About Our Schools Mick Waters,Tim Brighouse.2022-01-05 Foreword by Danny Dorling. Through revealing and forthright interviews with 14 secretaries of state from Kenneth Baker to Michael Gove and Gavin Williamson, together with many other leading figures in education Tim Brighouse and Mick Waters provide fascinating insights into the various evolutions and revolutions that have taken place in English state education since 1976. In so doing they highlight key areas for improvement and assess where we should go from here to enable teachers and schools to improve the learning and broaden the horizons of each and every one of their pupils whatever their talents, challenges, advantages or problems. Tim and Mick have both spent a lifetime in state-provided education first as pupils, then as teachers, and finally in various leadership and policy-making positions, both in and out of schools. About Our Schools is born out of their shared love for education and their appreciation of how schooling can be a transformative element in the lives of children and young people.
