The Complete Gods and Goddesses of Ancient Egypt Richard H Wilkinson.2017-01-31 A comprehensive guide to the deities of ancient Egypt: their origins and their central role in the lives of the Egyptian people Worshipped for over three-fifths of recorded history, Egypt's gods and goddesses are among the most fascinating of human civilization. The lives of pharaohs and commoners alike were dominated by the need to honor, worship, and pacify the huge pantheon of deities, from the benevolent to the malevolent. The richness and complexity of their mythology is reflected in countless tributes throughout Egypt, from lavish tomb paintings and imposing temple reliefs to humble household shrines. This book examines the evolution, worship, and eventual decline of the numerous gods and goddesses—from minor household figures such as Bes and Tawaret to the all-powerful deities Amun and Re—that made Egypt the most theocratic society of the ancient world, and made Egyptians, according to Herodotus, “more religious than any other people.” Now available in paperback, with hundreds of illustrations and specially commissioned drawings, this title remains the most comprehensive and authoritative guide to the deities that lay at the heart of Egyptian religion and society.

Would you like to know more about ancient Egyptian Gods and Goddesses? Do you want to know more about mighty Pharaohs? If you can say yes to even one of these questions, then Ancient Egypt is the book for you. In this book, you will learn about the most famous people and incidents in Ancient Egypt. Ancient Egypt has its origins all the way from 5300 BC. Over several millennia, there have been a significant number of innovations that have placed Ancient Egypt above some of the other ancient civilizations. This can clearly be seen today, where modern people can still experience the influence of ancient Egypt through clothing, hieroglyphics and architectural wonders including the pyramids and temples found in the country. In this book, you will learn about the history of Ancient Egypt, looking as far back as Egypt's Pre-dynastic Period. This will help you to understand the changes that occurred in Egypt, and also to identify when things were being improved or constructed. You will also gain some insight on the main gods and goddesses that were worshiped by the Egyptian people, including the reasons why they were being worshiped. The ancient Egyptians had over 2000 gods and goddesses, each one filling in a specialized role. This includes gods for rain and the sunshine, planting and harvest and creation as well. The gods that have been featured in this book include Ram, who is also known as the Sun God, Amun, who is known as the god responsible for creation, Isis, the goddess of fertility who is married to Osiris, the god of death, and Hathor, the goddess of love. Egyptian Pharaohs are also famous for their power, and accomplishments that forever changed the landscape of Egypt. Almost every Egyptian Pharaoh commissioned the construction of a pyramid. Many of these pyramids were constructed upwards of two thousand years ago though they are still standing to this day. Besides the mighty Pharaohs were some magnificently beautiful queens. However, these queens were more than ceremonial figureheads. Even with all their beauty, they were able to come up with solutions for the people, as their beauty was matched with intelligence, reasoning power, and thoughtfulness. The story of the most well-known queen, Cleopatra, is included in this book. In addition, Queen Nefertiti (who is commonly depicted on busts) is also discussed in this book. This book also has specifics on the different types of pyramids. These details include the time periods in which they were built, as well as the size of the pyramid. Pyramids were built as tombs, particularly for members of the royal family. For that reason, pyramids often have chambers where different members of the family can be buried. Ancient Egypt is a book that promises to be entertaining and

information, offering you an excellent insight into this civilization. ***Limited Edition*** Download your copy today!
