Tango Lessons Marilyn G. Miller.2014-01-13 From its earliest manifestations on the street corners of nineteenth-century Buenos Aires to its ascendancy as a global cultural form, tango has continually exceeded the confines of the dance floor or the music hall. In *Tango Lessons*, scholars from Latin America and the United States explore tango's enduring vitality. The interdisciplinary group of contributors—including specialists in dance, music, anthropology, linguistics, literature, film, and fine art—take up a broad range of topics. Among these are the productive tensions between tradition and experimentation in tango nuevo, representations of tango in film and contemporary art, and the role of tango in the imagination of Jorge Luis Borges. Taken together, the essays show that tango provides a kaleidoscopic perspective on Argentina's social, cultural, and intellectual history from the late nineteenth to the early twenty-first centuries. Contributors. Esteban Buch, Oscar Conde, Antonio Gómez, Morgan James Luker, Carolyn Merritt, Marilyn G. Miller, Fernando Rosenberg, Alejandro Susti

The Fateful Journey Robert Joost Willink.2011-01-01 Bold, headstrong, and fabulously wealthy, Dutch traveller Alexine Tinne (1834-1869) made several excursions into the African interior, often accompanied by her mother, at a time when very few European women traveled. The Fateful Journey follows her trip with German zoologist Theodor von Heuglin, which took them through Egypt and Sudan in search of adventure and unknown regions in Central Africa.. Drawing upon four years of research in the Tinne archives, and including never before published correspondence, photographs, and other documents, Robert Joost Willink presents a compelling account of their journey and its tragic ending. This exciting volume not only sheds light on Tinne's life and times, it also offers captivating insights into the world of European adventurers in the 19th century. An enthralling mix of adventure and careful scholarship, The Fateful Journey creates a powerful portrait of Alexine Tinne throughout her life, from her start as a rich heiress in the Netherlands to her end as the intrepid explorer who risked—and lost—everything on a daring, doomed quest.

The Media in the Network Society Gustavo Cardoso.2006 In the Network Society the development of a new communicational model has been taking shape. A communicational model characterized by the fusion of interpersonal communication and mass communication, connecting audiences and broadcasters under a hypertextual matrix linking several media devices. The Networked Communication model is the informational societies communication model. A model that must be understood also in its needed literacies for building our media diets, media matrixes and on how it's changing the way autonomy is managed and citizenship exercised in the Information Age. In this book Gustavo Cardoso develops an analysis that, focusing on the last decade, takes us from Europe to North America and from South America to Asia, combining under the framework of the Network Society a broad range of scientific perspectives from Media Studies to Political Science and Social Movements theory to Sociology of Communication.

La péninsule Ibérique et le monde Guillaume Hanotin.2013-10-09 À la fin du XVe siècle, les Ibériques poursuivent la Reconquista en Europe et se lancent dans une expansion maritime qui les conduit à contourner le continent africain et à traverser l'Atlantique pour arriver en Amérique et jusqu'en Asie. Ils entrent en contact avec des sociétés dont ils ignorent presque tout et sont confrontés à des populations dont les mœurs, les croyances, l'organisation politique et sociale diffèrent radicalement des leurs. À ce temps des premiers contacts, succède celui des échanges croissants. L'or, l'argent, les épices - et bientôt les hommes - circulent de plus en plus. À ces circulations matérielles et quantifiables, s'ajoute un immatériel parfois insaisissable. Les représentations du monde, de soi et de l'autre sont bouleversées. Il faut alors trouver des mots et des explications pour comprendre et dire l'inconnu. Les Ibériques ont été des acteurs majeurs de cette première mondialisation, car ils ont contribué à établir des liens entre différentes parties du monde. Ce sont ces connexions et ces échanges qui sont au cœur de cet ouvrage. Construit selon une approche thématique, il aborde à la fois le phénomène de l'expansion et ses multiples répercussions religieuses, sociales, économiques et culturelles.

Blood, Land and Power Manuel Perez-Garcia.2021-04-15 The historical data and vast information in the historical sources is arranged in this book using software to make clusters of data and quantification. This serves as illustrative example for future research on how to apply such methods to historical research. The analysis of formation of new elites and powerful families, and the social networks they belonged to, serves to understand in the long run how groups and families in localities of southern Europe have consolidated their power and how political institutions (then and now) have served to the perpetuation of such families in the exercise of power. Disputes and rivalry between factions, elites and groups of power to control land (as main economic source of power) and political institutions have not ceased since the early modern period until today. Southern and Mediterranean Europe localities are a good example in which fierce struggles between elite groups have lasted across space and time.
