Dragonfly Song Wendy Orr. 2017-10-13 The girl has had many selves in her short life. The first she remembers is Aissa, the daughter of Mama and Dada, sister to Zufi who watched the goats. Then the Bull King's raiders came, and Mama said, Don't make a sound till I come back. And when the villagers found her she was silent as stone, because Mama never came back again. So the villagers cursed her as back luck and made her No-Name, lowest of the servants to the Lady, the island's priestess. But there were whispers, as she grew, of another self: of the Lady's rejected first daughter, born imperfect with two extra thumbs. The silent girl looks at the scars on her wrists and wonders, but she has more pressing concerns. The villagers blame her bad luck for the tribute the Bull King now demands of them: two youths given each spring to dance with his bulls and die for his god's glory. And the servants hate and fear the unnatural way the animals all come to her. For Aissa, though, this bond with creatures of fur and scale is the first clue in finding the true self that no one else can give to her, or take away. Wendy Orr, the author of *Nim's Island*, introduces a resourceful and resilient heroine for slightly older readers. Inspired by an archeological trip to the island of Crete, where frescoes show figures leaping over the backs of bulls, Orr weaves an intriguing mythological portrayal of the Bronze Age Minoan civilization. Lyrically written and refreshingly unpredictable, *Dragonfly Song* suggests a fascinating origin for the legend of the Minotaur and his dark tribute.

Bird Brain of Britain Charles Gallimore, Tim Appleton. 2004 An ornithology quiz book packed with challenging questions for birders, based on the popular Bird Brain of Britain contest, hosted by Bill Oddie at the annual British Birdwatching Fair. The British Birdwatching Fair, held every August at the Egleton Nature Reserve at Rutland Water, attracted around 15,000 visitors last year. One of the most popular attractions in the Events Marquee is the Bird Brain of Britain contest. Following the format of the television programme *Mastermind*, each of the four experts must answer a set of questions on their nominated specialist subject, and a second set on general (ornithological) knowledge. This book reproduces all of the questions asked in the contest over its 11-year lifespan. The questions are difficult and varied enough to test any birder's knowledge, and will provide many hours of challenging entertainment.

Thank You, Mr. Falker Patricia Polacco. 2012-04-12 The real-life, classic story of a dyslexic girl and the teacher who would not let her fail. A perfect gift for teachers and for reading students of any age. Patricia Polacco is now one of America's most loved children's book creators, but once upon a time, she was a little girl named Trisha starting school. Trisha could paint and draw beautifully, but when she looked at words on a page, all she could see was jumble. It took a very special teacher to recognize little Trisha's dyslexia: Mr. Falker, who encouraged her to overcome her reading disability. Patricia Polacco will never forget him, and neither will we. This inspiring story is available in a deluxe slipcased edition, complete with a personal letter to readers from Patricia Polacco herself. *Thank You, Mr. Falker* will make a beautiful gift for the special child who needs encouragement or any special teacher who has made a difference in the child's life.

The Connecticut Wits and Other Essays Henry A. Beers. 2017-07-27 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Transforming Research Methods in the Social Sciences Angelo Flynn, Sherianne Kramer. 2019-03-01 Social science researchers in the global South, and in South Africa particularly, utilise research methods in innovative ways in order to respond to contexts characterised by diversity, racial and political tensions, socioeconomic disparities and gender inequalities. These methods often remain undocumented - a gap that this book starts to address. Written by experts from various methodological fields, *Transforming Research Methods in the Social Sciences* is a comprehensive collation of original essays and cutting-edge research that demonstrates the variety of novel techniques and research methods available to researchers responding to these context-bound issues. It is particularly relevant for study and research in the fields of applied psychology, sociology, ethnography, biography and anthropology. In addition to their unique combination of conceptual and application issues, the chapters also include discussions on ethical considerations relevant to the method in similar global South contexts. *Transforming Research Methods in the Social Sciences* has much to offer to researchers, professionals and others involved in social science research both locally and internationally.

Unbroken Laura Hillenbrand.2014-07-29 #1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of *The Immortal Life of Henrietta Lacks*

The Most Dangerous Game Richard Connell.2020-04-21 From one of America’s most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale “has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill” (*The Telegraph*). “[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted.” —Criterion

Freedom Is, Freedom Ain't Scott Saul.2009-06-30 In the long decade between the mid-fifties and the late sixties, jazz was changing more than its sound. The age of Max Roach's *Freedom Now Suite*, John Coltrane's *A Love Supreme*, and Charles Mingus's *The Black Saint and the Sinner Lady* was a time when jazz became both newly militant and newly seductive, its example powerfully shaping the social dramas of the Civil Rights movement, the Black Power movement, and the counterculture. *Freedom Is, Freedom Ain't* is the first book to tell the broader story of this period in jazz--and American--history.

Writing Centres in Higher Education Laura Dison,Sherran Clarence.2017-01-01 Writing Centres in South Africa, and globally, are now well established academic support centres within many universities. Historically tasked with supporting students as they grapple with the demands of academic writing, many centres are now moving beyond their own walls to work with academic tutors, lecturers and departments to rethink the ways in which knowledge is transformed into different kinds of disciplinary writing. This move raises pertinent questions for writing centre directors, tutors/consultants, and for the universities that house them: how does a centre, tasked with supporting more general academic literacy development through writing pedagogies, initiate students into a range of particularised discourse communities? How do writing centre staff and disciplinary lecturers negotiate their shared, and separate, concerns for student learning through collaborative writing development projects? How do writing centres work with assignments and forms of literacy that challenge them to reconfigure their own pedagogical practices and expand their conceptions of writing support? How do writing centres maintain their core focus as they move flexibly beyond their own spaces to understand the nature of disciplinary writing? This collection of essays reflects on the ways in which writing centres in South Africa are working in and across disciplines. Institutional constraints and challenges that arise from these collaborations are addressed and opportunities for transforming teaching and learning spaces are explored. The chapters speak to the global move in higher education to reconsider how knowledge is made, who makes it, and how support and development opportunities for students and lecturers should be created and sustained across the disciplines. This volume contributes to the body of knowledge in the growing field of the scholarship of teaching and learning in higher education in South Africa. It builds on the work of the first collection of such essays: *Changing Spaces: Writing Centres and Access to Higher Education* (Eds. A. Archer and R. Richards, 2011, SUN PRess) to understand why working within the disciplines is so critical for writing development in a South African context.

Large-class Pedagogy David J. Hornsby,Ruksana Osman,Jacqueline De Matos-Ala.2013-08-01 I highly recommend this edited collection. It is a

timely intervention when universities around the world are facing changes akin to the newspaper industry a decade ago. The authors remind us of the potential power of the lecture and that there does not need to be a trade off between the size of the class and the quality of the delivery... Professor James Arvanitakis 2012 recipient of the Prime Minister's Teaching and Learning Award, University of Western Sydney, Australia This is the first book of its kind that considers the complex issues of large classes. As such, it makes a very important contribution and provides a deep insight into large class pedagogy from a conceptual and practical perspective. Dr Mandia Menits Massey University, New Zealand If the thought of teaching large classes fills you with dread; if you think that pedagogic innovation is impossible in the face of burgeoning student numbers; or if you simply wish to understand more about the dynamics of this increasingly common environment in Higher Education, then this is the book for you. Written by highly experienced academics, it is a valuable (and long overdue!) resource for supporting good practice in the large class context. Dr Jenny Hadingham University of Rochester, New York
