**Straight White Male** Michael Peterson.2010-07-12 Mass media images of the male are central to popular culture. This book analyzes a genre known as performance art monologues as presented by white heterosexual men. Its focus is stand-up comedians and stage and screen artists, including Spalding Gray, Eric Bogosian, Josh Kornbluth, Rob Becker, Andrew Dice Clay, Wallace Shawn, and Danny Hoch, whose acts portray and investigate power, politics, privilege, and community. Solo work has become the dominant form in performance art, and stand-up comedy has returned to the front row of popular culture. While apparently free of many traditional theatrical trappings, the monologue amplifies the power that performers wield over their audiences. The chief examples examined here are Gray and Bogosian. Gray's minimalist autobiographical storytelling is quite different from Bogosian's impersonation of dozens of fictional characters in a single show. Their performances (and the books, recordings, and feature films that re-market them) have marked these two as the leading practitioners of their own subgenres of monologic performance art. This fascinating examination connects performance studies with the monologue traditions in theatre history, with such contemporary cultural activities as the men's movement, and with the current interest in queer theory and gender studies. Acknowledging the complex politics of all performance, whether avant-garde or popular, this first book-length critique of heterosexuality, masculinity, and whiteness in solo performance asserts that straight white male monologues create an illusion of community rather than engaging with the politics of identity as a social fact. Michael Peterson is a professor in the department of theatre and dance at Millikin University.

**We Saw His Sermon on the Mount** Gary Gagliardi.2019-06-22 This is the story of the Sermon on the Mount told from the perspective of six witnesses who saw Jesus speak that day. It is told in a series of letters written by one of those witnesses. He begins by writing: You have all heard or read the words that the Nazarene spoke at what has come to be called the Sermon on the Mount. It is the most widely circulated part of his teaching for a good reason, one that I will explain here. You may have also heard rumors and gossip about what happened there. Not all of these stories are completely true. Over the years, we have heard some fantastic tales about the event: that the Master controlled the sun, that he conjured snakes and birds, that he raised up a storm to beat back his opponents, and so on. While these rumors all have their basis in fact, they are very different from what occurred. And while some aspects of the story are easily exaggerated as it moves from person to person, much of what is important is too easily lost because it is harder to describe. One thing that is lost is how entertaining the Sermon was and how often the Master made us laugh. This is why I have been urged to write this series of letters. For over a decade, I toured with five others who also witnessed the Sermon. Our group traveled through much of the known world, giving our testimony to the growing number of assemblies of Followers. I assure you that what you read here will surprise you. The words of the Master in these letters are the words you have heard, though they may seem very different at times. Though we all speak the common tongue, in our travels we have discovered that the same words are used differently in different regions. When necessary, I will explain the meaning of these words among the Galileans and Judeans. This work is based on fifteen years of research into the ancient Greek of the Gospels. That research focused directly on how Jesus spoke. The Jesus that emerges from this analysis is surprising, unexpected, and sometimes even shocking. He used humor, a quick wit, wordplay, catchphrases, and even rhymes to entertain his listeners. If

you have ever wondered why Jesus drew such huge crowds, with people traveling hours and even days with their families to hear him speak, this story will answer those questions. Though much more entertaining and amusing than other translations of the Sermon, Jesus's words here follow the ancient Greek much more closely than any regular biblical version. This is possible because this story presents his words as spoken in a larger context. The original forms of Jesus's words tell us that Jesus was answering people's questions as he spoke, not just making a speech. Because history has preserved only his part of this dialogue, we must imagine his interactions with others. The events, questions, and audience reactions here are fictional and designed to be dramatic and entertaining, but the imagined events arise naturally from his words. This context allows us to hear Jesus's words much more accurately, without rewriting them so that they look like English sentences in a long monologue. This larger context reveals many interesting shades of his meaning that are usually lost in translation. To capture the feeling of being there, this translation uses terms much closer to what listeners of Jesus's era would have heard, rather than the common words. This allows you to enjoy his message in an exciting, new way.

**Space Is the Place** John Szwed.2020-04-30 Considered by many to be a founder of Afrofuturism, Sun Ra—aka Herman Blount—was a composer, keyboardist, bandleader, philosopher, entrepreneur, poet, and self-proclaimed extraterrestrial from Saturn. He recorded over 200 albums with his Arkestra, which, dressed in Egypto-space costumes, played everything from boogie-woogie and swing to fusion and free jazz. John Szwed's *Space is the Place* is the definitive biography of this musical polymath, who was one of the twentieth century's greatest avant-garde artists and intellectuals. Charting the whole of Sun Ra's life and career, Szwed outlines how after years in Chicago as a blues and swing band pianist, Sun Ra set out in the 1950s to impart his views about the galaxy, black people, and spiritual matters by performing music with the Arkestra that was as vital and innovative as it was mercurial and confounding. Szwed's readers—whether they are just discovering Sun Ra or are among the legion of poets, artists, intellectuals, and musicians who consider him a spiritual godfather—will find that, indeed, space is the place.

**Set This House on Fire** William Styron. 2010-05-04 A New York Times bestseller by the author of Sophie's Choice: Two Americans search for the truth about a mysterious long-ago murder in Italy. Shortly after World War II, in the village of Sambuco, Italy, two men—Virginia attorney Peter Leverett and South Carolina artist Cass Kinsolving—crossed paths with Mason Flagg. They both had their own reactions to the gregarious and charismatic movie mogul's son. For the impressionable Peter, it was something close to awe. For the alcoholic Cass, it was unsettled rage. Then, after the rape and murder of a peasant girl, Mason's body was found at the base of a cliff—an apparent suicide. He'd been distraught, the authorities said, over committing such a heinous crime. Peter and Cass went their separate ways, and never spoke of it again. Now, years later, Peter is still haunted by what he knows—and by what he doesn't. He's sought out Cass in Charleston for closure, and something close to the truth. Together both men will share their tales of that terrible season in Italy, each with their own ghosts—and their own reasons to exorcise them. But neither Peter nor Cass is prepared for where this path of revenge, complicity, and atonement will take them. A profound exploration of the evil that men do, and what the innocent must endure to accommodate it, Set This House on Fire is more than a byzantine murder mystery, it's "one of the finest novels of our times" from the Pulitzer Prize-winning author of The Confessions of Nat Turner, Darkness Visible, and other modern classics (San Francisco Chronicle). This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.

**The Continent** Keira Drake. 2018-04-01 "Have we really come so far, when a tour of the Continent is so desirable a thing? We've traded our swords for treaties, our daggers for promises—but our thirst for violence has never been quelled. And that's the crux of it—it can't be quelled. It's human nature." For her sixteenth birthday, Vaela Sun receives the most coveted gift in all the Spire—a trip to the Continent. It seems an unlikely destination for a holiday: a cold, desolate land where two nations remain perpetually locked in combat. Most citizens lucky enough to tour the Continent do so to observe the spectacle and violence of battle, a thing long vanished in the peaceful realm of the Spire. For Vaela, the war holds little interest. As a talented apprentice cartographer and a

descendant of the Continent herself, she sees the journey as a dream come true: a once-in-a-lifetime opportunity to improve upon the maps she's drawn of this vast, frozen land. But Vaela's dream all too quickly turns to nightmare as the journey brings her face-to-face with the brutal reality of a war she's only read about. Observing from the safety of a heli-plane, Vaela is forever changed by the sight of the bloody battle being waged far beneath her. And when a tragic accident leaves her stranded on the Continent, Vaela finds herself much closer to danger than she'd ever imagined—and with an entirely new perspective as to what war truly means. Starving, alone and lost in the middle of a war zone, Vaela must try to find a way home—but first, she must survive.

**Days of Rage** Bryan Burrough. 2015-04-07 From the bestselling author of *Public Enemies* and *The Big Rich*, an explosive account of the decade-long battle between the FBI and the homegrown revolutionary movements of the 1970s: The Weathermen. The Symbionese Liberation Army. The FALN. The Black Liberation Army. The names seem quaint now, when not forgotten altogether. But there was a stretch of time in America, during the 1970s, when bombings by domestic underground groups were a daily occurrence. The FBI combated these groups and others as nodes in a single revolutionary underground, dedicated to the violent overthrow of the American government. The FBI's response to the leftist revolutionary counterculture has not been treated kindly by history, and in hindsight many of its efforts seem almost comically ineffectual, if not criminal in themselves. But part of the extraordinary accomplishment of Bryan Burrough's *Days of Rage* is to temper those easy judgments with an understanding of just how deranged these times were, how charged with menace. Burrough re-creates an atmosphere that seems almost unbelievable just forty years later, conjuring a time of native-born radicals, most of them "nice middle-class kids," smuggling bombs into skyscrapers and detonating them inside the Pentagon and the U.S. Capitol, at a Boston courthouse and a Wall Street restaurant packed with lunchtime diners—radicals robbing dozens of banks and assassinating policemen in New York, San Francisco, Atlanta. The FBI, encouraged to do everything possible to undermine the radical underground, itself broke many laws in its attempts to bring the revolutionaries to justice—often with disastrous consequences. Benefiting from the extraordinary number of people from the underground and the FBI who speak about their experiences for the first time, *Days of Rage* is filled with revelations and fresh details about the major revolutionaries and their connections and about the FBI and its desperate efforts to make the bombings stop. The result is a mesmerizing book that takes us into the hearts and minds of homegrown terrorists and federal agents alike and weaves their stories into a spellbinding secret history of the 1970s.

*Hal Wallis* Bernard F. Dick. 2015-01-13 Hal Wallis might not be as well known as David O. Selznick or Samuel Goldwyn, but the films he produced -- *Casablanca*, *Jezebel*, *Now Voyager*, *The Life of Emile Zola*, *Becket*, *True Grit*, and many other classics (as well as scores of Elvis movies) -- have certainly endured. As producer of numerous films, Wallis made an indelible mark on the course of America's film industry, but his contributions are often overlooked and no full-length study has yet assessed his incredible career. A former office boy and salesman, Wallis first engaged with the business of film as the manager of a Los Angeles movie theater in 1922. He attracted the notice of the Warner brothers, who hired him as a publicity assistant. Within three months he was director of the department, and appointments to studio manager and production executive quickly followed. Wallis went on to oversee dozens of productions and formed his own production company in 1944. Bernard F. Dick draws on numerous sources such as Wallis's personal production files and exclusive interviews with many of his contemporaries to finally tell the full story of his illustrious career. Dick combines his knowledge of behind-the-scenes Hollywood with fascinating anecdotes to create a portrait of one of Hollywood's early power players.

A Taste of Power Elaine Brown.2015-05-20 "A stunning picture of a black woman's coming of age in America. Put it on the shelf beside *The Autobiography of Malcolm X*." —Kirkus Reviews Elaine Brown assumed her role as the first and only female leader of the Black Panther Party with these words: "I have all the guns and all the money. I can withstand challenge from without and from within. Am I right, Comrade?" It was August 1974. From a small Oakland-based cell, the Panthers had grown to become a revolutionary national organization, mobilizing black communities and white supporters across the country—but relentlessly targeted by the police and the FBI, and increasingly riven by violence and strife within. How Brown came to a position of power over this paramilitary, male-dominated organization, and what she did with that power, is a riveting, unsparing account of self-discovery. Brown's story begins with growing up in an impoverished neighborhood in Philadelphia and attending a predominantly white school, where she first sensed what it meant to be black, female, and poor in America. She describes her political awakening during the bohemian years of her adolescence, and her time as a foot soldier for the Panthers, who seemed to hold the promise of redemption. And she tells of her ascent into the upper echelons of Panther leadership: her tumultuous relationship with the charismatic Huey Newton, who would become her lover and her nemesis; her experience with the male power rituals that would sow the seeds of the party's demise; and the scars that she both suffered and inflicted in that era's paradigm-shifting clashes of sex and power. Stunning, lyrical, and acute, this is the indelible testimony of a black woman's battle to define herself. "A glowing achievement." —Los Angeles Times "Honest, funny, subjective, unsparing, and passionate. . . A Taste of Power weaves autobiography and political history into a story that fascinates and illuminates." —The Washington Post
