90 Two Dastan Khalili.2022-02-02 90 Two By: Dastan Khalili DiaVerse, dia meaning “two” and verse for the poetic rhyme, is a brand-new style of poetry where the only rule is all stanzas must have a maximum of two words. Created by poet Dastan Khalili, the style of DiaVerse breathes new life into poetry. The restraint of DiaVerse forces poets to use the purest forms of expression. 90 Two is ninety of Khalili’s DiaVerse poems, written over the last five years. The Health Of Women Jill Gay.2018-05-04 This book provides a state-of-the-art, comprehensive review of the many factors that affect women’s health, ranging from low socioeconomic status and the impact of the debt crisis to more direct medical determinants, such as poor nutrition, hemorrhage, eclampsia, and infection. At stake are the unnecessary and preventable deaths of women and girls around the globe. The contributors assess the reduced quality of life for women and the often unacknowledged contributions of women and girls as the backbone of production in both developing and developed countries. Synthesizing perspectives of policymakers and practitioners, researchers and scholars, The Health of Women urges major new initiatives to understand and improve women’s health, taking into account biological elements such as the life cycle of women as well as cultural constraints and socioeconomic realities.
