Justinian's Flea William Rosen.2007-05-03 From the acclaimed author of *Miracle Cure* and *The Third Horseman*, the epic story of the collision between one of nature's smallest organisms and history's mightiest empire During the golden age of the Roman Empire, Emperor Justinian reigned over a territory that stretched from Italy to North Africa. It was the zenith of his achievements and the last of them. In 542 AD, the bubonic plague struck. In weeks, the glorious classical world of Justinian had been plunged into the medieval and modern Europe was born. At its height, five thousand people died every day in Constantinople. Cities were completely depopulated. It was the first pandemic the world had ever known and it left its indelible mark: when the plague finally ended, more than 25 million people were dead. Weaving together history, microbiology, ecology, jurisprudence, theology, and epidemiology, *Justinian's Flea* is a unique and sweeping account of the little known event that changed the course of a continent.

The Art of Self-Directed Learning Blake Boles.2014 The Art of Self-Directed Learning is a collection of 23 stories and insights that will help you become a more motivated and self-guided learner. Drawing on a decade of research, adventures, and interviews conducted by Blake Boles (author of *College Without High School* and *Better Than College*), this book will inspire you to craft your own unconventional education, no matter whether you're a young adult, recent graduate, parent, or simply someone who never wants to stop learning. Each chapter is brief, story-oriented, and accompanied by an original line drawing, making *The Art of Self-Directed Learning* a great choice for readers and non-readers alike.

Lift Off Donovan Livingston.2017-04-04 An inspirational rallying call about education, race, and the true nature of equality—the Harvard Graduate School of Education convocation speech praised as “powerful” by Hillary Rodham Clinton in *Teen Vogue* and “inspired” by Justin Timberlake. In

emotionally charged spoken-word poetry, Livingston shares a message of hope and hard truths, declaring that education can become an equalizer only if we first acknowledge the inequality and racial divides holding back America's future. Livingston is dedicated to helping young people reach their celestial potential, and in his galvanizing commencement address, now adapted for the first time to the page, he calls on us to raise our voices on behalf of all children, as their brighter futures can light up our own. Together, we can lift off! Praise for Donovan Livingston "Donovan Livingston gave a powerful speech at the Harvard Graduate School of Education's convocation. In a spoken-word poem, he shared his struggles in life and urged his fellow graduates to fight inequality and inspire students. . . . Donovan's message hit home. . . . [He is] part of a rising generation that's . . . standing up to some of the biggest challenges in the world today."—Hillary Rodham Clinton, Teen Vogue "These are the words, and Donovan Livingston's voice and spirit are the music, but in any form, this rare graduation speech tells us that learning is full of bias yet can lead us to the stars."—Gloria Steinem "Donovan Livingston's Lift Off is our youth's gift to us. In this joyous young man's voice is the promise of tomorrow."—James McBride

Assume the Worst Carl Hiaasen.2018-04-10 This is Oh, the Places You'll Never Go--the ultimate hilarious, cynical, but absolutely realistic view of a college graduate's future. And what he or she can or can't do about it. This commencement address will never be given, because graduation speakers are supposed to offer encouragement and inspiration. That's not what you need. You need a warning. So begins Carl Hiaasen's attempt to prepare young men and women for their future. And who better to warn them about their precarious paths forward than Carl Hiaasen? The answer, after reading *Assume the Worst*, is: Nobody. And who better to illustrate--and with those illustrations, expand upon and cement Hiaasen's cynical point of view--than Roz Chast, best-selling author/illustrator and National Book Award winner? The answer again is easy: Nobody. Following the format of Anna Quindlen's commencement address (*Being Perfect*) and George Saunders's commencement address (*Congratulations, by the way*), the collaboration of Hiaasen and Chast might look typical from the outside, but inside it is anything but. This book is bound to be a classic, sold year after year come graduation time. Although it's also a good gift for anyone starting a job, getting married, or recently released from prison. Because it is not just funny. It is, in its own Hiaasen way, extremely wise and even hopeful. Well, it might not be full of hope, but there are certainly enough slivers of the stuff in there to more than keep us all going.

Multiculturalism and Political Theory Anthony Simon Laden,David Owen.2007-08-23 Over the past twenty-five years debate surrounding cultural diversity has become one of the most active areas of contemporary political theory and philosophy. The impact of taking cultural diversity seriously in modern political societies has led to challenges to the dominance of liberal theory and to a more serious engagement of political theory with actual political struggles. This 2007 volume of essays by leading political theorists reviews the development of multiculturalism, surveys the major approaches, addresses the critical questions posed and highlights directions in research. *Multiculturalism and Political Theory* provides an overview for both students and researchers.

[This Is Water](#) Kenyon College.2014-05-22 Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *THIS IS WATER*. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in *The Wall Street Journal* and the *London Times*, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-

of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

The Shooting Star Shivya Nath.2018-09-14 Shivya Nath quit her corporate job at age twenty-three to travel the world. She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in the cracked salt desert of Gujarat and learnt to conquer her deepest fears. With its vivid descriptions, cinematic landscapes, moving encounters and uplifting adventures, *The Shooting Star* is a travel memoir that maps not just the world but the human spirit.

Giving Academic Presentations Susan M. Reinhart.2013 *Giving Academic Presentations* provides guidance on academic-style presentations for advanced students. A goal of the text is to make presenters aware that giving an effective academic presentation requires mastery of a broad range of skills. Among the topics covered in the book are: analyses of speeches, examination of different major speech types, tips for improving non-verbal behaviour, suggestions for speaker-listener interaction; discussion of the importance of using evidence in academic speaking; definitions and discussion of fillers; advice on preparing PPT slides; practical advice on preparing and practicing speeches; and pronunciation work on pausing, stress, and intonation.

The Freedom Writers Diary (20th Anniversary Edition) The Freedom Writers,Erin Gruwell.2007-04-24 #1 NEW YORK TIMES BESTSELLER • The twentieth anniversary edition of the classic story of an incredible group of students and the teacher who inspired them, featuring updates on the students' lives, new journal entries, and an introduction by Erin Gruwell Now a public television documentary, *Freedom Writers: Stories from the Heart* In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of “unteachable, at-risk” students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank’s diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the “Freedom Writers.” Consisting of powerful entries from the students’ diaries and narrative text by Erin Gruwell, *The Freedom Writers Diary* is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture *Freedom Writers*. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. *The Freedom Writers Diary* remains a vital read for anyone who believes in second chances.

Certain Trumpets Garry Wills.2013-05-28 This “beautifully written and reasoned” (Booklist) narrative by Pulitzer Prize-winning author Garry Wills examines what constitutes meaningful leadership, and why it is so essential to society. What makes a leader? How do we identify effective leadership,

and how should—and shouldn't—that power be used? In *Certain Trumpets*, Garry Wills presents portraits of eminent leaders including FDR to Ross Perot, King David, Martha Graham, and many others, offering an illuminating lens for studying society and ourselves. Dividing these portraits into sixteen leadership categories ranging from military to charismatic, intellectual, rhetorical, and elected, Wills highlights what makes each of his subjects unique, crafting along the way a distinct and incisive definition of leadership as a reciprocal engagement between two contrasting wills that serves to mobilize us toward a common good, and explaining why leadership is so often a contentious and emotionally charged subject. “A stunningly literate and thoughtful examination of what makes a leader...[and] a welcome antidote to some of the more egregious ‘management style’ drivel,” (Kirkus Reviews), *Certain Trumpets* is an inspiring and edifying tour through the history of an indispensable social art.

School, Family, and Community Partnerships Joyce L. Epstein, Mavis G. Sanders, Steven B. Sheldon, Beth S. Simon, Karen Clark Salinas, Natalie Rodriguez Jansorn, Frances L. Van Voorhis, Cecelia S. Martin, Brenda G. Thomas, Marsha D. Greenfeld, Darcy J. Hutchins, Kenyatta J. Williams. 2018-07-19 Strengthen programs of family and community engagement to promote equity and increase student success! When schools, families, and communities collaborate and share responsibility for students' education, more students succeed in school. Based on 30 years of research and fieldwork, the fourth edition of the bestseller *School, Family, and Community Partnerships: Your Handbook for Action*, presents tools and guidelines to help develop more effective and more equitable programs of family and community engagement. Written by a team of well-known experts, it provides a theory and framework of six types of involvement for action; up-to-date research on school, family, and community collaboration; and new materials for professional development and on-going technical assistance. Readers also will find: Examples of best practices on the six types of involvement from preschools, and elementary, middle, and high schools Checklists, templates, and evaluations to plan goal-linked partnership programs and assess progress CD-ROM with slides and notes for two presentations: A new awareness session to orient colleagues on the major components of a research-based partnership program, and a full One-Day Team Training Workshop to prepare school teams to develop their partnership programs. As a foundational text, this handbook demonstrates a proven approach to implement and sustain inclusive, goal-linked programs of partnership. It shows how a good partnership program is an essential component of good school organization and school improvement for student success. This book will help every district and all schools strengthen and continually improve their programs of family and community engagement.

Carry On Lisa Fenn. 2016-08-16 In the spirit of *The Blind Side* and *Friday Night Lights* comes a tender and profoundly moving memoir about an ESPN producer's unexpected relationship with two disabled wrestlers from inner city Cleveland, and how these bonds—blossoming, ultimately, into a most unorthodox family—would transform their lives. When award-winning ESPN producer Lisa Fenn returned to her hometown for a story about two wrestlers at one of Cleveland's toughest public high schools, she had no idea that the trip would change her life. Both young men were disadvantaged students with significant physical disabilities. Dartanyon Crockett was legally blind as a result of Leber's disease; Leroy Sutton lost both his legs at eleven, when he was run over by a train. Brought together by wrestling, they had developed a brother-like bond as they worked to overcome their disabilities. After forming a profound connection with Dartanyon and Leroy, Fenn realized she couldn't just walk away when filming ended; these boys had had to overcome the odds too many times. Instead, Fenn dedicated herself to ensuring their success long after the reporting was finished and the story aired—and an unlikely family of three was formed. The years ahead would be fraught with complex challenges, but Fenn stayed with the boys every step of the way—teaching them essential life skills, helping them heal old wounds and traumatic pasts, and providing the first steady and consistent support system they'd ever had. This powerful memoir is one of love, hope, faith, and strength—a story about an unusual family and

the courage to carry on, even in the most extraordinary circumstances.

Ask a Manager Alison Green.2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down . . . to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

The Impact of School Infrastructure on Learning Peter Barrett, Alberto Treves, Tigran Shmis, Diego Ambasz.2019-02-04 'The Impact of School Infrastructure on Learning: A Synthesis of the Evidence provides an excellent literature review of the resources that explore the areas of focus for

improved student learning, particularly the aspiration for “accessible, well-built, child-centered, synergetic and fully realized learning environments.” Written in a style which is both clear and accessible, it is a practical reference for senior government officials and professionals involved in the planning and design of educational facilities, as well as for educators and school leaders. --Yuri Belfali, Head of Division, Early Childhood and Schools, OECD Directorate for Education and Skills This is an important and welcome addition to the surprisingly small, evidence base on the impacts of school infrastructure given the capital investment involved. It will provide policy makers, practitioners, and those who are about to commission a new build with an important and comprehensive point of reference. The emphasis on safe and healthy spaces for teaching and learning is particularly welcome. --Harry Daniels, Professor of Education, Department of Education, Oxford University, UK This report offers a useful library of recent research to support the, connection between facility quality and student outcomes. At the same time, it also points to the unmet need for research to provide verifiable and reliable information on this connection. With such evidence, decisionmakers will be better positioned to accurately balance the allocation of limited resources among the multiple competing dimensions of school policy, including the construction and maintenance of the school facility. --David Lever, K-12 Facility Planner, Former Executive Director of the Interagency Committee on School Construction, Maryland Many planners and designers are seeking a succinct body of research defining both the issues surrounding the global planning of facilities as well as the educational outcomes based on the quality of the space provided. The authors have finally brought that body of evidence together in this well-structured report. The case for better educational facilities is clearly defined and resources are succinctly identified to stimulate the dialogue to come. We should all join this conversation to further the process of globally enhancing learning-environment quality! -- David Schrader, AIA, Educational Facility Planner and Designer, Former Chairman of the Board of Directors, Association for Learning Environments (A4LE)

High School Dropout, Graduation, and Completion Rates National Academy of Education,National Research Council,Division of Behavioral and Social Sciences and Education,Center for Education,Committee for Improved Measurement of High School Dropout and Completion Rates: Expert Guidance on Next Steps for Research and Policy Workshop.2011-04-17 High school graduation and dropout rates have long been used as indicators of educational system productivity and effectiveness and of social and economic well being. While determining these rates may seem like a straightforward task, their calculation is in fact quite complicated. How does one count a student who leaves a regular high school but later completes a GED? How does one count a student who spends most of his/her high school years at one school and then transfers to another? If the student graduates, which school should receive credit? If the student drops out, which school should take responsibility? High School Dropout, Graduation, and Completion Rates addresses these issues and to examine (1) the strengths, limitations, accuracy, and utility of the available dropout and completion measures; (2) the state of the art with respect to longitudinal data systems; and (3) ways that dropout and completion rates can be used to improve policy and practice.

You Are Not Special and Other Encouragements David McCullough Jr.2014-05-01 An inspirational and timely reflection on the way we bring up children that will resonate with parents everywhere. 'Longtime high school English teacher McCullough scores an A+ with this volume for teens and parents. Rich in literary references and poetic in cadence, the author also offers plenty of hilarious and pointed comments on teens and today's society.' - Publishers Weekly So you think you're special? Well, think again: you're not. David McCullough Jr, a US high-school English teacher, found himself suddenly famous in 2012 when his commencement address to graduating high-school seniors went viral on Youtube. the main theme of that speech, 'You're not special', seemed to hit a nerve and validate a sense among people worldwide that something is deeply and fundamentally wrong with the way children are being raised today. From infancy, he observed, children are taught to believe they are unique and special, deserving of every advantage, destined for success. Consequently they learn to work hard and distinguish themselves for the sake of status and material reward rather than for the benefit of others - the larger community; the world. Success is defined as something almost entirely selfish. there is little attention or time given to the pursuit of education for the sake of wisdom, or even real happiness. Drawing from his long career as an educator and experience as a father of teenage boys, McCullough will expand upon the ideas laid out in his radical twelve-minute speech and argue that we can do better - as parents and as teachers - than fostering in our children a sense of privilege and entitlement. Watch the speech at:

Lessons from a Third Grade Dropout Rick Rigsby.2019-02-05 A USA TODAY and Wall Street Journal bestseller! Learn how to live a life of character and integrity—by following the simple advice of a third grade dropout. Be inspired by the book behind Dr. Rick Rigsby's viral graduation speech. After his wife died, Rick Rigsby was ready to give up. The bare minimum was good enough. Rigsby was content to go through the motions, living out his life as a shell of himself. But then he remembered the lessons his father taught him years before— incredibly simple, yet incredibly profound. These lessons weren't about advanced mathematics or the secrets of the stock market. They were quite straightforward, in fact, as Rigsby's father never made it through third grade. But if this man's instructions were powerful enough to inspire one of his children to earn a Ph.D. and another to become a judge—imagine what they can do for you. While Rick Rigsby's father was a third-grade dropout, he was a man who never hid behind any excuse. A man who never allowed his problems or lack of a formal education to determine his present or affect his future. A man who realized that destiny was a choice and not a chance. In *Lessons from a Third Grade Dropout*, Rigsby shares the simple lessons from his father that will transform your mindset, including: Remain true to yourself Think the best at all times Give your best regardless of the circumstances Keep standing no matter what Join Rigsby as he dusts off time-tested beliefs and shares his father's impactful, far-reaching story—of how a life can be enhanced, of how a corporate culture can be changed, of how a family can be united—by living the simple lessons of a third-grade dropout.

Very Good Lives J. K. Rowling.2015-04-14 J.K. Rowling, one of the world's most inspiring writers, shares her wisdom and advice. In 2008, J.K. Rowling delivered a deeply affecting commencement speech at Harvard University. Now published for the first time in book form, *VERY GOOD LIVES* presents J.K. Rowling's words of wisdom for anyone at a turning point in life. How can we embrace failure? And how can we use our imagination to better both ourselves and others? Drawing from stories of her own post-graduate years, the world famous author addresses some of life's most important questions with acuity and emotional force.

The Leader in Me Stephen R. Covey.2012-12-11 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? *The Leader in Me* is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught *The 7 Habits of*

Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

You Can Do Anything George Anders. 2017-08-08 In a tech-dominated world, the most needed degrees are the most surprising: the liberal arts. Did you take the right classes in college? Will your major help you get the right job offers? For more than a decade, the national spotlight has focused on science and engineering as the only reliable choice for finding a successful post-grad career. Our destinies have been reduced to a caricature: learn to write computer code or end up behind a counter, pouring coffee. Quietly, though, a different path to success has been taking shape. In *YOU CAN DO ANYTHING*, George Anders explains the remarkable power of a liberal arts education - and the ways it can open the door to thousands of cutting-edge jobs every week. The key insight: curiosity, creativity, and empathy aren't unruly traits that must be reined in. You can be yourself, as an English major, and thrive in sales. You can segue from anthropology into the booming new field of user research; from classics into management consulting, and from philosophy into high-stakes investing. At any stage of your career, you can bring a humanist's grace to our rapidly evolving high-tech future. And if you know how to attack the job market, your opportunities will be vast. In this book, you will learn why resume-writing is fading in importance and why telling your story is taking its place. You will learn how to create jobs that don't exist yet, and to translate your campus achievements into a new style of expression that will make employers' eyes light up. You will discover why people who start in eccentric first jobs - and then make their own luck - so often race ahead of peers whose post-college hunt focuses only on security and starting pay. You will be ready for anything.

Dumbing Us Down John Taylor Gatto. 2002-02-01 With over 70,000 copies of the first edition in print, this radical treatise on public education has been a New Society Publishers' bestseller for 10 years! Thirty years in New York City's public schools led John Gatto to the sad conclusion that compulsory schooling does little but teach young people to follow orders like cogs in an industrial machine. This second edition describes the widespread impact of the book and Gatto's guerrilla teaching. John Gatto has been a teacher for 30 years and is a recipient of the New York State Teacher of the Year award. His other titles include *A Different Kind of Teacher* (Berkeley Hills Books, 2001) and *The Underground History of American Education* (Oxford Village Press, 2000).

The Last Lecture Randy Pausch. 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in

the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
