School Libraries 3.0 Rebecca P. Butler.2015-06-18 This textbook, for school library administration courses, is written by a professor who has taught this course at least once a year for the past twenty years. Technology is interwoven throughout the book and not listed as a separate chapter or book section. This is because the school librarian of today—and certainly the school librarian of tomorrow—is working in an environment of web resources, multimedia, mixed methods, and varying programs and services. Major chapters cover the various roles of the school librarian, curricular standards and guidelines, policies and procedures, budgeting, facilities, personnel, services, programming, ethics, advocacy, and evaluation. Sample policies, procedures, and plans make this book valuable to both new and experienced school librarians.

**The Five Books of Moses: NUMBERS** Jeanne Gossett Halsey.2019-03-13 Moses the great Law-Giver wrote five golden books for the whole world to know what Jehovah God ? the God of Abraham, Isaac and Jacob ? had done, from the (literal) Beginning (when the Earth was created), until the day His people entered their Promised Land. From these books ? even those that seem to be all about rules and regulations, long lists of names and places ? we have the foundation for civilization. Humanity is supposed to live by the Word of God, by the Laws of God, under the guidance and teaching of God Himself. Every chapter of the book of Numbers has relevance to the 21st century.

**Searching for God in Britain and Beyond** David G. Reagles.2022-01-31 When writer and media personality Malcolm Muggeridge unexpectedly

converted to Christianity in the 1960s, fans around the world flocked to his devotional writings and television programs about his spiritual journey. Because Muggeridge was critical of institutional Christianity and initially refused to join a church, he inspired a special affinity in those who were disillusioned with mainstream religious authority. Readers from around the world sent him deeply personal letters describing their spiritual and religious lives, revealing their anxieties, doubts, and hopes about the future of Christianity. In *Searching for God in Britain and Beyond* David Reagles draws on nearly two thousand of these remarkable fan letters to explore the thoughts and feelings of ordinary Christians in a time of cultural and religious upheaval. In these candid letters, Muggeridge's correspondents wrestled with their experiences of faith and doubt, the value of institutional religion, uncertainties about permissiveness in society, the proper role of Christian social activism, and the forces of secularism. For these fans and skeptics alike, reading and writing were a vital means of working out their religious identities and convictions amid the supposed decline of Christendom. *Searching for God in Britain and Beyond* provides a rare and fascinating glimpse into the inner worlds of ordinary Christians in the 1960s and 1970s, revealing how the secularization of postwar society felt to average people.

**Think Big!** RoseMary Ludt. 2020-07-01 *Think Big: A Resource Manual for Library Programs That Attract Large Teen Audiences* is a how-to manual for librarians who want to attract large groups of teens to their libraries with meaningful, memorable events. Large programs may seem to be impossible to attempt until the project is broken down into the separate parts needed. *Think Big* begins with those separate parts necessary to create a large event, starting with the logistics of time and place, the budget and how to find funding, making a timeline to make everything fall into place, communication among all of the people involved, marketing to the teen audience, troubleshooting with thorough preparation, and the importance of evaluations for reporting and for future planning. Part 2 is a collection of best practices. Seventeen successful, large programs are included, contributed by librarians who have dared to think big and made it work. Included are the book and author programs in school and public libraries. There are also creative programs about poetry and dance, STEM activities, pop culture, and school and work. Every section has two to four programs. Each program explains how the program began and evolved to the event it is today. A timeline, how the program was financed, who assisted to make every step successful, how the program was publicized, and how evaluations were collected and written are provided in detail to empower a librarian to tackle their first-time big program.

**Alejandria Fights Back! / ¡La Lucha de Alejandria!** Leticia Hernández-Linares, The Rise-Home Stories Project. 2021-08-10 For nine-year-old Alejandria, home isn't just the apartment she shares with Mami and her abuela, Tita, but rather the whole neighborhood. Home is the bakery where Ms. Beatrice makes yummy picos; the sidewalk where Ms. Alicia sells flowers with her little dog, Duende; and the corner store with friendly Mr. Amir. But lately the city has been changing, and rent prices are going up. Many people in el barrio are leaving because they can no longer afford their homes, and For Sale signs are popping up everywhere. Then the worst thing happens: Mami receives a letter saying they'll have to move out too. Alejandria knows it isn't fair, but she's not about to give up and leave. Join Alejandria as she brings her community together to fight and save their neighborhood! Para Alejandria de nueve años, el hogar no es sólo el apartamento que comparte con Mami y su abuela, Tita, sino más bien todo el barrio. El hogar es la panadería donde la Sra. Pero últimamente la ciudad ha estado cambiando, y los precios de alquiler están subiendo. Muchas personas en el barrio se están yendo porque ya no pueden costear sus hogares, y letreros anunciando "Se Vende" están apareciendo por todos lados. Entonces ocurre lo peor: Mami recibe una carta diciendo que ellas también tendrán que mudarse. Alejandria sabe que no es justo, pero no está dispuesta a darse por vencida e irse. ¡Únete a Alejandria mientras ella reúne a su comunidad para luchar y salvar su barrio!

**Cassandra Brydges, Duchess of Chandos, 1670-1735** Cassandra Willoughby Brydges Duchess of Chandos. 2007 Cassandra Brydges, née Willoughby (1670-1735), was a remarkable woman; through her marriage at the age of 43 to the immensely wealthy and influential James Brydges (later the first duke of Chandos), she was connected to many of the most important members of society at the time. Unusually for the period, much of her writing survives, including an extensive collection of correspondence, and it is therefore possible to gain a richer picture of her life. This book presents all the known extant letters of the duchess. They reveal a woman engaged in a very wide range of activities - from managing family and the family fortunes, investing on the stock market, socialising with a wide range of important and influential people, to matchmaking, expressing views on social conduct, painting, and researching family history. They are accompanied by an introduction, providing an overview of her life, and full notes. Professor ROSEMARY O'DAY teaches in the Department of History at the Open University.

**Teen Library Events** Kirsten Edwards. 2001-10-30 If you are a new young adult librarian or an experienced librarian with little time to plan and execute programs for teens, this book is for you! For each month in the calendar year, two or three programs popular with teens are presented with instructions, sample flyers, letters, and checklists. From simple programs such as a candy raffle to more complex programs such as a mystery night, librarians can keep their teen calendar full of activities with a minimum of effort. Programs that tie into both school events and national events for teens are included as well as those that can be presented at an individual library. Suggestions for programs range from a poetry contest to a summer job program. Instructions for ongoing procedures for soliciting teens' opinions are provided: a monthly question board, candy raffle, starting and running a Teen Advisory Board and so on. Basic skills for all YA librarians are emphasized in each of the programs; these skills include booktalking, working with the schools, and marketing your programs within the library and to the community. By creating variations in each of the programs, young adult librarians will have a wealth of ideas in this book to keep their YA program calendar filled for years to come.
