UV Serge Joncour.2012-05-30 Winner of the Prix Roman France Télévisions On a hot and lazy sun-drenched afternoon, when one affluent family are at their most docile, most vulnerable, most ripe for the picking, a handsome stranger unexpectedly turns up, and lingers poolside. A master of the art of deception, Boris introduces himself as an old school friend of Philip, the feckless brother. No matter that Philip has been unreachable for days and yet to arrive for the summer holiday, Boris is welcomed with open arms. As the island's spectacular Bastille Day fireworks celebration looks ever nearer, and Philip's arrival feels increasingly imminent, Boris is embraced wholeheartedly into the family fold. No one seems to notice as he carefully exerts a powerful and sinister influence over them all...

The Imago Stage Karoline Georges.2020-07-28 A woman must emerge from the virtual world she's created to confront her flesh-and-blood past and family. Growing up with a menacing drunk for a father and a grief-stricken mother, a girl spends her 1980s childhood staring at the television to escape the tension, depression, and looming violence that fill her suburban home. After winning a modelling competition, she dedicates herself to becoming a placid image onto which anything can be projected, a blank slate with a blank stare. Earning enough in Paris to retire in her twenties, she buys a studio in Montreal and retreats from the world and its perceived threats, cultivating her existence as an image through her virtual reality avatar. But when her mother develops cancer and

nears the end of her life, she is forced to leave her cocoon – surrounded by her posse of augmented reality superheroes – and interact with the world and her parents without the mask of her perfect, virtual self. Georges offers up an alienated childhood with shifting pop culture obsessions, a woman's awakening to the role of the image in culture, and her eventual isolation in her apartment and the world online. It is a catalogue of the anxieties of an age, from nuclear war to terrorism, climate change to biological warfare. Set in the past and not-too-distant future of Montreal, *The Imago Stage* is an ominous tale of oppression, suppression, and disembodiment.

Crime Stories Ceri Jones.2011-01-01 This collection of five stories explores a variety of different literary approaches to the genre of horror. -- Product description.

Love Story Janine Boissard.2012 Claudio Roman was forced to retire from opera two years ago after a fateful random attack caused him to lose not only his sight but also his confidence as a performer. His prowess with women, however, was not impaired. So why would he hire a petite, mousy-looking woman as his new publicist, accompanying him night and day on his world travels? Laura accepts this new position at her agency the morning after her twenty-sixth birthday, but not without hesitation. She considers herself a professional who would rather not get involved with such a lothario, but the offer is non-negotiable, and she takes up the post effective immediately. Could Laura's sincerity be just the ticket to restore hope to Claudio's cynical worldview and bring him back around to performing live with the opera.

The Safety Matches Robert Sabatier.1972

Bar Balto Faiza Guéne.2011-01-13 Joël, aka 'The Rink' (because his bald patch is shiny enough to skate on), the unpopular owner of the only bar in town has been murdered. There are so many suspects, it's not so much a question of who did kill him as who didn't. There's Magalie, the temperamental teenager obsessed with Paris Hilton; her troublemaker boyfriend, Tani; Tani's mother, Madame Levi; her unemployed, daytime-TV addicted husband; Yeznig, their younger son, who has learning difficulties but perfect memory recall; and newcomers Ali and Nadia, the Muslim twins struggling to fit in. As the tension mounts and we're still none the wiser, the ending is as tragic as it is unexpected.

Of Wind and Sand Sylvie Bérard.2009 Culture shock on a newly discovered hostile planet is inevitable, even if you aren't the only inhabitants... On an extremely hot, desert planet, a race of monstrous lizards have developed a complex civilization. When an Earth colony's emergency landing becomes permanent, the colonists baptize the new planet Mars II and begin to create their own civilization. After several encounters, both lizards and humans demonstrate a willingness to understand each other. But all too quickly, their relationships deteriorate beyond remedy... despite the best intentions of individuals from both sides. Everything on the colonized planet is hostile to humans: the heat, rarity of edible food and scarcity of water. Struggling to survive on their own, a confrontation with the planet's natural inhabitants seems inevitable. Culture shock has sunk in - violence and horror reign and not even the most devoted pacifists can prevent the worst from happening.

Five Days Douglas Kennedy.2013-04-30 From the critically lauded, internationally bestselling

author of *The Moment* comes a profoundly moving novel that explores how a single brief encounter can change one's life. Laura spends her days looking at other people's potential calamities. She works in the radiography unit of a small hospital on the Maine coast, bearing constant witness to the fears of patient after frightened patient. In a job where finding nothing is always the best possible outcome, she is well versed in the random injustices of life, a truism that has lately been playing out in her marriage as well. Since being downsized, her husband, Dan, has become withdrawn, his emotional distance gradually corroding their relationship. With a son in college and a daughter soon due to leave home, Laura has begun to fear that the marital sounds of silence will only deepen once the nest is truly empty. When an opportunity arises to attend a weekend medical conference in Boston, Laura jumps at this respite from home. While checking in, she meets a man as gray and uninspired as her drab hotel room. Richard is an outwardly dull, fiftysomething insurance salesman. But during a chance second encounter, Laura discovers him to be surprisingly complex and thoughtful, someone who, like herself, is grappling with the same big questions about decisions made and the human capacity for self-entrapment. As their conversation deepens and begins to veer into shared confessions, the overwhelming sense of personal and intimate connection arises. A transformative love affair begins. But can this potential, much-longed-for happiness be married to their own difficult personal circumstances? Can they upend their lives and embrace that most loaded of words: change? A love story as clear-sighted and ruminative as it is affecting, *Five Days* will have you reflecting about the choices we all make that shape our destinies. Crafted with Kennedy's trademark evocative prose and pitch-perfect in its depiction of the complex realities of modern life, it is a novel that speaks directly to the many contradictions of the human heart.

Open Your Heart Alexie Morin. 2021-09-15 A much-celebrated auto-fictional feminist memoir, finally

available in English. In this frank and unforgettable book, celebrated Québécois writer Alexie Morin becomes the subject of her own story as she places a childhood friendship under a microscope. An autobiographical novel set in a small industrial town in Quebec during the 1990s, *Open Your Heart* recounts the story of a difficult friendship between two girls brought together by illness and operations suffered at a young age. One girl suffers from severe strabismus, while the other was born blue. The first, defiant, feels that something is wrong with her, while the second is an angelic child loved by all. One becomes a writer, and the other dies at eighteen, during an operation that should have saved her life. In this debut novel, Morin stakes out an exceptional pursuit for truth in these old memories as she grapples with death, love, bonding and solitude.

Syndrome E Franck Thilliez.2012-08-16 What You Don't See Could Kill You In this international bestseller, which is soon to be a major motion picture penned by the screenwriter of *Black Swan*, the classic procedural meets cutting-edge science Lucie Henebelle, single mother and beleaguered detective, has just about enough on her plate when she receives a panicked phone call from an ex-lover who has developed a rare disorder after watching an obscure film from the 1950s. With help from the brooding Inspector Franck Sharko, who is exploring the movie's connection to five unearthed corpses at a construction site, Lucie begins to strip away the layers of what may be the most disturbing film ever made. With more lives on the line, Sharko and Lucie struggle to solve this terrifying mystery before it's too late. In a high-stakes, adrenaline-fueled hunt that jumps from France to Canada, Egypt to Rwanda, and beyond, this astonishing page-turner, with cinematic echoes from *The Manchurian Candidate* and the *Bourne* series, will keep you guessing until the very end.

Blood Red Rivers Jean-Christophe Grangé.2003-06-05 In a world of knife-edge glaciers, a hideous

crime leads two maverick detectives to confront the limits of human evil. A corpse is discovered wedged in an isolated crevice. It has been horribly mutilated. The brilliant but violent ex-commando Pierre Niémans is sent from Paris to the French Alps to lead the investigation. Meanwhile, in a town in south-west France, Karim Abdouf, a young Arab policeman, is trying to find out why the tomb of a young child has been desecrated. When a second baby is found, high up in a glacier, the paths of the two policemen are joined in the search for their killers, a trail that embroils them in the mysterious cult of the Blood-Red Rivers.

The Brotherhood of Book Hunters Raphaël Jerusalmy.2014-11-04 The Da Vinci Code meets Stephen Greenblatt's *The Swerve* in this erudite adventure story set at the dawn of the printed book about the outlaw poet François Villon and the power of words to change the world. François Villon, the world's first poet of modernity, was born in Paris in 1431. He was arrested and condemned to death by hanging in 1462 and exonerated in 1463. Shortly after his release from prison, as far as history is concerned, he disappeared forever. In Raphaël Jerusalmy's thrilling novel, to ensure his release, Villon has accepted a shady deal offered by the Bishop of Paris at the behest of Louis XI. All Villon has to do to earn his freedom is to convince a printer and bookseller to move from Mayence to Paris, telling him that by doing so he'll be better able to circulate progressive ideas that aren't approved of in Rome. Not surprisingly, Villon's task becomes more complicated than it first seemed. With this riveting tale of plots and counterplots involving secret organizations in Jerusalem, intrigue in France, and brigands in Italy, Raphaël Jerusalmy leaves readers with their hearts racing and their imaginations stirred. *The Brotherhood of Book Hunters* is an irresistible read for lovers of books, adventure, and fine writing.

Bred to Kill Franck Thilliez.2016-01-14 In the shocking sequel to runaway international bestseller

Syndrome E, Lucie Henebelle and Inspector Sharko have reunited to take on the case of the brutal murder of Eva Louts, a promising graduate student who was killed while working at a primate research centre outside Paris. But what first appears to be a vicious animal attack soon proves to be something more sinister. What was Eva secretly researching? Could she be on the track of three fanatical scientists who control a 30-thousand-year-old virus with plans to unleash it into the world?

The Lovers Alice Ferney.2002 Pauline is young and coquettish. She is also happily married to Marc and has a child. Gilles, kind and self-confident, is twenty years older and a recent divorcee. The Earth and Sky of Jacques Dorme Andreï Makine.2013-07-01 With this novel, Andreï Makine, whose work has been compared to that of Balzac, Chekhov, Pasternak, and Proust, brings to a

stunning conclusion his epic trilogy that began with *Dreams of My Russian Summers* and continued with *Requiem for a Lost Empire*. The novel opens in 1942, in a burning, gutted Stalingrad, where the German and Russian armies are locked in a struggle to the death. Amid these ruins, a French pilot and a nurse, also French, are engaged in a passionate affair that each knows will be hopelessly brief. The pilot, Jacques Dorme, was shot down two years earlier. Imprisoned and sent east to a German POW camp, Dorme made a daring escape and crossed Germany stealthily by night until he arrived in an already devastated Russia, where, having proved his mettle as a pilot, he joined a Russian squadron stationed near Stalingrad. But during the brief time they have together there, the love between Dorme and Alexandra builds and blossoms into a relationship they both know comes but once in a lifetime. Several decades later, the narrator—a Russian exiled in France, a war orphan haunted by his dark childhood and obsessively searching for his roots—travels back to his native land, where in the icy and treacherous wastelands of Siberia he attempts to discover how his life and that of Jacques Dorme are inextricably intertwined.
