

# Test The Vietnam War Years

Vietnam War Louis Traster.2021-06-05 Agent Orange was a powerful herbicide used by U.S. military forces during the Vietnam War to eliminate forest cover and crops for North Vietnamese and Viet Cong troops. The U.S. program, codenamed Operation Ranch Hand, sprayed more than 20 million gallons of various herbicides over Vietnam, Cambodia, and Laos from 1961 to 1971. Why does the Veterans Administration ignore the need to test Vietnam Veterans who were exposed to Agent Orange? Why has PTSD resurfaced in Vietnam Veterans forty years after the war ended? As a Vietnam Veteran diagnosed with Agent Orange caused cancer and trials with PTSD, I have attempted to examine these two potential death sentences. America needs a plan of action to help over 800,000 Vietnam Veterans still living today. Because of God's grace, I can expose these issues to the American people.

**Tet!** Don Oberdorfer.2001-03-31 Finalist for the 1971 National Book Award In early 1968, Communist forces in Vietnam launched a surprise offensive that targeted nearly every city, town, and major military base throughout South Vietnam. For several hours, the U.S. embassy in Saigon itself came under siege by Viet Cong soldiers. Militarily, the offensive was a failure, as the North Vietnamese Army and its guerrilla allies in the south suffered devastating losses. Politically, however, it proved to be a crucial turning point in America's involvement in Southeast Asia and public opinion of the war. In this classic work of military history and war reportage—long considered the definitive history of Tet and its aftermath—Don Oberdorfer moves back and forth between the war and the home front to document the lasting importance of this military action. Based on his own observations as a correspondent for the Washington Post and interviews with hundreds of people who were caught up in the struggle, *Tet!* remains an essential contribution to our understanding of the Vietnam War.

War Year Joe W. Haldeman.1978 Describes the experiences of a nineteen-year-old American soldier during his tour of duty in Vietnam in 1968.

History of the Office of the Secretary of Defense: The test of War, 1950-1953 Alfred Goldberg.1984

Captain Hook Wynn F. Foster.1992 The author details his experiences as a naval aviator during the Vietnam War, the circumstances that led to the loss of his right arm during a combat mission, and his subsequent recovery from his life-altering injury.

**The OSS and Ho Chi Minh** Dixee Bartholomew-Feis.2006-05-12 Some will be shocked to find out that the United States and Ho Chi Minh, our nemesis for much of the Vietnam War, were once allies. Indeed, during the last year of World War II, American spies in Indochina found themselves working closely with Ho Chi Minh and other anti-colonial factions-compelled by circumstances to fight together against the Japanese. Dixee Bartholomew-Feis reveals how this relationship emerged and operated and how it impacted Vietnam's struggle for independence. The men of General William Donovan's newly-formed Office of Strategic Services closely collaborated with communist groups in both Europe and Asia against the Axis enemies. In Vietnam, this meant that OSS officers worked with Ho Chi Minh and the Viet Minh, whose ultimate aim was to rid the region of all imperialist powers, not just the Japanese. Ho, for his part, did whatever he could to encourage the OSS's negative view of the French, who were desperate to regain their colony. Revealing details not previously known about their covert operations, Bartholomew-Feis chronicles the exploits of these allies as they developed their network of informants, sabotaged the Japanese occupation's infrastructure, conducted guerrilla operations, and searched for downed American fliers and Allied POWs. Although the OSS did not bring Ho Chi Minh to power, Bartholomew-Feis shows that its apparent support for the Viet Minh played a significant symbolic role in helping them fill the power vacuum left in the wake of Japan's surrender. Her study also hints that, had America continued to champion the anti-colonials and their quest for independence, rather than caving in to the French, we might have been spared our long and very lethal war in Vietnam. Based partly on interviews with surviving OSS agents who served in Vietnam, Bartholomew-Feis's engaging narrative and compelling insights speak to the yearnings of an oppressed people-and remind us that history does indeed make strange bedfellows.

**The Easter Offensive Of 1972** Lt. Gen. Ngo Quang Truong.2015-11-06 Includes over 30 maps and illustrations This monograph forms part of the Indochina Monograph series written by senior military personnel from the former Army of the Republic of Vietnam who served against the northern communist invasion. "In 1968, a U.S. presidential election year, Communist North Vietnam initiated the Tet Offensive, striking at almost all major cities and towns of South Vietnam. This general offensive was eventually defeated by the collective efforts of the Republic of Vietnam, United States and Free World Assistance forces. Four years later, in 1972—again a U.S. presidential election year—North Vietnam threw its entire military might behind an invasion to conquer the South. This time, however, South Vietnam had to fight for survival with only logistics and combat support provided by the United States. Almost all U.S. and Free World Military Assistance combat forces had been withdrawn when the first attacks began on 30 April 1972. By all standards, the Easter Offensive of 1972 was one of North Vietnam's most significant initiatives during the Vietnam War. This all-out effort involved eventually in excess of ten divisions on each side and affected the lives of well over a million South Vietnamese people. During the eight long months of fierce fighting, the Republic of Vietnam Armed Forces put Vietnamization to a severe test. During the period of the Easter Offensive, I had the privilege of participating in some of its major battles, first as IV Corps and then as I Corps commander beginning in early May 1972. I visited many of our combat units as they fought the North Vietnam Army and commanded the RVNAF counteroffensive to retake Quang Tri City. My critical analysis of the enemy 1972 Easter Invasion, therefore, is based almost exclusively on my own personal observations, impressions and interviews with Vietnamese who were directly involved."-Authors' Preface.

**Vietnam: The War Zone Dictionary in Their Own Words** Sharon O. Lightholder.2015-11-19 VIETNAM - THE WAR ZONE DICTIONARY IN THEIR OWN WORDS is the first reference to combine the official terms formally adopted by the United States Department of Defense and its allies in NATO, SEATO, CENTO, and IADB with the unofficial slang, abbreviations, radio codes, pro-codes, hospital jargon, weapon abbreviations, acronyms, euphemisms, and commonly used foreign words and phrases used by the men and women who were there. With over 9,800 entries, this is the only source-defined reference to the linguistic complexity of the Vietnam War. Suited for the historian, linguist, genealogist and armchair reader, it is both a reference and a time capsule of that era. It is an uncensored, unauthorized, and vibrant collection reflecting the complexity of official terms, the primal urgency of the unofficial language, and the adaptations of the English language to new technology, military, and social challenges. Collected and curated by Sharon O. Lightholder, attorney and author, each slang entry was subjected to a verification process by someone from the war zone before inclusion. Each official entry was secured from unclassified documents. Decades in the making, it will serve the test of time and speak clearly from the past into the future. This reference is an important addition to any academic library and history department as well as serving the needs of the general reader interested in the Vietnam War. It offers a new and meaningful contribution to the scholarship of the Vietnam era.

**Vietnam** Michael Lind.2013-07-30 Michael Lind casts new light on one of the most contentious episodes in American history in this controversial bestseller. In this groundbreaking reinterpretation of America's most disastrous and controversial war, Michael Lind demolishes enduring myths and put the Vietnam War in its proper context—as part of the global conflict between the Soviet Union and the United States. Lind reveals the deep cultural divisions within the United States that made the Cold War consensus so fragile and explains how and why American public support for the war in Indochina declined. Even more stunning is his provocative argument that the United States failed in Vietnam because the military establishment did not adapt to the demands of what before 1968 had been largely a guerrilla war. In an era when the United States so often finds itself embroiled in prolonged and difficult conflicts, Lind offers a sobering cautionary tale to Americans of all political viewpoints.

**A Short History of the Vietnam War** Allan Reed Millett.1978 Noted observers including Thomas Lippman and Stanley Karnow provide candid portraits and critical analyses of the war in Vietnam.

The Vietnam War Mitch Yamasaki.2006 Through a collection of original source documents and the words of those who lived through it, *The Vietnam War* gives insight into the historic background and events leading to American involvement and escalation of the war. Professor Mitch Yamasaki examines the major interpretations of how and why the U.S. became involved, what it hoped to accomplish, and how a poorly armed guerilla army

thwarted U.S. efforts. Carefully selected materials highlight the forces that led to President Johnson's dilemma, the country's deep divisions over the war, and the ongoing reexamination of the Vietnam War.

**Deepening Involvement 1945-1965** Richard Winship Stewart.2012

*Too Young to Die* Ltc Mark a Mayerstein,Mark Mayerstein.2018-02-24 *Too Young to Die* is a true personal story about a very close friendship that developed in the midst of the love, loyalty, sacrifice, horror, deceit, greed, and governmental excess that was the Vietnam War. It is an autobiographical sketch of one very unlikely young Jewish man, bonded to a man who was 10 years his senior by their partnership as a sniper team. In a very introspective, transparent, and often humorous way, the author recounts their harrowing experiences on dangerous missions throughout the theater of war in Vietnam and Laos. They were essentially outsiders in the 5th Special Forces unit to which they were assigned. Nonetheless they tried to honor themselves and their country by doing their duty despite the dangerous and uncomfortable wartime jungle environment with which they coped. This difficulty was eclipsed only by the military administrative incompetence that seemed to work to facilitate their demise before they even started. But more importantly, it is also the story about the author's survivor's grief and the guilt he bore in the aftermath of that ill-fated war that cost the lives of millions of people; his cherished partner being one of them. It was a war, like any other war, that produced yet another generation of military men and women who will forever be haunted and tormented by the very horrors they so courageously survived.

*"They Wouldn't Let Us Win"* Ronald H. Dykes.2012-09-04 For *They Wouldn't Let Us Win*, Ronald H Dykes did in-depth interviews with fifteen Vietnam veterans from Jackson County, Alabama. In these interviews, the veterans graphically describe the extraordinarily difficult experiences they endured during their tour of duty. Most of them were teenagers who had little idea of where Vietnam was or what the war was about. Yet, they did serve, follow orders, and try to stay alive. When they returned to the United States, though, some of them were greeted with curses and spittle. Perhaps even worse, their peers at home seemed uninterested in their experiences in Vietnam. Despite the horrors of the war and their reception back in their country, most of them do not regret serving in Vietnam. They do regret, however, that the politicians would not let us win. Dykes thesis in this book is that readers like himself who were opposed to the war will be convinced that these veterans got a raw deal when they returned home.

*History of the Joint Chiefs of Staff - Volume IX* Department of Defense,U. S. Military,Joint Chiefs of Staff,U. S. Government.2017-10-14 This volume covers an unhappy period in US as well as JCS history. As the Vietnam War turned into a bloody stalemate, the strategy of close-in containment for the Far East proved to be unbearably costly. After the Six Day War of 1967, the Middle East became increasingly polarized between East and West. NATO had to cope with France's secession from the integrated command. Across a broad range of issues, the Joint Chiefs of Staff found themselves at odds with Secretary of Defense Robert S. McNamara. They wanted to escalate sharply the air campaign against North Vietnam, preserve superiority in strategic nuclear capability, and restore a US-based reserve of conventional units being drained by Vietnam's demands. Many times, their recommendations were rejected by President Lyndon B. Johnson who accepted instead those of Secretary McNamara. Indeed, the sidelining of the Joint Chiefs of Staff emerges as the dominant theme of this volume. The Vietnam War dominated and ultimately consumed Lyndon B. Johnson's presidency. In March 1964, President Johnson set the objective of preserving an independent, non-communist South Vietnam.<sup>1</sup> But as 1965 opened, communist forces-Viet Cong guerrillas supported by North Vietnamese soldiers-were close to victory. During March, the United States started a systematic bombing campaign against the North and began committing large ground forces in the South. Defeat was averted, but steady escalation followed as the communists persevered. By 1968, there were 549,500 US military personnel in South Vietnam. Vietnam's Impact \* 2. *A War Too Long* Office of Air Force History,United States Air Force.2015-03-08 The Air Force instinctively disliked the slow, gradual way the United States prosecuted its war against the Vietnamese communists. While Americans undoubtedly delayed a communist victory in South Vietnam, Laos and Cambodia long enough to spare Thailand and other Southeast Asian countries a similar fate, the American public grew very tired of this war years before its dismal conclusion. Due to questionable political policies and decision-making, only sporadic and relatively ineffective use had been made of air power's ability to bring great force to bear quickly and decisively. The United States and its Air Force experienced a decade of frustration made more painful by the losses of its personnel killed, wounded, or taken prisoner. Fighting resolutely and courageously, the Air Force played the decisive role in forcing North Vietnam to the peace table in 1973. The demands of the Vietnam War forced new developments such as laser-guided-bombs that would eventually radically transform the shape of air warfare.

**Dsst a History of the Vietnam War Exam Secrets Study Guide: Dsst Test Review for the Dantes Subject Standardized Tests** Dsst Exam Secrets Test Prep.2018-04-12 \*\*\*\*Includes Practice Test Questions\*\*\*\* DSST A History of the Vietnam War Exam Secrets helps you ace the Dantes

Subject Standardized Tests, without weeks and months of endless studying. Our comprehensive DSST A History of the Vietnam War Exam Secrets study guide is written by our exam experts, who painstakingly researched every topic and concept that you need to know to ace your test. Our original research reveals specific weaknesses that you can exploit to increase your exam score more than you've ever imagined. DSST A History of the Vietnam War Exam Secrets includes: The 5 Secret Keys to DSST Success: Time is Your Greatest Enemy, Guessing is Not Guesswork, Practice Smarter, Not Harder, Prepare, Don't Procrastinate, Test Yourself; A comprehensive General Strategy review including: Make Predictions, Answer the Question, Benchmark, Valid Information, Avoid Fact Traps, Milk the Question, The Trap of Familiarity, Eliminate Answers, Tough Questions, Brainstorm, Read Carefully, Face Value, Prefixes, Hedge Phrases, Switchback Words, New Information, Time Management, Contextual Clues, Don't Panic, Pace Yourself, Answer Selection, Check Your Work, Beware of Directly Quoted Answers, Slang, Extreme Statements, Answer Choice Families; Along with a complete, in-depth study guide for your specific DSST exam, and much more...

Military Communications John D. Bergen.1986 In *Military Communications: A Test for Technology*, John D. Bergen develops the thesis that burgeoning technology in communications faced a severe test in Vietnam. He analyzes the advantages and drawbacks of new communications systems and the effects these systems had on decision making and on command. In doing so, he describes the difficulties that communications systems had in keeping pace with the information explosion and shows that command and control do not necessarily improve with enhanced communications. The book illustrates that the communications missions of getting the message through was not only critical to the success of combat operations, but also as challenging as combat itself. Bergens clear understanding and description of these issues make this a valuable work for those responsible for the future success of command, control, communications, and intelligence.

*The Frog Hunter* T. B. Stamper.2021-10-15 When the plane full of young recruits landed in Cam Ranh Bay, Vietnam, the stewardess stood at the cabin door and cried. It seemed like a bad omen.*The Frog Hunter: A Story about the Vietnam War, an Inkblot Test and a Girl*, is a memoir that reads stranger than fiction. The author takes his readers on a fascinating, often humorous, and emotionally moving journey from deadly Ranger missions in Vietnam, to betrayal by his superior officers at Fort Ord, to the inside of an Army psychiatric ward. With a chaotic mind, trying to make sense of the war, Stamper is in a desperate search for truth. He turns to the hippie culture, attracted by their message of peace and enlightenment. Unexpectedly, he meets a beautiful girl who becomes the love of his life. He wants normalcy; he wants the girl, and he wants a future. But every bit of happiness that life offers him is threatened by a war that ravages his mind and heart. It has taken everything from him-his friends, his sanity, and his peace. He can't let it take her too, and he must keep it from her at all costs. Written in powerful prose, the story reveals how war wounds the mind and soul. But hope emerges, kindled within the tangled aftermath of trauma and loss.

**A Bright Shining Lie** Neil Sheehan.1989-09-19 One of the most acclaimed books of our time—the definitive Vietnam War exposé and the winner of the Pulitzer Prize and the National Book Award. When he came to Vietnam in 1962, Lieutenant Colonel John Paul Vann was the one clear-sighted participant in an enterprise riddled with arrogance and self-deception, a charismatic soldier who put his life and career on the line in an attempt to convince his superiors that the war should be fought another way. By the time he died in 1972, Vann had embraced the follies he once decried. He died believing that the war had been won. In this magisterial book, a monument of history and biography that was awarded the National Book Award and the Pulitzer Prize for Nonfiction, a renowned journalist tells the story of John Vann—the one irreplaceable American in Vietnam—and of the tragedy that destroyed a country and squandered so much of America's young manhood and resources.

*Bloods, an Oral History of the Vietnam War* Wallace Terry.1984 A New York Times Notable Book, his classic, powerful book--a nationally bestselling firsthand account of 20 African-American men who served in the Vietnam War--is available once again.

Master the DSST a History of the Vietnam War Exam Peterson's.2021-04-27 The nationally recognized credit-by-exam DSST® program helps students earn college credits for learning acquired outside the traditional classroom such as; learning from on-the-job training, reading, or independent study. **C.m.a.c.** James Finnegan.2003-08 C.M.A.C., A Vietnam Era Trilogy, contains three sagas that describe the late 1960s, Vietnam era, U.S. Army life of James A. Callaghan. Saga of a Student Warrior--The first story follows the military training of Callaghan who, during his draft induction, was christened Hallaghan due to a bureaucratic error. It describes how he dealt with his new and strange environment, and his first assignment as a post radio officer. Saga of a Saigon Warrior--The Capital Military Assistance Command (C.M.A.C.), Saigon, and the surrounding districts were Callaghan's home in Vietnam during 1969. He met his match when he tangled with General Gottard, the personification of the cartoon character 'Yosemite Sam, ' until a year later when Callaghan suffered an untimely accident while clearing post. Saga of a Garrison Warrior--Returned from near death by a C.M.A.C. medic, Callaghan was quickly moved to Third Field Force hospital near Tan Son Nhut air base, where, after a lengthy operation, he was transferred to Guam to convalesce and regain his real name. Healed, the recently promoted Captain Callaghan then commanded a signal company, where the trials and tribulations of a garrison environment tested his perseverance. **Our Vietnam Wars** William F. Brown.2021-05-14 Want to know what Vietnam was really like?Real stories told by real people, in their own words, 100 veterans, men and women, caught up in an all too real war. From the Delta to the DMZ, come walk in their boots. If you were there, you understand. If you weren't, grab a copy and you will, because they're like Doritos. Try a few and you won't be able to stop.The Vietnam War dominated my generation and affected so many lives in so many different ways. Some of us were drafted. Some enlisted. Some became war heroes, intentional or not, but most of us were just trying to survive. As we all knew, Vietnam was all about luck, good or bad. And there were hundreds of different wars depending on where you were, the year you were there, your service, branch, unit, rank, job, and race. Whether we were truck drivers, helicopter pilots, infantryman, clerk typists, medics, engineers, MPs, sailors out on Yankee station, artillerymen, or cooks, from 1956 to 1976 from the Delta to the DMZ, these stories tell who we were, the jobs we did, our memories of that time and place, how it changed us, and what we did after we came home.That's the diversity of experience you'll find in this book. If you were there, you understand. If you weren't, grab a copy and you will. The stories are like Doritos. Try a few and you won't be able to stop.They tell who we were, our jobs and memories of the place, and what we did after we came home. From a Marine ambulance driver at Khe Sanh, Special Ops troops fighting a guerrilla war against the VC and NVA, Recon pilots, artillerymen on Christmas Eve, a Navy seaman below decks fighting a catastrophic fire on the USS Oriskany, a New Zealand artillery unit firing round after round to stop an NVA assault, Marine Corpsmen saving the wounded under fire, patrolling the jungle with New Zealand infantry, walking into Khe Sanh with the 1st Cav as they broke the siege, riding in an APC with the armored cav across the hills in I Corps, being shot down in Cambodia with a Huey pilot, plus cooks, clerks, truck drivers, and gunship pilots, combat medics, and Marine grunts and many more -- from the Delta to the DMZ and Thailand to the South China Sea, this book puts you in their boots. While most Vietnam War books only cover one guy, one unit, one place, and one year, spanning all the war years from 1962 to 1975. Some of us were drafted. Some enlisted. Some were legit war heroes, but most were just trying to survive. As everyone in-country knew, Vietnam mostly came down to luck, good or bad. If you were there, you understand. If you weren't, grab a copy and start reading anywhere in the book. The stories are like Doritos. Try a few. I guarantee and you won't be able to stop.

Bloods Wallace Terry.2013-01-16 A NEW YORK TIMES NOTABLE BOOK • The national bestseller that tells the truth about the Vietnam War from the black soldiers' perspective. An oral history unlike any other, Bloods features twenty black men who tell the story of how members of their race were sent off to Vietnam in disproportionate numbers, and of the special test of patriotism they faced. Told in voices no reader will soon forget, Bloods is a must-read for anyone who wants to put the Vietnam experience in historical, cultural, and political perspective. Praise for Bloods "Superb . . . a

portrait not just of warfare and warriors but of beleaguered patriotism and pride. The violence recalled in *Bloods* is chilling. . . . On most of its pages hope prevails. Some of these men have witnessed the very worst that people can inflict on one another. . . . Their experience finally transcends race; their dramatic monologues bear witness to humanity.”—Time “[Wallace] Terry’s oral history captures the very essence of war, at both its best and worst. . . . [He] has done a great service for all Americans with *Bloods*. Future historians will find his case studies extremely useful, and they will be hard pressed to ignore the role of blacks, as too often has been the case in past wars.”—The Washington Post Book World “Terry set out to write an oral history of American blacks who fought for their country in Vietnam, but he did better than that. He wrote a compelling portrait of Americans in combat, and used his words so that the reader—black or white—knows the soldiers as men and Americans, their race overshadowed by the larger humanity Terry conveys. . . . This is not light reading, but it is literature with the ring of truth that shows the reader worlds through the eyes of others. You can’t ask much more from a book than that.”—Associated Press “*Bloods* is a major contribution to the literature of this war. For the first time a book has detailed the inequities blacks faced at home and on the battlefield. Their war stories involve not only Vietnam, but Harlem, Watts, Washington D.C. and small-town America.”—Atlanta Journal-Constitution “I wish *Bloods* were longer, and I hope it makes the start of a comprehensive oral and analytic history of blacks in Vietnam. . . . They see their experiences as Americans, and as blacks who live in, but are sometimes at odds with, America. The results are sometimes stirring, sometimes appalling, but this three-tiered perspective heightens and shadows every tale.”—The Village Voice “Terry was in Vietnam from 1967 through 1969. . . . In this book he has backtracked, Studs Terkel-like, and found twenty black veterans of the Vietnam War and let them spill their guts. And they do; oh, how they do. The language is raw, naked, a brick through a window on a still night. At the height of tension a sweet story, a soft story, drops into view. The veterans talk about fighting two wars: Vietnam and racism. They talk about fighting alongside the Ku Klux Klan.”—The Boston Globe

**Most Interesting Vietnam War Facts** Alex Trost, Vadim Kravetsky. 2014-06-13 Are you looking for a journey that will take you through this amazing obok, along with funny comments and a word puzzle? Then this book is for you. Whether you are looking at this book for curiosity, choices, options, or just for fun; this book fits any criteria. Writing this book did not happen quickly. It is thorough look at accuracy and foundation before the book was even started. This book was created to inform, entertain and maybe even test your knowledge. By the time you finish reading this book you will want to share it with others.

**Unforgotten in the Gulf of Tonkin** Eileen A. Bjorkman. 2020-09-01 On November 18, 1965, U.S. Navy pilot Willie Sharp ejected from his F-8 fighter after being hit while positioned over a target in North Vietnam. With a cloud layer beneath him, he did not know if he was over land—where he would most certainly be captured or killed by the North Vietnamese—or over the Gulf of Tonkin. As he ejected, both navy and air force aircraft were already heading toward him to help. What followed was a dramatic rescue made by pilots and other airmen with little or no training or experience in combat search-and-rescue. Told by former military flight test engineer Eileen A. Bjorkman, this story includes nail-biting descriptions of air combat, flight, and rescue. Bjorkman places Sharp’s story in the larger context of the U.S. military’s bedrock credo—No Man Left Behind—and calls attention to the more than eighty thousand Americans still missing from conflicts since World War I. She also explores the devastating aftershocks of the Vietnam War as Sharp struggled with post-traumatic stress disorder. Woven into this gripping tale is the fascinating history of combat search-and-rescue missions that officially began in World War II. Combining the cockiness and camaraderie of *Top Gun* with the heroics of *Sully*, *Unforgotten in the Gulf of Tonkin* is a riveting tale of combat rescue and an unforgettable story about the U.S. military’s commitment to leave no man behind.

**Vietnam Journal: Vol. 2 - The Iron Triangle** Don Lomax. 2021-04-27 The acclaimed *Vietnam Journal* series from Don Lomax, nominated for a Harvey Award, is collected and presented as a series of graphic novels. *Vietnam Journal* is a look at the Vietnam War through the eyes of a war journalist, Scott ‘Journal’ Neithammer, as he chronicles the lives and events of soldiers on the front line during the Vietnam War. Collects issues 5-8 and the short story CIB. In VOLUME TWO, ‘Journal’ must test his resolve in order to help others survive as he cannot sit ideally while events unfold around him. He finds himself in the infamous Iron Triangle with his troop company as they come across a village hamlet that was supposed to be evacuated but it wasn’t. ‘Journal’ and a fellow medical patient rush to save some kids in the village that is about to be overrun by Vietcong. What they hadn’t counted on was some G.I.s out for revenge against the Vietnamese...any Vietnamese. And having barely survived that encounter, an injured ‘Journal’ is sent back to the United States to recover and he discovers another type of war going on there as he sees firsthand the protests at home. Plus in a bonus short story, ‘Journal’ remembers his younger days covering the war in Korea a decade earlier. Picked by *Entertainment Weekly* as a graphic novel you should own and recommended by the Military History Book Club. Even today, *VIETNAM JOURNAL* is one of the most gritty and brutally honest war stories ever published. - Brian Cronin, *Comic Book Resources*. *Vietnam Journal* by Don Lomax is the best comic book portrayal of Vietnam I have ever read. Its probably one of the best works ever put down in any art form about the war. - Daniel Robert Epstein. A powerful collection of stories and history of the Vietnam War, created by a veteran of both the war and of war comics - Douglas P. Dave, *School Library Journal*. A Caliber Comics release.

**The Vietnam War Debate** Louis B. Zimmer. 2011 Background to a needless war -- Morgenthau and Bundy : the Harvard dean fails the Vietnam reality test -- Media neglect of the national interest -- Morgenthau and Schlesinger and the national interest -- Morgenthau and the Council on Foreign Relations -- Morgenthau's influence, Fulbright's conversion and the stupidity of smart men -- What I have said recently, I have been saying for years without anybody paying attention.

**The Columbia Guide to the Vietnam War** David L. Anderson. 2002-07-10 More than a quarter of a century after the last Marine Corps Huey left the American embassy in Saigon, the lessons and legacies of the most divisive war in twentieth-century American history are as hotly debated as ever. Why did successive administrations choose little-known Vietnam as the test case of American commitment in the fight against communism? Why were the best and brightest apparently blind to the illegitimacy of the state of South Vietnam? Would Kennedy have pulled out had he lived? And what lessons regarding American foreign policy emerged from the war? *The Columbia Guide to the Vietnam War* helps readers understand this tragic and complex conflict. The book contains both interpretive information and a wealth of facts in easy-to-find form. Part I provides a lucid narrative overview of contested issues and interpretations in Vietnam scholarship. Part II is a mini-encyclopedia with descriptions and analysis of individuals, events, groups, and military operations. Arranged alphabetically, this section enables readers to look up isolated facts and specialized terms. Part III is a chronology of key events. Part IV is an annotated guide to resources, including films, documentaries, CD-ROMs, and reliable Web sites. Part V contains excerpts from historical documents and statistical data.

**Light at the End of the Tunnel** Andrew Jon Rotter. 1999 This updated and revised edition of *Light at the End of the Tunnel* is an exhaustive account of the Vietnam War that gives a total overview of the conflict. Starting with Ho Chi Minh's revolt against the French, Andrew Rotter takes the reader through the succeeding years as scholars, government officials, journalists, and others recount the important events and examine issues that developed during this tumultuous time. This book is essential for anyone who has an interest in truly understanding the Vietnam War. These readings will both educate and entertain students about this turning point in the history of the United States and, indeed, the world.

**Vietnam War Aftermath** Michael Spenser. 2021-06-05 Agent Orange was a powerful herbicide used by U.S. military forces during the Vietnam War to eliminate forest cover and crops for North Vietnamese and Viet Cong troops. The U.S. program, codenamed Operation Ranch Hand, sprayed more than 20 million gallons of various herbicides over Vietnam, Cambodia, and Laos from 1961 to 1971. Why does the Veterans Administration ignore the need to test Vietnam Veterans who were exposed to Agent Orange? Why has PTSD resurfaced in Vietnam Veterans forty years after the war ended? As a Vietnam Veteran diagnosed with Agent Orange caused cancer and trials with PTSD, I have attempted to examine these two potential death sentences. America needs a plan of action to help over 800,000 Vietnam Veterans still living today. Because of God's grace, I can expose these issues to the American people.

**The U.S. Army in Vietnam** United States. Congress. Senate. Committee on armed services. 1967

**Buying Time, 1965-1966** Frank Leith Jones. 2015 The U.S. Army Center of Military History is pleased to present a new pamphlet in its U.S. Army

Campaigns of the Vietnam War series. *Buying Time, 1965-1966*, by Frank L. Jones, begins with President Lyndon B. Johnson's decision to commit the U.S. military to an escalating role in the ground war against the Communist government of North Vietnam and its allies in South Vietnam known as the Viet Cong. Beginning in 1965, William C. Westmoreland, the commanding general of the Military Assistance Command, Vietnam (MACV), sent large numbers of soldiers on search-and-destroy missions against Viet Cong forces. His strategy in Vietnam depended on the superiority of U.S. firepower, including intensive aerial bombardments of regular enemy units. The goal was to inflict more losses than the Communist forces could sustain. During 1966, the United States gradually built up not just its forces, but also the logistical and administrative infrastructure needed to support them. Pacification, which took a lesser role during the military buildup, remained central to the allies' approach to the war, with the White House taking additional measures to elevate its importance. As 1966 drew to a close, General Westmoreland was in position to launch the type of large, sustained military campaign that he hoped would both cripple the enemy and enable the South Vietnamese to make substantial progress toward pacification. The tide had been stemmed, yet no one was under the illusion that the task ahead would be either easy or quick. Indeed, the events of 1965 and 1966 had shown the enemy to be a dangerous and able foe, unshaken despite heavy losses in his own pursuit of victory. The true struggle had just begun.

**Our Vietnam Wars, as Told by More Veterans who Served** William F. Brown. 2022-01-04. Want to know what Vietnam was really like? Real stories told by real people, in their own words, 100 veterans, men and women, caught up in an all too real war. From the Delta to the DMZ, come walk in their boots. If you were there, you understand. If you weren't, grab a copy and you will, because they're like Doritos. Try a few and you won't be able to stop. The Vietnam War dominated my generation and affected so many lives in so many different ways. Some of us were drafted. Some enlisted. Some became war heroes, intentional or not, but most of us were just trying to survive. As we all knew, Vietnam was all about luck, good or bad. And there were hundreds of different wars depending on where you were, the year you were there, your service, branch, unit, rank, job, and race. Whether we were truck drivers, helicopter pilots, infantryman, clerk typists, medics, engineers, MPs, sailors out on Yankee station, artillerymen, or cooks, from 1956 to 1976 from the Delta to the DMZ, these stories tell who we were, the jobs we did, our memories of that time and place, how it changed us, and what we did after we came home. That's the diversity of experience you'll find in this book. If you were there, you understand. If you weren't, grab a copy and you will. The stories are like Doritos. Try a few and you won't be able to stop. They tell who we were, our jobs and memories of the place, and what we did after we came home. From a Marine ambulance driver at Khe Sanh, Special Ops troops fighting a guerrilla war against the VC and NVA, Recon pilots, artillerymen on Christmas Eve, a Navy seaman below decks fighting a catastrophic fire on the USS Oriskany, a New Zealand artillery unit firing round after round to stop an NVA assault, Marine Corpsmen saving the wounded under fire, patrolling the jungle with New Zealand infantry, walking into Khe Sanh with the 1st Cav as they broke the siege, riding in an APC with the armored cav across the hills in I Corps, being shot down in Cambodia with a Huey pilot, plus cooks, clerks, truck drivers, and gunship pilots, combat medics, and Marine grunts and many more -- from the Delta to the DMZ and Thailand to the South China Sea, this book puts you in their boots. While most Vietnam War books only cover one guy, one unit, one place, and one year, spanning all the war years from 1962 to 1975. Some of us were drafted. Some enlisted. Some were legit war heroes, but most were just trying to survive. As everyone in-country knew, Vietnam mostly came down to luck, good or bad. If you were there, you understand. If you weren't, grab a copy and start reading anywhere in the book. The stories are like Doritos. Try a few. I guarantee and you won't be able to stop. William F. Brown is the author of ten action-adventure and suspense novels on Kindle, including the highly successful Bob Burke action-adventure series, and *Our Vietnam Wars, Volumes 1 thru 4*, personal stories of the veterans who served there. His mystery and suspense novels include 'The Undertaker,' 'Amongst My Enemies,' 'Thursday at Noon,' 'Aim True, My Brothers,' 'Winner Lose All,' and 'The Cold War Trilogy,' as well as *Burke's War*, *Burke's Gamble*, *Burke's Revenge*, *Burke's Samovar*, and the new *Burke's Mandarin*. You can find them out on my web site and enjoy!
