**Uncle Billy's Wine Guide for Novices** William Allan Kritsonis, Ann Marie Smith. 2020-08-01 Uncle Billy's Wine Guide for Novices is not intended for wine experts and others that consider themselves extremely knowledgeable about wine. This book is for the rest of us who want to learn more about the pleasures of enjoying wine and talking intelligently about it. About 8% of wine consumers consider themselves extremely knowledgeable about wine. Of these, about 3% consider themselves wine experts. This leaves the rest of us, about 92% who want to learn more about wine but don't want to become experts. Humor is scattered throughout the book to make your reading more enjoyable. The goal is to help you become more knowledgeable about wine and have fun doing so. And remember: "Always drink the wine you enjoy, and enjoy the wine you drink." William Allan Kritsonis, PhD, Author *Bubbly* Colleen Jeffers. 2019-11-12 *Bubbly* is a collection of more than 60 effortlessly stunning cocktail recipes featuring the most festive bottle behind the bar—champagne! With bright, seasonal flavors, simple techniques, and no pretense, author and photographer Colleen Jeffers shares her most irresistible sparkling cocktails, alongside quick-trick tips on topics like buying the right bottle of bubbly, keeping carbonation crisp, scoring cheap vintage glassware, and making simple syrup without a stove. Inside this beautiful book's plush, gold foil cover, recipes include: French 75—tart, light, crisp, refreshing, and arguably the best known of all vintage champagne cocktails Aperol Spritz—ideal for aperitivo hour Paloma Punch—perfect for serving a crowd Bubbly Mary—a modern brunch classic Margarita Fizz—a deceptively simple and refreshing Holiday Mail—a cheery seasonal

favorite And many, many more! This book will quickly become your go-to resource for recipes that rely on fresh, easy-to-find ingredients for head turning flavor without an expert's collection of bottles and tools. With an entire chapter devoted to brunch cocktails and another to party-ready punches, it's a weapon every home cook needs in their entertaining arsenal. And with a plush, shiny gold foil hardcover, rounded corners, glossy art paper, and gorgeous photography, it's a book you won't want to hide on a shelf! Inventive enough to appease the experienced cocktail creator but approachable enough for complete beginners, Bubbly proves that a splash of champagne can make any moment a cause for celebration. From the Author There aren't hundreds of recipes in this book, because each one had to earn its place in your kitchen, the kitchen of a stranger who's welcomed me in. I don't take your precious leisure time—your seasons and gatherings and free moments lightly. The cost and effort I'll ask you to spend on any one step or ingredient must be justified by a proportionate gain in flavor. I promise you that none of these drinks are dull, and that your loved ones will love them. I promise that I've described the absolute best way to make each drink without compromise, but also the simplest way to do so. The dry practicality that went into the development of these recipes found balance in the pure joy of dreaming them up and of imagining you enjoying each one. I pictured you in your own kitchens and couches and beaches and backyards, experiencing the pure bliss that is a perfectly mixed drink. I hope that you'll return to these pages whenever you're in need of that bliss, over and over again. —Colleen Jeffers

The Widows of Champagne Renee Ryan.2021-07-27 "History, drama, and passion as effervescent as the resilient LeBlanc women and the champagne that bears their name. I highly recommend!"

—Karen White, New York Times bestselling author In this captivating story of resilience, three generations of women battle to save their family’s vineyard from the ravages of WWII. Champagne, 1939 Gabrielle Leblanc Dupree is taking her family’s future into her hands. While she should be preparing for a lavish party to celebrate two centuries of champagne making, she secretly hides Chateau Fouché-Leblanc’s most precious vintages behind a fake wall in the cellar in preparation for the looming war. But when she joins the resistance, the coveted champagne isn’t the most dangerous secret her cellar must conceal... A former Parisian socialite, Gabrielle’s mother, Hélène, lost her husband to another war. Now her home has been requisitioned by the Germans, who pillage vineyards to satisfy the Third Reich’s thirst for the finest champagne. There’s even more at stake than Hélène dares admit. She has kept her heritage a secret...and no one is safe in Nazi-occupied France. Josephine, the family matriarch, watches as her beloved vineyard faces its most difficult harvest yet. As her daughter-in-law and granddaughters contend with the enemies and unexpected allies in their midst, Josephine’s deep faith leads to her own path of resistance. Across years and continents, the Leblanc women will draw on their courage and wits, determined against all odds to preserve their lives, their freedom and their legacy... A must-read novel from Love Inspired: Stories to Uplift and Inspire.

**Guide VERON des Champagnes 2020** Michel VERON.2019-06-10 Un guide incontournable, un concept unique Entre plaisir et émotion Avec cette dixième édition, le Guide VERON des Champagnes atteint sa maturité et perpétue son approche originale, sensorielle, œnologique et humaine pour mieux vous accompagner dans la découverte de la Champagne et des champagnes. 10 ans déjà que l'équipe du Guide VERON des Champagnes s'attache à partager l'infinie richesse de la Champagne, des hommes et des femmes qui la construisent chaque jour, au fil des saisons, en cultivant la vigne et en façonnant des champagnes dans le respect de la tradition, mais avec une créativité fabuleuse. Une aventure culturelle inoubliable. A l'heure où la webosphère et les réseaux sociaux imposent la notation et le classement pour tout et n'importe quoi et proposent à chacun de se poser en juge arbitraire impitoyable, le Guide VERON des Champagnes reste fidèle à son concept originel, refusant de classer et de noter les champagnes sélectionnés pour ne pas les abaisser au rang de vulgaires biens de consommation dont on pourrait mesurer les performances. Il poursuit ainsi sa démarche ambitieuse avec détermination. Les 70 champagnes sélectionnés dans ce Guide VERON des Champagnes 2020 grâce aux très nombreuses dégustations, en totale indépendance, vous offrent l'occasion d'un émouvant voyage au cœur de la Champagne, pour en découvrir la quintessence, celle qui a permis aux coteaux, maisons et caves de Champagne d'entrer au patrimoine mondial de l'UNESCO le 4 juillet 2015. 2015 VERON Champagnes GUIDE Michel VERON.2014-09-29 AN INEVITABLE GUIDE, A UNIQUE CONCEPT Between pleasure and emotion First the result of a rigorous selection, in total independence, this Champagnes guide aims at highlighting Champagnes of high-end expression, source of intense emotions and pleasure when tasted. These 100 Champagnes represent a terroir, a genuine savoir-faire, and a true passion. Here, no ranking, hierarchy, marks, blind tastings, intended to reassure the reader and be a proof of honesty and exactitude. How can we give a mark to a pleasure, an emotion? No, just "Favourites" that translate the emotions and pleasure felt by the tasters who, on the contrary, have the maximum of information about the tasted Champagne, to better explain and comprehend it as a whole. This guide offers a new approach, unique, enthusiast and logical, far from the traditional tasting comments that assess and rank the Champagnes. Here the key words are discovery and openmindedness. The goal is absolutely not to judge but to understand the selected Champagne, and above all to meet the producer and comprehend his approach, perceive his inspiration. The objective clearly is to set Champagne back in its real place, to consider it as a cultural product, a piece of art, the result of the encounter between a terroir and men, to highlight the savoir-faire, the talent and the enological creativity of the Champagne makers. Directed by Michel VERON, enologist, enology teacher at Lycée Viticole de la Champagne since more than 20 years, this book is the fruit of his passion for the tasting of Champagnes and his long experience enriched by many encounters with the Champagne makers.

**The Goode Guide to Wine** Jamie Goode.2020-09-01 Who will have the last word on wine, if not

Jamie Goode? Over the last decade, Goode has embarked on almost nonstop travel through the world's vineyards in an effort to understand the beautifully diverse and complicated world of wine. His hard-nosed pursuit of the most interesting stories to tell about wine has led us here, to *The Goode Guide to Wine*. This book—a sort of manifesto—distills many of the observations, lessons, and opinions that have made Jamie Goode a renowned voice within the wine world. In a series of short, pithy, and often rather blunt chapters, he celebrates what is exciting and interesting about wine, asks how we could do things better, and points out some of the absurdities of wine culture. Jamie Goode has a distinct philosophy when it comes to wine, and he knows you may disagree; if you do, that means it's working. *The Goode Guide to Wine* is a book designed to provoke and inspire in equal measure, encouraging the reader to be critical and to see the world of wine through fresh eyes.

**Guide VERON des Champagnes 2020 - Version anglaise** Michel VERON.2019-08-08 An inevitable Guide, An unique concept With this tenth opus, the Guide VERON des Champagnes reaches maturity and perpetuates its original, sensory, oenological and human approach to better accompany you in the discovery of the Champagne area and champagnes. For the last 10 years, the Guide VERON des Champagnes team has been committed to sharing the infinite wealth of the Champagne area, men and women who build it every day, through the seasons, cultivating the vines and crafting champagnes in the respect of tradition, but with fabulous creativity. An unforgettable cultural adventure. At a time when the webosphere and the social networks impose the marking and the ranking for everything and anything and propose to everyone to pose as a merciless arbitrary judge, the Guide VERON des Champagnes remains faithful to its original concept, which consists in refusing to classify and mark the selected champagnes in order not to reduce them to vulgar consumer goods of which performance could be measured. It thus continues with determination its ambitious approach. The 70 champagnes selected in this Guide VERON des Champagnes 2020 thanks to the numerous tastings, in total independence, offer you the opportunity to travel directly in the heart of the Champagne area, to discover the quintessence of it, the one which enabled the

*What She Ate* Laura Shapiro. 2017-07-25 A Washington Post Notable Nonfiction Book of The Year One of NPR Fresh Air's Books to Close Out a Chaotic 2017 NPR's Book Concierge Guide To the Year's Great Reads "How lucky for us readers that Shapiro has been listening so perceptively for decades to the language of food." —Maureen Corrigan, NPR Fresh Air Six "mouthwatering" (Eater.com) short takes on six famous women through the lens of food and cooking, probing how their attitudes toward food can offer surprising new insights into their lives, and our own. Everyone eats, and food touches on every aspect of our lives—social and cultural, personal and political. Yet most biographers pay little attention to people's attitudes toward food, as if the great and notable never bothered to think about what was on the plate in front of them. Once we ask how somebody relates to food, we find a whole world of different and provocative ways to understand her. Food stories can be as intimate and revealing as stories of love, work, or coming-of-age. Each of the six women in this entertaining group portrait was famous in her time, and most are still famous in ours; but until now, nobody has told their lives from the point of view of the kitchen and the table. *What She Ate* is a lively and unpredictable array of women; what they have in common with one another (and us) is a powerful relationship with food. They include Dorothy Wordsworth, whose food story transforms our picture of the life she shared with her famous poet brother; Rosa Lewis, the Edwardian-era Cockney caterer who cooked her way up the social ladder; Eleanor Roosevelt, First Lady and rigorous protector of the worst cook in White House history; Eva Braun, Hitler's mistress, who challenges our warm associations of food, family, and table; Barbara Pym, whose witty books upend a host of stereotypes about postwar British cuisine; and Helen Gurley Brown, the editor of

Cosmopolitan, whose commitment to “having it all” meant having almost nothing on the plate except a supersized portion of diet gelatin.

**WINE GUIDE IN Tralci 2020 CHAMPAGNE** Rolando Fabrini.2020-02-06 This Guide is dedicated to all wine amateurs that go to Champagne for touring and do not want to have bad surprises when buying wines (that is to say: very good wines at right prices). Therefore many famous Champagne producers are not mentioned in this paper. The wines registered in this Guide have been tasted by experts during several Salon des Vins des Vignerons Indépendants (Paris, Lion, Nice, Lille etc.); some wines have been anonymously evaluated in businesses themselves, whereas others have been officially judged after selection in wineries. Evaluation is a result from team work, where a team tasted wines for about six months. The Tasting Commission is made up of winetasters, chefs and amateurs.

*Champagne* Don Kladstrup, Petie Kladstrup.2010-05-18 Throughout history, waves of invaders have coveted the northeast corner of France: Attila the Hun in the fifth century, the English in the Hundred Years War, the Prussians in the nineteenth century. Yet this region - which historians say has suffered more battles and wars than any other place on earth - is also the birthplace of one thing the entire world equates with good times, friendship and celebration: champagne. Champagne is the story of the world's favourite wine. It tells how a sparkling beverage that became the toast of society during the Belle Epoque emerged after World War I as a global icon of fine taste and good living.

The book celebrates the gutsy, larger-than-life characters whose proud determination nurtured and preserved the land and its grapes throughout centuries of conflict.

The 300,000 words within expand the scope of the information at every turn, and the amount of beautiful photography is likely to make it the only coffee-table book to show the eyeball and thumbprint traffic it will engender. It goes without saying that anyone with an interest in Champagne must have this book. - James Halliday This is the most comprehensive and finely wrought and written book on Champagne I have ever seen. Truly epic work. - Matthew Jukes THE definitive guide and authority on everything champagne. This 'bible' is beautifully presented and the immersive research invested and passion is on full show. A stunning achievement. - Luxury Wine Trails An extraordinary achievement - the depth of understanding and notes about each house and their wines is exceptional. - Mark Smith

*Champagne, Uncorked* Alan Tardi. 2016-05-24 The epitome of effervescence and centerpiece of celebration, Champagne has become a universal emblem of good fortune, and few can resist its sparkle In *Champagne, Uncorked*, Alan Tardi journeys into the heartland of the world's most beloved wine. Anchored by the year he spent inside the prestigious and secretive Krug winery in Reims, the story follows the creation of the superlative Krug Grande Cuv'e. Tardi also investigates the evocative history, quirky origins, and cultural significance of Champagne. He reveals how it became the essential celebratory toast (merci Napoleon Bonaparte!), and introduces a cast of colorful

characters, including Eugè Mercier, who in 1889 transported his Cathedral of Champagne, the largest wine cask in the world, to Paris by a team of white horses and oxen, and Joseph Krug, the reserved son of a German butcher who wound up in France, fell head over heels for Champagne, and risked everything to start up his own eponymous house. In the vineyards of Champagne, Tardi discovers how finicky grapes in an unstable climate can lead to a nerve-racking season for growers and winemakers alike. And he ventures deep into the caves, where the delicate and painstaking alchemy of blending takes place -- all of which culminates in the glass we raise to toast life's finer moments.

*Guide VERON des Champagnes 2023 - English version* Michel VERON.2022-03-23 An inevitable guide, an unique concept Between pleasure and emotion After record sales in 2021 and while the Champagne area is resolutely moving towards controlling its ecological footprint, first AOP area to allow a varietal resistant to mildew and powdery mildew, the Voltis, in order to limit the use of pesticides, I am happy to present the Guide VERON des Champagnes 2023. For this thirteenth edition, 74 cuvées of champagne have been selected, produced by wine growers as well as cooperative cellars and Champagne houses. This year of discoveries and tastings has again been the occasion for new surprises, sources of constantly renewed pleasure, which have allowed me to measure the dynamism and creativity of the champagne producers. The Guide VERON des Champagnes remains faithful to its concept, the one that makes it stand out, which consists in refusing to classify and mark the selected champagnes, in order not to fall into vulgarity. How to assign a grade to a pleasure or an emotion? Through this book, I offer you a real initiatory journey, to meet the wine growers and cellar masters who made it possible to write this Guide VERON des Champagnes 2023. This book published in French and English was born out of my passion for

champagne tasting, my long experience enriched by innumerable exchanges with the champenois wine growers and my thirst for discovery... **The Vineyards of Champagne** Juliet Blackwell.2020-01-21 Beneath the cover of France's most exquisite vineyards, a city of women defy an army during World War I, from the New York Times bestselling author of *The Lost Carousel of Provence*.... Deep within the labyrinth of caves that lies below the lush, rolling vineyards of the Champagne region, an underground city of women and children hums with life. Forced to take shelter from the unrelenting onslaught of German shellfire above, the bravest and most defiant women venture out to pluck sweet grapes for the harvest. But wine is not the only secret preserved in the cool, dark cellars... In present day, Rosalyn Acosta travels to Champagne to select vintages for her Napa-based employer. Rosalyn doesn't much care for champagne--or France, for that matter. Since the untimely death of her young husband, Rosalyn finds it a challenge to enjoy anything at all. But as she reads through a precious cache of WWI letters and retraces the lives lived in the limestone tunnels, Rosalyn will unravel a mystery hidden for decades...and find a way to savor her own life again.

**A Scent of Champagne** Richard Juhlin.2016-10-04 Champagne may be the most misunderstood category of wine in the world, as many labels of sparkling wines bear the name in error. True champagne comes only from the French province of Champagne and contains three specific grape varieties. But figuring out more about the wine can be confusing: what is the difference between *cuvée de prestige*, *blanc de noirs*, and *rosé*? What is the best kind of food to pair with champagne? How many different kinds of sweetness are there? What is the best method of storage? Richard Juhlin, the world's foremost champagne expert, answers these questions and more as he takes the reader on a journey to the geographical area of Champagne and through the history of the drink. He explains how to arrange tastings and develop one's sense of smell, and why the setting where you drink champagne is important, including personal anecdotes about his lifelong journey from PE

teacher to connoisseur. Also included is a catalog section that describes and ranks different champagne houses, types, and vintages. Sit back and enjoy Juhlin's graceful prose with a lovely glass of champagne, the sparkling wine that has come to epitomize luxury and elegance. Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We've been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

**VERON Champagnes Guide 2017** Michel VERON.2016-08-26 An inevitable Guide, a unique concept Between pleasure and emotion The fruit of a rigorous selection, in total independence, result of loads of tastings, this guide is intended as an open door to enter the intimacy of the Champagnes and to appreciate the pleasures and feelings they provide. This Champagnes Guide is above all an essential book that accompanies the amateur of Champagnes in his discovery of the infinite wealth of the Champagne area through the 92 selected cuvées. The VERON Champagnes Guide takes you into its unlimited quest of the fabulous diversity of the Champagne area and invites you to penetrate the secrets of the creation of the cuvées, traditional Champagnes, extraordinary gems, inevitable classics or prestigious Champagnes. The aim is certainly not to judge the selected Champagne, but rather to grasp, to understand the technical, viticultural and oenological approach, the philosophy, the intuition that guided its producer. The VERON Champagnes Guide therefore

abstains from marking and ranking. While the hillsides, Houses and wine cellars of Champagne entered into the UNESCO World Heritage on 4 July 2015, the objective is ambitious: to put the Champagne back in its proper place, the one of a real cultural and gastronomic French and global heritage. Realized by Michel VERON in Champagne, oenologist and oenology teacher at Lycée Viticole de la Champagne since 1991, this book, available in French and in English, is the fruit of his passion for the tasting of Champagnes, of his long experience enriched by many exchanges with the Champagne makers and of his thirst for discovery: “Accept no obstacle to the freedom freedom to create, imagine, learn, explore!” Roger-Maurice Bonnet - Astrophysicist.

**The Champagne Guide** Tyson Stelzer.2023-11 The world's most comprehensive and up-to-date guide to champagne, featuring all the latest vintages. The Champagne Guide Edition VII contains fully independent assessments, with profiles and ratings of hundreds of champagne houses and thousands of champagnes.

**But First, Champagne** David White.2016-10-18 There's never been a better time to get into Champagne! Both the region of Champagne and its wines have always been associated with prestige and luxury. Knowledgeable wine enthusiasts have long discussed top Champagnes with the same reverence they reserve for the finest wines of Bordeaux and Burgundy. But everyday Americans usually keep Champagne way back on the high shelf. It's for big celebrations, send-offs, and wedding toasts and, more often than not, is bought by the case. The good stuff costs plenty—and frankly, rarely seems worth the price. Today, though, Champagne is in the midst of a renaissance—no longer to be unjustly neglected. Over the past decade, an increasing number of wine enthusiasts have discovered the joys of grower Champagne—wines made by the farmers who grow the grapes. Thanks to a few key wine importers and America's newfound obsession with knowing where food comes

from, these shipments have been climbing steadily. In *But First, Champagne*, author David White details Champagne's history along with that of its wines, explains how and why the market is changing, and profiles the region's leading producers. This book is essential reading for wine enthusiasts, adventurous drinkers, foodies, sommeliers, and drinks professionals. With a comprehensive yet accessible overview of the region, its history, and its leading producers, *But First, Champagne* will demystify Champagne for all. From the foreword: Smart, entertaining, and valuable . . . one of those rare wine books that should appeal to people just getting into Champagne and longtime Champagne obsessives. —Ray Isle, Executive Wine Editor, *Food & Wine*

Aware of the major challenges of the 21st century, it is going digital, driven by a real desire to limit its environmental impact and to improve its carbon footprint. Thus, this Guide VERON des Champagnes 2021 will be exclusively marketed online, on Amazon, favouring the digital version (Kindle ebook) and with a paper version printed on demand in more than 100 countries of the world, in order to avoid stocks, possible unsold books to destroy and transport over long distances. New cuvées from Champagne, real œnological gem, new website, new design, the Guide VERON des Champagnes remains faithful to its concept, the one that makes its originality, by refusing to classify and mark the selected champagnes, so as not to sink into vulgarity. How to mark a pleasure or an emotion? The champagnes selected in this book, in total independence, gave place to many tastings and meetings rich in emotions with the wine growers and cellar masters which enabled to write with passion this Guide VERON des Champagnes 2021, despite the unprecedented crisis related to the coronavirus, to offer you an exciting 2021 edition. Produced in Champagne by Michel VERON, œnologist and œnology teacher at Lycée viticole de la Champagne since 1991, this book, published in French and English, was born out of his passion for champagne tasting, his long

experience enriched by innumerable exchanges with the champenois wine growers and his thirst for discovery. [www.guide-veron-champagne.blogspot.com](http://www.guide-veron-champagne.blogspot.com) Photo credits : Brigitte VERON

Guide VERON des Champagnes 2024 - English version VERON Michel.2023-06-12 An inevitable guide, an unique concept Between pleasure and emotion After a year 2022 during which all the alerts related to global warming, the collapse of biodiversity, the depletion of resources and various crises, between unprecedented fires and drought, armed conflicts at the gates of Europe and uncontrolled migrations, exceeding the most pessimistic scenarios used by the IPCC since 1990, the Champagne area still manages to preserve the quality of its wines and its economic stability. Let's hope that the change to a low-carbon and truly environmentally friendly champagne sector will be fast enough to meet the imminent challenges... Despite this worrying context, I am happy to present the Guide VERON des Champagnes 2024. For this fourteenth edition, 65 cuvées of champagne have been selected, produced by wine growers as well as cooperative cellars and Champagne houses. This year of discoveries and tastings has again been the occasion for new surprises, sources of constantly renewed pleasure, which have allowed me to measure the dynamism and creativity of the champagne producers. The Guide VERON des Champagnes remains faithful to its concept, the one that makes it stand out, which consists in refusing to classify and mark the selected champagnes, in order not to fall into vulgarity. How to assign a grade to a pleasure or an emotion? Through this book, I offer you a real initiatory journey, to meet the wine growers and cellar masters who made it possible to write this Guide VERON des Champagnes 2024. This book published in French and English was born out of my passion for champagne tasting, my long experience enriched by innumerable exchanges with the champenois wine growers and my thirst for discovery... 2016 VÉRON Champagnes Guide Michel VERON.2015-09-01 An inevitable guide, a unique concept Between pleasure and emotion Even if it is first the fruit of an ever more rigorous selection, in total independence, this Champagnes Guide is above all an essential book that accompanies the amateur of Champagnes in his discovery of the infinite wealth of the Champagne area through the 107 selected cuvées . The VERON Champagnes Guide takes you into its unlimited quest of the fabulous diversity of the Champagne area and invites you to penetrate the secrets of the creation of the cuvées , traditional Champagnes, extraordinary gems, inevitable classics or prestigious Champagnes. The aim is certainly not to judge the selected Champagne, but rather to grasp, to understand the technical, viticultural and oenological approach, the philosophy, the intuition that guided its producer. The VERON Champagnes Guide therefore abstains from marking and ranking. It is also an opportunity for a real initiatory route through the Champagne area for the students of the Lycée Viticole de la Champagne, future Champagne professionals, who take part in selection tastings. While the hillsides, Houses and wine cellars of Champagne are just entering into the UNESCO World Heritage, the objective is ambitious : to put the Champagne back in its proper place, the one of a real cultural and gastronomic French and global heritage. Realized by Michel VERON in Champagne, oenologist and oenology teacher at Lycée Viticole de la Champagne since 1991, this book, available in French and in English, is the fruit of his passion for the tasting of Champagnes, of his long experience enriched by many exchanges with the Champagne makers and of his thirst for discovery : “Every explorer knows it, the most exciting is what is left to discover” Doctor Sylvestre Maurice - Astrophysicist.
