The Book of Not Knowing Peter Ralston.2010-01-26 For fans of Eckhart Tolle—a guide to mastering self-awareness through direct experience rather than old presumptions or harmful thought patterns Through decades of martial arts and meditation practice, Peter Ralston discovered a curious and paradoxical fact: that true awareness arises from a state of not-knowing. Even the most sincere investigation of self and spirit, he says, is often sabotaged by our tendency to grab too quickly for answers and ideas as we retreat to the safety of the known. This Hitchhiker's Guide to Awareness provides helpful guideposts along an experiential journey for those Western minds predisposed to wandering off to old habits, cherished presumptions, and a stubbornly solid sense of self. With ease and clarity, Ralston teaches readers how to become aware of the background patterns that they are

usually too busy, stressed, or distracted to notice. The Book of Not Knowing points out the ways people get stuck in their lives and offers readers a way to make fresh choices about every aspect of their lives—from a place of awareness instead of autopilot.

Hawkins to guide readers on the path to enlightenment. This collection of inspiring quotes from world-renowned consciousness researcher and mystic Dr. David R. Hawkins can help readers elevate their level of consciousness. In doing so, they will explore ways to understand truth, raise their awareness, and find enlightenment and infinite peace. Readers will engage with some of Dr.

Hawkins's most profound insights from his classic works, such as: To best serve the world, seek enlightenment and transcend illusions rather than contribute to them. Success comes about automatically from knowing where to look. Not what to look for, but where to look. We do not look at what we have, nor at what we do, but at what we are. Once we find within ourselves what we've been searching for, we won't have to bother looking out there. We can't own that which is great within ourselves unless we learn to recognize it in others. Peace comes with total inner surrender to what is. By continuously letting go, it is possible to stay in that state of freedom. Feelings come and go, and eventually you realize that you are not your feelings, but that the real you is merely witnessing them.

The Highest Level of Enlightenment David R. Hawkins.2024-02-06 In this profound book, based on a popular audio program, Dr. David Hawkins gives a primer on his world-famous map of consciousness that will help the reader embark on their own journey to an advanced state of consciousness. Dr. Hawkins's research is based on a well-established science called kinesiology, which has to do with the testing of an all-or-none muscle response stimulus. A positive stimulus generates a strong muscle response, and a negative stimulus results in a demonstrable weakening of the test muscle. Clinical kinesiological muscle testing as a diagnostic technique has been verified widely over the past 25 years. David Hawkins, M.D., Ph.D, conducted a 29-year study that demonstrated that the human body becomes stronger or weaker depending on a person's mental state. He created a scale from 1 to 1,000 that mapped human consciousness. Furthermore, he demonstrated that this map can be used as a blueprint to reach higher states of consciousness that can be identified simply by applying a small amount of pressure on an outstretched arm! Not only that, but this simple method has also been demonstrated to be an effective tool for instantly calibrating human consciousness. Dr. Hawkins created a scale of consciousness based on current discoveries in advanced theoretical physics and the nonlinear dynamics of chaos theory. And this "map of consciousness" now makes it possible for anyone to advance toward higher levels of enlightenment faster than ever imagined! In this book, you'll learn how to: Advance your level of consciousness and your understanding of human behavior, just by learning the map of consciousness. Gain instant access to information that is beyond the capacity of all the world's computers. Detect the exact point in any complex system where the least effort brings about the greatest result. Understand the power of a simple attitude adjustment as well as the consequences

of various emotional states. Learn how people who calibrate high on the map of consciousness can raise the energy level and calibration of thousands of others just by being in their presence! Heal yourself of illness or addiction by reaching the state of consciousness in which it vanishes. Learn which foods, environments, companies, books, etc., are harmful (low energy) and which are beneficial (high energy). And much more!

[The Map of Consciousness Explained](#) David R. Hawkins, M.D., Ph.D..2020-10-20 An accessible exploration of best-selling author's most famous work, *The Map of Consciousness*, that helps readers experience healing and transcendence. We are all born with a level of consciousness, an energetic frequency within the vast field of consciousness. And with *The Map of Consciousness*, we can truly understand the total spectrum of human consciousness. Using a unique muscle-testing method, Dr. David R. Hawkins conducted more than 250,000 calibrations during 20 years of research to define a range of values, attitudes, and emotions that correspond to levels of consciousness. This range of values-along with a logarithmic scale of 1 to 1,000-became the *Map of Consciousness*, which Dr. Hawkins first wrote about in his best-selling book, *Power vs. Force*. With the *Map*, Dr. David R. Hawkins laid out the entire spectrum of consciousness, from the lower levels of Shame, Guilt,

Apathy, Fear, Anger, and Pride; to Courage, Acceptance, and Reason; all the way up to the more expanded levels of Love, Ecstasy, Peace, and Enlightenment. These higher energy fields are a carrier wave of immense life energy. An essential primer on the late Dr. David R. Hawkins, M.D., Ph.D. This book combines consciousness studies with transpersonal psychology, providing an accessible gateway into the deeper dimensions of self and reality. It concludes the presentation of a long-predicted major advance in critical human knowledge. It explains and describes the very substrate and essence of consciousness as it evolved from its primordial appearance as life on earth on up through evolution as the human ego, and hence, to the ego's transcendence as the spiritual Reality of Enlightenment and the Presence of Divinity. It completes the description of the evolution of human consciousness from the level of approximately 800 to its peak experience at 1,000, which historically has been the ultimate possibility in the human domain. This is the realm of the mystic whose truth stems solely from the radical subjectivity of divine revelation. The text of the material is taken from lectures, dissertations, and dialogues with students, visitors, and spiritual aspirants from around the world who have different spiritual and religious backgrounds and varying levels of consciousness. On the referenced

Scale of the Levels of consciousness, which calibrates the levels of Truth from 1 to 1,000, Power versus Force calibrates at 850, The Eye of the I at 980, and the final volume of the trilogy, I, calibrates at a conclusive 999.8. The uncommon clarity and lucidity with which the highly evolved subject matter is presented facilitates understanding. As with the reading of Power versus Force or The Eye of the I, the reader's level of consciousness increases measurably as a consequence of exposure to this material itself, which is presented from a powerful field of exposition. Conflict is resolved within the mind of the student by means of recontextualization, which solves the dilemma. Argument and adversity are resolvable by identifying the positionalities of the ego which are the basis of human suffering. Some Chapters Include: The Process Spiritual Purification The 'Ego' and Society Spiritual Reality Realization The Realization of Divinity The Radical Reality of the Self The Mystic The Levels of Enlightenment The Nature of God The Obstacles Transcending the World The Emotions "Mind" Considerations Karma The Final Doorway The Transcendence The Inner Path "No Mind" The Way of the Heart The Recontextualization Spiritual Research Homo Spiritus This masterpiece is a revolutionary tool for personal transformation, blending quantum physics with spirituality, and a perfect read for anyone seeking enlightenment and a deeper understanding of the universe.
