The Love of a Mother Ben Pathen,Michael Bent.2019-11-06 We all love our mothers. And our mothers love us back. There is little more unconditional love than that which a mother gives. Mothers love their disobedient and even criminal sons. In their mind, they can do no wrong. Mothers want to protect their children, usually more than they want to protect themselves. Are there mothers so determined to protect their sons from the risks and dangers that the wide world presents, that they would choose an astonishing solution? Would such a mother be willing to take her son and regress him back to infancy, back to a life of no cares, no worries and and no responsibilities? Such a world would pose far fewer risks to a teenage boy on the cusp of adulthood than venturing out on his own. Amanda is such a woman. Her son is about to strike out on his own and he is woefully unprepared. He is small for his age, immature and ignorant of the dangers outside his home. And so she takes on the challenge of turning Daniel back into a baby. And she has one obvious entry point. Daniel had wet his bed until only a few years prior. It would be easy to start that process again and then, the solution was obvious. Diapers and Plastic pants. The rest would follow on.

**Helping My Neighbour** Martin Coster.2023-04-03 Martin was ecstatic when he found that his neighbour was wearing diapers full-time just like him. But she was doing it for medical reasons while Martin was a sissy adult baby. But Martin had a special secret - he liked to wear pre-worn diapers but they were hard to find... until now. From the Martin Coster book: My secret Needs and Desires

**From Boy to Sissy Baby** Ben Pathen,Michael Bent,Madeline Wood.2020-02-25 The Sissy Baby is an incredibly important and common aspect of ABDL life. These four novels are not books that are a full-on sissy extravaganza from the first word until the last. They are - like in real life - a step-

by-step journey that follows the story of a young man who finds femininity erupting in his life, just as infancy is also developing. The twin aspect merge and a sissy baby is formed. And in every case, the sissy baby needs to find a life where they are able to live, develop, grow and be part of a relationship that works and matters. I hope you enjoy these four novels as much as the authors enjoyed writing them and it is worth remembering that while they are fiction, they do represent part of the canvas of real life and some scenes are based in part on actual events. Enjoy your travels through the world of the sissy adult baby.

*Sissy Baby Development* Terry Masters.2024-02-13 Sissy Babies don't appear overnight. The seeds are planted very early on in childhood and germinate over time until a sissy baby begins to develop. This is the story of how it happened for one young man.

[Mummy... I Want To Be A Baby Again! \(Vol 5\) Rubber Pants Edition](#) Ben Pathen.2021-04-30 It is arguably the most common theme in ABDL fiction - becoming a baby again, perhaps forever and perhaps completely so. For many Adult Babies, the idea of being able to give into our wishes and desires completely and without restriction is a wonderful concept and one that grabs our attention. For the vast majority of adult babies, the expression of our inner infant is complicated by endless compromises and limits on what we can actually do. Our partners limit us. Our finances limit us. Social acceptance - and the lack thereof - limits us. Friends, employment, family and other issues limit us. But fiction can overcome all of these. In fiction, we can bend the rules of probability, break the bounds of social norms and erase the limits that otherwise keep us from expressing our inner infancy the way we wish. In these three books, you will read of adults that become complete babies once more. If they are not originally completely willing to become babies again, they quickly discover the joys, the peace and comfort of nappies, baby clothes, bottle feeds and baby toys. Infancy is entrancing to almost everyone, but for those special people - adult babies - infancy is only a nappy-change away and stories of grownups reverting to babyhood is less fiction than an innate desire that we express on the pages of a book. Enjoy your stay in the world of refreshing infancy. Enjoy Nappies and Rubber Pants
