Kindle Buffet from Weberbooks.com is updated each day with the best of the best free Kindle books available from Amazon. Each day's list of new free Kindle books includes a top recommendation with an author profile and then is followed by more free books that include the genre, title, author, and synopsis. The eReader Cafe has listings every day for free Kindle books and a few bargain books. Daily email subscriptions and social media profiles are also available if you don't want to check their site every day. Overdrive is the cleanest, fastest, and most legal way to access millions of ebooks—not just ones in the public domain, but even recently released mainstream titles. There is one hitch though: you'll need a valid and active public library card. Overdrive works with over 30,000 public libraries in over 40 different countries worldwide. However, Scribd is not free. It does offer a 30-day free trial, but after the trial you'll have to pay \$8.99 per month to maintain a membership that grants you access to the sites entire database of books, audiobooks, and magazines. Still not a terrible deal! Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars). Books Pics is a cool site that allows you to download fresh books and magazines for free. Even though it has a premium version for faster and unlimited download

speeds, the free version does pretty well too. It features a wide variety of books and magazines every day for your daily fodder, so get to it now! Better to search instead for a particular book title, author, or synopsis. The Advanced Search lets you narrow the results by language and file extension (e.g. PDF, EPUB, MOBI, DOC, etc). FeedBooks: Select the Free Public Domain Books or Free Original Books categories to find free ebooks you can download in genres like drama, humorous, occult and supernatural, romance, action and adventure, short stories, and more. Bookyards: There are thousands upon thousands of free ebooks here. Consider signing up to the free Centsless Books email newsletter to receive update notices for newly free ebooks and giveaways. The newsletter is only sent out on Mondays, Wednesdays, and Fridays, so it won't spam you too much.
