Maths Copy Dr Pulak Puneet. 2020-10-29 The author seeks to take the reader on a slow roller coaster ride down memory lane, halting en route at the stations of childhood, youth and adulthood. He makes the reader visit the mind of an impressionable child who can be distraught over a trivial looking matter, a youth stuck in a demanding situation, a doctor's doubts and redemption, a distressed parent, a responsible citizen and so on, all in different stories. He shares his thoughts over various issues very subtly and invites the readers to search their minds for their own stance on the same. He reminisces about a gifted classmate, muses over life, shares his misadventure as a

child and then some more. He has tried to put different colors from his palette on different canvasses in a collection which promises to keep you interested through delicate twists and the occasional surprise.

Soundtracks Jon Acuff.2021-04-06 Overthinking isn't a personality trait. It's the sneakiest form of fear. It steals time, creativity, and goals. It's the most expensive, least productive thing companies

invest in without even knowing it. And it's an epidemic. When New York Times bestselling author Jon Acuff changed his life by transforming his overthinking, he wondered if other people might benefit from what he discovered. He commissioned a research study to ask 10,000 people if they struggle with overthinking too, and 99.5 percent said, Yes! The good news is that in *Soundtracks*, Acuff offers a proven plan to change overthinking from a super problem into a superpower. When we don't control our thoughts, our thoughts control us. If our days are full of broken soundtracks, thoughts are our worst enemy, holding us back from the things we really want. But the solution to overthinking isn't to stop thinking. The solution is running our brains with better soundtracks. Once we learn how to choose our soundtracks, thoughts become our best friend, propelling us toward our goals. If you want to tap into the surprising power of overthinking and give your dreams more time and creativity, learn how to DJ the soundtracks that define you. If you can worry, you can wonder. If you can doubt, you can dominate. If you can spin, you can soar.

Topi Shukla Rāhī Māsūma Razā.2005 Set in Aligarh in the early 1960s, after the dust of Partition has ostensibly settled, Topi Shukla is a story of two friends - one Hindu and the other Muslim. Through

the characters of people like Topi and Iffan, the novel looks at the lives of ordinary people trying to survive in a society that insists on a brutal conformity of behaviour. It is about individuals whose spirits are paralysed because they cannot conform, and about history's inability to teach mankind any worthwhile lessons. Language plays an important part in this narrative, operating almost as a character in its own right. Topi, as a Hindi bull in the Urdu china shop, invokes the historical stand-off between the two languages. The novel also explores the culture and psyche of Uttar Pradesh with its very Muslim Aligarh, its very Hindu Benares, and their exotic confluence in Lucknow.--BOOK JACKET.
