Bharata Natyam Adavus Gayathri Keshavan. 2020-12-02 This book, elucidates the basic steps called Adavus of Bharata Natyam in the traditional Pandanallur style, as taught by the revered Gurus Sri Meenakshi Sundaram Pillai and Sri Muthukumara Pillai, to Sri T.K Narayan and Smt. Jayalakshmi Narayan, parents of the author. It is an honest attempt to explain the various steps with unerring and accurate execution technique. The book offers a visual representation of the Adavus with the help of stick diagrams in a sequential manner so that the beginners and practitioners can understand the finer points of each movement.

The author has developed simple schematics to show the various moves, such as jump, stretch, turn, hit etc. The author endeavours to illustrate Adavus in a precise manner in this book. Classification and categorization of each step is the salient feature of this work. Gayathri Keshavan makes a humble effort to pass on the knowledge of this ancient and sacred art to the present and future generations of Bharata Natyam dancers.

Convicts Clare Anderson.2022-01-13 Clare Anderson provides a radical new reading of histories of empire and nation, showing that the history of punishment is not connected solely to the emergence of prisons and penitentiaries, but to histories of governance, occupation, and global connections across the world. Exploring punitive mobility to islands, colonies, and remote inland and border regions over a period of five centuries, she proposes a close and enduring connection between punishment, governance, repression, and nation and empire building, and reveals how states, imperial powers, and trading companies used convicts to satisfy various geo-political and social ambitions. Punitive mobility became intertwined with other forms of labour bondage, including enslavement, with convicts a key source of unfree labour that could be used to occupy territories. Far from passive subjects, however, convicts manifested their agency in various forms, including the extension of political ideology and cultural transfer, and vital contributions to contemporary knowledge production.
