The Hollywood History of the World George MacDonald Fraser.1996 There is a fashionable myth that Hollywood always gets its history wrong. George MacDonald Fraser believes that it often gets it right, and that we owe a huge unacknowledged debt to the cinema as an illuminator of the story of mankind. Drawing on his experiences as an historical novelist, historian, and screenwriter, he puts the case for the costume movies - Biblical, classical, swashbuckler, imperial, Western, and even the gangster film - not only as entertainments but, at their best, as pictures of the past more vivid than Tacitus or Gibbon or Macaulay.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Hollywood Victory Christian Blauvelt.2021-11-02 From the Turner Classic Movies Library: Film and history buffs alike will enjoy this engrossing story of Hollywood's involvement in World War II, as it's never before been told. Remember a time when all of Hollywood—with the expressed encouragement and investment of the government—joined forces to defend the American way of

life? It was World War II and the gravest threat faced the nation, and the world at large. Hollywood answered the call to action. This is the riveting tale of how the film industry enlisted in the Allied effort during the second World War—a story that started with staunch isolationism as studios sought to maintain the European market and eventually erupted into impassioned support in countless ways. Industry output included war films depicting battles and reminding moviegoers what they were fighting for, home-front stories designed to boost the morale of troops overseas, and even musicals and comedies that did their bit by promoting the Good Neighbor Policy with American allies to the south. Stars like Carole Lombard—who lost her life returning from a war bond-selling tour—Bob Hope, and Marlene Dietrich enthusiastically joined USO performances and risked their own health and safety by entertaining troops near battlefronts; others like James Stewart and Clark Gable joined the fight themselves in uniform; Bette Davis and John Garfield created a starry haven for soldiers in their founding of the Hollywood Canteen. Filmmakers Orson Welles, Walt Disney, Alfred Hitchcock, and others took breaks from thriving careers to make films aiming to shore up alliances, boost recruitment, and let the folks back home know what beloved family members were facing overseas. Through it all, a story of once-in-a-century unity—of a collective need to stand up for humanity, even if it means risking everything—comes to life in this engrossing, photo-filled tale of Hollywood Victory.

In her career, Hopper crossed some of Hollywood's biggest bold-faced names, from Spencer Tracy and Katherine Hepburn to Charlie Chaplin and Joseph Cotten, and her feud with rival gossip columnist Louella Parsons became the stuff of legend. In *The Whole Truth and Nothing But*, we get Hedda's side of the story—and what a story it is. Hedda Hopper is portrayed by Judy Davis in the Ryan Murphy TV series *Feud* about Joan Crawford and Bette Davis.

The Story of Hollywood Gregory Paul Williams.2005 Before the film industry arrived, Hollywood was filled with quaint bungalows, millionaires' estates, and churches dedicated to teetotalism. Hollywood's Imperial Wars Armando Jose Prats.2024-04-16 When the Vietnam War punctured the myth of American military invincibility, Hollywood needed a new kind of war movie. The familiar triumphal narrative was relegated to history and, with it, the heroic legacy that had passed from one generation to the next for more than two hundred years. How Hollywood helped create and instill the American myth of heroic continuity, and how films revised that myth after the Vietnam War, is what Armando José Prats explores in *Hollywood's Imperial Wars*. The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood's earlier representations of Americans at war, from the mythic heroism of a film like *Sands of Iwo Jima* to the rupture of that myth in films such as *The Deer Hunter*, *Apocalypse Now*, and *Platoon*. As early as the mid-1940s, Prats suggests, fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth— anxieties reflected in the insistent, aggressive patriotism in films of the period. In this context, Prats considers the immeasurable cultural importance of John Wayne, the cinematic apotheosis of wartime valor and righteousness, whose patriotism was nonetheless deeply

compromised by his not having served in World War II. Prats reveals how historical and cultural anxieties emerge in well-known Vietnam movies, in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers. American war movies, in Prats's analysis, were forever altered by the loss in Vietnam. Even movies like American Sniper that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events. Tracing what Prats calls the "anxiety of legacy" through the films of the World War II and post-Vietnam War periods, this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts. *This Was Hollywood* Carla Valderrama.2020-11-17 In this one-of-a-kind Hollywood history, the creator of Instagram's celebrated @ThisWasHollywood reveals the forgotten past of the film world in a dazzling visual package modeled on the classic fan magazines of yesteryear. A former child star who, at ninety-three, reveals her #metoo story for the first time. Valderrama unfolds these stories, and many more, in a volume that is by turns riveting, maddening, hilarious, and shocking. Tell-All Chuck Palahniuk.2010-05-04 Tell-All is many things: A Sunset Boulevard-inflected homage to Old Hollywood when Grand Dames like Bette Davis and Joan Crawford ruled the roost. A Douglas Sirk-inspired melodrama full of big gestures and muted psychic torment. A veritable Tourette's syndrome of rat-tat-tat name-dropping, from the A-list to the Z-list. Working in Hollywood Ronny Regev.2018-09-25 A history of the Hollywood film industry as a modern system of labor, this book reveals an important untold story of an influential twentieth-century workplace. Ronny Regev argues that the Hollywood studio system institutionalized creative labor by systemizing and standardizing the work of actors, directors, writers, and cinematographers, meshing artistic sensibilities with the efficiency-minded rationale of industrial capitalism. The employees of the studios emerged as a new class: they were wage laborers with enormous salaries, artists subjected to budgets and supervision, stars bound by contracts. As such, these workers--people like Clark Gable, Katharine Hepburn, and Anita Loos--were the outliers in the American workforce, an extraordinary working class. Through extensive use of oral histories, personal correspondence, studio archives, and the papers of leading Hollywood luminaries as well as their less-known contemporaries, Regev demonstrates that, as part of their contribution to popular culture, Hollywood studios such as Paramount, Warner Bros., and MGM cultivated a new form of labor, one that made work seem like fantasy.

Early Hollywood Marc Wanamaker,Robert W. Nudelman.2007 The image of Hollywood often translates as some otherworldly dreamscape filled with fantastic lives and fantasy fulfillment. The real deal was carved from the Southern California desert as an outpost northwest of Los Angeles. The movie industry arrived when tumbleweeds were not simply props and actual horsepower pulled the loads. Everyday workers, civic management, and Main Street conventionalities nurtured Hollywood's growth, as did a balmy climate that facilitated outdoor photography and shooting schedules for filmmakers. Splendid vintage photographs from the renowned collections of the Hollywood Heritage Museum and Bison Archives illustrate Hollywood's businesses, homes, and residents during the silent-film era and immediately after, as the Great Depression led up to World War II. These images celebrate Hollywood before and after its annexation into the city of Los Angeles in 1910 and its subsequent ascension as the world's greatest filmmaking center. *Hollywood* Charles Bukowski.2009-09-25 'What will you do?' 'Oh, hell, I'll write a novel about writing the screenplay and making the movie.' 'What are you going to call it?' 'Hollywood.' Henry Chinaski has a penchant for booze, women and horse-racing. On his precarious journey from poet to screenwriter he encounters a host of well-known stars and lays bare the absurdity and egotism of

the film industry. Poetic, sharp and dangerous, Hollywood – Bukowski’s fictionalisation of his experiences making the film *Barfly* – explores the many dark shadows to be found in the neon-soaked glare of Hollywood’s limelight.

Hollywood and the Movies of the Fifties Foster Hirsch. 2023-10-10 A fascinating look at Hollywood’s most turbulent decade and the demise of the studio system—set against the boom of the post-World War II years, the Cold War, and the atomic age—and the movies that reflected the seismic shifts Hollywood in the 1950s was a period when the film industry both set conventions and broke norms and traditions—from Cinerama, CinemaScope, and VistaVision to the epic film and lavish musical. It was a decade that saw the rise of the anti-hero; the smoldering, the hidden, and the unspoken; teenagers gone wild in the streets; the sacred and the profane; the revolution of the Method; the socially conscious; the implosion of the studios; the end of the production code; and the invasion of the ultimate body snatcher: the “small screen” television. Here is Eisenhower’s America—seemingly complacent, conformity-ridden revealed in Vincente Minnelli’s *Father of the Bride*, Walt Disney’s *Cinderella*, and *Brigadoon*, among others. And here is its darkening, resonant landscape, beset by conflict, discontent, and anxiety (*The Man Who Knew Too Much*, *The Asphalt Jungle*, *A Place in the Sun*, *Touch of Evil*, *It Came From Outer Space*) . . . an America on the verge of cultural, political and sexual revolt, busting up and breaking out (*East of Eden*, *From Here to Eternity*, *On the Waterfront*, *Sweet Smell of Success*, *The Wild One*, *A Streetcar Named Desire*, and *Jailhouse Rock*). An important, riveting look at our nation at its peak as a world power and at the political, cultural, sexual upheavals it endured, reflected and explored in the quintessential American art form.

Hollywood, 1900-1950, in Vintage Postcards Thomas Dangcil, Tommy Dangcil. 2002 With the advent of new, inexpensive photographic technology emerging in the United States during the

mid-19th century, communication by postcard became a very popular way to exchange travel stories, news, and gossip over the decades. Drawing on a private collection of vintage postcards, this new book features a history of Hollywood, spanning half a century. Exploring Hollywood before and after it became the entertainment capital of the world, these images offer readers a glimpse of some of the city's most interesting places during its Golden Years. Long before motion pictures arrived, when the area was a residential neighborhood of beautiful homes and lemon groves, Hollywood was just another suburb of Los Angeles striving to become a community. From the familiar sights of Metro-Goldwyn-Mayer Studios and the Chinese Theater, to the horse-and-buggy driven dirt roads and pineapple fields at the turn of the century, Hollywood in Vintage Postcards will guide the curious through the city's progress in the first half of the 20th century.

Hollywood Gore Vidal. 2011-03-23 Hollywood marks the fifth episode in Gore Vidal's Narratives of

Empire, his celebrated series of six historical novels that form his extended biography of the United States. It is 1917, and President Woodrow Wilson is about to lead the country into the Great War in Europe. In California, a new industry is born that will irreversibly transform America. Caroline Sanford, the alluring heroine of Empire, discovers the power of moving pictures to manipulate reality as she vaults to screen stardom under the name of Emma Traxler. Just as Caroline must balance her two lives--West Coast movie star and East Coast newspaper publisher and senator's mistress--so too must America balance its two power centers: Hollywood and Washington. Here is history as only Gore Vidal can re-create it: brimming with intrigue and scandal, peopled by the greats of the silver screen and American politics. Hollywood shimmers with the illusion of politics and the politics of illusion, wrote the Chicago Sun-Times. A wonderfully literate and consistently impressive work of fiction that clearly belongs on a shelf with Vidal's best, said The New York Times Book Review. With a new Introduction by the author.

English as an International Language Education Ahmed Sahlane, Rosalind Pritchard. 2023-09-16 This volume provides an overview of current issues in English as an International Language (EIL) education and critical intercultural literacy pedagogy. The different chapters are inspired by 'critical interculturality' as a decolonial project that seeks to interrogate the structures, conditions, and mechanisms of colonial power relations that still pervade our increasingly globalising postcolonial societies; they tend to perpetuate forms of discrimination such as sexism, racism, classism, heterosexism and linguisticism. Divided into five sections, this collection critically examines English Language Teaching textbooks' integration of intercultural dimensions, the promotion of intercultural literacy in teacher education programs, the management of cultural diversity in multicultural professional/business and educational situations, and the 'decolonisation' of the curriculum in

various global educational and professional situations. The book presents a range of linguistic approaches as a means of examining the nature of intercultural communication pertaining in EIL varied international contexts. The chapters also reflect a wide diversity of perspectives from local contexts with global relevance and applicability. This book is an indispensable reference for business leaders, international relations stakeholders, education and linguistics students, educationists, textbook designers, teacher trainers and researchers of language and culture, critical pedagogy, multiculturalism studies, TESOL and English as a lingua franca (ELF).

Losing the Plot Pardis Dabashi. 2023 It is widely understood that the modernist novel sought to escape what Virginia Woolf called the tyranny of plot. Yet even as twentieth-century writers pushed against the constraints of Victorian, plot-driven novels, Pardis Dabashi shows that plot kept its hold on them through the influence of another medium: the cinema. Focusing on the novels of Nella Larsen, Djuna Barnes, and William Faulkner—writers known for their moviegoing affinities and connections to early film—Dabashi uses the relationship between literature and the cinema to reveal a profound longing for plot in modernist fiction. Dabashi links the moviegoing practices of Larsen, Barnes, and Faulkner to the tensions in their works, tensions between the formal properties of the novels and the characters in them. In making a distinction between what the novel is doing and what their characters desire, these authors ponder how it is one thing to withhold plot as a gesture of

modernist aesthetics, and quite another to be denied the comfort of plot's architecture in one's living and breathing existence--
