Manet and the French Impressionists Théodore Duret. 1910

Claude Monet Nathalia Brodskaya. 2011-07-01 For Claude Monet the designation 'impressionist' always remained a source of pride. In spite of all the things critics have written about his work, Monet continued to be a true impressionist to the end of his very long life. He was so by deep conviction, and for his Impressionism he may have sacrificed many other opportunities that his enormous talent held out to him. Monet did not paint classical compositions with figures, and he did not become a portraitist, although his professional training included those skills. He chose a single genre for himself, landscape painting, and in that he achieved a degree of perfection none of his contemporaries managed to attain. Yet the little boy began by drawing caricatures. Boudin advised Monet to stop doing caricatures and to take up landscapes instead. The sea, the sky, animals, people, and trees are beautiful in the exact state in which nature created them - surrounded by air and light. Indeed, it was Boudin who passed on to Monet his conviction of the importance of working in the open air, which Monet would in turn transmit to his impressionist friends. Monet did not want to enrol at the Ecole des Beaux-Arts. He chose to attend a private school, L'Académie Suisse, established by an ex-model on the Quai d'Orfèvres near the Pont Saint-Michel. One could draw and paint from a live model there for a modest fee. This was where Monet met the future impressionist Camille Pissarro. Later in Gleyre's studio, Monet met Auguste Renoir Alfred Sisley, and Frédéric Bazille. Monet considered it very important that Boudin be introduced to his new friends. He also told his friends of another painter he had found in Normandy. This was the remarkable Dutchman Jongkind. His landscapes were saturated with colour, and their sincerity, at times even their naïveté, was combined with subtle observation of the Normandy shore's variable nature. At this time Monet's landscapes were not yet characterized by great richness of colour. Rather, they recalled the tonalities of

paintings by the Barbizon artists, and Boudin's seascapes. He composed a range of colour based on yellow-brown or blue-grey. At the Third Impressionist Exhibition in 1877 Monet presented a series of paintings for the first time: seven views of the Saint-Lazare train station. He selected them from among twelve he had painted at the station. This motif in Monet's work is in line not only with Manet's *Chemin de fer* (The Railway) and with his own landscapes featuring trains and stations at Argenteuil, but also with a trend that surfaced after the railways first began to appear. In 1883, Monet had bought a house in the village of Giverny, near the little town of Vernon. At Giverny, series painting became one of his chief working procedures. Meadows became his permanent workplace. When a journalist, who had come from Vétheuil to interview Monet, asked him where his studio was, the painter answered, "My studio! I've never had a studio, and I can't see why one would lock oneself up in a room. To draw, yes - to paint, no". Then, broadly gesturing towards the Seine, the hills, and the silhouette of the little town, he declared, "There's my real studio." Monet began to go to London in the last decade of the nineteenth century. He began all his London paintings working directly from nature, but completed many of them afterwards, at Giverny. The series formed an indivisible whole, and the painter had to work on all his canvases at one time. A friend of Monet's, the writer Octave Mirbeau, wrote that he had accomplished a miracle. With the help of colours he had succeeded in recreating on the canvas something almost impossible to capture: he was reproducing sunlight, enriching it with an infinite number of reflections. Alone among the impressionists, Claude Monet took an almost scientific study of the possibilities of colour to its limits; it is unlikely that one could have gone any further in that direction.

Monet John House.1986-01-01 In this beautifully illustrated book, John House discusses the career and painting techniques of one of the greatest Impressionist painters, providing the fullest account ever written of Monet's working practices and the ways in which they evolved. In so doing House throws much new light on issues central to the understanding of French Impressionist painting as a whole.

The Paintings of Claude Monet Oscar-claude Monet.2011-12-11 Claude Monet (1840-1926) was a founder of French impressionist painting, and the most consistent and prolific practitioner of the movement's philosophy of expressing one's perceptions before nature, especially as applied to 'plein-air' landscape painting. The term Impressionism is derived from the title of his painting *Impression, Sunrise* (Impression, 'soleil levant'). This book is the most comprehensive collection of Claude Monet's Paintings ever published, covering the artist's entire 64 years of creation; a keepsake for the connoisseur of fine art. On 484 pages, this book includes a detailed biography, a resume written by Monet himself (in English and French), and over 900 paintings on 460 colour plates (large format 8½ x 11 inches), as well as a special section of Monet's famous Water Lilies Series, and the Series of the London Parliament Buildings and Bridges. Monet's paintings obtain record prices at auctions. 'Le Pont du chemin de fer à Argenteuil,' an 1873 painting of a railway bridge spanning the Seine near Paris, was bought for a record \$41.4 million at Christie's auction in New York on 6th May 2008. The previous record for Monet's painting stood at \$36.5 million. 'Le bassin aux nyphéas' (from the water lilies series) sold at Christie's 24 June 2008 for £40,921,250 (\$80,451,178) setting a new auction record for the artist.

Claude Monet: Nathalia Brodskaja, Nina Kalitina.2015-12-31 With Impression, Sunrise, exhibited in 1874, Claude Monet (1840-1926) took part in the creation of the Impressionist movement that introduced the 19th century to modern art. All his life, he captured natural movements around him and translated them into visual sensations. A complex man and an exceptional artist, Monet is internationally famous for his poetic paintings of waterlilies and beautiful landscapes. He leaves behind the most well-known masterpieces that still fascinate art lovers all over the world. In this two-volume illustrated work, Natalia Brodskaya and Nina Kalitina invite us on a journey across time to discover the history of Impressionism and Monet; a movement and an artist forever bound together. Specialists of 19th and 20th century art, the authors shed light on the birth of modernity in art, a true revolution responsible for the thriving art scene of the 20th century.

Monet Paints a Day Julie Danneberg.2012-07-01 In November 1885, impressionist painter Claude Monet vacationed in Étretat, France, where he spent his days outside, painting scenes of the seaside village. One morning he rose early and carried all of his supplies and half-finished paintings out to the cliffs and rocky beach, finally stopping to paint the arch called Manneporte. Eager to capture the scene before him, and aware that he must work quickly to catch the light, Monet became so engrossed in his work that he forgot to watch the incoming tide. Based on a true incident, MONET PAINTS A DAY introduces readers to the life and nature of this illustrious impressionist. Interspersed throughout the story are excerpts from the painter's notes and letters, while a second layer of text and back matter includes information about Impressionism as a whole. Lush watercolor illustrations in the Impressionist style give readers a visual for this artistic movement. A bibliography is also included.

Claude Monet Nina Kalitina.2019-12-09 For Monet, the act of creation was always a painful struggle. His obsession with capturing the effects of lighting in nature was much more intense than that of his contemporaries. In his words: "Skills come and go ... art is always the same: a transposition

of nature that requires as much determination as sensibility. I strive and struggle against the sun ... I might as well paint it with gold and precious stones." A beautiful display of Impressionist work, *Great Masters Monet* explores the extraordinary paintings of one of the Masters of the 19th century. Monet's rapid brushstroke style in landscapes and scenes from everyday life illustrates his overall fascination with light and colour.

Claude Monet Heinz Widauer, Dieter Buchhart. 2018 The Albertina is devoting a large monographic exhibition to Claude Monet's treatment of color, which has seen little examination to date, as well as to the painter's passionate fascination with the world of plants and water in the garden of his country home in Giverny. Three paintings from the museum's own holdings as well as important loan works from international museums and private collections illuminate Monet's development from realism to impressionism and onward to a mode of painting in which colors and light gradually separate from the subjects that reflect them, with the motif breaking free from mere observation of nature. Eventually, albeit only after Monet's death, these late works would pave the way for abstract expressionism in painting. On view from 21 September 2018 until 6 January 2019. This exhibition is realized with the generous support of the Musée Marmottan Monet, Paris.--Albertina Museum website.

Monet and Chicago Gloria Groom. 2020-09-08 The catalogue of the sold-out exhibition at the Art Institute of Chicago, a rich and unprecedented exploration of Chicago's embrace of Claude Monet's modernism *Monet and Chicago* is a stunner.—The Chicago Tribune (exhibition review) In 1903, the Art Institute of Chicago became the first American museum to buy a painting by Claude Monet (1840–1926), beginning a tradition of collecting that has inextricably connected this midwestern city to the French Impressionist master. Tracing Chicago's unique relationship with the artist, this generously illustrated volume not only features well-known works in the Art Institute's holdings, such as the six *Stacks of Wheat* paintings and four *Water Lilies*, but also includes works on paper and rarely seen still lifes, landscapes, and photographic material from private Chicago collections. Stunning reproductions of details at actual size, a delightful essay by Adam Gopnik, and a richly illustrated chronology combine to reveal the depth of the city's continuing devotion to an adopted artistic hero.

Oil and Marble Stephanie Storey. 2016-03-01 From 1501 to 1505, Leonardo da Vinci and Michelangelo Buonarroti both lived and worked in Florence. Leonardo was a charming, handsome fifty year-old at the peak of his career. Michelangelo was a temperamental sculptor in his mid-twenties, desperate to make a name for himself. The two despise each other.--Front jacket flap.

Claude Monet Georges Clemenceau. 2017 In 1928, the former French Prime Minister Georges Clemenceau published *Claude Monet : les nymphéas* (The water-lilies), a memoir of his longtime friend. Bruce Michelson has produced a new English translation, presented here with useful notes and illustrations. Claude Monet: Masterpieces in Colour Maria Tsaneva. 2015-03-20 Claude Monet was an important figure in the Impressionism that changed painting in the end of the 19 century. During his livelihood, he constantly painted the landscape and leisure time behavior of Parisians and its surrounding area in addition to the Normandy coast. He traces the approach to 20-century modernism by mounting a distinctive method that strove to imprison on canvas the extremely act of perceiving nature. Follow in the pathway of the Barbizon, Monet accepted and widened their dedication to close up observation and naturalistic depiction. While the Barbizon artists painted only brief sketches en plein air, Monet frequently worked openly on significant canvases outdoors, then reworked and finished them in his studio. His pursuit to capture nature more precisely also provoked him to reject European conventions leading composition, color, and perspective. He brought a vibrant vividness to his paintings by unmediated colors, adding a variety of tones to his shadows, and preparing canvases with pale primers as a replacement for of the shady grounds used in conventional landscape paintings.

Looking at Monet Agnes Husslein-Arco,Stephan Koja.2014 The Viennese art scene of the late-nineteenth and early twentieth century counted French impressionism among its chief influences. Widely regarded as the movement's formative figure, Monet's works appeared in all the major galleries of the day, including the K nstlerhaus Wien, the Secession Building, and the legendary Galerie Miethke, earning him distinction as the most influential of the French impressionists, along with douard Manet. For Looking at Monet, Agnes Husslein-Arco and Stephan Koja of the Belvedere Gallery in Vienna have assembled works by Monet, presenting them alongside selected paintings and photographs by Austrian artists active throughout the same period who would have been familiar with Monet's work. Among the artists whose work is included are Gustav Klimt, Emil Jakob Schindler, Oskar Kokoschka, Olga Wisinger-Florian, Heinrich K hn, and Ludwig Heinrich Jungnickel. Brilliantly colorful and filled with light, Monet's paintings captivate modern audiences. Looking at Monet shows they were equally beloved by the artist's contemporaries--many of whom were great masters in their own right.

Claude Monet, the Clouds, the Water Claude Monet,Jacqueline Guillaud,Maurice Guillaud.1989 In their inimitable way, Jacqueline and Maurice Guillaud isolate and reveal detail for Monet's paintings, illuminating their work in fresh ways. Monet's popular paintings from his Giverny period are included, with a focus on the well-known water lilies.

Mornings with Monet Barb Rosenstock.2021-03-02 A new picture book about the iconic artist Claude Monet, from the Caldecott-Award winning team that created The Noisy Paint Box. Claude Monet is one of the world's most beloved artists--and he became famous during his own lifetime. He rejected a traditional life laid out clean and smooth before him. Instead he chose a life of art. But not just any art: a new way of seeing that came to be called impressionism. Monet loved to paint what he saw around him, particularly the Seine River. He was initially rejected for using bright colors, tangled brushstrokes--condemned for his impressions. But soon art dealers and collectors were lining up each morning to see as Monet saw. Monet, however, waited only for the light. The changing light...each morning he had a dozen canvases on hand to paint a dozen different moments. His brush moved back and forth, chasing sunlight--putting in the arduous work to create an image that seemed to contain no effort at all. The stellar team that brought you the Caldecott Honor book The Noisy Paint Box explores another influential painter, in a moving tribute to creativity, commitment, and new ways of seeing the world around you.

Manet Paints Monet Willibald Sauerlander.2014-11-01 Manet Paints Monet focuses on an auspicious moment in the history of art. In the summer of 1874, Édouard Manet (1832–1883) and Claude Monet (1840–1926), two outstanding painters of the nascent Impressionist movement, spent their holidays together in Argenteuil on the Seine River. Their growing friendship is expressed in their artwork, culminating in Manet's marvelous portrait of Monet painting on a boat. The boat was the ideal site for Monet to execute his new plein-air paintings, enabling him to depict nature, water, and the play of light. Similarly, Argenteuil was the perfect place for Manet, the great painter of contemporary life, to observe Parisian society at leisure. His portrait brings all the elements together— Manet's own eye for the effect of social conventions and boredom on vacationers, and Monet's eye for nature—but these qualities remain markedly distinct. With this book, esteemed art historian Willibald Sauerländer describes how Manet, in one instant, created a defining image of an entire epoch, capturing the artistic tendencies of the time in a masterpiece that is both graceful and profound.

Fashioned from Nature Edwina Ehrman,Emma Watson.2018-05-29 Fashion has always sought to celebrate nature - from sumptuous silks and floral patterns, to the spectacular creations of designers such as Alexander McQueen and Christian Dior, the two have long been entwined. Yet this reverence is sometimes combined with a damaging need for raw materials. From the seventeenth century to the present day, Fashioned from Nature examines our dependence on the natural world and the devastating effect of certain trends, as seen in the demand for ivory, fur, skins and exotic feathers. Today, intense consumerism and fast fashion have a different impact on the world around us, and this book discusses the need for a more

responsible fashion cycle. But which has the greater environmental impact - a leather handbag or a white cotton t-shirt? Consider the effects of land clearance, insecticides and water consumption - not to mention washing after every wear - and the answer may not be completely clear. Fascinating and beautifully illustrated, this book will stimulate an important and timely debate. -- provided by publisher.

Monet Christoph Heinrich.2000 Monet was the most typical and the most individual Impressionist painter. But while the painter was faithful and persevering in the pursuit of his motifs, his personal life followed a more restless course. Parisian by birth, he discovered painting as a youth in the provinces, where one of his homes, Argenteuil, has come to represent the artistic flowering and official establishment of Impressionism as a movement.

Mad Enchantment Ross King.2017-09-12 From bestselling author Ross King, a brilliant portrait of the legendary artist and the story of his most memorable achievement. Claude Monet is perhaps the world's most beloved artist, and among all his creations, the paintings of the water lilies in his garden at Giverny are most famous. Monet intended the water lilies to provide an asylum of peaceful meditation. Yet, as Ross King reveals in his magisterial chronicle of both artist and masterpiece, these beautiful canvases belie the intense frustration Monet experienced in trying to capture the fugitive effects of light, water, and color. They also reflect the terrible personal torments Monet suffered in the last dozen years of his life. Mad Enchantment tells the full story behind the creation of the Water Lilies, as the horrors of World War I came ever closer to Paris and Giverny and a new generation of younger artists, led by Henri Matisse and Pablo Picasso, were challenging the achievements of Impressionism. By early 1914, French newspapers were reporting that Monet, by then seventy-three, had retired his brushes. He had lost his beloved wife, Alice, and his eldest son, Jean. His famously acute vision--what Paul Cezanne called "the most prodigious eye in the history of painting"--was threatened by cataracts. And yet, despite ill health, self-doubt, and advancing age, Monet began painting again on a more ambitious scale than ever before. Linking great artistic achievement to the personal and historical dramas unfolding around it, Ross King presents the most intimate and revealing portrait of an iconic figure in world culture.

From the Salon des Refuses (Salon of the Rejected) and many struggling years without recognition, money, and yet a family to raise, all the way to great success, critically and financially, Monet pursued insistently one vision: catching the light in painting, refusing to compromise on this ethereal pursuit. It cost him dearly but he was a beacon for his contemporaries. We discover in this comics biography how he came to this vision as

well as his turbulent life pursuing it.

Claude Monet Steven Z. Levine.1994 One of the founders of French Impressionism, Claude Monet (1840-1926) is one of the most popular painters in the history of art. In his paintings, he repeatedly focused his gaze upon the shifting phenomena of water, light, and mist. Noted Monet scholar Steven Z. Levine uses the myth of Narcissus to interpret Monet's painting of reflections in water as the mirror of the artist's encounter with himself.

Claude Monet Angelica Daneo, Christoph Heinrich, Michael Philipp, Ortrud Westheider.2019 Spanning the artist's entire career, this book explores Claude Monet's enduring relationship with nature and the landscapes he returned to again and again. Capturing fleeting natural impressions played a central role in the art of Claude Monet. He deeply engaged with the landscape and light of different places, from the metropolis of Paris to the Seine villages of Argenteuil and Giverny. This lavishly illustrated volume explores the development of Monet's art from the 1850s to the 1920s, focusing on the places, both at home and on his frequent travels, from which he drew inspiration for his painting. In addition, the book traces the

critical shift in Monet's art that occurred when he began to focus on series of the same subjects such as haystacks, poplars, and the water lilies and pond at his meticulously designed garden in Giverny. Insightful and revealing, the book deepens our appreciation of Monet's art and allows us to experience anew his gift for bringing the natural world to life.

Claude Monet Virginia Spate.1992 Monet is incontestably one of the greatest Impressionists, as well as being the most popular. Yet hitherto books on this great figure have been partial, concentrating either on aesthetic or on social aspects of his work without attempting a synthesis. Now Virginia Spate restores plenitude of meaning to Monet's paintings, examining the various ways in which they can be read; the tension between image and reality which energizes them; and the mysterious interactions between the work itself, its exhibition, promotion and sale, and its reception both in public and in private. Based on a complete study of the artist's work - made possible as never before by recently published catalogues of his oeuvre - his surviving letters (nearly 3,000 in all) and contemporary documentary material, this is the fullest account available of a complex and influential man whose style changed and evolved considerably during his long career. Monet is considered as an intelligent and cultured being, a friend to writers such as Zola, Mallarmé and Octave Mirbeau, fully informed as to the cultural and intellectual tendencies of his time. His often neglected figure paintings, always of family or friends, are analyzed alongside his landscapes, which ranged from timeless river scenes to steam-filled railway stations. Changes in his output in response to shifts in demand are linked to the new system of art dealers and to his financial situation. The France of Monet's youth and maturity is covered in depth, especially the traumatic legacy of the Franco-Prussian war and the Paris Commune; and his famous garden at Giverny is shown to be both a personal Utopia and a vital part of his creative processes. The dialectic of the real world and its representation in art is explored in detail as manifested in his splendid canvases - faithfully reproduced in over 130 colour plates. This definitive treatment of a hugely important artist makes an indispensable contribution to the art history of Impressionism and the roots of modernism.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
