Walking with the Master Elizabeth Clare Prophet.2002 Two thousand years ago Jesus called a small band of disciples to leave their nets and follow him. He gave them a teaching and a path of initiation, only fragments of which are found in the New Testament. This path is as real and vital today as it was in Jesus' time. And now, at the turning of an age, the ascended master Jesus calls those who would be his disciples to take up that path, to walk and work with him again. Twenty-eight steps on that path are presented here, with commentary and explanation by Elizabeth Clare Prophet and the staff of Summit University. The goal is to find and externalize the Christ within. The means is a practical path of initiation for the modern world.

The Possibility of Salvation Among the Unevangelized Daniel Strange.2007-01-01 In the area of systematics known as the theology of religions, those who affirm the particularity of Christ in terms of truth, revelation, and salvation have always had to deal with the problem of the unevangelized: those who have never heard of Christ through no fault of their own. For evangelical theologians this issue impinges on fundamental tenets of evangelical identity. Recently the fate of the unevangelized has received detailed attention from evangelicals, and has been fiercely debated because of the wider doctrinal issues it raises. The position known as inclusivism has been most fully developed by Clark H. Pinnock, an influential and controversial evangelical theologian, known as being the leading spokesman of Arminianism and a new theistic paradigm entitled the trinitarian openness of God. Through a detailed analysis and critique of his work, this book examines a cluster of issues surrounding the unevangelized and its implications for Christology, soteriology, and evangelical identity.

A Complicated Love Story V. George Shillington.2019-10-14 The Fourth Gospel, otherwise known as the gospel of the beloved disciple of Jesus, has captivated the imagination of myriads of people worldwide. Echoing one of its major themes, namely water, this gospel has been described as one in which a child can wade and an elephant can swim. Of the four gospels in the New Testament, this one stands out from the other three at several levels. In the Fourth Gospel the extraordinary acts of Jesus are labeled consistently as signs, not miracles. In the second major part, however, the signs give way to reality found uniquely in the life and death of Jesus on behalf of benighted humanity. He is the true light that enlightens every one and every thing. There are no parables in the Fourth Gospel. A parable is something that is literally thrown alongside the ordinary world of the day. The Fourth Evangelist focuses on truth, one of its major themes. There are puzzling pieces mixed in with the good news, which serves to make this gospel captivating to the reader. Through all of the complex twists and turns in this gospel the theme of love shines forth brilliantly, especially so in the second half.

New Testament Supernatural & Inerrant: Proof Per Hebrew Idiom Timothy Swiss.2018-11-12 Per application of the scientific method, the content of this book proves, beyond any reasonable degree of doubt, that the New Testament is supernatural, inerrant, and preserved--namely preserved intact, regarding wordage, since the original penning of the New Testament Scriptures in the Greek language: and furthermore, this book also proves that the subsequent application of punctuation to the wordage of the Greek Scriptures was accomplished through the supernatural guidance of the Holy Spirit of God, and is likewise inerrant, as pertains to the Fifth Revised Edition of the Greek New Testament. The complex, intricate, and consistent rules that apply throughout the Fifth Revised Edition of the Greek New Testament in regard to the Hebrew idiom leave no logical explanation other than supernatural production of both the wordage and the punctuation of the text. Thus, God not only guided the pens of the various men who originally composed the books that comprise the Greek New Testament, but also accomplished the preservation of Scripture and directed the accurate application of punctuation. What is meant by Hebrew idiom in this book is explained in chapter 2. The rules pertaining to the Hebrew idiom apply consistently, without exception, in books produced through such varying authors as fishermen, a tax collector, a physician, and a Pharisee. Not only does this indicate a single supernatural author who produced these books through the writings of various men, it also proves that the oldest Greek texts of New Testament books have been preserved without alteration or corruption. The rules that apply to the Hebrew idiom are so delicate that the addition or omission of a single word, or the addition or omission of a single mark of punctuation, or the change in arrangement of two words, or the application of the Hebrew idiom to someone who was not of Hebrew culture and who is not quoting someone of Hebrew culture, could result, in any of these instances, in statements that are obviously ridiculous and/or obviously in conflict with what is stated in other New Testament Scripture. There is not a single verse, in regard to the Hebrew idiom, that is ridiculous or in conflict with other New Testament Scripture: this requires inerrancy, and given that there are over 700 verses that pertain to the Hebrew idiom, it provides strong indication that the Fifth Revised Edition of the Greek New Testament is altogether inerrant. In summary, the Hebrew idiom addressed in this book proves the supernatural origin of New Testament Scripture, proves the inerrancy of New Testament Scripture, and proves the untainted preservation of the original Greek wordage. And considering that the original text composing the Greek New Testament was written in all capital Greek letters with limited if any punctuation, and considering that punctuation was added to the text composing the Greek New Testament centuries after the original penning of the books comprising the Greek New Testament, this Hebrew idiom also proves the supernatural guidance of the addition of punctuation to the Greek New Testament. In addition to providing proof that the Fifth Revised Edition of the Greek New Testament is supernatural and inerrant, this book also addresses doctrinal issues. Some of the questions answered in this book include the following: can Christian women wear braided hair, adorn themselves with jewelry, and teach adult men in Sunday school? Can Christians engage in physical warfare? Did the Biblical Israelites include the bloodline of Ishmael, the son of Abraham and Hagar? Does the report of Paul's conversion in Acts chapter 9 conflict with the report of his conversion in Galatians 1:16&17? Is there discrepancy between the accounts of the resurrection of Jesus Christ in the four Gospels? What does the New Testament teach regarding free will verses predestination? Answers to these questions, as well as answers to other questions, are brought to light through Scripture.
