Trumpet Blues Peter J. Levinson.1999-11-18 Swing is back in style, and with it a renewed interest in the Big Band Era. And few players dominated that era more than Harry James, whose soaring trumpet solos and romantic hit tunes influenced popular music for a generation. Now, Peter J. Levinson, who knew Harry James personally, has written a revealing biography of this jazz icon, based on nearly 200 interviews with musicians and friends. Harry James led a truly colorful life, and in *Trumpet Blues* Levinson captures it all. Beginning with James's childhood in a traveling circus, we follow the young trumpeter's meteoric rise in the 1930s and witness his electrifying performances with the Benny Goodman Orchestra. We see how

James formed his own band in 1939, an incubator for many pop music stars of the 1940s and '50s, including Frank Sinatra, Connie Haines, Dick Haymes, Helen Forrest, and Kitty Kallen. Combined with James's superb musicianship, peerless trumpet technique and talented sidemen, this stellar group dominated the war years and the immediate post-war period. And James himself, especially after his marriage to film goddess Betty Grable, became one of America's most famous personalities and lived like true Hollywood royalty. Levinson describes their twenty-two-year marriage with insight and sympathy. But he shows how James's marriage--and his triumphant late-1950s comeback in Nevada's casinos--were slowly undermined by his penchant for compulsive gambling, womanizing, and alcoholism. He gives us the inside story of James's sybaritic life style, and probes the profound psychological reasons for James's destructive behavior. The first biography ever written on Harry James, *Trumpet Blues* is a scintillating portrait of Swing's brightest star--his life, his loves, and the music that defined an era.

Modern Jazz Trumpet Legends Larry Kemp.2018-06-26 *Modern Jazz Trumpet Legends* By: Larry Kemp *Modern Jazz Trumpet Legends* is an examination of the lives and contributions of jazz trumpeters born between 1925 and 1940. Included are Miles Davis, Maynard Ferguson, Doc Severinsen, Chet Baker, and Clifford Brown along with scores of other men and women who created jazz with a trumpet. This is an essential guide for the student of jazz, those interested in history, and those who just like to read entertaining true stories about the most colorful people. The *Jazz Trumpet Legends* three volume series is the most comprehensive book on the subject. In the series, 867 trumpeters are discussed. The second volume covers the trumpeters in the center of the history of jazz. There are the sad stories of those who died too young (Clifford Brown at 25, Ray Wetzel at 27 from automobile accidents; Joe Gordon at 35 from a house fire; Booker Little at 23 from uremia), balanced by the positive stories of those who accomplished much with their lives (Miles Davis invented cool jazz and fusion; Maynard Ferguson took the trumpet to new heights; Lionel Ferbos performed regularly for a couple of years after his hundredth birthday; Clora Bryant and Betty O'Hara showed that women could get the job done on the trumpet). *Modern Jazz Trumpet Legends* contains two appendices that apply to trumpeters in all three volumes: a yearly calendar showing, for each day of the year, the trumpeters born on that date; and a geographical listing of the states and countries showing, for each place, the trumpeters born there. *Early Jazz Trumpet Legends* is the first of three volumes organized chronologically by date of birth. The second volume, *Modern Jazz Trumpet Legends* covers those born between 1925 and 1940 and the third volume, *Current Jazz Trumpet Legends*, covers those born

after 1940.

Digging Amiri Baraka.2009 As a commentator on American music, and African American music in particular, Baraka occupies a unique niche. His intelligence, critical sense, passion, strong political stances, involvement with musicians and in the musical world, as well as in his community, give his work a quality unlike any other. As a reviewer and as someone inside the movement, he writes powerfully about music as few others can or do.—Steven L. Isoardi, author of *Central Avenue Sounds: Jazz in Los Angeles* Every jazz musician who has endured beyond changing fashions and warring cultures has had a signature sound. Amiri Baraka—from the very beginning of his challenging, fiery presence on the jazz scene—has brought probing light, between his off-putting thunderclaps, on what is indeed America's classical music. I sometimes disagree insistently with Amiri, and it's mutual; but when he gets past his parochial pyrotechnics, as in choruses in this book, he brings you into the life force of this music.—Nat Hentoff, author of *The Jazz Life*
