Handbook of Classical Sociological Theory Seth Abrutyn, Omar Lizardo. 2021-11-01 This is the first handbook focussing on classical social theory. It offers extensive discussions of debates, arguments, and discussions in classical theory and how they have informed contemporary sociological theory. The book pushes against the conventional classical theory pedagogy, which often focused on single theorists and their contributions, and looks at isolating themes capturing the essence of the interest of classical theorists that seem to have relevance to modern research questions and theoretical traditions. This book presents new approaches to thinking about theory in relationship to sociological methods.

Luxury in the Low Countries Renggenier C. Rittersma. 2010 Painting a panoramic view of conspicuous consumption in the Netherlands and Flanders from 1500 to the present, this collection of essays explores the economic forces that produce a boom in luxury goods. Working from disciplines such as archaeology, art history, historical ethnology, linguistics, and media studies, these scholarly contributors explore both the wealth and the social display that fuels the search for rare commodities.

Language Planning and Microlinguistics W. Davies,E. Ziegler.2015-05-27 Whilst earlier studies of language planning and of standardisation have tended to study macro processes, this volume is in line with more recent work aimed at bridging the macro and the micro levels by examining how the two interact and influence each other. It covers seven countries and deals with a range of sociolinguistic constellations.

Actor-Network Theory at the Movies Björn Sonnenberg-Schrank.2020-01-29 This book is one of the first to apply the theoretical tools proposed by French philosopher Bruno Latour to film studies. Through the example of the Hollywood Teen Film and with a particular focus on Actor-Network Theory (ANT), the book delineates how Teen Film has established itself as one of Hollywood's most consistent and dynamic genres. While many productions may recycle formulaic patterns, there is also a proliferation of cinematic coming-of-age narratives that are aesthetically and politically progressive, experimental, and complex. The case studies develop a Latourian film semiotics as a

flexible analytical approach which raises new questions, not only about the history, types and tropes of teen films, but also about their aesthetics, mediality, and composition. Through an exploration of a wide and diverse range of examples from the past decade, including films by female and African-American directors, urban and rural perspectives, and non-heteronormative sexualities, Actor-Network Theory at the Movies demonstrates how the classic Teen Film canon has been regurgitated, expanded, and renewed.

Byzantine Court Culture from 829 to 1204 Henry Maguire. 2004 The imperial court in Constantinople is central to the outsider's vision of Byzantium. However, in spite of its fame in literature and scholarship, there have been few attempts to analyze the court in its entirety as a phenomenon. These studies provide a unified composition by presenting Byzantine courtly life in all its interconnected facets.

Virgile's Vineyard Patrick Moon. 2014-01-28 How did a region, so long notorious for mere quantity, transform itself into one of the world's most exciting vineyards? And what does it take to make a great wine - even on a shoestring? In Virgile's Vineyard, Patrick Moon explores the world of Languedoc wine. Among the cast of characters that Patrick meets during his year of discovery is Virgile, a young local wine-maker who offers to initiate him into the mysteries of each season's work in the fields and in the cellar. Virgile is passionately committed to perfection, even though his limited means afford him just a handful of hectares and the smallest cellar imaginable. At the other extreme is Manu, Patrick's dipsomaniac neighbour, a diehard traditionalist producing a private wine-lake of unspeakable rouge. With Manu as his self-appointed guide, Patrick embarks on a quest for the revolution's leading lights - a succession of lively encounters with growers as diverse as the wines themselves - interwoven with entertaining digressions into the history of the region's wine-making.

Meanwhile the author struggles to deal with his long-neglected French home – an unfamiliar and unpredictable world where the brambles have grown as tall as the olive trees, the water supply has just dried up and there is a ferocious animal under the roof tiles...First published in 2003, Virgile's Vineyard is now back by popular demand as a new and extended edition. As rich in humour as it is full of fascinating information, this book is a great read for any Francophile or wine-lover.

This book explores what makes these wines different, how they are produced, and why they are enjoying such a boom. Featuring 250 tasting notes of wines from every corner of the world, as well as grower profiles and recommendations from some of the best sommeliers from around the world, Wine Revolution is the to go-to guide on the subject. There are more than 450 biodynamic wine producers worldwide, including top estates. Wine estates that grow biodynamic wines include many high-end, commercially successful producers who have converted to organic and biodynamic practices. This book aims to capitalise on this fast growing market and to be the most important and critically respected book on the subject. There will be five sections in the book, each one introduced by a sommelier who will talk about general rules for matching wine with food, making it approachable and actionable for readers.

Adventures on the Wine Route Kermit Lynch.2013-11-12 When Adventures on the Wine Route

was first published, Victor Hazan said, In Kermit Lynch's small, true, delightful book there is more understanding about what wine really is than in everything else I have read. A quarter century later, this remarkable journey of wine, travel, and taste remains an essential volume for wine lovers. In 2007, Eric Asimov, in *The New York Times*, called it one of the finest American books on wine, and in 2012, *The Wall Street Journal* proclaimed that it may be the best book on the wine business. In celebration of its twenty-fifth anniversary, *Adventures on the Wine Route* has been thoroughly redesigned and updated with an epilogue and a list of the great wine connoisseur's twenty-five most memorable bottles. In this singular tour along the French wine route, Lynch ventures forth to find the very essence of the wine world. In doing so, he never shies away from the attitudes, opinions, and beliefs that have made him one of our most respected and outspoken authorities on wine. Yet his guiding philosophy is exquisitely simple. As he writes in the introduction, Wine is, above all, about pleasure. Those who make it ponderous make it dull . . . If you keep an open mind and take each wine on its own terms, there is a world of magic to discover. *Adventures on the Wine Route* is the ultimate quest for this magic via France's most distinguished vineyards and wine cellars. Lynch draws vivid portraits of vintners—from inebriated négociants to a man who oversees a vineyard that has been in his family for five hundred years—and memorably evokes the countryside at every turn. The French, Lynch writes, with their aristocratic heritage, their experience and tradition, approach wine from another point of view . . . and one cannot appreciate French wine with any depth of understanding without knowing how the French themselves look at their wines, by going to the source, descending into their cold, humid cellars, tasting with them, and listening to the language they employ to describe their wines. Here, Kermit Lynch assures a whole new generation of readers—as well as his loyal fans—that discussions about wine need not focus so stringently on the

pH, the oak, the body, the finish, but rather on the gaiety of the way the tart fruit perfume[s] the palate and the brain.

Celebrating Urban Community Life Melvin Delgado.2016-01-01 Communal celebrations bring out the best in us, offering a place for people to come together and take a break from the routines of daily life. They are a vital aspect of city life and are increasingly popular as an urban development strategy. Celebrating Urban Community Life is a comprehensive guide to understanding and enhancing communal celebrations as a source of community capital. Drawing on case studies from New York, San Francisco, and Toronto, Melvin Delgado discusses the many ways in which fairs, festivals, and parades can enhance communal life. Providing a framework for social scientists, urban planners, and social workers to analyse and foster celebrations that benefit urban populations, the book is a valuable resource for those with an interest in this growing area of academic and practical interest.

Black Magic Woman Justin Gustainis.2008-01-07 Occult investigator Quincey Morris and his “consultant,” white witch Libby Chastain, are hired to free a family from a deadly curse that appears to date back to the Salem witch trials. Fraught with danger, the trail finds them stalking the mysterious occult underworlds of Boston, San Francisco, New Orleans and New York, searching out the root of the curse. After surviving a series of terrifying attempts on their lives, the two find themselves drawn inexorably towards Salem itself - and the very heart of darkness.

Fiction as History G. W. Bowersock.2018-04-20 Using pagan fiction produced in Greek and Latin during the early Christian era, G. W. Bowersock investigates the complex relationship between historical and fictional truths. This relationship preoccupied writers of the second century, a time

when apparent fictions about both past and present were proliferating at an astonishing rate and history was being invented all over again. With force and eloquence, Bowersock illuminates social attitudes of this period and persuasively argues that its fiction was influenced by the emerging Christian Gospel narratives. Enthralling in its breadth and enhanced by two erudite appendices, this is a book that will be warmly welcomed by historians and interpreters of literature. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1994.

Livre Souvenir Officiel de la Fête des Vignerons 2019 Philippe Dubath.2019-11-22 Livre souvenir officiel de la Fête des Vignerons 2019 Avec le temps va, tout s'en va, dit la chanson sauf le souvenir de la Fête des Vignerons. C'est ce que nous disent ces princes de l'inoubliable : Julie Masson, Céline Michel, Jean-Claude Durgniat et Samuel Rubio qui, avec leur objectif, ont capté et figé des moments de bonheur des acteurs-figurants et des spectateurs. Le mythe de la Fête est important, la qualité des artistes à tous les niveaux est excellente et l'ensemble de ces éléments recèle les ingrédients nécessaires à la réussite d'un tel événement. La philosophie de la Fête pourrait se résumer à la manière de Gustave Mahler : la tradition n'est pas le culte des cendres, mais la préservation du feu. Un feu lu sur des milliers de visages qui pourrait nous faire dire que le besoin de fêtes et de

rencontres est plus important que la Fête elle-même. Pour décrire tous ces élans joyeux et parfois déchirants, il fallait la plume sensible et généreuse de Philippe Dubath. Le mot de la fin appartient à l'Abbé-Président qui transmettra la flamme de l'allégresse à son successeur. [payot.ch]

Leaderspritz Marianne Schmid Mast, Tristan Palese, Benjamin Tur. 2021-02-15 Successful leaders tend to have one thing in common: They are experts in social interaction. They express themselves clearly and effectively, understand their colleagues, and adapt to all situations. A leader needs to not

only be able to inspire, motivate, and convince those around them, but also listen, be attentive, and adapt to their coworkers. It is by combining these skills that the authors of this book have come up with the Leaderspritz: an interpersonal leadership cocktail. Written by experts in the field of leadership education in universities and corporations, Leaderspritz is based exclusively on scientific research. Whether a person is currently in a leadership position or about to become a leader, this accessible, interactive reference, which is rich in empirical results, anecdotes, scientific theories, and practical tools, will allow them to improve their skills and successfully carry out their responsibilities.

The Heartsong of Charging Elk James Welch.2001-10-02 From the award-winning author of the Native American classic *Fools Crow*, James Welch gives us a richly crafted novel of cultural crossing that is a triumph of storytelling and the historical imagination. Charging Elk, an Oglala Sioux, joins Buffalo Bill's Wild West Show and journeys from the Black Hills of South Dakota to the back streets of nineteenth-century Marseille. Left behind in a Marseille hospital after a serious injury while the show travels on, he is forced to remake his life alone in a strange land. He struggles to adapt as well as he can, while holding on to the memories and traditions of life on the Plains and eventually falling in love. But none of the worlds the Indian has known can prepare him for the betrayal that follows. This is a story of the American Indian that we have seldom seen: a stranger in a strange land, often an invisible man, loving, violent, trusting, wary, protective, and defenseless against a society that excludes him but judges him by its rules. At once epic and intimate, *The Heartsong of Charging Elk* echoes across time, geography, and cultures.

Smart Retailing Eleonora Pantano, Charles Dennis.2019-03-04 By providing a comprehensive theoretical framework, this book aims to map the most relevant technologies that have the potential

to reshape the retail industry. The authors demonstrate how technology is pushing innovation, and examine how smart technologies can be fruitfully applied both in-store and through digital channels. The aim of the book is to synthesise theory and practice, and provide a richer understanding of new digital opportunities offered by the 'smart' experience. An accessible resource for researchers who want to understand this phenomenon as part of their expertise in digital marketing and e-commerce, Smart Retailing also provides insights for practitioners who are experiencing the dramatic effects of new technologies on their retail strategies.

Conscripts and Deserters Alan I. Forrest.1989 Between the outbreak of war with Austria in 1792 and Napoleon's final debacle in 1814, France remained almost continuously at war, recruiting in the process some two to three million frenchmen--a level of recruitment unknown to previous generations and widely resented as an attack on the liberties of rural communities. Forrest challenges the notion of a nation heroically rushing to arms by examining the massive rates of desertion and avoidance of service as well as their consequences on French society--on military campaigns and the morale of armies, on political opinion at home, on the social fabric of local villages, and on the Napoleonic dream of bringing about a coherent and centralized state.

The Truffle Underground Ryan Jacobs.2019-06-04 "The ultimate truffle true crime tale"*: A thrilling journey through the hidden underworld of the world's most prized luxury ingredient. *Bianca Bosker, New York Times bestselling author of *Cork Dork* Beneath the gloss of star chefs and crystal-laden tables, the truffle supply chain is touched by theft, secrecy, sabotage, and fraud. Farmers patrol their fields with rifles and fear losing trade secrets to spies. Hunters plant poisoned meatballs to eliminate rival truffle-hunting dogs. Naive buyers and even knowledgeable experts are duped by liars and counterfeits. Deeply reported and elegantly written, this page-turning exposé documents

the dark, sometimes deadly crimes at each level of the truffle's path from ground to plate, making sense of an industry that traffics in scarcity, seduction, and cash. Through it all, a question lingers: What, other than money, draws people to these dirt-covered jewels? Praise for *The Truffle Underground* "Investigative journalist and first-time author Jacobs does a remarkable job reporting from the front lines of the truffle industry, bringing to vivid life French black-truffle farmers, Italian white-truffle foragers, and their marvelously well-trained dogs."—Booklist (starred review) "In *The Truffle Underground*, Ryan Jacobs presents a lively exposé of the truffle industry, reporting on the crimes that 'haunt the whole supply chain.' . . . Even if truffles are beyond your pay grade, there is plenty of enjoyment to be had in the sheer devilment portrayed in this informative and appetizing book."—*The Wall Street Journal* "You'll never look at truffle fries the same way after reading this book. . . . You can practically smell the soil as you follow truffle farmers and bandits through the groves and fields of France and Italy where the fungi are harvested and stolen."—*Outside*, "Five Favorite Summer Reads" "[The] book is a rigorously reported, carefully written, endlessly interesting immersion in a high-stakes subculture."—*San Francisco Chronicle* "Jacobs takes us on an eye-opening journey through the prized mushroom's supply chain and the global black market for these tubers in this tale of theft, deceit, and high-stakes secrets."—*Real Simple*

YouTube Jean Burgess, Joshua Green. 2013-04-16 YouTube is one of the most well-known and widely discussed sites of participatory media in the contemporary online environment, and it is the first genuinely mass-popular platform for user-created video. In this timely and comprehensive introduction to how YouTube is being used and why it matters, Burgess and Green discuss the ways that it relates to wider transformations in culture, society and the economy. The book critically

examines the public debates surrounding the site, demonstrating how it is central to struggles for authority and control in the new media environment. Drawing on a range of theoretical sources and empirical research, the authors discuss how YouTube is being used by the media industries, by audiences and amateur producers, and by particular communities of interest, and the ways in which these uses challenge existing ideas about cultural 'production' and 'consumption'. Rich with both concrete examples and featuring specially commissioned chapters by Henry Jenkins and John Hartley, the book is essential reading for anyone interested in the contemporary and future implications of online media. It will be particularly valuable for students and scholars in media, communication and cultural studies.

Ancient Greek Agriculture Signe Isager, Jens Erik Skydsgaard. 2013-04-03 The initial focus of Ancient Greek Agriculture is firmly on the art of agriculture proper, the tools and the technique, the plants cultivated and the animals reared. Thereafter, Isager and Skydsgaard focus on the position of agriculture in the society of gods and men in the Greek city-states. The arguments of Ancient Greek Agriculture are strengthened by the book's close adherence to contemporary Greek sources, literary as well as archaeological, avoiding the use of later as well as Roman material.

Sustaining Language Diversity in Europe G. Williams. 2005-11-10 Adopting a post-structuralist approach in analyzing the Euromosaic data about European minority language groups, Glyn Williams argues that different states construct minority language groups and speakers in different ways. This leads to an argument about the nature of democracy and how the current changes in governmental discourses accommodate linguistic and cultural diversity.

An Introduction to the Comparative Study of Private Law James Gordley, Hao Jiang, Arthur Taylor von Mehren.2021-01-28 This collection of readings places side by side the principal doctrines of contracts, torts, unjust enrichment, and property in the cases of the United States, England, France, Germany and China. It presents code provisions, cases, and other legal materials that describe the law in force, and places each doctrine in its historical context to enable an understanding of the development of law as an ongoing process, in which the resolution of current issues depends upon how past issues were resolved. It both provides a road map of the private law of these jurisdictions, and illustrates how private law has been shaped by history, by the effort to solve common problems, and by differences in culture. This new edition reflects changes in the law, and includes the addition of Chinese Law as a comparative study.
