*The Making of the Modern Refugee* Peter Gatrell.2013-09-12 The Making of the Modern Refugee proposes a new approach to a fundamental aspect of twentieth-century history by bringing the causes, consequences and meanings of global population displacement within a single frame. Its broad chronological and geographical coverage, extending from Europe and the Middle East to South Asia, South-East Asia and sub-Saharan Africa, makes it possible to compare crises and how they were addressed. Wars, revolutions and state formation are invoked as the main causal explanations of displacement, and are considered alongside the emergence of a twentieth-century refugee regime linking governmental practices, professional expertise and humanitarian relief efforts. How and for whom did refugees become a problem for organizations such as the League of Nations and UNHCR and for non-governmental organizations (NGOs)? What solutions were entertained and implemented, and why? What were the implications for refugees? These questions invite us to consider how refugees engaged with the myriad ramifications of enforced migration, and thus the significance that they attached to the places they left behind, to their journeys and destinations--in short, how refugees helped interpret and fashioned their own history. The Making of the Modern Refugee rests upon scholarship from several disciplines and draws upon oral testimony, eye-witness accounts and cultural production, as well as extensive unpublished source material.

Beat the French Defense with 3. Nc3 - Pentala Harikrishna.2021-02-09 In this book on the 3.Nc3 French, Harikrishna offers practical ideas from White's perspective to make your preparation more effective. At times, this means suggesting the 2nd or 3rd choice of the engine. He builds on the material from his earlier French course (Chessable, May 2019) and has expanded it with new analysis in all the lines, especially the 3...Nf6 4.e5 Nfd7 5.f4 variation. Harikrishna analyzes both 5.Nce2 and 5.f4, so that the reader may make an informed choice about their personal preference. The driving force throughout is to keep the book clear-cut and practical. A good example of a practical weapon is the deceptively simple 3...Bb4 4.exd5 line. There are also fresh and interesting suggestions against the sidelines you are likely to encounter, especially at shorter time controls. The entire Thinkers Publishing team joins with the author in wishing you enjoyment and success from this exceptional book

**The Modernized French Defense Volume 1** David Miedema.2019-05-28 The Winawer variation of the French is reached after 1.e4 e6 2.d4 d5 3.Nc3 Bb4. This is one of the most exciting openings in the game. It's an alternative universe with alternative rules. In return for the Bishop Black gets a rock solid pawn structure and lots of dynamic capabilities. It should not come as a surprise that in these unbalanced fights Black can really play for a win. The groundwork was done by Nimzowitsch, Botvinnik and Kortchnoi in the old days. Nowadays players like Carlsen, So and Mamedyarov still use their ideas with success. People often ask, does true love exist? Well, Miedema and the French might be one of those rare examples. Fortunately the love has translated to countless novelties and fighting lines. This is his first volume on the French defence and his debut as an author.

**Kaufman's New Repertoire for Black and White** Larry Kaufmann.2019-10-28 Seven years after his acclaimed and bestselling *The Kaufman Repertoire for Black and White*, Grandmaster Larry Kaufman is back with his new repertoire book, covering the entire scope of chess openings for both White and Black, in one volume. Two important developments made this book necessary. Larry Kaufman, who himself routinely plays the lines he advocates to others, discovered that after 1.d4 (the recommendation in his previous book) it became nearly impossible to show a consistent advantage for White, especially against Grunfeld and Nimzo/Ragozin defenses. The other factor was that chess engines have become so much stronger. Larry Kaufman presents a completely new White repertoire with 1.e4 aiming for an objective advantage in the simplest practical manner. You are presented with two options, while you don't have to play the sharpest lines. The Black repertoire has been thoroughly revised and updated, and three new chapters have been added. *Kaufman's New Repertoire for Black and White* is the first opening book that is primarily based on Monte Carlo search. The highly original analysis has resulted in loads of improvements on existing theory. This is a lucidly explained, ready-to-go and easy-to-digest repertoire with sound, practical lines that do not outdate rapidly and are suitable for masters while perfectly accessible for amateurs.

**Vladislav Shapovalov: Image Diplomacy** .2021-08-03 This publication documents Vladislav Shapovalov's long-term undertaking 'Image Diplomacy', consisting of a film and a series of installations focused on exhibitions as a political medium. The project narrates the battle waged between two ideological blocs, the USSR and the United States, in the field of 'exhibition diplomacy' during the Cold War and gives insight into the unwritten history of Soviet soft power and socialist internationalism. It compares forgotten archival materials left behind in Europe from Soviet photographic 'kit' exhibitions and films with the American Family of Man exhibition, on display today at Luxembourg's Clervaux Castle and included in the UNESCO Register. Interplays between exhibition histories, geopolitics, and art practice are further examined in the contributions by film scholar Alex Fletcher and curator and researcher Gudrun Ratzinger; a conversation between Shapovalov and curator Emanuele Guidi; and an essay by curator and researcher Andrei Siclodi.00Exhibition: Ar/ge kunst, Bolzano, Italy (02.12.2017-10.02.2018).

**If Animals Could Talk** Dr. Werner Gitt.2006-02-01 If animals could tell us about themselves, using our scientific knowledge, if they could tell us about the way they live, the special way they are made and many details about their individual design - what they would say would be unique praise to the Creator. Did you know that while in flight, the sparrow's heart can beat up to 760 times per minute? Or that a baby blue whale grows at a rate of 7.28 pounds an hour while it's nursing, a grand total of 17 tons by the end of the nursing stage? How about that glow worms have a light output efficiency of 100% as compared to only 4% for our incandescent bulbs? Dr. Werner Gitt, one of the foremost creationist speakers in the world, uses his scientific expertise in this book to show the unique design features of some of God's most captivating creations. All people, young and old, layperson or expert, will be able to understand and enjoy this straightforward book. Told from the perspective of the animals being described, *If Animals Could Talk* clearly shows the impossibility of life without design. Dr. Gitt uses simple language to provoke a sense of wonder and awe at the marvelous design of the Creator.

*A View from the Bridge: A Play in One Act* Arthur Miller.2012-02-27 *A View From The Bridge* is a play by American playwright Arthur Miller that was first staged on September 29, 1955 as a one-act verse drama with *A Memory of Two Mondays* at the Coronet Theatre on Broadway. The play was unsuccessful and Miller subsequently revised the play to contain two acts.Einstein Books' edition of *A View From The Bridge* is the original one-act version of the play.The play is set in 1950s America, in an Italian American neighborhood near the Brooklyn Bridge in New York. It employs both a chorus and a narrator (Alfieri). Eddie, the tragic protagonist, has an improper love of, and almost obsession with, Catherine. Miller's interest in writing about the world of the New York docks originated with an unproduced screenplay that he developed with Elia Kazan in the early 1950s (entitled *The Hook*) that addressed corruption on the Brooklyn docks (Kazan would go on to direct *On the Waterfront*, which tackled the same subject). Miller said that he heard the basic account that developed into the plot of *A View from the Bridge* from a longshoreman, who related it to him as a true story.Einstein Books' edition of *A View From The Bridge* contains supplementary texts:\* An excerpt from *A Memory Of Two Mondays*, a one-act play by Arthur Miller.\* An excerpt from *The Man Who Had All The Luck*, and early play by Arthur Miller.\* A few selected quotes of Arthur Miller.

*International Knowledge Transfer in Religious Education* Friedrich Schweitzer,Peter Schreiner.2020-12-16 This book is about international knowledge transfer in religious education as an academic discipline; at the same time, though, it is related to the school subject of RE. Its aim is to strengthen the awareness of the need for international cooperation in the field of religious education in general and especially for clarifying the role of knowledge in this kind of cooperation. The contributions discuss a number of issues, among others related to the validity and transferability of knowledge in religious education. Thus, the book takes up a topic which so far has remained implicit and therefore also untreated. This approach implies a whole spectrum of new methodological and epistemological problems. Some crucial questions that are discussed in the chapters from different national contexts are: - How can the national and the international context be productively connected to each other? - Which concept or understanding of ›international‹ should be used when it comes to the transfer of knowledge? - What exactly is meant by ›knowledge‹ in religious education? - What does ›transfer‹ mean in this context? The scope of the book is an invitation to other colleagues to take part in and to continue the discussion.

**The Caro-Kann** Lars Schandorff.2010 In chess the Caro-Kann opening is one of Black's most reliable answers to 1.e4. It is a regular favorite of elite players, who know that computer-aided preparation now threatens the sharpest lines of the Sicilian or Ruy Lopez (at the very least with a forced draw). The Caro-Kann is less susceptible to such forcing lines - Black sets out to equalize in the opening, and win the game later.Grandmaster Lars Schandorff reveals a bulletproof chess opening repertoire and lucidly explains how Black should play the middlegame and endgame.

A Matter of Time Ellen Klinkel, Nick Gerlich. 2019-10-10 Route 66 may never return as an American highway, but it will never disappear from our collective memory. The Mother Road touches our very soul, causing us to reflect on the past and reconsider our place in the present. *A Matter of Time* offers readers a fresh and different perspective. Documenting 101 distinct locations along historic Route 66, this book emphasizes forgotten and familiar places—relics of the past that are seldom, if ever, portrayed in print. Photographer Ellen Klinkel first traveled Route 66 in 2013. Immediately inspired to capture the road “in its pure essence” through the lens of her camera, she returned over the next four years to photograph various sites along the old highway. As she explains, the road is the “main character” in all her images, whether they depict a dramatic sky along Tornado Alley, a nightscape in the Mojave Desert, or a tranquil early morning on the Santa Monica Pier. She is drawn to places that evoke change and abandonment—especially ones that became obscure during the road’s periodic rerouting—as well as revival. *A Matter of Time* follows the journey that so many Americans traveled for decades: starting from downtown Chicago, coursing through multiple states in the Midwest and Southwest, and culminating in Santa Monica, California, near Los Angeles. As a Route 66 historian and advocate, Nick Gerlich is deeply familiar with the entire route, both through personal experience and extensive research. His in-depth captions place Klinkel’s photographs in historical and cultural context, enhancing our understanding of her haunting images. Together, photographer and historian inspire new and unexpected ways to appreciate America’s Main Street.

**Chess Story** Stefan Zweig. 2011-12-07 *Chess Story*, also known as *The Royal Game*, is the Austrian master Stefan Zweig’s final achievement, completed in Brazilian exile and sent off to his American publisher only days before his suicide in 1942. It is the only story in which Zweig looks at Nazism, and he does so with characteristic emphasis on the psychological. Travelers by ship from New York to Buenos Aires find that on board with them is the world champion of chess, an arrogant and unfriendly man. They come together to try their skills against him and are soundly defeated. Then a mysterious passenger steps forward to advise them and their fortunes change. How he came to possess his extraordinary grasp of the game of chess and at what cost lie at the heart of Zweig’s story. This new translation of *Chess Story* brings out the work’s unusual mixture of high suspense and poignant reflection.

*Louise Bourgeois X Jenny Holzer: the Violence of Handwriting Across a Page* Jenny Holzer. 2022-04-26 The obsessions and abiding themes of Louise Bourgeois, as seen through the eyes of Jenny Holzer For both Jenny Holzer (born 1950) and Louise Bourgeois (1911-2010), the question of female identity is a central point of departure for their artistic production. Holzer knew Bourgeois personally and shares her sensitivity to language and the radicality of her creative position. Mainly focusing on Bourgeois’ writing and drawing practices, this gorgeous, large-format volume brings together the two legendary artists to propose a journey through Bourgeois’ obsessions and some of the major themes at stake in her work, among them motherhood, trauma, fear and loneliness. Conceived and designed by Holzer to accompany the 2022 Louise Bourgeois exhibition that she curated at the Kunstmuseum Basel, the book puts Bourgeois’ works into dialogue with works from the Kunstmuseum Basel’s historical collections. A fascinating montage of images and writings, this volume offers an unprecedented insight into Bourgeois’ art and life.
