Effortless Greg McKeown.2021-04-27 NEW YORK TIMES BESTSELLER • A Times (UK) Best Book of the Year • From the author of the million-copy-selling *Essentialism* comes an empowering guide to achieving your goals. It all starts with a simple principle: Not everything has to be so hard. “In a world beset by burnout, Greg McKeown’s work is essential.”—Daniel H. Pink, author of *When, Drive, and To Sell Is Human* “At a time when fear, uncertainty, and our ever-growing list of responsibilities have come to feel like much too much to handle, *Effortless* couldn’t be timelier, or more necessary.”—Eve Rodsky, author of *Fair Play* Do you ever feel like: • You’re teetering right on the edge of burnout? • You want to make a higher contribution, but lack the energy? • You’re running faster but not moving closer to your goals? • Everything is so much harder than it used to be? As high achievers, we’ve been conditioned to believe that the path to success is paved with relentless work. That if we want to overachieve, we have to overexert, overthink, and overdo. That if we aren’t perpetually exhausted, we’re not doing enough. But lately, working hard is more exhausting than ever. And the more depleted we get, the more effort it takes to make progress. Stuck in an endless loop of “Zoom, eat, sleep, repeat,” we’re often working twice as hard to achieve half as much. Getting ahead doesn’t have to be as hard as we make it. No matter what challenges or obstacles we face, there is a better way: instead of pushing ourselves harder, we can find an easier path. *Effortless* offers actionable advice for making the most essential activities the easiest ones, so you can achieve the results you want, without burning out. *Effortless* teaches you how to: • Turn tedious tasks into enjoyable rituals • Prevent frustration by solving problems before they arise • Set a sustainable pace instead of powering through • Make one-time choices that eliminate many future decisions • Simplify your processes by removing unnecessary steps • Make relationships easier to maintain and manage • And much more The effortless way isn't the lazy way. It's the smart way. It may even be the only way. Not every hard thing in life can be made easy. But we can make it easier to do more of what matters most.

The Mangle Street Murders M. R. C. Kasasian. 2021-11-15 The first in a charming, evocative, and sharply plotted Victorian crime series starring a detective duo to rival Holmes and Watson. After her father dies, March Middleton has to move to London to live with her guardian, Sidney Grice, the country's most famous private detective. It is 1882 and London is at its murkiest yet most vibrant, wealthiest yet most poverty-stricken. No sooner does March arrive than a case presents itself: a young woman has been brutally murdered, and her husband is the only suspect. The victim's mother is convinced of her son-in-law's innocence, and March is so touched by her pleas she offers to cover Sidney's fee herself. The investigations lead the pair to the darkest alleys of the East End: every twist leads Sidney Grice to think his client is guilty; but March is convinced that he is innocent. Around them London reeks with the stench of poverty and gossip, the case threatens to boil over into civil unrest and Sidney Grice finds his reputation is not the only thing in mortal danger.

How to Create a Successful Small Business? A. J. Hoge. 2019-09-06 I wonder.... What is the reason behind making some people become wildly successful in business and why others fall flat. Some people excellent while others are not?! Some people are successful while others are not?! Also, you can find one who lives their life better, makes their dreams come true, and gets their goals achieved while others are not?! When I started Effortless English, I was making very little money. I started the business with only 200 dollars. Most people thought I would fail. However, I had a secret advantage-- even though I was making very little money at my job, I was spending even less. I had a big positive gap. A J HOGE I admit that my recipe for economic success is quite different than the advice you'll get from most people. Bookstores are filled with books about making money and getting rich. But they all come with certain basic philosophical assumptions-- mainly that MORE money is always better and that the key to success is to be rich. Even books that I recommend, such as The 4-Hour Workweek or Your Portable Empire, have an underlying philosophy of getting rich. All of these writers are firmly centered in mainstream capitalist thinking. A J HOGE The definition of wealth is: 'The number of days you can survive, without physically working (or anyone else in your household working) and still maintain your standard of living.' For example: If your monthly expenses are \$1000 and if you have \$3000 in savings, your wealth is approximately 3 months or 90 days. Wealth is measured in time, not dollars. To become successful quickly, become an expert at solving a certain type of problem. Don't diversify. Become an expert at solving that one type of problem and people will come to you. Then, if you are good and trustworthy, you will reach your financial fast track more quickly. --Robert Kiyosaki If you're remarkable, it's likely that some people won't like you. That's part of the definition of being remarkable. Nobody gets unanimous praise-- ever. The best the timid can hope for is to be unnoticed. Criticism comes to those who stand out. I'm trying to lead change and induce risk-taking at my company. Got any ideas? How should I do it? I've probably heard that question a thousand times or more. For years, in response to that question, I waffled. I'd launch a little rant on leadership. Whatever. Not wrong. But not right, either. Lately, I've changed my tune. 'There is only one way, ' I boldly proclaim. 'Find Heroes. Do Demos. Tell Success Stories' To elaborate: We need heroes: Exemplars of the Exciting New Way of Doing Things. We need demos: Palpable Proof that this Exciting New Way of Doing Things is eminently do-able. We need stories: Riveting Tales that fire the imagination of the rest of our heroes-in-waiting. --Tom Peters, Business Consultant, www.tompeters.com Now in the last chapter we talked about the demo phase. How do you get started quickly? Now, there's a great quote. I believe it's from Joe Vitale but I don't remember, honestly, who said it but the quote is this. Money loves speed. Money loves speed. That means that in business it's better to be fast than to be perfect. The number one problem I see with people trying to start a business is they're too slow. I have a lot of friends. I have, actually, family members also, who talk to me about starting a business and they talk and they talk and they plan and they plan and they plan. They think they need to write, you know, a 50-page business plan and they think everything needs to be perfect before they start. So, of course, usually they never start. Even if they do start, guess what? The plan doesn't work.

The End of School Zachary T. Slayback.2016-05-13 School is a pervasive element in our lives - but one that goes mostly unquestioned. Most discussions get caught up in details of policy reform and leave the idea of school itself alone. The End of School changes that. Offering a radical, but even-handed, look at the purpose of education and the reality of school, Slayback develops a manifesto for how young people, parents, educators, and employers can move beyond school and take control of education. Slayback -- an entrepreneur and Ivy League dropout -- talks about his own disenchantment with school. Despite being an excellent student and loving learning, he became convinced that school was not achieving its end of providing the best education possible. Other students, business partners, intellectuals, and parents convinced him along the way. The End of School is a look -- both theoretical and practical -- at how to fix that. Slayback addresses the book to students, educators, parents, and employers of all stripes and ages. Whether you're a high school or college student, a recent graduate, a parent of a young person, a teacher, or an entrepreneur, you'll want to pick up The End of School. Some of the topics explored include: - The Purpose of Education - The Purpose of School - The Reality of School - Different Types of Schooling - The Effects of Schooling on Your Future - How to Reverse the Negative Effects of Schooling - How to Take Control of Your Education Outside of School - How to Succeed Without a College Degree - Entrepreneurship vs. School as the Ideal Education And more!
