

# Die Getriebenen Merkel Und Die Flüchtlingsspolitik

**Die Getriebenen** Robin Alexander.2017 Der Korrespondent der Welt am Sonntag verfolgt das Vorgehen der Bundesregierung bei der Bewältigung der Flüchtlingskrise. Planvolles Handeln kann er nicht erkennen, eher immer unüberlegtere Entscheidungen der politischen Akteure.

**The Forgotten Vocabulary of Strategy Vol.1** Gunter Maier.2020-08-07 Strategy literature is abundant, but there is no book that shows you how to actually think strategically. The Forgotten Vocabulary of Strategy (Vol. 1 and Vol. 2) fills this gap. For the first time it reveals the ways of thinking, acting and teaching of successful Western and Asian strategists as well as Arab and Indian mirrors for princes and looks 2500 years into the past. In its essence, the book demystifies the 12 most renowned strategic approaches, distills them into a holistic system and thus enables the reader to develop a universally strategic mind through a scientifically founded process. STRATEGISTS THINK IN PATTERNS These patterns, also called Strategic Principles, are based on the rules of the social world. They are learnable and limited in number. Decision-makers, project managers as well as specialists and leaders of all levels and areas need this universal, practical knowledge, as they are involved in social interaction every day. These two textbooks are therefore aimed at all strategy teachers who are looking for a timeless, interdisciplinary and cross-cultural strategy perspective. Practising autodidacts will also benefit, since the complete vocabulary of strategy, consisting of 153

literarily described principles, is presented in a systematised format. The principle-oriented strategy teaching - PriOri - enables the strategist to master not only the rational but also the irrational level of the mind. PriOri provides a fundamental insight into the functioning of the human mind and reveals which evolutionary mechanisms help strategic action in social interaction to succeed. By successively learning the principles, the reader develops social strategic competence - the foundation of common sense. It enables the reader to reduce complexity, simultaneously analyse interaction, avoid wrong decisions and ultimately master his daily work more calmly and efficiently.

**Globalisierungsdämmerung** Hans-Jürgen Bieling. 2017-12-01 Der globale Handel befindet sich im Umbruch. Nachdem auf den internationalen Gipfeln lange das Mantra des Freihandels hochgehalten worden war, wird seit einiger Zeit häufiger von (un-)fairen Handelsbeziehungen gesprochen. Ironischerweise geht es dabei inzwischen weniger um die Förderung verbesserter Arbeits- und Umweltbedingungen in Entwicklungsländern als vielmehr um den Versuch der Trump-Administration in den USA, andere Länder auf eine ausgeglichene Handelsbilanz zu verpflichten. Vor dem Hintergrund des Scheiterns der Doha-Runde in der Welthandelsorganisation birgt diese strategische Orientierung einen beträchtlichen Sprengstoff. Vieles deutet darauf hin, dass die handelspolitischen Liberalisierungspläne der OECD-Staaten zukünftig nicht mehr nur auf die Widerstände der globalisierungskritischen Bewegung und vieler Schwellen- und Entwicklungsländer stoßen, sondern - unter Verweis auf die Ziele der nationalen Souveränität und industriellen Entwicklung - ebenso auf die rechtspopulistischer Kräfte. Noch scheint die Weltwirtschaft jedoch von einem protektionistischen Wettlauf wie in den 1930er Jahren weit entfernt. Vorerst haben die skizzierten Tendenzen nur zu einer Abkehr vom Multilateralismus geführt. An dessen Stelle ist zugleich ein exzessiver Bilateralismus getreten, d.h. die Aushandlung umfassender Handels- und

Investitionsabkommen wie z.B. TTIP, CETA, JEFTA, EPAS etc. Ob und in welcher Form diese Abkommen zustande kommen und umgesetzt werden, ist vielfach noch unklar. Es ist jedoch offensichtlich, dass diese Abkommen aufgrund ihrer investitions- und entwicklungspolitisch umstrittenen Elemente oft sehr stark politisiert sind. Nicht zuletzt wegen dieser ungeklärten Streitfragen setzt sich POLITIKUM in diesem Heft mit den veränderten handels- und entwicklungspolitischen Perspektiven auseinander.

**Defence Against Bioterrorism** Vladan Radosavljevic, Ines Banjari, Goran Belojevic. 2018-03-22 This volume is based on a multidisciplinary approach towards biological and chemical threats that can, and have been previously used in bioterrorism attacks around the globe. Current knowledge and evidence-based principles from the fields of synthetic biology, microbiology, plant biology, chemistry, food science, forensics, tactics, infective medicine, psychology and others are compiled to address numerous aspects and the complexity of bioterrorism attacks. The main focus is on biological threats, especially in the context of synthetic biology and its emerging findings that can be observed as possible threat and tool. The book examines microorganisms and their possible use in forensics, i.e. as possible detection tool that could enable fast and precise detection of possible treats. A number of plant derived components are also discussed as possible agents in bioterrorism attacks, and in relation to infectious disease pathology. Another integral part is food safety, especially in terms of large food supply chains, like airline caterings, institutionalized kitchens etc. Food can be observed as a possible mean of delivery of various agents (biological and chemical) for bioterrorism attacks. Steps on how to recognize specific critical points in a food supply chain, along with proposed corrective activities are discussed. Examples from around the globe, along with the methodological approach on how to differentiate bioterrorism attacks from other epidemics are

provided. However, epidemics are also discussed in the context of migrations, with the special emphasis on the current refugee migrations that affect not only Europe, but also the United States. The book will be of interest to experts from various fields of science as well as professionals working in the field. The book encompasses examples and tools developed for easier, more specific, and faster detection of possible bioterrorism treats, along with proposed actions for some aspects of a bioterrorism attack.

*Diktatoren als Türsteher Europas* Christian Jakob, Simone Schlindwein. 2017 Akribisch recherchierte Studie zur neuen Afrikapolitik der EU und Deutschlands, die mit Grenzsicherung und -kontrolle in den afrikanischen Herkunftsländern selbst die Migration nach Europa verhindern soll.

*After Utopia* Larisa Kurtović, Nelli Sargsyan. 2021-11-28 This collection examines how the loss of state socialism as a world-making project and the subsequent failures of postsocialist civil society building have impacted new generations of progressive, antinationalist, anarchist, and social-justice oriented activists. How do the histories of state socialism come to shape activist thinking and practice in Eastern Europe and the Caucasus? What kinds of political work can and does emerge out of this 30-year-long experience of political, social, and economic transformation? Understanding postsocialism as an intersectional experience and a geopolitically sensitive form of knowledge, this collection of essays seeks to render visible the forms of political activism in the region that are not tied to, or fully determined by, specific moments of street protest and public interruption. Instead, the contributors examine forms of activist effort that endure in the aftermath of protest movements and in the course of lingering crises, in order to capture how our interlocutors seek to enact their desired futures under the conditions of intensifying and shape-shifting pressures of neoliberal governance. The ethnographies that span from Armenia to Ukraine, to Bosnia-Herzegovina to the

newly emerging transnational Balkan route that refugees and migrants have created, illuminate how local activists engage with and/or disengage from their socialist inheritance of political imaginaries differently and imagine different futures. Our collection argues for a need for a careful, theoretically nuanced and context-specific analysis across the uneven political landscapes of the former socialist world. The chapters in this book were originally published as a special issue of *History and Anthropology*.

*Critical Encounters* Wolfgang Streeck. 2020-11-10 An anthology of long-read book reviews by one of the European left's foremost political economists From the acclaimed author of *How Will Capitalism End?* comes an omnibus of long-form critical essays engaging with leading economists and thinkers. *Critical Encounters* draws on Wolfgang Streeck's inimitable writing for the *London Review of Books* and *New Left Review*, among other publications. It opens with treatments of two contrasting historical eras—factory capitalism and financialization—and three of the world's major economies: the United States, France and Germany. A middle section surveys the hollowing out of Western democracies and reviews Yanis Varoufakis's "strange but indispensable" memoir of the eurozone crisis. Delving into the world of ideas, Streeck discusses the work of Quinn Slobodian, Mark Blyth, Jürgen Habermas and Perry Anderson. Finally, he zooms out to compare his home discipline of sociology to natural history, giving a remarkable and non-deterministic reading of Charles Darwin. In the preface, Streeck reflects on the art (or craft) of book reviewing and the continuing merits of the book form. *Critical Encounters* also includes a series of "Letters from Europe," penned as the coronavirus descended upon the Continent.

Merkel am Ende Ferdinand Knauß. 2018-11-05 Lange Zeit haben die Deutschen Angela Merkel tatsächlich für alternativlos gehalten. Doch trotz einer Phase scheinbarer Beständigkeit kann

mittlerweile kaum jemand die Augen vor der Wirklichkeit verschließen: Die Kanzlerin hat auf die Herausforderungen der Gegenwart keine Antworten. Merkel steht für nichts. Sie weicht Konflikten aus, anstatt klar Position zu beziehen, und hat keine politische Überzeugung, die sie nicht bereit wäre, für den Machterhalt jederzeit wieder aufzugeben. Das Ergebnis von 13 Jahren Fahren auf Sicht: Merkel wird kein bestelltes Haus hinterlassen, sondern eine ausgezehrtete Partei und ein Land, das nicht für die Zukunft gestärkt ist. Ferdinand Knauß spannt einen Bogen von Merkels Machtantritt bis in die Gegenwart und wirft dabei nicht nur die Frage auf, was das für eine Partei ist, die sich so lange von dieser Frau führen lässt, sondern auch, was das für eine Gesellschaft ist, die sich so lange von ihr regieren lässt.

**Citizens and Refugees** Joachim C. Häberlen. 2022-07-29 Following the stories of two dozen refugees from Syria and Afghanistan in 2015, *Citizens and Refugees* argues that we need to include the histories of these countries, notably the Syrian Revolution, into narratives of the refugee crisis. The book thus challenges a framing of the crisis that usually begins only with the moment of people fleeing. The stories it tells show refugees as citizens with a political voice engaged in struggles for participation and democracy, rather than as people in need of rescuing and integrating into new societies. It equally examines the much-celebrated German welcoming culture of 2015, arguing that it silenced political voices of those fleeing to Germany. Based on personal stories and the author's intimate knowledge of the German welcoming culture, *Citizens and Refugees* intervenes into political debates about the viability of democracy. Overall, the importance of this volume stems from its suggestion that we would do well to listen to the voice of those coming to Europe as refugees. Based on both personal stories and historical analysis, *Citizens and Refugees* is the ideal resource for upper-level undergraduates, postgraduates, and scholars interested in migration studies and the

history of Europe and the Middle East.

*European Disunion* Stefan Auer.2022-05-24 The European Union means many different things to its many peoples. In Germany, for example, the European project was conceived mainly as post-national, or even post-sovereign. In France, by contrast, President Emmanuel Macron has pursued the vision of a sovereign Europe; that is, an EU that would become a formidable geopolitical actor. Yet, instead, Europe has struggled to ascertain its values abroad and even domestically, facing a sovereigntist rebellion from its newer member states, such as Hungary and Poland, and the departure of Britain. The eurozone crisis has undermined the EU's economic credentials, the refugee crisis its societal cohesion, the failure to stand up to Russia its sense of purpose, and the Covid-19 pandemic its credibility as a protector of European citizens. The key argument of this book is that the multiple crises of the European project are caused by one underlying factor: its bold attempt to overcome the age of nation-states. Left unchecked, supranational institutions tend to become ever more bureaucratic, eluding control of the people they are meant to serve. The logic of technocracy is thus pitted against the democratic impulse, which the European Union is supposed to embody. Democracy in Europe has suffered as a result.

*Merkel - Die kritische Bilanz von 16 Jahren Kanzlerschaft* Philip Plickert.2021-07-11 Jan Böhmermann: Haha, meine Twitter-Blockliste hat ein Buch geschrieben! Am Ende von 16 Jahren Kanzlerschaft stellt sich die Frage nach Angela Merkels politischer Bilanz und ihrem Erbe. Wie wird sie in die Geschichtsbücher eingehen? Als Riese oder Scheinriese? In dieser überarbeiteten und erweiterten Neuauflage des Bestsellers ziehen 24 Professoren und Publizisten eine Bilanz der Ära Merkel. Der Herausgeber, FAZ-Redakteur Philip Plickert, hat renommierte Autoren versammelt, die das politische Wirken und die Person Merkels analysieren. Mit dabei sind so profilierte Köpfe wie

der Kommunikationswissenschaftler Norbert Bolz, die deutsch-türkische Soziologin Necla Kelek, die Publizistin Cora Stephan, die Historiker Dominik Geppert und Michael Wolffsohn, der Bestsellerautor Thilo Sarrazin, der Wirtschaftspublizist Roland Tichy, die Feminismuskritikerin Birgit Kelle, der Jurist Joachim Steinhöfel, Ökonomie-Professoren wie Justus Haucap sowie Politologen und Journalisten aus England, Amerika und Osteuropa. Das Fazit: Die Kanzlerin hat sich mehrere gravierende Fehler zuschulden kommen lassen. Angefangen beim Lavieren in der Eurokrise und der kopflosen Energiewende über die unkontrollierte Massenmigration in der Flüchtlingskrise bis hin zu den Versäumnissen in der Corona-Krise: Sie hinterlässt Probleme, an denen die Deutschen noch lange schwer zu tragen haben.

**Societal Self-empowerment in Germany** Peter Kirsch, Hanno Kube, Reimut Zohlhöfer. 2023-03-10 Most recently, various groups have drawn attention to their political causes by demonstratively breaking the law, whether it is violating compulsory education in Fridays for Future demonstrations or refusing to abide by pandemic containment measures among critics of the Corona policy. This book explores what lies behind these rule-breaking events: supporters of the Fridays for Future movement, while dissatisfied with climate policy, are well integrated into the political system; people who may not abide by Corona rules, on the other hand, sometimes exhibit considerable alienation from and distrust of the political system.

**The Outsiders** Philipp Ther. 2021-11-30 The history of Europe as a continent of refugees European history has been permeated with refugees. The Outsiders chronicles every major refugee movement since 1492, when the Catholic rulers of Spain set in motion the first mass flight and expulsion in modern European history. Philipp Ther provides needed perspective on today's "refugee crisis," demonstrating how Europe has taken in far greater numbers of refugees in earlier periods of its

history, in wartime as well as peacetime. His sweeping narrative crosses the Mediterranean and the Atlantic, taking readers from the Middle East to the shores of America. In this compelling book, Ther examines the major causes of mass flight, from religious intolerance and ethnic cleansing to political persecution and war. He describes the perils and traumas of flight and explains why refugees and asylum seekers have been welcomed in some periods—such as during the Cold War—and why they are rejected in times such as our own. He also examines the afterlives of the refugees in the receiving countries, which almost always benefited from admitting them. Tracing the lengthy routes of the refugees, he reconceptualizes Europe as a unit of geography and historiography. Turning to the history of refugees in the United States, Ther also discusses the anti-refugee politics of the Trump administration, explaining why they are un-American and bad for the country. By setting mass flight against fifteen biographical case studies, and drawing on his subjects' experiences, itineraries, and personal convictions, Ther puts a human face on a global phenomenon that concerns all of us.

Die Wiedergutmacher Raymond Unger. 2018-09-21 Angela Merkels historische Entscheidung vom Sommer 2015 setzte die deutsche Gesellschaft unter Strom, politisierte und polarisierte das Land wie seit den Zeiten der Weimarer Republik nicht mehr. Über eine Million Zuwanderer teilten Deutschland in zwei geistige Bürgerkriegsparteien, deren Fronten sich zusehends verschärfen. Hat die Bundeskanzlerin mit ihrer historischen Willkommensgeste endgültig bewiesen, dass Deutschland seine dunkle Vergangenheit bewältigt hat? Oder handeln sie und viele andere der deutschen Eliten im Traumaschatten der Geschichte? In seinem Buch widmet sich Raymond Unger – selbst vom transgenerationalen Trauma betroffen – erneut den Auswirkungen nicht verarbeiteter Kriegstraumata auf die nachfolgenden Generationen. Im Mittelpunkt stehen dabei die Babyboomer-

Eliten, die aufgrund fehlender persönlicher Reife und nicht verarbeiteter Schuld- und Sühne-Komplexe mit ihren Entscheidungen die Gesellschaft polarisieren und den sozialen Frieden gefährden. Außerdem spürt er die Ursachen für den dramatischen Rückbau mühsam errungener Freiheiten in Kunst, Kultur und Medienlandschaften und für das Wiedererstarken von überwunden geglaubten, religiös fundamentalen Orientierungen nach, die zunehmend gesellschaftliche Akzeptanz gewinnen.

**The Forgotten Vocabulary of Strategy Vol.2** Gunter Maier.2020-08-07 Strategy literature is abundant, but there is no book that shows you how to actually think strategically. The Forgotten Vocabulary of Strategy (Vol. 1 and Vol. 2) fills this gap. For the first time it reveals the ways of thinking, acting and teaching of successful Western and Asian strategists as well as Arab and Indian mirrors for princes and looks 2500 years into the past. In its essence, the book demystifies the 12 most renowned strategic approaches, distills them into a holistic system and thus enables the reader to develop a universally strategic mind through a scientifically founded process. STRATEGISTS THINK IN PATTERNS These patterns, also called Strategic Principles, are based on the rules of the social world. They are learnable and limited in number. Decision-makers, project managers as well as specialists and leaders of all levels and areas need this universal, practical knowledge, as they are involved in social interaction every day. These two textbooks are therefore aimed at all strategy teachers who are looking for a timeless, interdisciplinary and cross-cultural strategy perspective. Practising autodidacts will also benefit, since the complete vocabulary of strategy, consisting of 153 literarily described principles, is presented in a systematised format. The principle-oriented strategy teaching - PriOri - enables the strategist to master not only the rational but also the irrational level of the mind. PriOri provides a fundamental insight into the functioning of the human mind and

reveals which evolutionary mechanisms help strategic action in social interaction to succeed. By successively learning the principles, the reader develops social strategic competence - the foundation of common sense. It enables the reader to reduce complexity, simultaneously analyse interaction, avoid wrong decisions and ultimately master his daily work more calmly and efficiently.

**Forced Displacement and Migration** Hans-Joachim Preuß, Christoph Beier, Dirk Messner. 2021-10-15 This book presents effective long-term solutions for displacement and migration against the background of the current debates. It offers insights on practical suggestions for dealing with displacement and migration due to violence, examines ideas for the management of global migration movements and looks into the integration of refugees and migrants. Throughout the chapters, experts from science, politics and practice shed light on the causes of global migration and the consequences of migration on a political, economic and social level. The focus of the discussion is not the avoidance of migratory movements, but above all the use of positive effects in countries of origin, transit and destination. The book is a must-read for researchers, policy-makers and politicians, interested in international cooperation and in a better understanding of causes, consequences and solutions of displacement and forced migration.

**Changing Security Paradigm in West Asia** Meena Singh Roy, Md. Muddassir Quamar. 2022-04-27 The states of West Asia continue to grapple with dramatic changes taking place in the domestic and regional environment. Security has emerged as a significant concern for them. Political upheavals, civil strife, sectarian violence and terrorism in the area have implications on a regional and global order. As the region grapples with myriad socio-economic problems, many extra-regional players and non-state actors, and a few regional ones, are attempting to carve out their own areas of influence. These developments across West Asia demand constant monitoring and careful analyses.

This book is a collection of essays exploring various aspects of the changing security paradigm in West Asia and the regional and international responses. Please note: Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

**Chaos, Complexity and Leadership 2018** Şefika Şule ERÇETİN, Şuay Nilhan

AÇIKALIN.2020-01-16 This book constitutes the proceedings of the 6th International Symposium on Chaos, Complexity and Leadership (ICCLS). Written by interdisciplinary researchers and students from the fields of mathematics, physics, education, economics, political science, statistics, the management sciences and social sciences, the peer-reviewed contributions explore chaotic and complex systems, as well as chaos and complexity theory in the context of their applicability to management and leadership. The book discusses current topics, such as complexity leadership in the healthcare fields and tourism industry, conflict management and organization intelligence, and presents practical applications of theoretical concepts, making it a valuable resource for managers and leaders.

"Frau Merkel hat mich eingeladen" ! ? Herbert Stettberger.2017-10 Ich bin Syrer, ihr müsst mich freundlich behandeln! Frau Merkel hat mich eingeladen. Mit diesen Worten wehrte sich ein syrischer Flüchtling gegen den notwendigen Zugriff der Polizei in der Kölner Silvesternacht 2015/2016. Befürworter wie Gegner einer ostentativen Willkommenskultur sahen sich durch die mediale Darstellung der Ereignisse gleichermaßen bestätigt. Aus good news wurden bad news. Ein Wendepunkt in der Debatte um Flüchtlinge in Deutschland (Thomas de Maiziere) schien sich anzudeuten. Im vorliegenden Band kommen Stimmen u. a. aus der Politik, den Bereichen der Bildung, Ökonomie, Gesundheitswesen und Jurisprudenz sowie von Seiten der Medien und Sprachwissenschaften zu Wort.

**Refugees on the Move** Erol Balkan,Zümray Kutlu Tonak.2022-02-11 Refugees on the Move highlights and explores the profound complexities of the current refugee issue by focusing specifically on Syrian refugees in Turkey and other European countries and responses from the host countries involved. It examines the causes of the movement of refugee populations, the difficulties they face during their journeys, the daily challenges and obstacles they experience, and host governments' attempts to manage and overcome the so-called "refugee crisis."

**Coming to Terms with the European Refugee Crisis** Hanspeter Kriesi,Argyrios Altiparmakis,Ábel Bojár,Ioana-Elena Oană.2024-01-31 A study of the policymaking process and its dysfunctional outcome in the EU polity during the refugee crisis.

*Ukraine* Michael Cox.2023-12-05 The full-scale invasion of Ukraine by Russia in 2022 has not only caused immense suffering inside the country, and among its people, it has shifted the political landscape in Russia for the worse, altered the strategic map of Europe, and created division and economic pain in the rest of the world. In this volume, a group of internationally acclaimed academics - many originally from Ukraine or Russia - examine the deep causes of Putin's war, the role played by other actors such as China and the United States, the severe consequences for the many millions of Ukrainians displaced from their home and country, the impact on the West and the Global South and the challenges confronting Ukraine when the war finally comes to an end. Part of the LSE Public Policy Review Series, *Ukraine: Russia's War and the Future of the Global Order* offers a rigorous intellectual response to this extreme humanitarian crisis and considers the implications for the future of Ukraine and the transformed global order.

*Immigration Policy and Crisis in the Regional Context* Chin-Peng Chu,Sang-Chul Park.2021-04-01 This book compares the immigration policies of EU states and Asian countries—Germany, Poland,

Estonia, Taiwan, China, South Korea, Japan, Vietnam, - and Thailand—analyses the policy strengths and weaknesses of various political actors in the regions and explores what can be learned from the experiences of different states. In the recent decades, immigration policy has become a hot topic due to globalization. EU has faced challenges in immigration since the refugee crisis in 2015 when over a million migrants and refugees crossed into Europe. In Asia, immigration issue has become more complicated as the economic ties among Asian countries have grown significantly in recent years. With contributions by professors, experts and scholars from various countries across Europe and Asia, the book provides both in-depth analyses and broad perspectives on the topic, making it a valuable read for academics and policymakers alike.

Twilight of the Merkel Era Eric Langenbacher.2019-07-17 Elections always have consequences, but the 2017 Bundestag election in Germany proved particularly consequential. With political upheaval across the globe—notably in Britain and the USA—it was vital to European and global order that Germany remain stable. And it did through the re-election of Angela Merkel as chancellor, now in her fourth term. Just under the surface, however, instability is mounting—exemplified by the entry of the right-wing Alternative for Germany (AfD) as the largest opposition party, the decline of the Social Democrats, the ever-restive Bavarians, and the growing factionalism within the Christian Democratic Union as the Merkel era comes to an end. Paying special attention to the rise of the AfD, this volume delves into the campaign, leading political figures, the structure of the electorate, the state of the parties, the media environment, coalition negotiations, and policy impacts.

*Good Neighbourhood Treaties of Poland* Karina Paulina Marczuk.2019-03-25 This volume explores the bilateral treaties concluded after 1990 between the Republic of Poland and its neighbouring states (Germany, then-Czechoslovakia, Ukraine, the Russian Federation, Belarus and Lithuania),

known as treaties on neighbourly relations or good neighbourhood treaties. These treaties, through which Poland and its neighbours were able to establish their political, security and social relations, were extremely significant in that they provided a unique way for them to organise their interstate post-Cold War relations. This book analyses the consequences of these treaties and addresses a variety of issues, including security policy and cooperation, migration, national minority rights, economic cooperation, education, and cross-border cooperation.

Neoliberal Nationalism Christian Joppke.2021-01-07 Shows how liberal, neoliberal, and nationalist ideas have combined to impact Western states' immigration and citizenship policies.

*Angela Merkels Flüchtlingspolitik - eine Bilanz des Versagens* Hans-Erich Kiehne.2016-11-18 Dieses Buch schildert den Verlauf einer der größten Krisen der EU, das Handeln der maßgeblichen Akteure sowie dessen Folgen. Im Zentrum steht Angela Merkel. Es fragt nach ihrer Verantwortung für eine Politik, die Deutschland und Europa hätte zerreißen können. Diese Politik hat schwerwiegende Folgen hinterlassen, in Europa eine weiter geschwächte EU, in Deutschland den Aufstieg der AfD. Angela Merkel hat in dieser schweren Krise versagt. Die Flüchtlingskrise dauerte acht Monate vom Juli 2015 bis März 2016. Hunderttausende von Flüchtlingen insbesondere aus Syrien überfluteten unkontrolliert die Grenzen zur EU, angezogen von der Willkommenskultur Angela Merkels. Die EU Partner widersetzten sich der Merkel'schen Politik. Die EU war zerstritten, unfähig, der Flüchtlingsmassen Herr zu werden. Die EU, geführt Angela Merkel, rettete sich in den Vertrag vom 18. März 2016 mit der Türkei. Jahrelang hatten Angela Merkel wie die übrigen EU Politiker die Augen vor den enormen Lasten insbesondere der Türkei verschlossen, die Millionen syrischer Flüchtlinge aufgenommen hatte. Jetzt erfüllte die EU die Forderungen der Türkei. Die Türkei schottete ihre Grenzen wieder ab, wie sie dies bis Mitte 2015 getan hatte. Der Flüchtlingsstrom

versiegte. Die Willkommenskultur war Geschichte. Es bleibt die Frage, was Angela Merkel zu ihrem scheinbar widersprüchlichen, folgenschweren Handeln bestimmt hat? Das Buch findet eine schlüssige Antwort.

**Machtverfall** Robin Alexander.2021-05-25 Ein Jahr nach der Bundestagswahl: Der Topseller über Merkels Ende jetzt als aktualisiertes Taschenbuch Zum Ende ihrer Amtszeit hatte Angela Merkel ihre wohl größte Herausforderung zu bestehen. Doch die Kanzlerin, die in Notsituationen oft zur Hochform aufgelaufen war, geriet in dieser Krise an die Grenzen ihrer Autorität. In seinem brillant geschriebenen Buch, das zum Bestseller wurde, hat Robin Alexander den spektakulären Machtverfall einer Kanzlerin und zugleich das Ende einer ganzen Ära beschrieben. Er erzählt die Geschichte hinter den Kulissen: vom harten, langen Kampf in den inneren Machtzirkeln der Republik und vom Showdown um Merkels Nachfolge, der die Union zerrissen hat - und zur Wahlniederlage im September 2021 entscheidend beitrug. Ein glänzend recherchiertes Buch, das zeigt, wie nah in der Politik der unbedingte Wille zur Macht und die Machtlosigkeit beieinander liegen.

**Merkel** Philip Plickert.2017-06-08 »Sie kennen mich« - mit diesem Spruch warb Angela Merkel vor vier Jahren für ihre Wiederwahl. Doch wer ist Merkel wirklich? Was sind ihre Verdienste, was waren ihre größten Fehler? In diesem Buch ziehen 22 Professoren und Publizisten eine Bilanz der Ära Merkel. Der Herausgeber, FAZ-Redakteur Philip Plickert, hat renommierte Autoren versammelt, die das politische Wirken und die Person Merkels analysieren. Mit dabei sind so profilierte Köpfe wie die deutsch-türkische Soziologin Necla Kelek, die Publizistin Cora Stephan, der Kommunikationswissenschaftler Norbert Bolz, der Historiker Michael Wolffsohn, Thilo Sarrazin, der Wirtschaftspublizist Roland Tichy, die Feminismuskritikerin Birgit Kelle, Ökonomie-Professoren wie

Justus Haucap sowie Politologen und Journalisten aus England, Amerika und Osteuropa. Das Fazit: Die Kanzlerin ist ein Scheinriese, eine überschätzte Politikerin, die sich mehrere gravierende Fehler zuschulden hat kommen lassen. Angefangen beim Lavieren in der Eurokrise und der kopflosen Energiewende bis hin zu ihrem Agieren in der Flüchtlingskrise: Das Durchwursteln, Zaudern und Aussitzen der Kanzlerin wird Deutschland auch auf längere Sicht schwer belasten. Mit Beiträgen von Thilo Sarrazin, Necla Kelek, Cora Stephan, Norbert Bolz, Roland Tichy, Werner J. Patzelt, Wolfgang Ockenfels, Ralf Georg Reuth, Birgit Kelle, Daniel Koerfer, Dominik Geppert, David Marsh, Henning Klodt, Stefan Kooths, Justus Haucap, Michael Wolffsohn, Rafael Seligmann, Anthony Glees, Boris Kálnoky, Andreas Unterberger, Christopher Caldwell und Erich Vad.

*Hard Power in Hard Times* Janne Haaland Matlary. 2018-05-23 This book analyses whether European leaders are able to deal with the 'hard power' problems of military provocation, mass migration, and terrorism. Russia's 2014 annexation of Crimea was just one example of recent revisionist policies by the state. In 2015, Europe experienced a massive influx of illegal immigrants and refugees whilst also suffering many terrorist attacks in recent years. Common to these policy challenges is the need for using hard power (military, police) in order to confront, stop, stabilize and hinder undesirable outcomes. European politicians are mostly used to wielding incentives-based policy and are unfamiliar with strategic thinking. How well do the British, French, and German governments deal with this triad of hard power problems? What about NATO and the EU? This book examines the responses to determine whether European politicians can still act strategically.

Die Getriebenen Robin Alexander. 2017-03-13 Die Buchvorlage zum ARD-TV-Highlight »DIE GETRIEBENEN«: ein Insider-Report aus dem Innern der Macht. Die Grenzöffnung für Flüchtlinge im Herbst 2015 hat das Land gespalten - die einen preisen Angela Merkels moralische Haltung, die

andern geißeln die Preisgabe von Souveränität. Doch was als planvolles Handeln erscheint, ist in Wahrheit eine Politik des Durchwurstelns, des Taktierens und Lavierens, befeuert von hehren Idealen und Opportunismus. Robin Alexander zeigt, dass die politischen Akteure Getriebene sind, zerrieben zwischen selbst auferlegten Zwängen und den sich überschlagenden Ereignissen. Robin Alexander blickt als Korrespondent der »Welt am Sonntag« seit Jahren hinter die Kulissen des Kanzleramtes - in seinem Buch, das auf Recherchen in Berlin, Brüssel, Wien, Budapest und der Türkei basiert, rekonstruiert er minutiös die Schlüsselentscheidungen von sechs Schicksalsmonaten - und erzählt am Beispiel des wohl dramatischsten Kapitels der jüngeren deutschen Geschichte davon, wie heute Politik gemacht wird.

**We Are All Migrants** Jan Plamper.2023-03-31 In 2015, Germany agreed to accept a million Syrian refugees. The country had become an epicenter of global migration and one of Europe's most diverse countries. But was this influx of migration new to Germany? In this highly readable volume, Jan Plamper charts the groups and waves of post-1945 mobility to Germany. We Are All Migrants is the first narrative history of multicultural Germany told through life-stories. It explores the experiences of the 12.5 million German expellees from Eastern Europe who arrived at the end of the Second World War; the 14 million 'guest workers' from Italy and Turkey who turned West Germany into an economic powerhouse; the GDR's Vietnamese labor migrants; and the 2.3 million Germans and 230,000 Jews who came from the Soviet Union after 1987. Without minimizing racism, We Are All Migrants shows that immigration is a success story - and that Germany has been, and is, one of the most fascinating laboratories on our planet in which multiple ways of belonging, and ethnic, national, and supranational identities, are hotly debated and messily lived.

**The Scramble for Europe** Stephen Smith.2019-06-04 From the harrowing situation of migrants

trying to cross the Mediterranean in rubber dinghies to the crisis on the US-Mexico border, mass migration is one of the most urgent issues facing our societies today. At the same time, viable solutions seem ever more remote, with the increasing polarization of public attitudes and political positions. In this book, Stephen Smith focuses on 'young Africa' – 40 per cent of its population are under fifteen – and a dramatic demographic shift. Today, 510 million people live inside EU borders, and 1.25 billion people in Africa. In 2050, 450 million Europeans will face 2.5 billion Africans – five times their number. The demographics are implacable. The scramble for Europe will become as inexorable as the 'scramble for Africa' was at the end of the nineteenth century, when 275 million people lived north and only 100 million lived south of the Mediterranean. Then it was all about raw materials and national pride, now it is about young Africans seeking a better life on the Old Continent, the island of prosperity within their reach. If Africa's migratory patterns follow the historic precedents set by other less developed parts of the world, in thirty years a quarter of Europe's population will be Afro-Europeans. Addressing the question of how Europe can cope with an influx of this magnitude, Smith argues for a path between the two extremes of today's debate. He advocates migratory policies of 'good neighbourhood' equidistant from guilt-ridden self-denial and nativist egoism. This sobering analysis of the migration challenges we now face will be essential reading for anyone concerned with the great social and political questions of our time.

**Refugee News, Refugee Politics** Giovanna Dell'Orto, Irmgard Wetzstein. 2018-09-03 The unprecedented arrival of more than a million refugees, asylum seekers, and migrants – plus the political, public, and policy reactions to it – is redefining Europe. The repercussions will last for generations on such central issues as security, national identity, human rights, and the very structure of liberal democracies. What is the role of the news media in telling the story of the 2010s

refugee crisis at a time of deepening crisis for journalism, as “fake news” ran rampant amid an increasingly distrustful public? This volume offers students, scholars, and the general reader original research and candid frontline insights to understand the intersecting influences of journalistic practices, news discourses, public opinion, and policymaking on one of the most polarizing issues of our time. Focusing on current events in Greece, Austria, and Germany – critical entry and destination countries – it introduces a groundbreaking dialogue between elite national and international media, academic institutions, and civil society organizations, revealing the complex impacts of the news media on the thorny sociopolitical dilemmas raised by the integration of hundreds of thousands of asylum seekers in EU countries.

**Angela Merkel - Die Protestantin** Volker Resing.2017-07-14 Angela Merkel ist nicht nur Bundeskanzlerin und eine der mächtigsten Frauen der Welt, sie ist auch eine gläubige Protestantin. Volker Resing, Journalist und Korrespondent in Berlin, nähert sich der Regierungschefin in diesem Porträt von einer ungewohnten Seite: der religiösen. Eigentlich ist der Glaube für die Pfarrerstochter eher Privatsache, doch in diesem Buch erfährt man, wie sehr das Christentum sie prägt. Sie sucht den Kontakt zu den Kirchen, scheut dabei keinen Konflikt. Wie steht Angela Merkel zum C ihrer Partei? Worum müssen sich die Kirchen in der Gesellschaft kümmern? Wo sieht sie das Christliche in der Politik? Dieses Porträt der gibt authentische und überraschende Antworten. Vollständig überarbeitet und erweitert zeigt es auf, wie sehr Angela Merkel in der Flüchtlingskrise nicht nur verändert hat, sondern sich auch treu geblieben ist.

**Einführung in das politische System der Bundesrepublik Deutschland** Michael Becker.2022-05-16 Auf welchen Grundstrukturen basiert das politische System der Bundesrepublik Deutschland? Wer sind die zentralen Akteure? Wie sind die wichtigsten Prozesse und Institutionen

beschaffen? Das Buch baut auf den Grundbegriffen – Staat, Verfassung, Demokratie – auf, führt über die politische Geschichte der Bundesrepublik hin zum Grundgesetz, zur gesellschaftlichen Willensbildung und schließlich zu den Grundzügen der parlamentarischen Demokratie mit den politischen Organen. Die umfassend aktualisierte Neuauflage enthält Vertiefungen zu aktuellen Problemlagen, u. a. zu den Themen EU, Meinungs- und Pressefreiheit sowie Rechtsextremismus. The Routledge Companion to Narrative Theory Paul Dawson, Maria Mäkelä. 2022-07-18 The Routledge Companion to Narrative Theory brings together top scholars in the field to explore the significance of narrative to pressing social, cultural, and theoretical issues. How does narrative both inform and limit the way we think today? From conspiracy theories and social media movements to racial politics and climate change future scenarios, the reach is broad. This volume is distinctive for addressing the complicated relations between the interdisciplinary narrative turn in the academy and the contemporary boom of instrumental storytelling in the public sphere. The scholars collected here explore new theories of causality, experientiality, and fictionality; challenge normative modes of storytelling; and offer polemical accounts of narrative fiction, nonfiction, and video games. Drawing upon the latest research in areas from cognitive sciences to complexity theory, the volume provides an accessible entry point for those new to the myriad applications of narrative theory and a point of departure for new scholarship.

**Germany and the European Union** Simon Bulmer, William E. Paterson. 2018-11-08 Winner of the UACES Best Book Prize 2020 The jury commented 'It is impossible to study or understand European integration without understanding Germany's role and place in this. This book is therefore a must-read'. This new textbook offers a path-breaking interpretation of the role of the European Union's most important member state: Germany. Analyzing Germany's domestic politics, European policy,

relations with partners, and the resultant expressions of power within the EU, the text addresses such key questions as whether Germany is becoming Europe's hegemon, and if Berlin's European policy is being constrained by its internal politics. The authors – both leading scholars in the field – situate these questions in their historical context and bring the subject up to date by considering the centrality of Germany to the liberal order of the EU over the last turbulent decade in relation to events including the Eurozone crisis and the 2017 German federal election. This is the first comprehensive and accessible guide to a fascinating relationship that considers both the German impact on the EU and the EU's impact on Germany. This book is the ideal companion for undergraduate and postgraduate students who are studying the European Union or German Politics from the perspectives of disciplines as wide ranging as Politics, European Union Studies, Area Studies, Economics, Business and History. It is also an essential resource for all those studying or practicing EU policy-making and communication.

**Power, policies, and algorithms - technologies of surveillance in the European border surveillance regime** Huber, Georg Johannes.2022-08-19 This work analyses the emergent European border surveillance regime as part of the European border regime/migratory regime and the power structures this technological regime is embedded into, is reproducing and creating. The history, politics, policies and technological characteristics of the border surveillance regime of the EU are analysed through a theoretical framework based in political science, political sociology and surveillance studies.

Global Atlas of Refugees and Asylum Seekers Ana Vila-Freyer,Ibrahim Sirkeci.2023-10-15 Dive into the intricate and globally significant topic of asylum and refugees with the Global Atlas of Refugees and Asylum Seekers. This compelling collection of essays, curated by a diverse group of renowned

scholars, offers an extensive exploration of migration patterns, paradigms, and lessons from around the world. As you journey through the chapters, you'll gain unique insights into how countries have responded to the unprecedented refugee crisis, examining notable cases such as Costa Rica, the United States, Canada, Chile, Mexico, and many more. Discover the complexities of asylum systems and the changing landscapes of migration policies in nations as diverse as Bulgaria, Italy, Germany, Greece, Sweden, Spain, and North Macedonia. Delve into the geopolitical implications of seeking refuge and asylum, with a comprehensive analysis of the Palestinian diaspora and an exploration of Pakistan, India, Turkey, and the communitarian-based strategy in refugee laws. This essential compendium provides a comprehensive understanding of the intricate dynamics and global challenges surrounding asylum and refugees. With its diverse range of topics and expert contributors, the Global Atlas of Refugees and Asylum Seekers is a valuable resource for anyone interested in the complexities of global migration and the policies that shape the lives of those seeking refuge. The authors of this book identify two main paradigms shaping states' narratives regarding asylum seekers and refugees. Along the horizontal axis, discourses range from national security to humanitarian aid. On the vertical axis, they extend from the pursuit of ideals, as traditionally defined for refugees and asylum seekers, to personal survival due to economic, climate-related crises, family violence, gender violence, or organized crime. This shift, as highlighted in the chapter on Germany by Professor Knerr, is altering the original vision of agreements that stemmed from post-World War II Europe.

Decoding **Die Getriebenen Merkel Und Die Fla Chtlingspoliti**: Revealing the Captivating

## Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
