Although Of Course You End Up Becoming Yourself David Lipsky.2010-04-13 NOW A MAJOR MOTION PICTURE, STARRING JASON SEGAL AND JESSE EISENBERG, DIRECTED BY JAMES PONSOLDT An indelible portrait of David Foster Wallace, by turns funny and inspiring, based on a five-day trip with award-winning writer David Lipsky during Wallace's Infinite Jest tour In David Lipsky's view, David Foster Wallace was the best young writer in America. Wallace's pieces for Harper's magazine in the '90s were, according to Lipsky, "like hearing for the first time the brain voice of everybody I knew: Here was how we all talked, experienced, thought. It was like smelling the damp in the air, seeing the first flash from a storm a mile away. You knew something gigantic was coming." Then Rolling Stone sent Lipsky to join Wallace on the last leg of his book tour for Infinite Jest, the novel that made him internationally famous. They lose to each other at chess. They

get iced-in at an airport. They dash to Chicago to catch a make-up flight. They endure a terrible reader's escort in Minneapolis. Wallace does a reading, a signing, an NPR appearance. Wallace gives in and imbibes titanic amounts of hotel television (what he calls an "orgy of spectation"). They fly back to Illinois, drive home, walk Wallace's dogs. Amid these everyday events, Wallace tells Lipsky remarkable things—everything he can about his life, how he feels, what he thinks, what terrifies and fascinates and confounds him—in the writing voice Lipsky had come to love. Lipsky took notes, stopped envying him, and came to feel about him—that grateful, awake feeling—the same way he felt about Infinite Jest. Then Lipsky heads to the airport, and Wallace goes to a dance at a Baptist church. A biography in five days, *Although Of Course You End Up Becoming Yourself* is David Foster Wallace as few experienced this great American writer. Told in his own words, here is Wallace's own story, and his astonishing, humane, alert way of looking at the world; here are stories of being a young writer—of being young generally—trying to knit together your ideas of who you should be and who other people expect you to be, and of being young in March of 1996. And of what it was like to be with and—as he tells it—what it was like to become David Foster Wallace. If you can think of times in your life that you've treated people with extraordinary decency and love, and pure uninterested concern, just because they were valuable as human beings. The ability to do that with ourselves. To treat ourselves the way we would treat a really good, precious friend. Or a tiny child of ours that we absolutely loved more than life itself. And I think it's probably possible to achieve that. I think part of the job we're here for is to learn how to do it. I know that sounds a little pious. —David Foster Wallace

Learning Outside the Primary Classroom Fred Sedgwick.2012 In *Learning Outside the Primary Classroom*, the educationalist and writer Fred Sedgwick explores in a practical way the many

opportunities for intense learning that children and teachers can find outside the confines of the usual learning environment, the classroom.

Writing About Architecture Alexandra Lange. 2012-02-29 Extraordinary architecture addresses so much more than mere practical considerations. It inspires and provokes while creating a seamless experience of the physical world for its users. It is the rare writer that can frame the discussion of a building in a way that allows the reader to see it with new eyes. *Writing About Architecture* is a handbook on writing effectively and critically about buildings and cities. Each chapter opens with a reprint of a significant essay written by a renowned architecture critic, followed by a close reading and discussion of the writer's strategies. Lange offers her own analysis using contemporary examples as well as a checklist of questions at the end of each chapter to help guide the writer. This important addition to the *Architecture Briefs* series is based on the author's design writing courses at New York University and the School of Visual Arts. Lange also writes a popular online column for *Design Observer* and has written for *Dwell*, *Metropolis*, *New York* magazine, and *The New York Times*. *Writing About Architecture* includes analysis of critical writings by Ada Louise Huxtable, Lewis Mumford, Herbert Muschamp, Michael Sorkin, Charles Moore, Frederick Law Olmsted, and Jane Jacobs. Architects covered include Marcel Breuer, Diller Scofidio + Renfro, Field Operations, Norman Foster, Frank Gehry, Frederick Law Olmsted, SOM, Louis Sullivan, and Frank Lloyd Wright.

Creating Digital Literacy Spaces for Multilingual Writers Joel Bloch. 2021-01-27 This book argues for the value of digital literacy in the multilingual writing classroom. Against the background of huge changes in literacy practices prompted by online communication, and a growing acceptance of a broader definition of academic literacy that encompasses multimodality, the book examines the relationship between digital and print literacies and addresses the design of literacy spaces for

multilingual classrooms. The author critically evaluates the latest developments in the use of technology in multilingual writing spaces, and focuses on the role of teachers in their design; it also addresses areas that are not often discussed in relation to multilingual students, from blogging to publishing and intellectual property. The book will help teachers meet the challenges created by rapidly shifting technology, as well as making an innovative contribution to research on multilingual writing classrooms.

Architects on Architects Susan Gray.2001-09-06 Architects on Architects Susan Gray Here's a profound, stirring study of how the world's greatest architects influenced the work of others and why--told in the architect's own dramatic and awe-filled words. The contributors discuss the career-inspiring achievements of their mentors, designers of some of the most famous structures on earth. They delve into their own design philosophy, and how the genius of others affected their careers, their goals, as well as their lives. This candid personal testimony imparts the emotion, inspiration, and wonderment of architecture and vividly demonstrate the power of mentorship and the potential it can unleash. Each original essay is beautifully illustrated with photographs (most in full color) of both the architect's work and that of his mentor, providing a visually stunning forum for comparison and learning. An ideal book for architecture aficionados, ARCHITECTS ON ARCHITECTS captures the soul, inspiration, and majesty of architecture. Susan Gray (New York, NY) is an architectural

photographer and writer who has worked with many large corporations and magazines.

Norman Foster Norman Foster, David Jenkins. 2002 The works of Norman Foster from 1993 - 2004 are the focus of this book, the fifth instalment of a multi-volume retrospective. The text about each project is accompanied by colour photographs and detailed plans.

Portfolio, 1967-2017 Norman Foster, Peter Buchanan. 2019 - Featuring photography of every completed work from the practice's first fifty years - from Reliance Controls in 1967 to Comcast in 2017 - Foster + Partners Portfolio is the only comprehensive book on the complete work of the renowned practice ever published - Foster + Partners Portfolio features previously unpublished photography and drawings of some of the practice's most significant built and unbuilt work - Features Foster + Partners' recent work, including the European headquarters of Bloomberg in London - winner of the 2018 RIBA Stirling Prize - The book opens with a foreword from Norman Foster - the Pritzker Prize-winning founder and executive chairman of Foster + Partners - Essays from respected writer, curator and consultant Peter Buchanan offer fresh insight into the practice and its exacting standards of design, sustainability, innovation and excellence - Foster + Partners Portfolio is the first in a new line of publications produced directly by the award-winning practice Foster + Partners Portfolio is a complete and extraordinary account of the first fifty years of Foster + Partners - a globally renowned studio for sustainable architecture, urbanism and design. Over the past half-century, the practice - founded as Foster Associates in 1967 - has grown into a multi-disciplinary studio, motivated by sustainable design and leading through creativity and innovation. This book provides a beautiful visual record that celebrates the practice's remarkable breadth of works - both built and unbuilt. For the first time ever, Portfolio features photography of every

project completed in the practice's first five decades, as well as drawings of its most important unrealized designs. Through over 480 carefully edited images - many previously unpublished - the book highlights the enormous contribution the practice has made to a range of design disciplines. Portfolio is delineated into five decade-long chapters, spanning from 1967 to 2017. Photographic pairings, acting as a chronological record of over 340 built works, provide the book's visual narrative. Drawings of unbuilt works appear at the end of each decade, celebrating the people behind the projects and hinting at the depth of ideas that permeate the practice. By placing projects side-by-side that would not normally be seen together, the book offers new readings of Foster + Partners' oeuvre. Always thought-provoking, often surprising and sometimes humorous, the juxtaposed photographs and drawings have been chosen to illuminate evolving design ideas rather than detail the finished architecture. Connected by color and light, or contrasted by form and function, the image pairings are shown without the responsibility of spatial explanation. This abstraction puts the viewer close to the creative spark of the architect and offers a unique insight into one of the most inventive studios in the world.

Good Prose Tracy Kidder, Richard Todd. 2013-01-15 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS Good Prose is an inspiring book about writing—about the creation of good prose—and the record of a warm and productive literary friendship. The story begins in 1973, in the offices of The Atlantic Monthly, in Boston, where a young freelance writer named Tracy Kidder came looking for an assignment. Richard Todd was the editor who encouraged him. From that article grew a lifelong association. Before long, Kidder's *The Soul of a New Machine*, the first book the two worked on together, had won the Pulitzer Prize. It was a heady moment, but for Kidder and Todd it was only the beginning of an education in the art of nonfiction. Good Prose explores

three major nonfiction forms: narratives, essays, and memoirs. Kidder and Todd draw candidly, sometimes comically, on their own experience—their mistakes as well as accomplishments—to demonstrate the pragmatic ways in which creative problems get solved. They also turn to the works of a wide range of writers, novelists as well as nonfiction writers, for models and instruction. They talk about narrative strategies (and about how to find a story, sometimes in surprising places), about the ethical challenges of nonfiction, and about the realities of making a living as a writer. They offer some tart and emphatic opinions on the current state of language. And they take a clear stand against playing loose with the facts. Their advice is always grounded in the practical world of writing and publishing. *Good Prose*—like Strunk and White’s *The Elements of Style*—is a succinct, authoritative, and entertaining arbiter of standards in contemporary writing, offering guidance for the professional writer and the beginner alike. This wise and useful book is the perfect companion for anyone who loves to read good books and longs to write one. Praise for *Good Prose* “Smart, lucid, and entertaining.”—*The Boston Globe* “You are in such good company—congenial, ironic, a bit old-school—that you’re happy to follow [Kidder and Todd] where they lead you.”—*The Wall Street Journal* “[A] well-structured, to-the-point, genuinely useful, and fun-to-read guide to writing narrative nonfiction, essays, and memoir . . . Crisp, informative, and mind-expanding.”—*Booklist* “A gem . . . The finer points of creative nonfiction are molded into an inspiring read that will affect the would-be writer as much as Anne Lamott’s *Bird by Bird* or Stephen King’s *On Writing*. . . . This is a must read for nonfiction writers.”—*Library Journal* “As approachable and applicable as any writing manual available.”—Associated Press

The History of Southern Drama Charles S. Watson. 2021-12-14 Mention southern drama at a

cocktail party or in an American literature survey, and you may hear cries for Stella! or laments for gentleman callers. Yet southern drama depends on much more than a menagerie of highly strung spinsters and steel magnolias. Charles Watson explores this field from its eighteenth- and nineteenth-century roots through the southern Literary Renaissance and Tennessee Williams's triumphs to the plays of Horton Foote, winner of the 1994 Pulitzer Prize. Such well known modern figures as Lillian Hellman and DuBose Heyward earn fresh looks, as does Tennessee Williams's changing depiction of the South—from sensitive analysis to outraged indictment—in response to the Civil Rights Movement. Watson links the work of the early Charleston dramatists and of Espy Williams, first modern dramatist of the South, to later twentieth-century drama. Strong heroines in plays of the Confederacy foreshadow the spunk of Tennessee Williams's Amanda Wingfield. Claiming that Beth Henley matches the satirical brilliance of Eudora Welty and Flannery O'Connor, Watson connects her zany humor to 1840s New Orleans farces. With this work, Watson has at last answered the call for a single-volume, comprehensive history of the South's dramatic literature. With fascinating detail and seasoned perception, he reveals the rich heritage of southern drama.

Rethinking Dwelling Jeff Malpas. 2021-07-15 Over the last twenty years, Jeff Malpas' research has involved his engagement with architects and other academics around the issues of place, architecture and landscape and particularly the way these practitioners have used the work of Martin Heidegger. In *Rethinking Dwelling*, Malpas' primary focus is to rethink of these issues in a way that is directly informed by an understanding of place and the human relation it. With essays on a range of architectural and design concerns, as well as engaging with other thinkers on topics including textuality in architecture, contemporary high-rise construction, the significance of the line, the relation between building and memory and the idea of authenticity in architecture, this book

departs from the traditional phenomenological focus and provides students and scholars with a new ontological assessment of landscape and architecture. As such, it may also be used on other 'spatial' or 'topographic' disciplines including geography, sociology, anthropology, and art in which the 'spatial turn' has been so important.

Collours Rem Koolhaas.2001 The nature of colour should change -no longer just a thin layer of change, but something that genuinely alters perception -this stipulation of Rem Koolhaas is echoed by the world famous architects and designers Alessandro Mendini and Norman Foster. In this volume, they present between them a total of 90 colours -each covering half a page -accompanied by comments on the background, the significance and the applications of the colours. Studies of colours from each office form the basis of this book, and were previously only available in extravagant individual editions. With this comprehensive and consistent presentation of the varying approaches to colour, we have a compendium which shows the wide use of colour in today's technologically advanced architecture with its modern, post-modern and deconstructive orientation. The range of examples of the colours in practice includes load-bearing structures, facades, interior design, furnishing and the entire spectrum of product design.

Gold from the Stone Lemn Sissay.2016-08-25 Lemn Sissay was seventeen when he wrote his first poetry book, which he hand-sold to the miners and millworkers of Wigan. Since then his poems have become landmarks, sculpted in granite and built from concrete, recorded on era-defining albums and declaimed in over thirty countries. He has performed to thousands of football fans at the FA Cup Final, to hundreds of thousands as the poet of the London Olympics, and to millions across our TV screens and the airwaves of BBC Radio. He has become one of the nation's best-loved voices.

What Writing Does and How It Does It Charles Bazerman,Paul Prior.2003-12-08 In *What Writing Does and How It Does It*, editors Charles Bazerman and Paul Prior offer a sophisticated introduction to methods for understanding, studying, and analyzing texts and writing practices. This volume addresses a variety of approaches to analyzing texts, and considers the processes of writing, exploring textual practices and their contexts, and examining what texts do and how texts mean rather than what they mean. Included are traditional modes of analysis (rhetorical, literary, linguistic), as well as newer modes, such as text and talk, genre and activity analysis, and intertextual analysis. The chapters have been developed to provide answers to a specified set of questions, with each one offering: *a preview of the chapter's content and purpose; *an introduction to basic concepts, referring to key theoretical and research studies in the area; *details on the types of data and questions for which the analysis is best used; *examples from a wide-ranging group of texts, including educational materials, student writing, published literature, and online and electronic media; *one or more applied analyses, with a clear statement of procedures for analysis and illustrations of a particular sample of data; and *a brief summary, suggestions for additional readings, and a set of activities. The side-by-side comparison of methods allows the reader to see the multi-dimensionality of writing, facilitating selection of the best method for a particular research question. The volume contributors are experts from linguistics, communication studies, rhetoric, literary analysis, document design, sociolinguistics, education, ethnography, and cultural psychology, and each utilizes a specific mode of text analysis. With its broad range of methodological

examples, *What Writing Does and How It Does* It is a unique and invaluable resource for advanced undergraduate and graduate students and for researchers in education, composition, ESL and applied linguistics, communication, L1 and L2 learning, print media, and electronic media. It will also be useful in all social sciences and humanities that place importance on texts and textual practices, such as English, writing, and rhetoric.

Why I Write Will Blythe.1999-09-15 In this anthology, 26 writers illuminate the motivations at the heart of their creative lives in original essays that are as surprising and varied as their fiction. The contributors include Pat Conroy, Norman Mailor, Rick Moody and David Foster Wallace.

Home Witold Rybczynski.1987-07-07 Walk through five centuries of homes both great and small—from the smoke-filled manor halls of the Middle Ages to today's Ralph Lauren-designed environments—on a house tour like no other, one that delightfully explicates the very idea of home. You'll see how social and cultural changes influenced styles of decoration and furnishing, learn the connection between wall-hung religious tapestries and wall-to-wall carpeting, discover how some of our most welcome luxuries were born of architectural necessity, and much more. Most of all, *Home* opens a rare window into our private lives—and how we really want to live.

Managing Quality in Architecture Charles Nelson,William Ronco,John Beveridge,Jack Reigle,James Cramer.2017-11-27 Completely revised throughout for this second edition, *Managing Quality in Architecture* addresses the new ISO 9001 standards after the significant 2015 revision. ISO 9001 is the global standard for quality, and firms certified under the 2008 edition have three years to upgrade their quality systems to the new Standard. This book helps architects, engineers

and other designers working in the built environment to develop appropriate quality systems that meet the requirements of the international Standard. Importantly, the 2015 Standard integrates risk management with quality, something that earlier versions did not. Risk is an extremely important factor in professional design practice, and this important element is fully explored in the new edition. Similarly, the role of BIM in quality management is addressed as an integral part of practice. International contributions from the USA and Australia provide expertise in each topic, and case studies from the USA, Japan, Australia, New Zealand and the United Nations Office of Project Services provide easy-to-follow illustrations of the important areas to understand. The focus is completely practical, rather than theoretical, affording readers a concise picture of how the issues of excellence and quality performance flow across every aspect of design practice.

Ask Me About My Uterus Abby Norman.2018-03-06 For any woman who has experienced illness, chronic pain, or endometriosis comes an inspiring memoir advocating for recognition of women's health issues In the fall of 2010, Abby Norman's strong dancer's body dropped forty pounds and gray hairs began to sprout from her temples. She was repeatedly hospitalized in excruciating pain, but the doctors insisted it was a urinary tract infection and sent her home with antibiotics. Unable to get out of bed, much less attend class, Norman dropped out of college and embarked on what would become a years-long journey to discover what was wrong with her. It wasn't until she took matters into her own hands -- securing a job in a hospital and educating herself over lunchtime reading in the medical library -- that she found an accurate diagnosis of endometriosis. In *Ask Me About My Uterus*, Norman describes what it was like to have her pain dismissed, to be told it was all in her head, only to be taken seriously when she was accompanied by a boyfriend who confirmed that her sexual performance was, indeed, compromised. Putting her own trials into a broader historical,

sociocultural, and political context, Norman shows that women's bodies have long been the battleground of a never-ending war for power, control, medical knowledge, and truth. It's time to refute the belief that being a woman is a preexisting condition.

Norman Foster Deyan Sudjic.2010-09-02 The author of *The Language of Things* “takes readers on an engrossing tour of Foster’s life” from childhood to the world-renowned buildings he designed (Publishers Weekly, starred review). A leading pioneer of high-tech architecture, Norman Foster has worked across the globe, collaborating with luminaries such as R. Buckminster Fuller to Steve Jobs. Born in Manchester, England, Foster grew up in poverty, the son of a machine painter. He served in the Royal Air Force and worked in a local architect’s office before returning to school for architecture. Foster went on to design the Reichstag, the Hong Kong and Shanghai Banks headquarters in London and China, the new Wembley stadium and the British Museum's new court. He is also responsible for the design of Beijing's new airport, the Rossiya tower in Moscow, one of the towers at Ground Zero in Manhattan, as well as numerous other buildings around the world. In this insightful biography, Deyan Sudjic charts Foster’s remarkable life and career.

The Gallerist Michael Levitt.2022-02-01 James Devlin is a celebrated artist whose past is as blank as an empty canvas. When Jan Bilowski brings a painting, which was a gift to her dead sister, into Mark Lewis's gallery, she tells him it was created by a seventeen-year-old boy called Charlie. Why then does the work look exactly like a James Devlin—painted a whole decade before the artist's career began on the other side of the country?

Creating Writers James Carter.2002-02-07 This unique and comprehensive text offers an original approach to teaching creative writing by exploring ideas, giving advice, and explaining workshop

activities and has many contributors from some of today's most popular children's authors including: Jacqueline Wilson, Roger McGough, Philip Pullman, Malorie Blackman and David Almond. *Creating Writers* is a practical writing manual for teachers to use with upper primary and lower secondary level pupils that covers poetry, fiction and non-fiction.

Why Are We at War? Norman Mailer. 2013-09-17 Beginning with his debut masterpiece, *The Naked and the Dead*, Norman Mailer has repeatedly told the truth about war. *Why Are We at War?* returns Mailer to the gravity of the battlefield and the grand hubris of the politicians who send soldiers there to die. First published in the early days of the Iraq War, *Why Are We at War?* is an explosive argument about the American quest for empire that still carries weight today. Scrutinizing the Bush administration's words and actions, Mailer unleashes his trademark moral rigor: "Because democracy is noble, it is always endangered. . . . To assume blithely that we can export democracy into any country we choose can serve paradoxically to encourage more fascism at home and abroad." Praise for *Why Are We at War?* "We're overloaded with information these days, some of it possibly true. Mailer offers a provocative—and persuasive—cultural and intellectual frame."—*Newsweek* "[Mailer] still has the stamina to churn out hard-hitting criticism."—*Los Angeles Times* "Penetrating . . . There's plenty of irreverent wit and fresh thinking on display."—*San Francisco Chronicle* "Eloquent . . . thoughtful . . . *Why Are We at War?* pulls no punches."—*Fort Worth Star-Telegram* Praise for Norman Mailer "[Norman Mailer] loomed over American letters longer and larger than any other writer of his generation."—*The New York Times* "A writer of the greatest and most reckless talent."—*The New Yorker* "Mailer is indispensable, an American treasure."—*The Washington Post* "A devastatingly alive and original creative mind."—*Life* "Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong

brilliance.”—The New York Review of Books “The largest mind and imagination [in modern] American literature . . . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book.”—Chicago Tribune “Mailer is a master of his craft. His language carries you through the story like a leaf on a stream.”—The Cincinnati Post

First You Write a Sentence. Joe Moran. 2018-09-27 A STYLE GUIDE BY STEALTH - HOW ANYONE CAN WRITE WELL (AND FULLY ENJOY GOOD WRITING) 'Joe Moran is a wonderfully sharp writer, calm, precise and quietly comical' Craig Brown Advanced maths has no practical use, and is understood by few. A symphony can be enjoyed, but created only by a genius. Good writing, however, can be written (and read) by anyone if we give it the gift of our time. Enter universally praised historian Professor Joe Moran. From the Bible and Shakespeare to Orwell and Diana Athill, *First You Write a Sentence* shows us how the most ordinary words can be turned into verbal constellations, sharing: - The tools of the trade; from typewriters to texting and the impact this has on the craft - Writing and the senses; how to make the world visible and touchable - How to find the ideal word, build a sentence, and construct a paragraph Good writing can ignite the hearts and minds of readers, help us notice the world better and live more meaningful lives. And it's a power we all can wield. 'What a lovely thing this is: a book that delights in the sheer textural joy of good sentences . . . Any writer should read it' Bee Wilson 'Thoughtful, engaging, and lively . . . when you've read it, you realise you've changed your attitude to writing (and reading)' John Simpson, formerly Chief Editor of the OED and author of *The Word Detective* 'Moran is a past master at producing fine, accessible non-fiction' Helen Davies, *Sunday Times*

Talking and Writing Norman Foster. 2017 'Norman Foster Talking and Writing' brings together, for the very first time, a selection of Norman Foster's most seminal lectures and essays. Spanning four decades, the publication is a comprehensive compilation of Foster's thoughts on architecture, urbanism, design, and technology and also compiles detailed descriptions of the development of some of Foster + Partners' most influential projects. The publication presents a selection of lectures and essays alongside the original slides used in each of their presentations, spanning from the 1960s to the early 2000s, in what will surely be a point of reference for students, practitioners, and lovers of architecture for years to come -- Amazon.com.

How to Read a Novelist John Freeman. 2013-10-08 The novel is alive and well, thank you very much. For the last fifteen years, whenever a novel was published, John Freeman was there to greet it. As a critic for more than two hundred newspapers worldwide, the onetime president of the National Book Critics Circle, and the former editor of *Granta*, he has reviewed thousands of books and interviewed scores of writers. In *How to Read a Novelist*, which pulls together his very best profiles (many of them new or completely rewritten for this volume) of the very best novelists of our time, he shares with us what he's learned. From such international stars as Doris Lessing, Haruki Murakami, Salman Rushdie, and Mo Yan, to established American lions such as Don DeLillo, Norman Mailer, Toni Morrison, Marilynne Robinson, Philip Roth, John Updike, and David Foster Wallace, to the new guard of Edwidge Danticat, Dave Eggers, Jonathan Franzen, and more, Freeman has talked to everyone. What emerges is an instructive and illuminating, definitive yet still idiosyncratic guide to a diverse and lively literary culture: a vision of the novel as a varied yet vital contemporary form, a portrait of the novelist as a unique and profound figure in our fragmenting global culture, and a book that will be essential reading for every aspiring writer and engaged reader—a perfect

companion (or gift!) for anyone who's ever curled up with a novel and wanted to know a bit more about the person who made it possible.

Conversations with Architects Vladimir Belogolovsky.2015-04 The ideas of architects are usually conveyed by their buildings. Vladimir Belogolovsky takes a different approach in his new work. The New York-based author gives a detailed picture of contemporary architects - through words. The publication consisting of almost six hundred pages presents interviews with thirty architects, which Belogolovsky conducted in the framework of his long-term, international activities as a curator and author. The names of the interviewees read like a "Who-is-Who" of modern architecture. The fame surrounding these avant-garde masters has eclipsed merely professional circles and reached the conscience of the wide general public. Their iconic work has attracted so much attention in recent years in the mass media that it is often referred to as "Starchitecture". Architects' Houses (30 inventive and imaginative homes architects designed and live in) Michael Webb.2018-04-24 What does an architect's dream house look like? Explore the homes of thirty of the world's most talented architects. Inventive and imaginative homes in 17 different countries.

Spacious or frugal, ambitious or modest, refined or rough-edged, daring or reductive, the inspiring buildings in Architects' Houses are unique in design concepts, details, and materials, and how they interact with their landscape. A treasure trove of ideas for homeowners, practitioners, and interior designers. Architects' Houses is richly illustrated with photographs, sketches, and plans. Learn how established architects design their own homes' design. Explore the creative process and influence of architects' houses over the past two hundred years. From Jefferson's Monticello to the creations of Charles and Ray Eames, Toyo Ito to Frank Gehry. This generously illustrated book brims with ideas and inspiration as these architects' houses show different answers to the question: how can a house enrich lives and its natural surroundings?

Maybe Days Jennifer Wilgocki, Marcia Kahn Wright.2022-10-31 Will I live with my parents again? Will I stay with my foster parents forever? For children in foster care, the answer to many questions is often maybe. Maybe Days addresses the questions, feelings, and concerns these children most often face. Honest and reassuring, it also provides basic information that children want and need to know, including the roles of various people in the foster care system and whom to ask for help. An

extensive afterword for adults caring for foster children describes the child's experience, underscores the importance of open communication, and outlines a variety of ways to help children adjust to the maybe days—and to thrive. From the Note to Foster Parents and Other Adults: The enormity of adjustment that children in foster care are asked to make is hard to over-state. Children in foster care may experience and express a range of feelings, many of which may emerge during the reading of this book. Multiple feelings may occur at the same time and may include: Relief and a sense of safety Happiness and a sense of enjoyment Sadness Anger Fear or worry Confusion Guilt Shame Loneliness Sense of loss Some children respond well to verbal discussion about their feelings....Keep in mind that asking questions and encouraging activities can be useful for some children, but it is not always necessary and is never a substitute for simply listening.
