**Third Grade Angels** Jerry Spinelli.2012-09-01 The long-awaited prequel to the bestseller *FOURTH GRADE RATS* George, aka Suds, has just entered third grade, and he's heard the rhyme about first grade babies/second grade cats/third grade angels/fourth grade rats, but what does this mean for his school year? It means that his teacher, Mrs. Simms, will hold a competition every month to see which student deserves to be awarded the halo - which student is best-behaved, kindest to others, and, in short, perfect. Suds is determined to be the first to earn the halo, but he's finding the challenge of always being good to be more stressful than he had anticipated. Does he have to be good even outside of school? (Does he have to be nice to his annoying little sister?) And if Mrs. Simms doesn't actually see him doing a good deed, does it even count? A warm, funny return to elementary school from master storyteller Spinelli.

**Snot Stew** Bill Wallace.1990-04 Shotguns have a long, rich history in the United States. They were used by both Union and Confederate cavalymen during the Civil War, and helped defend the Alamo during the Mexican-American War. Today, shotguns are used by target sports enthusiasts, law enforcement, and armed forces. Discover the fascinating history of the shotgun in this wide-ranging new book. *Shotguns* explores the exciting history and development of the shotgun with engaging text and more than 200 full-color photographs of guns, including iconic models by Winchester. Learn about key innovations, including double-barrels, interchangeable chokes,

and subguage inserts. Learn about different shotgun mechanisms, including breech-loading, double-barrel, pump-action, bolt-action, semi-automatic, and fully automatic weapons.
