Threads and Traces Carlo Ginzburg.2012-09-02 This book is a translation of historian Carlo Ginzburg's latest collection of essays. Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians--Provided by publisher.

NATO's Secret Armies Daniele Ganser.2005-06-21 This fascinating new study shows how the CIA and the British secret service, in collaboration with the military alliance NATO and European military secret services, set up a network of clandestine anti-communist armies in Western Europe after World War II. These secret soldiers were trained on remote islands in the Mediterranean and in unorthodox warfare centres in England and in the United States by the Green Berets and SAS Special Forces. The network was armed with explosives, machine guns and high-tech communication equipment hidden in underground bunkers and secret arms caches in forests and mountain meadows. In some countries the secret army linked up with right-wing terrorist who in a secret war

engaged in political manipulation, harassment of left wing parties, massacres, coup d'états and torture. Codenamed 'Gladio' ('the sword'), the Italian secret army was exposed in 1990 by Italian Prime Minister Giulio Andreotti to the Italian Senate, whereupon the press spoke of The best kept, and most damaging, political-military secret since World War II (Observer, 18. November 1990) and observed that The story seems straight from the pages of a political thriller. (The Times, November 19, 1990). Ever since, so-called 'stay-behind' armies of NATO have also been discovered in France, Spain, Portugal, Germany, Belgium, the Netherlands, Luxemburg, Denmark, Norway, Sweden, Finland, Switzerland, Austria, Greece and Turkey. They were internationally coordinated by the Pentagon and NATO and had their last known meeting in the NATO-linked Allied Clandestine Committee (ACC) in Brussels in October 1990.

Introduction to the European Convention on Human Rights Jean-François Renucci. 2005-01-01
The model system created by the European Convention on Human Rights is internationally renowned. The rights it protects are among the most important, covering not only civil and political rights, but also certain social and economic rights, such as the right to respect for personal possessions. The European Court of Human Rights stands at the heart of the protection mechanism guaranteeing these rights. It is now an entirely judicial system since the adoption and entry into force of Protocol No. 11, which reorganised the whole system and extended the Court's jurisdiction. The Court's excessive caseload is a problem, though, and this has led to the further improvements contained in Protocol No. 14, designed to strengthen the operation and effectiveness of the Court.

100 nouvelles photos de Yann Arthus-Bertrand pour la liberté de la presse Yann Arthus-Bertrand.2007 Un immense merci à Yann Arthus-Bertrand. En nous offrant 100 nouvelles photos de la Terre vue du ciel, il nous fait partager sa passion pour le monde dans lequel nous vivons. 100 photos magiques pour gagner le large et surtout nous rappeler que nous sommes responsables, collectivement responsables, de l'avenir que nous préparons à nos enfants. Si Yann Arthus-Bertrand s'associe une nouvelle fois à Reporters sans frontières, c'est qu'il est sensible au combat que nous menons et partage nos convictions au service d'un seul et même message : l'urgence de notre engagement face aux êtres et aux choses. Nous sommes fiers de vous présenter ce nouvel album. Plus de 120 journalistes sont actuellement emprisonnés pour avoir voulu faire leur métier. Pour avoir voulu dire la corruption, pointer du doigt les agissements de certains gouvernements, dénoncer le manque de libertés dans leur pays. 120 hommes et femmes qui, à l'aide de leur seule plume, voulaient témoigner. 120 voix bâillonnées pour empêcher celles de tous les contestataires de s'élever. Inlassablement, depuis plus de 20 ans, grâce à vous, au geste que vous faites en achetant nos albums de photographies, nous défendons ceux qui, loin de nos démocraties, crient leur désir de liberté. Crient leurs droits, tout simplement. Les censeurs rivalisent d'ingéniosité pour faire taire les plus audacieux. Grâce à vous, nous aidons les familles souvent démunies ou menacées, équipons les rédactions saccagées, défendons les sites Internet bloqués... Faire reculer la censure et permettre à tous les points de vue de s'exprimer. Vaste tâche. Que nous prenons à bras-le-corps, chaque jour, grâce à votre aide.

Wings for Our Courage Stephanie H Jed.2011-06 On January 6, 1537, Lorenzino de' Medici

murdered Alessandro de' Medici, the duke of Florence. This episode is significant in literature and drama, in Florentine history, and in the history of republican thought, because Lorenzino, a classical scholar, fashioned himself after Brutus as a republican tyrant-slayer. *Wings for Our Courage* offers an epistemological critique of this republican politics, its invisible oppressions, and its power by reorganizing the meaning of Lorenzino's assassination around issues of gender, the body, and political subjectivity. Stephanie H. Jed brings into brilliant conversation figures including the Venetian nun and political theorist Archangela Tarabotti, the French feminist writer Hortense Allart, and others in a study that closely examines the material bases—manuscripts, letters, books, archives, and bodies—of writing as generators of social relations that organize and conserve knowledge in particular political arrangements. In her highly original study Jed reorganizes republicanism in history, providing a new theoretical framework for understanding the work of the scholar and the social structures of archives, libraries, and erudition in which she is inscribed.

Italian Mathematics Between the Two World Wars Angelo Guerraggio, Pietro Nastasi.2005-11-17 This book describes Italian mathematics in the period between the two World Wars. It analyzes the development by focusing on both the interior and the external influences. Italian mathematics in that period was shaped by a colorful array of strong personalities who concentrated their efforts on a select number of fields and won international recognition and respect

in an incredibly short time. Consequently, Italy was considered a third mathematical power after France and Germany.

Literary Translation, Reception, and Transfer Norbert Bachleitner. 2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.

At the Edge of the World Jean Mohr, John Berger. 1999 This book is a record, in words and more than 90 black-and-white photographs, of Mohr's journeys to such places as Romania, Karachi, Manila, Algeria, Lapland and Nicaragua. It illuminates his ongoing concern with humanitarian issues as well as his bemused observations regarding clashes between international policy and local politics and personalities, between media hype and traditional magic. -- Jacket.

100 photos de l'agence VII pour la liberté de la presse .2014 A quoi sert un reporter s'il ne franchit pas les frontières, au péril de sa propre liberté ? Aucune dictature, aucun totalitarisme, qu'il soit politique, ethnique, religieux, n'accepte ce qui, pour notre profession, est une loi non écrite mais éternelle, un principe fondamental, une ascèse : aller sur le terrain, aller là-bas, tenter d'y découvrir ces vérités que l'on cache, les rapporter et faire en sorte qu'elles soient imprimées et diffusées. Tous les Reporters sans frontières font partie de cette même internationale sans uniforme et sans armes : les soldats de la vérité cachée et de la liberté de l'exprimer. Ils font, parfois, l'Histoire. Ils ont porté au plus haut la noblesse du journalisme. (Philippe Labro)

Between Imagined Communities and Communities of Practice Nicolas Adell,Regina F. Bendix,Chiara Bortolotto,Markus Tauschek.2015 Community and participation have become central concepts in the nomination processes surrounding heritage, intersecting time and again with questions of territory. In this volume, anthropologists and legal scholars from France, Germany, Italy

and the USA take up questions arising from these intertwined concerns from diverse perspectives: How and by whom were these concepts interpreted and re-interpreted, and what effects did they bring forth in their implementation? What impact was wielded by these terms, and what kinds of discursive formations did they bring forth? How do actors from local to national levels interpret these new components of the heritage regime, and how do actors within heritage-granting national and international bodies work it into their cultural and political agency? What is the role of experts and expertise, and when is scholarly knowledge expertise and when is it partisan? How do bureaucratic institutions translate the imperative of participation into concrete practices? Case studies from within and without the UNESCO matrix combine with essays probing larger concerns generated by the valuation and valorization of culture.

100 photos pour la liberté de la presse Peter Lindbergh. 2014 Peter Lindbergh est né le 23 novembre 1944 à Lissa, en Allemagne, et vit actuellement entre Paris, New York et Arles. Depuis les années 80, il est l'un des observateurs les plus renommés de l'univers de la mode. Ses photographies en noir et blanc au langage pictural puisent leur inspiration dans les débuts du cinéma allemand et la danse libre des années 1920. À 18 ans, il s'installe quelques mois en Suisse avant de quitter Lucerne pour Berlin, où il suit des cours du soir à l'Académie des Beaux-Arts. Suivant les traces de Vincent van Gogh, son idole, il se rend à Arles en stop, poursuivant son périple jusqu'en Espagne puis au Maroc, cela sur une période de deux ans. De retour en Allemagne, il étudie la Peinture Libre à l'École d'art de Krefeld (Rhénanie du Nord- Westphalie). En 1969, alors qu'il est encore étudiant, il expose pour la première fois son travail dans la célèbre galerie Denise René/Hans Mayer. En 1971, il se tourne vers la photographie et travaille pendant deux ans en tant qu'assistant d'Hans Lux, photographe basé à Düsseldorf. Il arrive à

Paris en 1978, où il commence à travailler à l'international pour Vogue (éditions Italie, Royaume-Uni, France, Allemagne, États-Unis), The New Yorker, Vanity Fair, Allure et Rolling Stone. En 1992, il signe un contrat de quatre ans avec l'American Harper's Bazaar de New York. À la même période, il réalise les campagnes Giorgio Armani, Jil Sander, Prada, Donna Karan, Calvin Klein et Comme des Garçons. Il signe également des portraits de Catherine Deneuve, Mick Jagger, Charlotte Rampling, Tina Turner, John Travolta, Madonna, Sharon Stone, John Malkovich ainsi que de nombreuses personnalités de premier plan.

Squatting in Europe Squatting Europe Collective. 2012-10 Squatting offers a radical but simple solution to the crises of housing, homelessness, and the lack of social space that mark contemporary society: occupying empty buildings and rebuilding lives and communities in the process. Squatting has a long and complex history, interwoven with the changing and contested nature of urban politics over the last forty years. Squatting can be an individual strategy for shelter or a collective experiment in communal living. Squatted and self-managed social centres have contributed to the renewal of urban struggles across Europe and intersect with larger political projects. However, not all squatters share the same goals, resources, backgrounds or desire for visibility. Squatting in Europe aims to move beyond the conventional understandings of squatting, investigating its history in Europe over the past four decades. Historical comparisons and analysis blend together in these inquiries into squatting in the Netherlands, Italy, Spain, France, Germany and England. In it members of SqEK (Squatting Europe Collective) explore the diverse, radical, and often controversial nature of squatting as a form of militant research and self-managed knowledge production--

Precision and Purpose Karl P. Mueller. 2015-07-08 Between March and October 2011, a coalition of North Atlantic Treaty Organization (NATO) member states and several partner nations waged a war against Muammar Qaddafi's Libyan regime that stemmed and then reversed the tide of Libya's civil war, preventing Qaddafi from crushing the nascent rebel movement seeking to overthrow his dictatorship and going on to enable opposition forces to prevail. The central element of this intervention was a relatively small multinational force's air campaign operating from NATO bases in several countries, as well as from a handful of aircraft carriers and amphibious ships in the Mediterranean Sea. The study details each country's contribution to that air campaign, examining such issues as the limits of airpower and coordination among nations. It also explores whether the Libyan experience offers a potential model for the future.

Organised Crime in Europe Cyrille Fijnaut, Letizia Paoli. 2007-01-21 This volume represents the first

attempt to systematically compare organised crime concepts, as well as historical and contemporary patterns and control policies in thirteen European countries. These include seven 'old' EU Member States, two 'new' members, a candidate country, and three non-EU countries. Based on a standardised research protocol, thirty-three experts from different legal and social disciplines provide insight through detailed country reports. On this basis, the editors compare organised crime patterns and policies in Europe and assess EU initiatives against organised crime.

100 photos de René Burri pour la liberté de la presse René Burri, Reporters sans frontières.2011 L'apparition du Che en couverture d'un album de Reporters sans frontières ne va pas de soi. Cette image, emblématique du travail de René Burri, est représentative de ses plus grands reportages. Après plus de soixante années de carrière, des photographies parmi les plus connues de l'histoire, des reportages publiés dans les journaux les plus réputés, des séries sur Le Corbusier ou Pablo Picasso devenues mythiques, René Burri appartient à la toute petite famille de ceux communément appelés les monstres sacrés de la Photographie. A l'occasion de la Journée internationale pour la liberté de la presse, le 3 mai 2011, Reporters sans frontières tire le bilan de l'indépendance des médias. A l'exception de quelques fortins de la répression et de l'isolement - la Corée du Nord, l'Erythrée, le Turkménistan -, le monde s'agite. Les frontières sont de plus en plus perméables à l'information. Grâce à Internet. Il faut voir avec quelle ingéniosité ces nouveaux militants de l'information ont contourné la censure, comme par exemple en Egypte ou en Tunisie. Dans un pays libre, lorsqu'un journaliste publie une information, il doit s'interroger sur son importance pour le public. Ce doit être son seul guide. Au contraire, dans un pays liberticide, il doit toujours estimer le

risque pris en publiant une information. L'intérêt général n'est plus le seul moteur. La possibilité de faire un séjour en prison, de voir sa famille menacée ou, dans le pire des cas, de perdre la vie pèsent fortement dans la balance. Continuer ce métier dans de telles conditions relève du courage et de la détermination. C'est pour transformer cet environnement que Reporters sans frontières continue de se battre, jour après jour. En achetant cet album, vous nous donnez les moyens de mener cette lutte. Vous devenez, vous aussi, un défenseur des libertés.

The Global Investigative Journalism Casebook Mark Hunter.2012

Pierre & Alexandra Boulat Pierre Boulat,Alexandra Boulat.2010 Il existe un exercice auquel échappe difficilement une journaliste, surtout si elle pratique le reportage. Elle se retrouve immédiatement sommée de parler, avant toute chose, de son sexe. Oui, année après année, décennie après décennie, revient l'éternelle même question, posée avec une inépuisable ingénuité : femme et journaliste, comment est-ce possible ? N'est-ce pas trop difficile ? Il se trouve qu'Alexandra Boulat, photographe de guerre, ne se contente pas d'être une femme. Elle est aussi une fille, celle de Pierre Boulat en l'occurrence, également photographe et grand reporter. Pour la mère, devinez qui ? Annie, fondatrice et directrice de l'agence Cosmos. La production de la famille Boulat s'inscrit dans la tradition du très grand photojournalisme, à l'ancienne serait-on tenté de dire, aux côtés des Robert Capa ou des Lee Miller. Dans les pas l'un de l'autre, père et fille ont ainsi traversé les lignes de fronts ou les défilés de mode, tiré les portraits des vedettes ou des inconnus, oscillé entre l'extraordinaire et l'ordinaire. Le journalisme n'est pas une académie d'héroïsme ou d'excellence. Il est tout l'inverse, une expérience d'humilité et de tâtonnements. Entre l'information et la communication, entre le bruit et la rumeur, entre la belle histoire qui fait vendre (ou du moins l'espère-t-on) et l'histoire réelle qui fait réfléchir, la frontière est parfois indécise. Nous autres,

reporters, savons combien il est facile de la traverser par précipitation ou par inadvertance, par fatigue ou par peur. Dans cette machine infernale, nous sommes, nous aussi, à la fois les victimes et les responsables. Florence Aubenas

Making Italian Jews Carlotta Ferrara degli Uberti.2016-11-10 This book depicts the cultural imagination of the Italian-Jewish minority from the unification of the country to the end of the First World War. The creation of an Italian nation-state introduced new problems and new opportunities for its citizens. What did it mean for the Jewish minority? How could members of the minority combine and redefine Jewishness and Italianness in a radically new political and legal framework? Key concepts such as family, religion, nation, assimilation and - later - Zionism are observed as they shift and change over time. The interaction between the public and private spheres plays a pivotal role in the analysis, and the self-fashioning of Italian Jewish élites is read alongside the evolution of the cultural stereotypes typical of the time. Reinterpreting the Italian national patriotic narrative through the eyes of the Jews, Carlotta Ferrara degli Uberti is able to unveil its less known layers and

articulations, while at the same time offering a new perspective from which to read the modern Jewish experience in the Western World.

100 Notions for Crossmedia & Transmedia Ghislaine Azémard.2013-01-01 First opus of a collection directed by Professor Ghislaine Azémard, the book 100 notions for crossmedia is intended for communications and marketing professionals and students in the broad sense but also for those active in digital development and intent on delving into the latest trends and uses. The interdisciplinary nature of this work makes it accessible and pertinent for readers of various training and expertise, social sciences, graphic arts, IT development and communication materials. The encyclopedia is built like an intersectorial vademecum for those involved in digital issues, changing traditional media and editorial strategies of emerging strategies. It consistently addresses the structural concepts of new communication uses, particularly crossmedia, social networks, virality, copyright, profiling, touchscreens, connected (smart) television and communicating objects. It is structured using a horizontal application vision that facilitates interdisciplinary and international collaboration. This work meets the needs of those intent on sharing a common base of international knowledge to be pragmatically used in exercising various professions. This initiative is organized based on a logic that is itself crossmedia and based on a collaborative scientific platform. The purpose of this work and its coordinated digital complements is to provide a scientifically cohesive tool, which presents a conceptual map corresponding to the reorganization of media defined.

Freebooksy is a free eBook blog that lists

primarily free Kindle books but also has free Nook books as well. There's a new book listed at least once a day, but often times there are many listed in one day, and you can download one or all of them. With a collection of more than 45,000 free e-books, Project Gutenberg is a volunteer effort to create and share e-books online. No registration or fee is required, and books are available in ePub, Kindle, HTML, and simple text formats. The Open Library: There are over one million free books here, all available in PDF, ePub, Daisy, DjVu and ASCII text. You can search for ebooks specifically by checking the Show only ebooks option under the main search box. Once you've found an ebook, you will see it available in a variety of formats. ManyBooks is a nifty little site that's been around for over a decade. Its purpose is to curate and provide a library of free and discounted fiction ebooks for people to download and enjoy. The time frame a book is available as a free download is shown on each download page, as well as a full description

of the book and sometimes a link to the author's website. Despite its name, most books listed on Amazon Cheap Reads for Kindle are completely free to download and enjoy. You'll find not only classic works that are now out of copyright, but also new books from authors who have chosen to give away digital editions. There are a few paid-for books though, and there's no way to separate the two. It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator – a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser. "Buy" them like any other Google

Book, except that you are buying them for no money. Note: Amazon often has the same promotions running for free eBooks, so if you prefer Kindle, search Amazon and check. If they're on sale in both the Amazon and Google Play bookstores, you could also download them both. Read Print is an online library where you can find thousands of free books to read. The books are classics or Creative Commons licensed and include everything from nonfiction and essays to fiction, plays, and poetry. Free registration at Read Print gives you the ability to track what you've read and what you would like to read, write reviews of books you have read, add books to your favorites, and to join online book clubs or discussion lists to discuss great works of literature.
