**Unearthly Disclosure** Timothy Good.2011-02-28 Unearthly Disclosure is a story of alien bases, alien contacts and abductions, genetic mutants, animal mutilations, and government paranoia. Here, Timothy Good, one of the world's most respected authorities on the alien phenomenon, reveals for the first time sensational information provided to him by high-level military and scientific sources, who confirm that aliens have established subterranean and submarine bases on Earth and that extra-terrestrial contact has been made with a select group in the US military and scientific intelligence community. Among numerous revelations in this book are those involving the alien creature photographed by Filiberto Caponi in Italy. The author spent several years investigating this controversial case and commissioned an Expert Witness checked by the Law Society to analyse Caponi's astonishing photographs. Published for the first time, this unique story forms the central section of Unearthly Disclosure.

Amazon's star rating and its number of reviews are shown below each book, along with the cover image and description. You can browse the past day's free books as well but you must create an account before downloading anything. A free account also gives you access to email alerts in all the genres you choose. PixelScroll lists free Kindle eBooks every day that each includes their genre listing, synopsis, and cover. PixelScroll also lists all kinds of other free goodies like free music, videos, and apps. Free-Ebooks.net is a platform for independent authors

who want to avoid the traditional publishing route. You won't find Dickens and Wilde in its archives; instead, there's a huge array of new fiction, non-fiction, and even audiobooks at your fingertips, in every genre you could wish for. There are many similar sites around, but Free-Ebooks.net is our favorite, with new books added every day. It would be nice if we're able to download free e-book and take it with us. That's why we've again crawled deep into the Internet to compile this list of 20 places to download free e-books for your use. Library Genesis is a search engine for free reading material, including ebooks, articles, magazines, and more. As of this writing, Library Genesis indexes close to 3 million ebooks and 60 million articles. It would take several lifetimes to consume everything on offer here. FeedBooks: Select the Free Public Domain Books or Free Original Books categories to find free ebooks you can download in genres like drama, humorous, occult and supernatural, romance, action and adventure, short stories, and more. Bookyards: There are thousands upon thousands of free ebooks here. Baen is an online platform for you to read your favorite eBooks with a section consisting of limited amount of free books to download. Even though small the free section features an impressive range of fiction and non-fiction. So, to download eBooks you simply need to browse through the list of books, select the one of your choice and convert them into MOBI, RTF, EPUB and other reading formats. However, since it gets downloaded in a zip file you need a special app or use your computer to unzip the zip folder. Wikibooks is an open collection of (mostly) textbooks. Subjects range from Computing to Languages to Science; you can see all that Wikibooks has to offer in Books by Subject. Be sure to check out the Featured Books section, which highlights free books that the Wikibooks community at large believes to be "the best of what Wikibooks has to offer, and should inspire people to improve the quality of other books." Despite its name, most books listed on Amazon Cheap Reads for Kindle are completely free to download and enjoy. You'll find not only classic works that are now out of copyright, but also new books from authors who have chosen to give away digital editions. There are a few paid-for books though, and there's no way to separate the two
