**Notes on "Camp"** Susan Sontag.2019-06-14 From one of the greatest prose stylists of any generation, the essay that inspired the theme of the 2019 Met Gala, *Camp: Notes on Fashion* Many things in the world have not been named; and many things, even if they have been named, have never been described. One of these is the sensibility—unmistakably modern, a variant of sophistication but hardly identical with it—that goes by the cult name of “Camp.” So begins Susan Sontag’s seminal essay “Notes on ‘Camp.’ ” Originally published in 1964 and included in her landmark debut essay collection *Against Interpretation*, Sontag’s notes set out to define something that even the most well-informed could describe only as “I know it when I see it.” At once grounded in a sweeping history (Louis XIV was pure Camp) and entirely provisional, Camp delights in low and high culture alike. Tiffany lamps, the androgynous beauty of Greta Garbo, King Kong (1933), and Mozart all embody the Camp sensibility for Sontag—an almost ineffable blend of artifice, extravagance, playfulness, and a deadly seriousness. At the time Sontag published her essay, Camp, as a subversion of sexual norms, had also become a private code of signification for queer communities. In nearly every genre and form—from visual art, décor, and fashion to writing, music, and film—Camp continues to be redefined today, as seen in the 2019 Met Gala that took Sontag’s essay as the basis for its theme. “Style is everything,” Sontag tells us, and as Time magazine points out, “ ‘Notes on “Camp” ’ launched a new way of thinking,” paving the way for a whole new style of cultural criticism, and describing what is, in many ways, the defining sensibility of our culture today.

**First Day Critter Jitters** Jory John.2020-07-07 First-day-of-school jitters have never been funnier or more reassuring than in this picture book by the New York Times bestselling author Jory John and critically acclaimed illustrator Liz Climo It's almost the first day of school, and the animals are nervous. Sloth worries about getting there on time, snake can't seem to get his backpack fastened onto his body, and bunny is afraid she'll want to hop around instead of sitting still. When they all arrive at their classroom, though, they're in for a surprise: Somebody else is nervous too. It's their teacher, the armadillo! He has rolled in as a ball, and it takes him a while to relax and unfurl. But by the next day, the animals have all figured out how to help one another through their jitters. School isn't so scary after all.

**168 Hours** Laura Vanderkam.2011-05-31 It's an unquestioned truth of modern life: we are starved for time. We tell ourselves we'd like to read more, get to the gym regularly, try new hobbies, and accomplish all kinds of goals. But then we give up because there just aren't enough hours to do it all. Or if we don't make excuses, we make sacrifices- taking time out from other things in order to fit it all in. There has to be a better way...and Laura Vanderkam has found one. After interviewing dozens of successful, happy people, she realized that they allocate their time differently than most of us. Instead of letting the daily grind crowd out the important stuff, they start by making sure there's time for the important stuff. When plans go wrong and they run out of time, only their lesser priorities suffer. Vanderkam shows that with a little examination and prioritizing, you'll find it is possible to sleep eight hours a night, exercise five days a week, take piano lessons, and write a novel without giving up quality time for work, family, and other things that really matter.
