Field of Honour Max Aub.2009-09-07 A contemporary of Lorca and Buñuel in Spain's Second Republic, Max Aub escaped into a

life of exile after General Franco seized Barcelona. His masterpiece, acknowledged in Spain as one of the best accounts of the Spanish Civil War, is the five-novel cycle known as *The Magic Labyrinth*—never before translated into English. A playwright as well as a novelist, he brings the period alive through vibrant dialogue and a story that navigates the factional intrigues that eventually erupted onto the streets in violence. The protagonist of the first novel is Rafael López Serrador, whose coming of age in Barcelona introduces a cast from all walks of city life—Catalan nationalists, anarchists, Falangists, government ministers and showgirls. Just as central a character is Barcelona itself, lovingly depicted. Rafael’s adventures bring him into contact with the forces that were to destroy the Republic and determine the bloody course of the Spanish Civil War. Masterfully translated by Gerald Martin, author of *Gabriel García Márquez: A Life*, Max Aub’s novel is set to introduce to an English-speaking audience a classic of Spanish and Latin American literature—an account of the Spanish Civil War to compare with Ernest Hemingway’s *For Whom the Bell Tolls*.

Letters from Mom Julio Cortázar.2022-01-25 Luis and Laura, an Argentine couple looking for a new beginning, settle in France, connected to their former home only through occasional letters from Luis's mother in Buenos Aires. But when a name from the past appears in an otherwise unremarkable letter, it comes with a dark shadow. What emerges is a psychological study of grief swirling with guilt, equal parts love-triangle and ghost story. Letters from Mom is one of Julio Cortázar's most beloved short stories, part of the same collection (Las armas secretas) that gave us Blow-up and At Your Service. It is translated here into English for the first time.

The Time Ship Enrique Gaspar.2012-07-05 H. G. Wells wasn't the only nineteenth-century writer to dream of a time machine. The Spanish playwright Enrique Gaspar published *El anacronópete*—"He who flies against time"—eight years before Wells's influential work appeared. The novel begins at the 1878 Paris Exposition, where Dr. Don Sindulfo unveils his new invention—which looks like a giant sailing vessel. Soon the doctor embarks on a voyage back in time, accompanied by a motley crew of French prostitutes and Spanish soldiers. The purpose of his expedition is to track down the imprisoned wife of a third-century Chinese emperor, believed to possess the secret to immortality. A classic tale of obsession, high adventure, and star-crossed love, *The Time Ship* includes intricately drawn illustrations from the original 1887 edition, and a critical introduction that argues persuasively for *The Time Ship*'s historical importance to science fiction and world literature.
