The Poe Shadow Matthew Pearl.2006-05-23 "I present to you . . . the truth about this man's death and my life." Baltimore, 1849. The body of Edgar Allan Poe has been buried in an unmarked grave. The public, the press, and even Poe's own family and friends accept the conclusion that Poe was a second-rate writer who met a disgraceful end as a drunkard. Everyone, in fact, seems to believe this except a young Baltimore lawyer named Quentin Clark, an ardent admirer who puts his own career and reputation at risk in a passionate crusade to salvage Poe's. As Quentin explores the puzzling circumstances of Poe's demise, he discovers that the writer's last days are riddled with unanswered questions the police are possibly willfully ignoring. Just when Poe's death seems destined to remain a mystery, and forever sealing his ignominy, inspiration strikes Quentin--in the form of Poe's own stories. The young attorney realizes that he must find the one person who can solve the strange case of Poe's death: the real-life model for Poe's brilliant fictional detective character, C. Auguste Dupin, the hero of ingenious tales of crime and detection. In short order, Quentin finds himself enmeshed in sinister machinations involving political agents, a female assassin, the corrupt Baltimore slave trade, and the lost secrets of Poe's final hours. With his own future hanging in the balance, Quentin Clark must turn master investigator himself to unchain his now imperiled fate from that of Poe's.

Following his phenomenal debut novel, *The Dante Club*, Matthew Pearl has once again crossed pitch-perfect literary history with innovative mystery to create a beautifully detailed, ingeniously plotted tale of suspense. Pearl's groundbreaking research--featuring documented material never published before--opens a new window on the truth behind Poe's demise, literary history's most persistent enigma. The resulting novel is a publishing event that, through sublime craftsmanship, subtle wit, and devious twists, does honor to Poe himself

Opting Out Joanna Davidson, Dinah Hannaford.2022-11-11 Women around the world are opting out of marriage. Through nuanced ethnographic accounts of the ways that women are moving the needle on marital norms and practices, *Opting Out* reveals the conditions that make this widespread phenomenon possible in places where marriage has long been obligatory. Each chapter invites readers into the lives of particular women and the changing circumstances in which these lives unfold - sometimes painfully, sometimes humorously, and always unexpectedly. Taken together, the essays in this volume prompt the following questions: Why is marriage so consistently disappointing for women? When the rewards of economic stability and the social status that marriage confers are troubled, does marriage offer women anything compelling at all? Across diverse geographic contexts in Africa, Asia, and Latin America, this book offers sensitive and powerful portrayals of women as they escape or reshape marriage into a more rewarding arrangement.

Contestations Over Gender in Asia Lyn Parker, Laura Dales, Chie Ikeya. 2017-10-02 This book brings together the work of scholars from around the world in a consideration of how gender is contested in various parts of Asia - in China, India, Indonesia, Japan, and the Philippines. Part I of this collection explores notions of agency in relation to women's domestic and everyday lives. While 'agency' is one of the key terms in contemporary social science, scholarship on women in Asia recently has focussed on women's political activism. Women's private lives have been neglected in this new scholarship. This volume has a special focus on women's relational and emotional lives, domestic practices, marriage, singlehood and maternity. Papers consider how women negotiate enhanced space and reputations, challenging negative representations and entrenched models of intra-family and intimate relations. There is also a warning about too free feminist expectations of agency and the repercussions of the exercise of agency. The three essays in Part II examine the historical construction of masculinities in colonial and postcolonial South and Southeast Asia, and the ways that manhood is interpreted, experienced and performed in daily life in the past and in present times. They highlight the centrality and continued relevance of masculinity to analyses of empire and nation and underscore the highly gendered and (hetero)sexualized nature of political, military, and economic institutions. Collectively, the essays explore a wide range of competing articulations and experiences of gender within Asia, emphasising the historical and contemporary plurality and variability of femininity and masculinity, and the dynamic and intersectional nature of gender identities and relations. This book was published as a special issue of *Asian Studies Review*.

[All the Single Ladies](#) Instaread. 2016-05-16 [All the Single Ladies](#) by Rebecca Traister | Summary & Analysis Preview: [All the Single Ladies](#) is an examination of the role of marriage in the lives of women in the United States today and a historical accounting of how the institution arrived at its current juncture. Following an academic investigation into the state of marriages for American women in the past, Traister describes the ways women are reclaiming the institution on their own terms—or avoiding it altogether. For centuries, the history of marriage has been a tale of female subjugation. Forced into marriages at an early age, women forfeited virtually all of their rights: to

education, to work, and even to legal personhood as an individual entity apart from their husbands. Throughout history, it was rare for women to avoid the inevitability of marriage and, in most cases, motherhood. However, some managed to do so thanks to unique and unusual circumstances. Queen Elizabeth I is a famous example... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the original book. The Surplus Woman Catherine L. Dollard.2009-10-01 The first German women's movement embraced the belief in a demographic surplus of unwed women, known as the *Frauenüberschuß*, as a central leitmotif in the campaign for reform. Proponents of the female surplus held that the advances of industry and urbanization had upset traditional marriage patterns and left too many bourgeois women without a husband. This book explores the ways in which the realms of literature, sexology, demography, socialism, and female activism addressed the perceived plight of unwed women. Case studies of reformers, including Lily Braun, Ruth Bré, Elisabeth Gnauck-Kühne, Helene Lange, Alice Salomon, Helene Stöcker, and Clara Zetkin, demonstrate the expansive influence of the discourse surrounding a female surplus. By combining the approaches of cultural, social, and gender history, *The Surplus Woman* provides the first sustained analysis of the ways in which imperial Germans conceptualized anxiety about female marital status as both a product and a reflection of changing times.

The Future of Coaching Hetty Einzig.2017-05-18 We live in a world that is volatile, uncertain, complex and ambiguous, in which our work and lives are constantly disrupted and changing. But coaches and leaders are still trained to operate within stable models with a uni-focus on performance. Coaches are starting to question the remit of 'raising performance' within existing systems, many of which are outdated, dysfunctional and even toxic. The role of the coach today must evolve to become fit for purpose in challenging times and coaching must re-articulate its values, as the essential compass for navigating turbulent waters. In *The Future of Coaching*, Hetty Einzig examines the role of coaching and leadership in the twenty-first century, and sets out a compelling

vision for its future. Drawing on experience gained over twenty-five years of coaching leaders in the corporate and public sectors, in the UK and globally, she challenges the tenet of coaching neutrality. Rather than simply following the client agenda, she encourages coaches to see themselves as partners in courageous leadership and to work towards building an ethical, holistic and networked coaching approach to help create businesses that serve society and our globalised world. The book asks essential questions of coaches working today: how can leaders and coaches become 'positive deviants' and transform the rules of the game within cultures where denial and group-think are rife? How can coaches work with the anxious and depressed, embracing the dark as well as the light? Are coaches prepared for the rise of Millennials, women leaders and those over sixty (the Third Actors)? Einzig challenges the model of the Strong Leader in favour of Responsible leadership based on authentic strength, distributed power and responsive thinking. And she shows how this vision of a transformed workplace is essential for the transformations society must undertake to reclaim a positive future. This thought provoking collection of essays, designed to be read in any order, is enlightening and inspiring reading for coaches in practice and in training, HR and L&D professionals and for leaders everywhere.

So Learn to Live and Date for More. Many of you grew up assuming that marriage would meet all of your needs and unlock God's purposes for you. But God has far more planned for you than your future marriage. Not Yet Married is not about waiting quietly in the corner of the world for God to bring you the one, but about inspiring you to live and date for more now. If you follow Jesus, the search for a spouse is no longer a pursuit of the perfect person, but a pursuit of more of God. This book was written to help you find real hope, happiness, and purpose in your not-yet-married life.

It's Not You Sara Eckel.2014-01-07 "Why am I still single?" If you're single and searching, there's no end to other people's explanations, excuses, and criticism explaining why you haven't found a partner: "You're too picky. Just find a good-enough guy and you'll be fine." "You're too desperate. If men think you need them, they'll run scared." "You're too independent. Smart, ambitious women always have a harder time finding mates." "You have low self-esteem. You can't love someone else until you've learned to love yourself." "You're too needy. You can't be happy in a relationship until you've learned to be happy on your own." Based on one of the most popular Modern Love columns of the last decade, Sara Eckel's *It's Not You* challenges these myths, encouraging singletons to stop picking apart their personalities and to start tapping into their own wisdom about who and what is right for them. Supported by the latest psychological and sociological research, as well as interviews with people who have experienced longtime singledom, Eckel creates a strong and empowering argument to understand and accept that there's no one reason why you're single—you just are.

All the Single Ladies Rebecca Traister.2016-03-01 * NEW YORK TIMES NOTABLE BOOKS OF

2016 SELECTION * BEST BOOKS OF 2016 SELECTION BY THE BOSTON GLOBE * ENTERTAINMENT WEEKLY * NPR * CHICAGO PUBLIC LIBRARY * The New York Times bestselling investigation into the sexual, economic, and emotional lives of women is “an informative and thought-provoking book for anyone—not just the single ladies—who want to gain a greater understanding of this pivotal moment in the history of the United States” (The New York Times Book Review). In 2009, award-winning journalist Rebecca Traister started *All the Single Ladies* about the twenty-first century phenomenon of the American single woman. It was the year the proportion of American women who were married dropped below fifty percent; and the median age of first marriages, which had remained between twenty and twenty-two years old for nearly a century (1890-1980), had risen dramatically to twenty-seven. But over the course of her vast research and more than a hundred interviews with academics and social scientists and prominent single women, Traister discovered a startling truth: the phenomenon of the single woman in America is not a new one. And historically, when women were given options beyond early heterosexual marriage, the results were massive social change—temperance, abolition, secondary education, and more. Today, only twenty percent of Americans are married by age twenty-nine, compared to nearly sixty percent in 1960. “An informative and thought-provoking book for anyone—not just single ladies” (The New York Times Book Review), *All the Single Ladies* is a remarkable portrait of contemporary American life and how we got here, through the lens of the unmarried American woman. Covering class, race, sexual orientation, and filled with vivid anecdotes from fascinating contemporary and historical figures, “we’re better off reading Rebecca Traister on women, politics, and America than pretty much anyone else” (The Boston Globe).

Why There Are No Good Men Left Barbara Dafoe Whitehead.2008-12-24 A hard-hitting, groundbreaking exploration of the new mating conditions that are changing the face of love, commitment, and marriage as we know it. A double revolution is at work in modern American love: A revolution in higher education has created the most professionally accomplished and independent generation of young women in history, and a revolution in mating has created a prolonged and perplexing search for Mr. Right. Based on extensive research and interviews, *Why There Are No Good Men Left* explores the romantic plight of this high-status woman with findings that are sure to rouse debate. Cultural historian, Barbara Dafoe Whitehead documents the new social climate in which the demands of work, the epidemic of cohabitation, the disappearance of courtship, and the exacting standards of educated women are leading them to stay single longer—and to find the search for a mate even harder when the time is right. From the frontlines of college, where dating is dead, to the trenches of corporate solitude, Whitehead reports on a wholesale shift that has stacked the marriage deck against the best and brightest women. The thirty-something, perplexed single woman is today’s new cultural icon. *Why There Are No Good Men Left* is the first book to take a serious approach to analyzing where she came from and to ask how she can realize her dreams of lasting love.

Saint John Chrysostom, His Life and Times W. R. W. Stephens.2022-05-28 Saint John Chrysostom,

His Life and Times is a biography by William Stephens. Chrysostom was a vital Early Church Father who served as archbishop of Constantinople. He is known for his preaching and public speaking. *STRONG IN THE STORM* Mutea Rukwaru.2017-12-20 Marriage is one of the oldest institutions in the world. It is an institution bedeviled with a lot of challenges. It is ironical that you are given a marriage certificate without having graduated. You don't even graduate in the college of marriage. There are no leaves, half terms or holidays. Marriage is a relationship and all relationships have disagreements. How successful relationships are has a lot to do with how those disagreements are handled. Most of the problems encountered in marriage is due to the fantasy we have about marriage life. From the moment Romeo sets his eyes on Juliet to the fairy-tale climax when Cinderella captures her prince, young people are taught that falling in love is the one and only essential requirement for marriage. If you wish to make your marriage work, then the love between you can't simply be based on feelings. That's because feelings change like moods. If romance were the sole factor determining the duration of a union, most marriages would end in less than a year. Love must be both a feeling and a decision. Most marital relationships are weakened by the issues of sex, money, identity and extended family members. In today's world time is becoming elusive. Remember a time a husband and wife devote to one another determines the quality of their relationship. The stresses of life whether they are financial, parental, family related or work related can negatively impact on marriage and lead to unnecessary arguments. Spouses who don't prioritize their time together get caught in the trap of drifting away from one another due to the pressures of life. As time goes on and children get older and jobs become demanding you may not realize that your needs are changing and you dread change. With time you will find that by investing in your marriage and spending time with one another, you will limit the number of disagreements you have. Your sexual life will improve and you are less likely to be involved in extramarital affairs. The quality of your marriage is the single most important factor in raising healthy, well-adjusted children. Husbands and wives who love and respect each other raise children who have healthy values, self-esteem and good relationship skills. Wives should not neglect their husbands. Remember your husband was there before your children were born and he'll be there long after your children have moved on in life. If you show contempt toward your husband, your daughter will treat her husband that way and your son will expect his wife to have contempt for him. Your husband needs to occupy the number one spot in your heart. You cannot place your children or extended family ahead of him in your heart. If you don't put him first, not only will that injure him, but it will destroy your relationship and eventually make him run away and this will harm the lives of your children. Oftentimes men feel like they only get their wife's attention after everyone else the kids, the pets and the women have had their needs met. He gets what's left over after everyone else is taken care off. It is also important to note that happily married spouses are satisfied with their sexual relationships. A spouse who makes you feel important, who is kind, gentle, exciting and good with children and who is sexually satisfying and prone to sexual experimentation most powerfully influences your marital satisfaction. You can add zest to your love life by enhancing appeal as a spouse by having more intimate conversations and by showing more consideration and non sexual affection. Then add some novelty and creativity to your lovemaking. Sex is so critical in marriage and any relationship at marriage level devoid of it is at risk. Sex can heal illnesses and alleviate depression. From a man's perspective, there are not many things more important than sex. Sex not only fulfils a physical need in men and women but it also fulfils a psychological need. In reference to men sex heals a man the same way food, sleep and medicine can heal an injured sick body. Men are intensely physical and so the physical act of sex plays a big role in their lives. Women enjoy sex nearly as much as men do-they just don't obsess it quite as much. It is of interest to note that if a man's wife is not interested in him physically for whatever reason, of which probably it isn't necessarily her fault, and some young girls come along who shows an interest in him as a man, many men are easily swayed into having these needs fulfilled. Some of it may be due to ego, but much of that need involves the fact that a man cannot feel truly loved if he is not having his physical needs met. When both men and women are satisfied sexually they will all be having satisfied marriage

lives. Sex is such a great power in the world. But it is women who have tremendous sexual power. What does this power look like? What are the dynamics of sex? Why do spouses stray? Is it a matter of life and death? What are the complex reasons behind extramarital sex? Is sex so critical that without proper handling families will degenerate to the primordial times where “sexual punalua” (“sexual communism”) was the practice? Take an exciting walk through “strong in the storm” to find answers to this life’s maze. When you unearth the mystery of this labyrinth, then you will be in a position to advice colleagues, friends and those in the byways of orchestra of life how to paddle this tricky canoe. In a nutshell, a husband and wife should sail the seas of life in the same boat, rowing together, trimming the sails together and making sure the whole operation runs smoothly together, but ironically many spouses are actually in two different boats. Yet the two won’t truly become one until they do get into the same boat.

Waithood Marcia C. Inhorn, Nancy J. Smith-Hefner. 2020-12-09 The concept of “Waithood” was developed by political scientist Diane Singerman to describe the expanding period of time between adolescence and full adulthood as young people wait to secure steady employment and marry. The contributors to this volume employ the waithood concept as a frame for richly detailed ethnographic studies of “youth in waiting” from a variety of world areas, including the Middle East Africa, Asia, Europe, Latin America and the U.S, revealing that whether voluntary or involuntary, the phenomenon of youth waithood necessitates a recognition of new gender and family roles.
