

# The Black Death Young Reading Series 2

**The Family in the Western World from the Black Death to the Industrial Age** Beatrice Gottlieb.1994-06-02 During the last few decades the study of the family has flourished, and in the process many myths about what life was like two or three centuries ago have been debunked. For example, contrary to popular belief, we now know that most women in the preindustrial West did not marry before they were twenty-five. Most households consisted of no more than four or five people, usually including unrelated young people working as servants. And perhaps most surprising of all, multigenerational households were not very common. Pulling together much fascinating information about the family in the preindustrial Western world, Beatrice Gottlieb presents every aspect of this rich subject with clarity and fairness. Her generously illustrated book deals with the households of the wealthy and the poor, courtship and marriage, the care and training of children, and the bonds (and strains) of kinship. The matter of inheritance receives special attention, as it played a substantial role in a world permeated by rank and status, and its importance gave the family a peculiar social and economic significance. With a focus on the ordinary people whose everyday lives strike a responsive chord in all of us, as well as brief appearances by famous people and important events in history--Henry VIII's divorce, Benjamin Franklin's apprenticeship to his brother, and Mary Wollstonecraft's death in childbirth--this remarkable, eminently readable work brings to vivid life the wives and husbands, servants and masters, children and parents of a not too distant past.

**When Plague Strikes** James Cross Giblin.1997-04-11 Compassionate and arresting, this exploration of three major diseases that have changed the course of history—the bubonic plague, smallpox, and AIDS—chronicles their fearsome death toll, their lasting social, economic, and political implications, and how medical knowledge and treatments have advanced as a result of the crises they have occasioned. A book that would serve well for reports, but it is also a fascinating read.—SLJ. Best Books of 1995 (SLJ) Notable Children's Trade Books in Social Studies 1996 (NCSS/CBC) 1995 Young Adult Editors' Choices (BL) 1995 Top of the List Non Fiction (BL) 1996 Best Books for Young Adults (ALA) Notable Children's Books of 1996 (ALA)

*The Masque of the Red Death* Edgar Allan Poe.2021-09-02 The Masque of the Red Death Edgar Allan Poe - The story is said in the most enthralling manner that it makes it very interesting as well as introspective. Even though it appears to be very literal but the crux of the matter is all about the inevitability of death. The prince thought that with his power and position he could defy the plague that caused death in his kingdom. But eventually even he is not spared because on the figurative level it is not a plague but death itself, that does not spare anyone. Prince Prospero's intentions and preparations did not stand a chance when death decided to take him on.

**The Black Death** Philip Ziegler.2009-04-07 A series of natural disasters in the Orient during the fourteenth century brought about the most devastating period of death and destruction in European history. The epidemic killed one-third of Europe's people over a period of three years, and the resulting social and economic upheaval was on a scale unparalleled in all of recorded history. Synthesizing the records of contemporary chroniclers and the work of later historians, Philip Ziegler offers a critically acclaimed overview of this crucial epoch in a single masterly volume. The Black Death vividly and comprehensively brings to light the full horror of this uniquely catastrophic event that hastened the disintegration of an age.

**The Black Death** James Day.1989-01-01 Examines the origins, spread, and effects of the bubonic plague in fourteenth-century England and Europe, as well as the later discovery of its cause and cure.

**The Barbary Plague** Marilyn Chase.2004-03-09 The veteran Wall Street Journal science reporter Marilyn Chase's fascinating account of an outbreak of bubonic plague in late Victorian San Francisco is a real-life thriller that resonates in today's headlines. The Barbary Plague transports us to the Gold Rush boomtown in 1900, at the end of the city's Gilded Age. With a deep understanding of the effects on public health of politics, race, and geography, Chase shows how one city triumphed over perhaps the most frightening and deadly of all scourges.

Life as We Knew it Susan Beth Pfeffer.2008 I guess I always felt even if the world came to an end, McDonald's still would be open. High school sophomore Miranda's disbelief turns to fear in a split second when an asteroid knocks the moon closer to Earth, like one marble hits another. The result is catastrophic. How can her family prepare for the future when worldwide tsunamis are wiping out the coasts, earthquakes are rocking the continents, and volcanic ash is blocking out the sun? As August turns dark and wintery in northeastern Pennsylvania, Miranda, her two brothers, and their mother retreat to the unexpected safe haven of their sunroom, where they subsist on stockpiled food and limited water in the warmth of a wood-burning stove. Told in a year's worth of journal entries, this heart-pounding story chronicles Miranda's struggle to hold on to the most important resource of all--hope--in an increasingly desperate and unfamiliar world. An extraordinary series debut Susan Beth Pfeffer has written several companion novels to Life As We Knew It, including The Dead and the Gone, This World We Live In, and The Shade of the Moon.

**The Black Death and Other Putrid Plagues of London** Natasha Narayan.2002 The Black Death & other putrid plagues

**Black Death at the Golden Gate: The Race to Save America from the Bubonic Plague** David K. Randall.2019-05-07 A spine-chilling saga of virulent racism, human folly, and the ultimate triumph of scientific progress. For Chinese immigrant Wong Chut King, surviving in San Francisco meant a life in the shadows. His passing on March 6, 1900, would have been unremarkable if a city health officer hadn't noticed a swollen black lymph node on his groin—a sign of bubonic plague. Empowered by racist pseudoscience, officials rushed to quarantine Chinatown while doctors examined Wong's tissue for telltale bacteria. If the devastating disease was not contained, San Francisco would become the American epicenter of an outbreak that had already claimed ten million lives worldwide. To local press, railroad barons, and elected officials, such a possibility was inconceivable—or inconvenient. As they mounted a cover-up to obscure the threat, ending the career of one of the most brilliant scientists in the nation in the process, it fell to federal health officer Rupert Blue to save a city that refused to be rescued. Spearheading a relentless crusade for sanitation, Blue and his men patrolled the squalid streets of fast-growing San Francisco, examined gory black buboes, and dissected diseased rats that put the fate of the entire country at risk. In the tradition of Erik Larson and Steven Johnson, Randall spins a spellbinding account of Blue's race to understand the disease and contain its spread—the only hope of saving San Francisco, and the nation, from a gruesome fate.

**Bubonic Plague** Barbara Krasner.2019 The bubonic plague is a disease spread by fleas that live on rats. Outbreaks of the disease killed millions of people. Read this book to learn more about the history of this infectious disease. The Capstone Interactive edition comes with simultaneous access for every student in your school and includes read aloud audio recorded by professional voice over artists.

**The Black Death** Louise Chipley Slavicek.2008 In 1347, Europe was hit by the worst natural disaster in its recorded history: the Black Death. Now believed to be a combination of bubonic plague and two other rarer plague strains, the Black Death ravaged the continent for several terrible years before finally fading away in 1352. Most historians believe that the pandemic, which also swept across parts of Western Asia and North Africa, annihilated 33 to 60 percent of Europe's population - roughly 25 to 45 million men, women, and children. This massive depopulation had a deep impact on the course of European history, speeding up or initiating important social, economic, religious, and cultural changes.

**Between Black Death and Red Plague** Maria Szubert.2014-10-25 This short book captures Maria Szubert's reminiscences of the Second World War and life under communism in Poland. It offers a revealing snapshot of the terror and some of the hardships she endured during the war and the

privations she suffered under communism, which held Poland in its grip until 1989. The book undoubtedly reflects the author's deep humanity and her compassion towards the Nazi invaders when fortune turned them from masters into slaves. Equally poignant is her forbearance in the face of Poland's subsequent subjugation by the communist Soviet Union.

**Plague** William G. Naphy, Andrew Spicer. 2004 The definitive history of the greatest catastrophe in human history which wiped out fifty per cent of Europe's population. The Black Death first hit Europe in 1347. This horrific disease ripped through towns, villages and families

The Wisdom of Crowds James Surowiecki. 2005-08-16 In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

**Timelines of Everything** DK. 2018-10-30 Explore 13 billion years of history in the comfort of your own home! Journey through time and discover how some of the world's greatest events unfolded. From the Big Bang all the way through to the digital age, this incredible visual encyclopedia for children shows you just about everything that has ever happened in history. Witness history come alive as you travel through more than 130 stunning timelines. Packed with fantastic photographs and illustrations, along with informative text and fun facts. The history book covers the rise and fall of empires to ground-breaking scientific breakthroughs and inventions that changed our lives. This educational book is an imaginative way of illustrating world history for children age 8 and over. Throughout the pages, your child will get to meet the most bloodthirsty pirates of all time and discover what happened during the storming of the Bastille. It's a fantastic book for young readers with a natural curiosity about history around the world. Find your place in the world and understand where you fit in. Whether you want to discover the history of cinema, fashion, aviation, or espionage. There is something for everyone in this glorious guide through global history! The History of Everything... Ever! This fascinating reference book tells the story of a diverse range of subjects throughout history in an easily digested graphic format! After your kids dive into this book, you'll never hear them use the words history and boring in the same sentence again. Take a trip back in time! This history book covers the following eras: • Prehistory: Before 3000 BCE • The Ancient World: 3000 BCE - 500 CE • The Medieval World: 500 - 1450 • The Age of Exploration: 1450 - 1750 • The Age of Revolution: 1750 - 1914 • The Modern World: After 1914

**All Fall Down** Sally Nicholls. 2019-09-24 A deadly contagion races through England... Isabel and her family have nowhere to run from a disease that has killed half of Europe. When the world she knows and loves ends for ever, her only weapon is courage. The Black Death of 1349 was the deadliest plague in human history. All Fall Down is a powerful and inspiring story of survival in the face of real-life horror.

Natural Disasters in the Ottoman Empire Yaron Ayalon. 2015 Yaron Ayalon explores the Ottoman Empire's history of natural disasters and its responses on a state, communal, and individual level.

*The Years of Rice and Salt* Kim Stanley Robinson. 2003-06-03 With the same unique vision that brought his now classic Mars trilogy to vivid life, bestselling author Kim Stanley Robinson boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . "A thoughtful, magisterial alternate history from one of science fiction's most important writers."—The New York Times Book Review It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe's population was destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—one that stretches

across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and magnificent innovation. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power—and even love—in this bold New World. “Exceptional and engrossing.”—New York Post  
“Ambitious . . . ingenious.”—Newsday

**The Great Fire of London** Susanna Davidson.2015-08-07 Find out all about the Great Fire of London, in 1666 - what caused it, how it spread, how it was put out and how the city was rebuilt in its wake. A simple but comprehensive introduction to this key historical event.

*Life During the Black Death* John M. Dunn.2000 Discusses the conditions and events that led to the terrible plague that devastated fourteenth-century Europe, as well as its impact on those who survived.

**The Last Hours** Minette Walters.2018-04-17 For most, the Black Death is the end. For a brave few, it heralds a new beginning. Widowed by her husband’s death from the pestilence, Lady Anne assumes control of his people’s future—200 bonded serfs without rights of ownership to land. Strong, compassionate and resourceful—qualities she kept hidden from the husband she loathed and despised—Lady Anne chooses a bastard slave, Thaddeus Thurkell, to act as her steward. Together, they decide to quarantine Develish by bringing the serfs inside a defendable moat and sharing the available food amongst all. With this sudden overturning of the accepted social order, where serfs exist only to serve their lords, conflict arises when they’re given a voice. Ignorant of what is happening in the world outside, they wrestle with themselves, with God and the terrible uncertainty of their futures. They fear starvation when their food runs out but they fear the pestilence more. Who amongst them has the courage to leave the safety of the demesne in search of supplies and news? And how safe is anyone in Develish when an unexplained murder threatens the uneasy status quo? In *The Last Hours* Minette Walters brings all her trademark intelligence to a totally new timeframe—creating a vivid and powerful drama through compelling characters whose journey readers will be drawn to. *The Last Hours* is an exciting new direction from an established best-selling author and Minette is currently writing the sequel.

**The Coldest Winter Ever** Sister Souljah.2010-11-30 Nominated as one of America’s best-loved novels by PBS’s *The Great American Read*. Renowned hip-hop artist, writer, and activist Sister Souljah brings the streets of New York to life in a powerful and utterly unforgettable first novel. I came busting into the world during one of New York's worst snowstorms, so my mother named me Winter. Ghetto-born, Winter is the young, wealthy daughter of a prominent Brooklyn drug-dealing family. Quick-witted, sexy, and business-minded, she knows and loves the streets like the curves of her own body. But when a cold Winter wind blows her life in a direction she doesn't want to go, her street smarts and seductive skills are put to the test of a lifetime. Unwilling to lose, this ghetto girl will do anything to stay on top. *The Coldest Winter Ever* marks the debut of a gifted storyteller. You will never forget this Winter's tale.

**Maria and the Plague** Natasha Deen.2021 The people of fourteenth-century Florence, Italy, starving after years of bad weather and natural disasters, now face the Black Plague but twelve-year-old Maria is determined to survive. Includes historical note, glossary, and discussion questions.

**If He Had Been with Me** Laura Nowlin.2013-04-02 If he had been with me everything would have been different... I wasn't with Finn on that August night. But I should've been. It was raining, of course. And he and Sylvie were arguing as he drove down the slick road. No one ever says what they were arguing about. Other people think it's not important. They do not know there is another story. The story that lurks between the facts. What they do not know—the cause of the argument—is crucial. So let me tell you...

**The Turn of Midnight** Minette Walters.2019-08-27 Survivors of the Black Death face new dangers as they seek safety and freedom in the New York

Times–bestselling author’s sequel to *The Last Hours*. England, Winter, 1348. As the Black Death continues its devastating course across England, the quarantined people of Develish question whether they are the only survivors. Guided by their beloved young mistress, Lady Anne, they wait, knowing that when their dwindling stores are finally gone, they will have to leave the safety of their moated walls. But first, to prepare for the wasteland outside, one courageous man must venture out alone. Thaddeus Thurkell, a free-thinking, educated serf, goes in search of supplies and news. A compelling leader, he and his companions quickly throw off the shackles of serfdom and set their minds to ensuring Develish’s future—and freedom for its people. But what use is freedom that cannot be gained lawfully? When Lady Anne and Thaddeus conceive an audacious plan to secure her people’s independence, neither foresees the life-threatening struggle over power, money and religion that follows . . .

**The Black Death and the Transformation of the West** David Herlihy.1997-09-28 Looking beyond the view of the plague as unmitigated catastrophe, Herlihy finds evidence for its role in the advent of new population controls, the establishment of universities, the spread of Christianity, the dissemination of vernacular cultures, and even the rise of nationalism. This book, which displays a distinguished scholar's masterly synthesis of diverse materials, reveals that the Black Death can be considered the cornerstone of the transformation of Europe.

[The Black Plague: Dark History- Children's Medieval History Books](#) Baby Professor.2017-02-15 The Black Plague is depressing read but it’s something that’s forever embedded in history. It happened. People died. Lessons learned and discoveries made. The last two points are what will make the Black Plague an interesting reading. Be there to guide your child through the circumstances and end-results of one of the most unfortunate events in history. Grab a copy today.

[Year of Wonders](#) Geraldine Brooks.2002 In 1666, a young woman comes of age during an extraordinary year of love and death. Inspired by the true story of Eyam, a plague village in the rugged hill country of England, *Year of Wonders* is a richly detailed evocation of a singular moment in history, written by the author of *Nine Parts of Desire: The Hidden World of Islamic Women*.

*The Decameron* Giovanni Boccaccio.2023-07-07 In the time of a devastating pandemic, seven women and three men withdraw to a country estate outside Florence to give themselves a diversion from the death around them. Once there, they decide to spend some time each day telling stories, each of the ten to tell one story each day. They do this for ten days, with a few other days of rest in between, resulting in the 100 stories of the *Decameron*. The *Decameron* was written after the Black Plague spread through Italy in 1348. Most of the tales did not originate with Boccaccio; some of them were centuries old already in his time, but Boccaccio imbued them all with his distinctive style. The stories run the gamut from tragedy to comedy, from lewd to inspiring, and sometimes all of those at once. They also provide a detailed picture of daily life in fourteenth-century Italy.

*The Black Death* Rob Lloyd Jones.2018 A gripping account of how a deadly plague swept across the world in the 14th century, killing almost half of the population. Discover how the Black Death reached Europe, the disease's terrifying symptoms, the desperate efforts to prevent it from spreading, and the devastating effects it had on life and society in the Middle Ages and beyond. Atmospheric illustrations by Daniele Dickman reveal the chaos, fear and confusion that gripped a continent ravaged by the Black Death. Part of the successful Young Reading series from Usborne's Reading Programme, this is a new title aimed at children whose reading ability and confidence allows them to tackle longer and more complex stories.

**Doomsday Book** Connie Willis.1993-08-01 Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering, and the indomitable will of the human spirit. “A tour de force.”—The New York Times Book Review For Kivrin, preparing to travel back in time to study one of the deadliest eras in humanity’s history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands

Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin—barely of age herself—finds she has become an unlikely angel of hope during one of history’s darkest hours.

**The Great Mortality** John Kelly.2006-01-31 La moria grandissima began its terrible journey across the European and Asian continents in 1347, leaving unimaginable devastation in its wake. Five years later, twenty-five million people were dead, felled by the scourge that would come to be called the Black Death. The Great Mortality is the extraordinary epic account of the worst natural disaster in European history -- a drama of courage, cowardice, misery, madness, and sacrifice that brilliantly illuminates humankind's darkest days when an old world ended and a new world was born. The Black Death (Revised Edition) Diane Zahler.2013-01-01 Could a few fleas really change the world? In the early 1300s, the world was on the brink of change. New trade routes in Europe and Asia brought people in contact with different cultures and ideas, while war and rebellions threatened to disrupt the lives of millions. Most people lived in crowded cities or as serfs tied to the lands of their overlords. Conditions were filthy, as most people drank water from the same sources they used for washing and for human waste. In the cramped and rat-infested streets of medieval cities and villages, all it took were the bites of a few plague-infected fleas to start a pandemic that killed roughly half the population of Europe and Asia. The bubonic plague wiped out families, villages, even entire regions. Once the swollen, black buboes appeared on victims' bodies, there was no way to save them. People died within days. In the wake of such devastation, survivors had to reevaluate their social, scientific, and religious beliefs, laying the groundwork for our modern world. The Black Death outbreak is one of world history's pivotal moments.

*What Was the Plague?* Roberta Edwards,Who HQ.2021-11-09 Oh, rats! It's time to take a deeper look at what caused the Black Death--the deadliest pandemic recorded in human history. While the coronavirus COVID-19 changed the world in 2020, it still isn't the largest and deadliest pandemic in history. That title is held by the Plague. This disease, also known as the Black Death, spread throughout Asia, Africa, and Europe in the fourteenth century and claimed an astonishing 50 million lives by the time it officially ended. Author Roberta Edwards takes readers back to these grimy and horrific years, explaining just how this pandemic began, how society reacted to the disease, and the impact it left on the world. With 80 black-and-white illustrations and an engaging 16-page photo insert, readers will be excited to read this latest additon to Who HQ!

*Dark in Death* J. D. Robb.2018-01-30 Lieutenant Eve Dallas returns in *Dark in Death*, by J.D. Robb, the #1 New York Times bestselling master of suspense, and takes on a case of death imitating art... It was a stab in the dark. On a chilly February night, during a screening of *Psycho* in midtown, someone sunk an ice pick into the back of Chanel Rylan’s neck, then disappeared quietly into the crowds of drunks and tourists in Times Square. To Chanel’s best friend, who had just slipped out of the theater for a moment to take a call, it felt as unreal as the ancient black-and-white movie up on the screen. But Chanel’s blood ran red, and her death was anything but fictional. Then, as Eve Dallas puzzles over a homicide that seems carefully planned and yet oddly personal, she receives a tip from an unexpected source: an author of police thrillers who recognizes the crime—from the pages of her own book. Dallas doesn’t think it’s coincidence, since a recent strangulation of a sex worker resembles a scene from her writing as well. Cops look for patterns of behavior: similar weapons, similar MOs. But this killer seems to find inspiration in someone else’s imagination, and if the theory holds, this may be only the second of a long-running series. The good news is that Eve and her billionaire husband Roarke have an excuse to curl up in front of the fireplace with their cat, Galahad, reading mystery stories for research. The bad news is that time is running out before the next victim plays an unwitting role in a murderer’s deranged private drama—and only Eve can put a stop to a creative impulse gone horribly, destructively wrong. From the author of *Echoes in Death*, this is the latest of the edgy, phenomenally popular police procedurals that Publishers Weekly calls “inventive, entertaining, and clever.”

**Seeing the Light Through Black Death** Laurence W. Trotter II.2020-07-19 The bull thought I was dead. He looked up from the shattered mess he

made of my bow and arrows and stared directly into my eyes. His empty gaze pierced through me while he prepared to mount his final charge. I knew my life was over. This was the day I was going to die. Only a miracle could change that. As it turned out, that was exactly what happened. This is a true story. Not your typical outdoor exploits set in the wilderness pitting good guys against bad but rather a metamorphosis that would question virtually everything I knew about my life,—who I was, what I needed to change, and how I was supposed to live. It's a story about redemption and working out my salvation, a story about how I seemingly had it all—a successful string of businesses, a long-term marriage, four loving children, and more friends than I could count. The only part of the equation missing was me,—my true purpose for being on this planet and a deeper relationship with God.

Life After Death Sister Souljah.2022-02-15 Winter Santiago hit time served. Still stunning, still pretty, still bold, still loves her father more than any man in the world, still got her hustle and high fashion flow. She's eager to pay back her enemies, rebuild her father's empire, reset his crown, and ultimately to snatch Midnight back into her life no matter which bitch had him while she was locked up. But Winter is not the only one with revenge on her mind. Simone, Winter's young business partner and friend, is locked and loaded and Winter is her target. Will she blow Winter's head off? Can Winter dodge the bullets? Or will at least one bullet blast Winter into another world? Either way Winter is fearless. Hell is the same as any hood and certainly the Brooklyn hood she grew up in. That's what Winter thinks.--Provided by publisher.

Glory in Death J. D. Robb.2022-03-29 Lieutenant Eve Dallas never wavers in her search for justice. But in this gripping novel in the #1 New York Times bestselling In Death series, she'll learn that matters of the heart are never black and white. The first victim was found lying on a sidewalk in the rain. The second was murdered in her own apartment building. Police Lieutenant Eve Dallas had no problem finding connections between the two crimes. Both victims were beautiful and highly successful women. Their glamorous lives and loves were the talk of the city. And their intimate relations with men of great power and wealth provided Eve with a long list of suspects—including her own lover, Roarke. As a woman, Eve was compelled to trust the man who shared her bed. But as a cop, it was her job to follow every lead...to investigate every scandalous rumor...to explore every secret passion, no matter how dark. Or how dangerous.

The Black Death Hourly History.2016-02-16 Sweeping across the known world with unchecked devastation, the Black Death claimed between 75 million and 200 million lives in four short years. In this engaging and well-researched book, the trajectory of the plague's march west across Eurasia and the cause of the great pandemic is thoroughly explored. Inside you will read about... □ What was the Black Death? □ A Short History of Pandemics □ Chronology & Trajectory □ Causes & Pathology □ Medieval Theories & Disease Control □ Black Death in Medieval Culture □ Consequences Fascinating insights into the medieval mind's perception of the disease and examinations of contemporary accounts give a complete picture of what the world's most effective killer meant to medieval society in particular and humanity in general.

Plague! John Farndon.2017-01-01 Being sick is horrible. But it used to be worse. Inside this book, you'll see evidence of the plagues of the past—rotting skin, dissolving lungs, and sinister swelling all over the body. Diseases like the Black Death wiped out whole towns and villages. Tuberculosis consumed young people like a bloodsucking vampire. And Smallpox left its victims scarred for life—if they survived. At the time, no one knew where these killer diseases came from or how to treat them. But eventually doctors discovered how these diseases and others were spread. Being sick isn't quite as sickening as it was in the past!
