Crystals Melanie Bratton.2020-04-18 There are many resources that may help you discover the benefits of working with crystal energy. When I began my research I was overwhelmed with the amount of information and how that information was presented. I spent a good amount of time reading and rereading the same information in an attempt to memorize handfuls of minerals and their meanings. The biggest problem with this method is the material being studied, may not resonate with you. Working with energy is a very personal experience and as such, everyone will feel crystal energy differently. The primary goal of this book series is to help you find your own understanding of crystals and what you can do with them. Book one is the beginner's guide that will take you from thinking maybe you like crystals to understanding the basics of healing and manifesting as well as how to identify the minerals you are working with. Instead of focusing on many crystals, by the end of this book you will have an in-depth understanding of 10 crystals. This may not sound like very much to you now but you can do anything with these 10 minerals and they are the ideal starter set for anyone looking for a place to begin. Whether you choose this book or another source of information, I wish you all the best of luck in finding your OWN way of working with crystals and their energy!

Crystals for Beginners Melissa Cox.2020-11-19 Boost Your Health Easily Without Overpaying For Superfoods Or Spending Hours On The Yoga Mat Are you looking for a reliable, holistic way to heal your body and mind without invasive medical procedures that often do more harm than good? Well, crystals have been used as healing tools for thousands of years. The ancient art of crystal healing aligns well with other traditions (like chakra healing) and sciences (such as astrology). Unlike medications, crystals have no side effects and can be used 24/7. But what if you've tried crystal healing before and found it didn't work as expected? You see, most crystal healing books on the market don't actually teach you how to choose the right crystals for the unique vibrations of your mind and body. They provide generic advice that might work - but not necessarily. This book is different. It focuses on awakening your intuition and making the right healing decisions - and then it empowers you with crystal healing techniques that will actually work for YOU. This book will help you: Channel your intuitive wisdom and find the exact crystals that will work for you Harness the power of synergy by building crystal grids and letting the crystals multiply each other's power Cleanse and activate your chakras without strenuous exercise or difficult yoga poses Heal common physical and mental illnesses with crystals Of course, crystals won't replace medical treatments in all cases - you can't make sure a broken bone heals correctly if it hasn't been put together by a doctor. But when you need to boost your immune system, overcome an allergy, reduce chronic inflammation, or boost your mental health, crystals are your best choice! Explore The Power Of Crystals Now!
