The Christlike God John Vernon Taylor.2004 The central thesis of The Christ-like God is that Jesus is the reflection in human life of the being of God. John Taylor begins by pointing out how few religious people-or non-religious people- ever stop and think about God, but tend to live with an unconscious stereotype. He discusses throughout the text how we acquire our idea of God, the nature of revelation experience, and the range of reflection on God both within and out-with the Christian tradition. Bishop John Taylor was one of the twentieth century's leading Anglican missionary statesmen. An ecumenist, Africanist and theologian of international repute, he served as a General Secretary of the Church Missionary Society at a crucial stage in its development and later became Bishop of Windsor.

Robert Smithson Robert A. Sobieszek,Robert Smithson.1993 There have been other exhibitions of his works, but Robert Smithson: Photo Works is the first to examine his use of the camera and to present the way he saw the unique landscapes in which he traveled and located his art. As demonstrated by curator of photography Robert A. Sobieszek, the photographic image was central to Smithson's art, whether in collages, montages, sequences, films, or alone. Smithson's final projects attempted a collaboration art and industry. He believed artists could assist in reclaiming such devastated areas as open-face strip mines. Our expanding presence in and impact upon the land may have become so pervasive that the boundaries between nature and culture have been all but obliterated. Now two decades after his death, Robert Smithson's lessons are all the more vital and significant.-from preface.

Earthwards Gary Shapiro.1995 The untimely death of Robert Smithson in 1973 at age 34 robbed postwar American art of an unusually creative practitioner and thinker. Smithson's pioneering earthworks and installations of the 1960s and '70s anticipated concerns with environmentalism and site-specific artistic production. Gary Shapiro's insightful study of Smithson's career is the first book to address the full range of the artist's dazzling virtuosity.

The Political Economy of a Plural World Robert W. Cox,Michael G. Schechter.2003-08-29 Building on his seminal contributions to the field, Robert W. Cox engages with the major themes that have characterized his work over the past three decades, and the main topics which affect the globalized world at the start of the twentieth-century. This new volume by one of the world's leading critical thinkers in international political economy addresses such core issues as global civil society, power and knowledge, the covert world, multilateralism, and civilizations and world order. With an introductory essay by Michael Schechter which addresses current critiques of Coxian theory, the author enters into a stimulating dialogue with critics of his work. Timely, provocative and original, this book is a major contribution to international political economy and is essential reading for all students and academics in the field.

A Government Inspector Nikolai Gogol.2013-12-02 This version of A Government Inspector is a Yorkshire take on Gogol's 1836 fantastical Russian satire. The setting is here transposed to a small northern town in the twenty-first century, geographically and culturally remote from the centre of government. Into a small Pennine town a mysterious stranger is mistaken for a government inspector. Fearing discovery of their corrupt goings-on, the town's unscrupulous councillors attempt to ingratiate themselves. Bribes, backhanders and brown envelopes abound, and the young chap, who has an eye for a quick buck, takes full advantage with hilarious results. Deborah McAndrew's version of A Government Inspector goes beyond literal translation, but is absolutely faithful to Gogol's stated intention to peel away the surface layers of ordinary people and expose the corruption beneath. It's exuberant, brilliantly witty and original, and audiences will revel in the references to government officials' expenses claims and women's beach volley ball... Northern Broadsides, one of the country's finest and best-loved touring theatre companies, breathes life and vigour into this nearly 200-year-old story. Absurdly funny, clever and strangely familiar, this feels to be the next One Man Two Guvnors. The production premieres at Harrogate Theatre from 7 - 22 September before embarking on an English national tour until December 1st.

Crafted by two masters of inspirational fiction--Janette Oke and T. Davis Bunn--and combining the engaging historical settings, rich characterization, and heartwarming messages quintessential to both authors, *The Meeting Place* is another timeless story for you to cherish. Set along the rugged coastline of 18th century Canada in what was then called Acadia (now Nova Scotia and New Brunswick), *The Meeting Place* re-creates a world that was home to native Indians, French settlers, and English garrisons. Such diverse populations did not live in accord, however. Instead, they were isolated within their own groups by a brewing political tension under the difficult English rule. Amid such chaotic times two

women, both about to become brides and both trying to live lives of quiet peace, meet in a lush field of wildflowers. Louisa, a Frenchwoman, and Catherine, who is English, continue to meet secretly through the seasons, sharing both friendship and growing faith. The outside world does not mirror their own tranquil happiness, and the dreaded crackdown by the English throne threatens far more than their growing bond. In the face of a heart-wrenching dilemma, Louisa and Catherine strive to maintain their faith and cling to their dreams of family and home.
