Only limited reference is usually made, however, to the reasons why the changes were made or to the progressive evolution of the underlying scientific understanding that has transformed the modern approach to the design and operation of processes and to product development. There is no comprehensive coverage of the vast changes that have transformed the industry during the second half of the twentieth century.

Language planning and policy in Quebec Jakob Leimgruber.2019-09-23 This book presents an in-depth study of the language policies present in the Canadian province of Quebec, and considers them from a comparative perspective, with special focus on Singapore and Wales. In so doing, it uses a mix of methods to look at the effects of language planning on language use: questionnaires, linguistic landscapes (visible language in public space), ethnography, and psycholinguistic experiments. Besides offering background information on Canada and Quebec, the comparative element uses data from Singapore and Wales to shine a new light on how language is managed in Quebec.

The Patient Griselda Myth Madeline Rüegg.2019-06-04 From the 14th until the 19th century the last novella of Boccaccio's Decameron, also known as the Griselda story, has been translated and adapted countless times in many European languages. This story's success can be explained by considering it a myth and analysing how this myth engages with contemporary discourses, such as the definition of the ideal wife, the querelle des femmes, the socio-political consequences of social exogamy, and tyranny.

Old Masters Thomas Bernhard.2019-08-15 In this exuberantly satirical novel, the tutor Atzbacher has been summoned by his friend Reger to meet him in a Viennese museum. While Reger gazes at a Tintoretto portrait, Atzbacher—who fears Reger's plans to kill himself—gives us a portrait of the musicologist: his wisdom, his devotion to his wife, and his love-hate relationship with art. With characteristically acerbic wit, Bernhard exposes the pretensions and aspirations of humanity in a novel at once pessimistic and strangely exhilarating. Bernhard's . . . most enjoyable novel.—Robert Craft, *New York Review of Books*. Bernhard is one of the masters of contemporary European fiction.—George Steiner

The Early Modern Theatre of Cruelty and its Doubles Amanda Di Ponio.2018-08-21 This book examines the influence of the early modern period

on Antonin Artaud's seminal work *The Theatre and Its Double*, arguing that Elizabethan and Jacobean drama and their early modern context are an integral part of the Theatre of Cruelty and essential to its very understanding. The chapters draw links between the early modern theatrical obsession with plague and regeneration, and how it is mirrored in Artaud's concept of cruelty in the theatre. As a discussion of the influence of Shakespeare and his contemporaries on Artaud, and the reciprocal influence of Artaud on contemporary interpretations of early modern drama, this book is an original addition to both the fields of early modern theatre studies and modern drama.

Greece in the Bronze Age Emily Townsend Vermeule.2010-06-01 From the arrival of the first men in Greece to the fall of the Mycenaean palace-town in the thirteenth century B.C., this work captures the essential qualities of each period of pre-classical civilization: the slow development of the Neolithic culture, the rich and original Early Bronze Age, the fruitful yet tragic encounter between Minoans and Mycenaean Empire. The legacy of Mycenaean religion and art is reviewed, including material found in excavated palaces and their stored wealth of frescoes, carved ivories, silver and gold jewelry, vases, and bronze weapons. The author deals with the invasions of Greece, the growth of a Greek language and some of the problems of Linear B, and the impact of Crete and the East upon the mainstream of Greek development.

Ports, Piracy and Maritime War Thomas Heebøll-Holm.2013-05-17 In *Ports, Piracy, and Maritime War* Thomas K. Heebøll-Holm presents a study of maritime predation in English and French waters around the year 1300. Heebøll-Holm shows that piracy was often part of private wars between English, French, and Gascon ports and mariners, occupying a liminal space between crime and warfare.

Garden in the Wind Gabrielle Roy.2010-08-03 Few writers portray the dignity of people trapped by poverty or emotional isolation as compassionately as Gabrielle Roy does in the four stories of western Canada that comprise *Garden in the Wind*. The effortless craft and poetic sensitivity evident in all her writing are here in full abundance as she recounts the stories of a tramp who belongs to no one, a Chinese immigrant struggling to fulfill his dream, Doukhobor settlers fired by a vision of a new land, and a lonely woman who nurtures her small but splendid garden. Imbued with a poignant simplicity, these are stories of sheer artistry.

Snapshots of Evolving Traditions Liv Ingeborg Lied,Hugo Lundhaug.2017-01-23 Scholars of early Christian and Jewish literature have for many years focused on interpreting texts in their hypothetical original forms and contexts, while largely overlooking important aspects of the surviving manuscript evidence and the culture that produced it. This volume of essays seeks to remedy this situation by focusing on the material aspects of the manuscripts themselves and the fluidity of textual transmission in a manuscript culture. With an emphasis on method and looking at texts as they have been used and transmitted in manuscripts, this book discusses how we may deal with textual evidence that can often be described as mere snapshots of fluid textual traditions that have been intentionally adapted to fit ever-shifting contexts. The emphasis of the book is on the contexts and

interests of users and producers of texts as they appear in our surviving manuscripts, rather than on original authors and their intentions, and the essays provide both important correctives to former textual interpretations, as well as new insights into the societies and individuals that copied and read the texts in the manuscripts that have actually been preserved to us.
