Build Your Own Farm Tools Josh Volk.2021-08-17 Josh Volk, author of the best-selling *Compact Farms*, offers small-scale farmers an in-depth guide to building customized equipment that will save time and money and introduce much-needed efficiencies to their operations. Volk begins with the basics, such as setting up a workshop and understanding design principles, mechanical principles, and materials properties, then presents plans for making 15 tools suited to small-farm tasks and processes. Each project includes an explanation of the tool's purpose and use, as well as the time commitment, skill level, and equipment required to build it. Projects range from the super-simple (requiring a half-day to build) to the more complex, and include how-to photographs and illustrations with variations for customizing the finished implement. Along with instructions for building items such as simple seedling benches, a mini barrel washer, a DIY germination chamber, and a rolling pack table, Volk addresses systems design for farm efficiency, including how to design an effective drip irrigation system and how to set up spreadsheets for collecting important planning, planting, and market data. This publication conforms to the EPUB Accessibility specification at WCAG 2.0 Level AA.

Your Cabin in the Woods Conrad E. Meinecke.2016-09-06 For dreamers of escaping to a cozy cabin in the great outdoors, Your Cabin in the Woods is a classic work that not only makes this a reality, but also imparts a deeper appreciation of nature and homebuilding. Author Conrad E. Meinecke has been writing about living the simply life in the wilderness for over 70 years with Your Cabin in the Woods and Cabin Craft and Outdoor Living. For the first time, these books are combined into a deluxe two-color vintage package. In prose both practical and inspirational, Meinecke details how to turn your cabin dream into a reality, such as choosing land, using tools, and the basics of construction. He provides hand-drawn floor plans for a variety of cabins, from a simple two-room to a more complex long house; the best way to build fireplaces, both indoors and out; and instructions for basic furniture, lighting, and other touches that make a cabin feel like home. Throughout are Meinecke's thoughts on ways to enjoy your new-found space, from hearty fireplace recipes to the types of wood for a perfect fire and the beauty found in birdsong. Instructional as it may be, the book's enduring appeal owes in large part to its warmly engaging tone and firm belief in the restorative power of nature and the satisfaction of hard work. He writes, Take full enjoyment in the building. Take time out to rest. Most city folks seem always to rush things through. Why? Lay off until tomorrow. Take an afternoon nap. Stop the clock for the weekend. Get off to an early start in the cool of tomorrow morning. You may be crowded in your work in town, but this

Fair Play Eve Rodsky. 2019-10-01 A REESE'S BOOK CLUB PICK
A hands-on, real talk guide for navigating the hot-button issues that so many families struggle with.--Reese Witherspoon Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the shefault parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family -- and then sent that list to her husband, asking for things to change. His response was... underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up chores and responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With four easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore from laundry to homework to dinner. Winning this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space -- as in, the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down.
