Understanding Financial Management H. Kent Baker, Gary Powell. 2009-02-09 Designed for those who want to gain an understanding of the fundamental concepts and techniques used in financial management. An underlying premise of the book is that the objective of the firm is to maximize value or wealth. Drawing on a wealth of experience in the academic and professional worlds, the authors discuss how firms can accomplish this objective by making appropriate investment and financing decisions. Bridging the gap between financial theory and practice, the authors present fundamental concepts in an intuitive and nontechnical way, and provide numerous practical financial tips to readers. The focus is on current practice, using results from recent surveys to show the most popular techniques and approaches used by financial managers today. A range of instructor's resources are available at the accompanying website. Visit www.blackwellpublishing.com/baker for full details.

Teaching Public Budgeting and Finance Bruce D. McDonald III, Meagan M. Jordan. 2021-12-24 Many universities offer the Master of Public Administration (MPA) or other public affairs

degree, which includes at least one course in public budgeting or public financial management. The faculty who teach these courses can however sometimes struggle to cover the breadth of material required and to fully engage students in what can be a technical subject. *Teaching Public Budgeting and Finance: A Practical Guide* addresses this challenge by sharing hands-on classroom expertise from leading scholars and creative instructors in the field. Drawing on their extensive experiences with teaching, researching, and engaging in service, each contributor reflects on how their area of expertise can be taught most effectively, providing a discussion of student learning outcomes, pedagogical approaches, relevant resources, and appropriate course assignments. While no one book can provide a final say on classroom instruction, this first-of-its kind primer on teaching public budgeting and financial management courses is a detailed, indispensable guide for all faculty looking to improve the learning experience of students in the classroom. *Teaching Public Budgeting and Finance: A Practical Guide* is required reading for early career faculty as they prepare to teach the course for what may be the first time, as well as for more senior faculty looking to update their course, complement their own teaching strengths, or teaching the course for the first time in several years.

Cost Accounting for Health Care Organizations Steven A. Finkler, David Marc Ward. 1999 This book provides a thorough coverage of the essentials of cost accounting from a health care perspective. It covers all of the basic tools of cost accounting common to all industries, and uses health care examples. Part I provides the reader with a solid foundation in the essentials of cost accounting. The chapters in this section provide an introduction to costing and cost definitions. Various approaches to product costing and cost allocation are discussed. Breakeven analysis is also covered, as are techniques for making nonroutine decisions. Part II presents a number of specific tools for improved planning and control. The chapters in this section focus on

forecasting and prediction of future costs, budgeting, flexible budgeting, variance analysis, and management control. Part III addresses a number of additional cost accounting tools that can be helpful in generating management information for decision making. Specifically, there are chapters on cost accounting, productivity measurement, inventory, uncertainty, information systems, and performance evaluation. The criticisms of cost accounting and a number of suggested approaches for improvement are discussed in Part IV. The chapters in this part also examine activity-based costing, total quality management, and the future of costing. Each chapter is followed by one or more articles that apply some of the material discussed in the chapter. The last chapter provides a summary of the book.
