Religions of the Silk Road Richard Foltz.1999 During the latter decades of the 19th century, popular European fascination with the world beyond reached an all-time high. The British and French empires spanned the globe, and their colonial agents sent home exotic goods and stories. The Silk Route dates from this romantic period, in name if not in reality. In the century since its invention as a concept, the Silk Route has captured and captivated the Western imagination. It has given us images of fabled cities and exotic peoples. Religions of the Silk Route tells the story of how religions accompanied merchants and their goods along the overland Asian trade routes of pre-modern times. It is a story of continuous movement, encounters, mutual reactions and responses, adaptation and change. Beginning as early as the 8th century BCE, Israelite and Iranian traditions travelled eastwards in this way, and they were followed centuries later by the great missionary traditions of Buddhism, Christianity, Manichaeism, and Islam.

Decolonizing Education Marie Battiste.2019-01-31 Drawing on treaties, international law, the work of other Indigenous scholars, and especially personal experiences, Marie Battiste documents the nature of Eurocentric models of education, and their devastating impacts on Indigenous knowledge. Chronicling the negative consequences of forced assimilation, racism inherent to colonial systems of education, and the failure of current educational policies for Aboriginal populations, Battiste proposes a new model of education, arguing the preservation of Aboriginal knowledge is an Aboriginal right. Central to this process is the repositioning of Indigenous humanities, sciences, and languages

as vital fields of knowledge, revitalizing a knowledge system which incorporates both Indigenous and Eurocentric thinking.

Sakura's Cherry Blossoms Robert Paul Weston. 2018-02-20 A warm, gorgeous exploration of a little girl's experience immigrating to a new country and missing her home and her grandmother, who still lives far away. Sakura's dad gets a new job in America, so she and her parents make the move from their home in Japan. When she arrives in the States, most of all she misses her grandmother and the cherry blossom trees, under which she and her grandmother used to play and picnic. She wonders how she'll ever feel at home in this new place, with its unfamiliar language and landscape. One day, she meets her neighbor, a boy named Luke, and begins to feel a little more settled. When her grandmother becomes ill, though, her family takes a trip back to Japan. Sakura is sad when she returns to the States and once again reflects on all she misses. Luke does his best to cheer her up -- and tells her about a surprise he knows she'll love, but she'll have to wait till spring. In the meantime, Sakura and Luke's friendship blooms and finally, when spring comes, Luke takes her to see the cherry blossom trees flowering right there in her new neighborhood. *Sakura's Cherry Blossoms* captures the beauty of the healing power of friendship through Weston's Japanese poetry-inspired text and Saburi's breathtaking illustrations.

The Penguin History of Modern Vietnam Christopher Goscha. 2016-06-30 WINNER OF THE AMERICAN HISTORICAL ASSOCIATION'S JOHN K. FAIRBANK PRIZE SHORTLISTED FOR THE CUNDHILL HISTORY PRIZE 2017 'This is the finest single-volume history of Vietnam in English. It challenges myths, and raises questions about the socialist republic's political future' Guardian 'Powerful and compelling. Vietnam will be of growing

importance in the twenty-first-century world, particularly as China and the US rethink their roles in Asia. Christopher Goscha's book is a brilliant account of that country's history.' - Rana Mitter 'A vigorous, eye-opening account of a country of great importance to the world, past and future' - Kirkus Reviews

Over the centuries the Vietnamese have been both colonizers themselves and the victims of colonization by others. Their country expanded, shrunk, split and sometimes disappeared, often under circumstances far beyond their control. Despite these often overwhelming pressures, Vietnam has survived as one of Asia's most striking and complex cultures. As more and more visitors come to this extraordinary country, there has been for some years a need for a major history - a book which allows the outsider to understand the many layers left by earlier emperors, rebels, priests and colonizers. Christopher Goscha's new work amply fills this role. Drawing on a lifetime of thinking about Indo-China, he has created a narrative which is consistently seen from 'inside' Vietnam but never loses sight of the connections to the 'outside'. As wave after wave of invaders - whether Chinese, French, Japanese or American - have been ultimately expelled, we see the terrible cost to the Vietnamese themselves. Vietnam's role in one of the Cold War's longest conflicts has meant that its past has been endlessly abused for propaganda purposes and it is perhaps only now that the events which created the modern state can be seen from a truly historical perspective. Christopher Goscha draws on the latest research and discoveries in Vietnamese, French and English. His book is a major achievement, describing both the grand narrative of Vietnam's story but also the byways, curiosities, differences, cultures and peoples that have done so much over the centuries to define the many versions of Vietnam.

Where I Left My Soul Jérôme Ferrari.2014-06-03 A tale of two torturers? Where I Left My Soul is a powerful exploration of guilt and identity in the savagery of the Algerian War. Captain Andre Degorce is reunited with Lieutenant Horace Andreani, with whom he experienced the horrors of combat and imprisonment in Vietnam. Captives now pass from the Captain's hands into Andreani's: one-time victims have become torturers. Andreani has fully embraced his new status, but Degorce has lost all sense of himself, only finding peace when he is with Tahar, a commander in the National Liberation Army. Tahar's cell now acts as a confessional for Andreani, with the jailor opening up to his prisoner.

Twelve Years a Slave Solomon Northup.2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by

Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Glimpses of Freedom May Adadol Ingawanij, Benjamin McKay. 2012 Since the late 1990s, a vivid new sphere of cinematic practice in Southeast Asia has emerged and been identified as independent. What exactly does this term mean in relation to the way films and videos are made, and the way they look? How do issues of festival circulation, piracy, technology, state and institutional power, and spectatorship apply to practices of independent cinema throughout the diverse region? The authors who speak in this volume--contemporary filmmakers, critics, curators, festival organizers--answer these questions. They describe and analyze the emerging field of Southeast Asian cinema, which they know firsthand and have helped create and foster. *Glimpses of Freedom* is the outcome of a project collaboratively conceived by a new generation of scholars of cinema in Southeast Asia, inspired by the growing domestic and international visibility of notable films and videos from the region. Contributors include internationally esteemed independent filmmakers, critics, and curators based in Southeast Asia, such as Hassan Abd Muthalib, Alexis A. Gandreau. 2011-06-14 Earthen architecture constitutes one of the most diverse forms of cultural heritage and one of the most challenging to preserve. It dates from all periods and is found on all continents but is particularly prevalent in Africa, where it has been a building tradition for centuries. Sites range from ancestral cities in Mali to the palaces of Abomey in Benin, from monuments and mosques in Iran and Buddhist temples on the Silk Road to Spanish missions in California. This volume's sixty-four papers address such themes as earthen architecture in Mali, the conservation of living sites, local knowledge systems and

intangible aspects, seismic and other natural forces, the conservation and management of archaeological sites, research advances, and training.

Introducing Shakespeare Nick Groom.2014-12-01 Shakespeare's absolute pre-eminence is simply unparalleled. His plays pack theatres and provide Hollywood with block-buster scripts; his works inspire mountains of scholarship and criticism every year. He has given us many of the very words we speak, and even some of the thoughts we think. Nick Groom and Piero explore how Shakespeare became so famous and influential, and why he is still widely considered the greatest writer ever. They investigate how the Bard has been worshiped at different times and in different places, used and abused to cultural and political ends, and the roots of intense controversies which have surrounded his work. Much more than a biography or a guide to his plays and sonnets, *Introducing Shakespeare* is a tour through the world of Will and concludes that even after centuries, Shakespeare remains the battlefield on which our very comprehension of humanity is being fought out.

The Rejection of Consequentialism Samuel Scheffler.1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by

contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

A People's History of the United States Howard Zinn.2003-02-04 Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in

1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new after, word by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

Ladies with Guns - Part 1 Bocquet

Olivier.2022-03-23T00:00:00+01:00 Five women from various backgrounds are brought together by fate to fight as allies for their survival. A retired schoolteacher, an Indian who's handy with a bow, a young, immigrant widow from London, a brothel

worker who's made off with the till and a fourteen-year-old slave who's been put in a cage. This unlikely band of adventurers must fight off the violence men resort to when caught in greed's ubiquitous grip. They'll do it with arrows, pies, brooms, pots, knitting-needles, and a lethal revolver that becomes even more dangerous in the hands of the sharpest-shooter of them all: a teenager who's been whipped, locked in a cage and freed only to fall victim to pneumonia. These women have got each other's backs and don't take kindly to the worst mankind has to offer.

Marlène Mocquet Thierry Raspail, Judicaël Lavrador, Hugues Jacquet, Hervé Percebois. 2010-03-01 Playful, hallucinogenic, obsessive, and fantastic, Marlène Mocquet's paintings are striking for their spontaneity and freedom. Drawing on art history--from Symbolism to Surrealism to Expressionism and action painting--as well as on more contemporary images from the world of manga and cartoons, her explosive paintings, populated with animals, monsters, and anthropomorphic objects, lead viewers into a dreamlike universe. Part Tim Burton, part Betty Boop, part Takashi Murakami, Mocquet's singular faux-naïf style is unforgettable. In the first monograph dedicated to this up-and-coming artist, more than 100 of Mocquet's paintings are stunningly reproduced. This volume is published in association with the artist's exhibition at the Museum of Contemporary Art of Lyon, France. Marlène Mocquet is a captivating introduction to a rising star.

Film in Contemporary Southeast Asia David C. L.

Lim, Hiroyuki Yamamoto. 2012-03-12 This book discusses

contemporary film in all the main countries of Southeast Asia, and the social practices and ideologies which films either represent or oppose. It shows how film acquires signification through cultural interpretation, and how film also serves as a site of contestations between social and political agents seeking to promote, challenge, or erase certain meanings, messages or ideas from public circulation. A unique feature of the book is that it focuses as much on films as it does on the societies from which these films emerge: it considers the reasons for film-makers taking the positions they take; the positions and counter-positions taken; the response of different communities; and the extent to which these interventions are connected to global flows of culture and capital. The wide range of subjects covered include documentaries as political interventions in Singapore; political film-makers' collectives in the Philippines, and films about prostitution in Cambodia and patriotism in Malaysia, and the Chinese in Indonesia. The book analyses films from Burma, Laos, Cambodia, Vietnam, Thailand, Malaysia, Singapore, Indonesia and the Philippines, across a broad range of productions - such as mainstream and independent features across genres (for example comedy, patriotic, political, historical genres) alongside documentary, classic and diasporic films.

The Days of the Rainbow Antonio Skarmeta. 2013-06-25 A novel based on the true story of how an advertising campaign caused the fall of Chile's dictator, General Pinochet Nico, the son of a noted Chilean philosophy professor, witnesses his father's arrest while he is teaching a class. Bettini, the father of Nico's best friend, is a leftist advertising executive who has been blacklisted and is out of work after having been imprisoned and tortured by Pinochet's police. This doesn't stop the ministry of the interior from asking Bettini, who is the best in the business, to come up with a plan for the upcoming referendum designed to say "yes" to Pinochet's next term. But just hours after he has been approached by the right, the head of the opposition makes him the exact same

offer. What is Bettini going to do? Put his life on the line or sacrifice his political convictions? Finally he goes with the left. The next hurdle is finding a slogan that would be approved by the sixteen factions that comprise the opposition and who never agree on anything. Whiskey after whiskey, an idea finally emerges. This is a vivacious tale that examines how advertising and politics come together during the Pinochet regime. But this is also a coming-of-age story where we see through Nico's experience what it means to grow up in a country where nothing is allowed and almost any move can feel like an earnest act of resistance.

The Vietnam War Mark Atwood Lawrence.2010-08-27 The Vietnam War remains a topic of extraordinary interest, not least because of striking parallels between that conflict and more recent fighting in the Middle East. In *The Vietnam War*, Mark Atwood Lawrence draws upon the latest research in archives around the world to offer readers a superb account of a key moment in U.S. as well as global history. While focusing on American involvement between 1965 and 1975, Lawrence offers an unprecedentedly complete picture of all sides of the war, notably by examining the motives that drove the Vietnamese communists and their foreign allies. Moreover, the book carefully considers both the long- and short-term origins of the war. Lawrence examines the rise of Vietnamese communism in the

early twentieth century and reveals how Cold War anxieties of the 1940s and 1950s set the United States on the road to intervention. Of course, the heart of the book covers the American war, ranging from the overthrow of South Vietnamese President Ngo Dinh Diem to the impact of the Tet Offensive on American public opinion, Lyndon Johnson's withdrawal from the 1968 presidential race, Richard Nixon's expansion of the war into Cambodia and Laos, and the problematic peace agreement of 1973, which ended American military involvement. Finally, the book explores the complex aftermath of the war--its enduring legacy in American books, film, and political debate, as well as Vietnam's struggles with severe social and economic problems. A compact and authoritative primer on an intensely relevant topic, this well-researched and engaging volume offers an invaluable overview of the Vietnam War.
