Skyscrapers Hide the Heavens J.R. Miller.2018-03-01 First published in 1989, *Skyscrapers Hide the Heavens* continues to earn wide acclaim for its comprehensive account of Native-newcomer relations throughout Canada's history. Author J.R. Miller charts the deterioration of the relationship from the initial, mutually beneficial contact in the fur trade to the current displacement and marginalization of the Indigenous population. The fourth edition of *Skyscrapers Hide the Heavens* is the result of considerable revision and expansion to incorporate current scholarship and developments over the past twenty years in federal government policy and Aboriginal political organization. It includes new information regarding political organization, land claims in the courts, public debates, as well as the haunting legacy of residential schools in Canada. Critical to Canadian university-level classes in history, Indigenous studies, sociology, education, and law, the fourth edition of *Skyscrapers* will be also be useful to journalists and lawyers, as well as leaders of organizations dealing with Indigenous issues. Not solely a text for specialists in post-secondary institutions, *Skyscrapers Hide the Heavens* explores the consequence of altered Native-newcomer relations, from cooperation to coercion, and the lasting legacy of this impasse.

The Comedians of the King Julia Doe.2021-03-21 Lyric theater in ancien régime France was an eminently political art, tied to the demands of court spectacle. This was true not only of tragic opera (tragédie lyrique) but also its comic counterpart, opéra comique, a form tracing its roots to the seasonal trade fairs of Paris. While historians have long privileged the genre's popular origins, opéra comique was brought under the protection of the French crown in 1762, thus consolidating a new venue where national music might be debated and defined. In *The Comedians of the King*, Julia Doe traces the impact of Bourbon patronage on the development of opéra comique in the turbulent prerevolutionary years. Drawing on both musical and archival evidence, the book presents the history of this understudied genre and unpacks the material structures that supported its rapid evolution at the royally sponsored Comédie-Italienne. Doe demonstrates how comic theater was exploited in, and worked against, the monarchy's carefully cultivated public image—a negotiation that became especially fraught after the accession of the music-loving queen, Marie Antoinette. *The Comedians of the King* examines the aesthetic and political tensions that arose when a genre with popular foundations was folded into the Bourbon propaganda machine, and when a group of actors trained at the Parisian fairs became official representatives of the sovereign, or comédiens ordinaires du roi.

Crossover Picturebooks Sandra L. Beckett.2013-06-17 This book situates the picturebook genre within the widespread international phenomenon of crossover literature, examining an international corpus of picturebooks — including artists' books, wordless picturebooks, and celebrity picturebooks — that appeal to readers of all ages. Focusing on contemporary picturebooks, Sandra Beckett shows that the picturebook has traditionally been seen as a children's genre, but in the eyes of many authors, illustrators, and publishers, it is a narrative form that can address any and all age groups. Innovative graphics and formats as well as the creative, often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children's books. The interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre. Crossover picturebooks are often very complex texts that are challenging for adults as well as children. Many are characterized by difficult adult themes, genre blending, metafictional discourse, intertextuality, sophisticated graphics, and complex text-image interplay. Exciting experiments with new formats and techniques, as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative contemporary literary genres, one that seems to know no boundaries. *Crossover Picturebooks* is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation, and contributes significantly to the field of children's literature as a whole.

A Hole Is to Dig Ruth Krauss.1989-09-07 What is a hole? A hole is when you step in it you go down A hole is for a mouse to live in. And, of course, a hole is to dig. This is the funniest book of definitions you'll ever read!

Death and the crown Anne Byrne.2020-01-15 Looking at royal ritual in pre-revolutionary France, *Death and the crown* examines the deathbed and funeral of Louis XV in 1774, the lit de justice of November 1774, and the coronation of Louis XVI, including the ceremony of the royal healing touch for scrofula. It reviews the state of the field in ritual studies and appraises the status of the monarchy in the 1770s, including the recall of the parlements and the many ways people engaged with royal ritual. It answers questions such as whether Louis XV died in fear of damnation, why Marie Antoinette was not crowned in 1775 and why Louis XVI's coronation was not held in Paris. This lively, accessible text is a useful tool for under- and post-graduate teaching which will also be of interest to specialists on this under-researched period.

Le sauvetage des enfants juifs pendant l'Occupation, dans les maisons de l'OSE, 1938-1945 Katy Hazan.2008 Maps the activities of the OSE, especially its establishment of children's homes in France, between 1938-45. Its history sheds light on the relentless progress of Nazi persecution throughout France. Month by month, year by year, from Montmorency to the Creuse and the Italian occupation zone, the homes changed their locations and status. Argues that the successful rescue of thousands of Jewish children during the Shoah was the result of the OSE's decision to open children's homes already in 1938 for refugee children from Germany and Austria. The OSE was then prompt in responding to the political situation and, from 1940 on, opened more than ten homes in the South of France. It removed many children from French internment camps between 1941-42, but when OSE leaders realized that the children were in danger, they changed tactics. In 1943 the association went underground, closing its children's homes and providing a network of hiding places for the children. Concludes that, over the years, thousands of children passed through OSE homes, but these represented only one stage in the overall rescue strategy of the welfare organization.

Sisters of the Brush Tamar Garb.1994-01-01 Although the women of the Union were often quite conservative politically, socially, and stylistically, says Garb, they believed that women had a special gift that would enhance France's cultural reputation and maintain the uplifting moral-cultural position that seemed in jeopardy at the turn of the century. Focusing on the developments that made the prominence of the organisation possible, Garb discusses the growth of the women's movement, educational reforms, institutional changes in the art world, and critical debates and contemporary scientific thought.

Literary Sociability and Literary Property in France, 1775-1793 Gregory S. Brown.2017-03-02 The first full-length, scholarly study of the Société des auteurs dramatiques (SAD), this book describes the form, the meaning, the achievements, and the failures of the first professional association for creative writers in European history. Founded by the well-known playwright Pierre-Augustin Caron de Beaumarchais in 1777 under the protection of prominent aristocrats at the court of King Louis XVI, the SAD comprised the playwrights most closely associated with the royal theater of the kingdom, the Comédie Française. Its two dozen members discussed and worked to advance both their collective interests under the royal theater regulations (which governed such issues of literary property, creative control, and remuneration) and to promote their public image as playwrights and men of letters more broadly - while at the same time competing with each other, sometimes intensely, for control over that image. Gregory Brown traces the story of the SAD from its conception in the mid-1770s through to the French Revolution, exploring first the Society's founding in 1777, then its trajectory until its dissolution at the end of 1780, and finally discusses a revival of the group during the Revolution. In each chapter, Brown analyzes the strategic efforts of Beaumarchais and his associates, to shape regulations and legislation concerning droits d'auteur (authorial remuneration and literary property) and their efforts to reshape the public status and identity of playwrights through correspondence, print and face-to-face encounters with the troupe of the Comédie Française, the theater's aristocratic supervisors at court, its lawyers and government administrators, its commercial publics, and other, authors. Brown argues against previous treatments of the SAD, which have presented it as a spontaneous, dissident challenge to constituted social and political authority under the Old Regime. He demonstrates instead how the SAD emerged from within existing lines of authority in e

Find Les Papillons Memo

Use the download link to download the file to your computer. If the book opens in your web browser instead of saves to your computer, right-click the download link instead, and choose to save the file. You can search and download free books in categories like scientific, engineering, programming, fiction and many other books. No registration is required to download free e-books. Want help designing a photo book? Shutterfly can create a book celebrating your children, family vacation, holiday, sports team, wedding albums and more. Wikibooks is an open collection of (mostly) textbooks. Subjects range from Computing to Languages to Science; you can see all that Wikibooks has to offer in Books by Subject. Be sure to check out the Featured Books section, which highlights free books that the Wikibooks community at large believes to be "the best of what Wikibooks has to offer, and should inspire people to improve the quality of other books." From romance to mystery to drama, this website is a good source for all sorts of free e-books. When you're making a selection, you can go through reviews and ratings for each book. If you're looking for a wide variety of books in various categories, check out this site. They also have what they call a Give Away Page, which is over two hundred of their most popular titles, audio books, technical books, and books made into movies. Give the freebies a try, and if you really like their service, then you can choose to become a member and get the whole collection. The site itself is available in English, German, French, Italian, and Portuguese, and the catalog includes books in all languages. There's a heavy bias towards English-language works and translations, but the same is true of all the ebook download sites we've looked at here. Note that some of the "free" ebooks listed on Centsless Books are only free if you're part of Kindle Unlimited, which may not be worth the money. The store is easily accessible via any web browser or Android device, but you'll need to create a Google Play account and register a credit card before you can download anything. Your card won't be charged, but you might find it off-putting.
