The Yellow Wallpaper Charlotte Perkins Gilman.2023-03-06 Edited with a new introduction by Aimee McLaughlin The Yellow Wallpaper by American writer Charlotte Perkins Gilman, first published in January 1892, is regarded as an important early work of American feminist literature for its illustration of the attitudes towards mental and physical health of women in the 19th century. What happens when a woman is pushed too far? Is she able to express her thoughts and feelings, or is she forced towards the expectation of behaving 'normally' again soon? A woman travels with her husband to an old colonial mansion after a nervous breakdown triggered by the birth of their child. Confined to the nursery and allowed only to breathe fresh air, eat well and rest in line with a regimented 'cure', she slowly begins to unravel at the seams. Her only distraction is writing in secret - that, and the woman she begins to see trapped inside the yellow wallpaper of the room itself. Isolated and breaking apart, she sets herself a task: to free the woman, and to become one with her temporary confinement. Charlotte Perkins-Gilman's 'The Yellow Wallpaper' presents a harrowing, disturbing account of mental stress, confinement and female turmoil - within which the only available solace can be found inside four peeling, sickly yellow walls ... Our new edition also features the sequence of poems Woman by Charlotte Perkins Gilman. The gothic genre offers Gilman an effective mode of diagnosing contemporary culture whilst in tandem expressing her ensuing fears and anxieties. Gilman within this novella, gothicises the domestic setting, inverting the pillars of domesticity: family, security and understanding, in turn unveiling the dangers lurking behind the familiarity of gender roles within marital relations. The intimate first-person narration of the narrative serves to enhance Gilman's exposure of the oppressive forces of a male-dominated society, as she deplures her protagonist's inferior position in her domestic arrangement. The female narrator is encumbered by masculine superiority, undoubtedly dwelling in the middle of patriarchy. Embedded within her characterisation is the subjugated role bestowed upon Victorian women. Gilman projects derangement onto a familiar literary figure — the middle-class wife and mother — placing the source of this madness in the inviolate sphere for dutiful women — the home. from the new introduction to The Yellow Wallpaper by Aimee McLaughlin

*Skateboarding and Religion* Paul O'Connor.2019-10-02 This book explores the ways in which religion is observed, performed, and organised in skateboard culture. Drawing on scholarship from the sociology of religion and the cultural politics of lifestyle sports, this work combines ethnographic research with media analysis to argue that the rituals of skateboarding provide participants with a rich cultural canvas for emotional and spiritual engagement. Paul O'Connor contends that religious identification in skateboarding is set to increase as participants pursue ways to both control and engage meaningfully with an activity that has become an increasingly mainstream and institutionalised sport. Religion is explored through the themes of myth, celebrity, iconography, pilgrimage, evangelism, cults, and self-help.
