The Talmud of Jerusalem Dagobert D. Runes.2023-12-19 An in-depth introduction to the ancient work of Jewish law and theology. One of the world's supreme works of religious literature, the Talmud has been unjustly neglected by a civilization that is rightly proud of its Judeo-Christian heritage. In *The Talmud of Jerusalem*, Dagobert D. Runes offers a fascinating and scholarly overview of its evolution and the rabbis who taught and contributed to it. The Talmud came into being in the centuries after Jerusalem fell to the Roman Empire, when the people of Palestine were scattered to the four corners of the earth. To preserve their faith amid the strange customs of Pagan lands, the wandering Israelites turned to their teachers for a fresh interpretation of the Torah, the ancient book of Moses. The Oral Laws formulated by the sages were eventually codified in the Talmud.

The Talmud .2003-04 The Talmud is one of the most important holy books of the Hebrew religion and of the world. No English translation of the book existed until the author presented this work. To this day, very little of the actual text seems available in English -- although we find many interpretive commentaries on what it is supposed to mean. The Talmud has a reputation for being long and difficult to digest, but Polano has taken what he believes to be the best material and put it into extremely readable form. As far as holy books of the world are concerned, it is on par with The Koran, The Bhagavad-Gita and, of course, The Bible, in importance. This clearly written edition will allow many to experience The Talmud who may have otherwise not had the chance.

Philosophie, musicologie, sciences humaines et nouvelle de science-fiction Thierry Chauve.2017-02-14 Cet ouvrage de Thierry Chauve est un développement de ses recherches universitaires en philosophie, épistémologie, sciences humaines, musicologie et sciences sociales. Il développe des ponts interdisciplinaires entre les sciences humaines et même avec les sciences expérimentales. L'ouvrage finit par une nouvelle de science-fiction. Sous l'action d'une poudre noire d'origine extraterrestre, une partie de l'humanité regresse à l'état d'homo habilis, les duvaliens. Edgar Frasy, biologiste, met au point un sérum qui redonne des pensées humaines aux duvaliens. Mais ceux-ci veulent instaurer un âge où le raffinement de la science est exclu... Nombre de pages: 394 pages. Nombre de pages de la nouvelle: environ 100 pages.

[Le Sinaï, ou, La morale d'après la Bible et le Talmud](#) Benjamin Lipman.1859

Pudeurs féminines Jean Claude Bologne.2013-10-25 « La pudeur, n'est-elle pas toute la femme ? », demandait Balzac. Même dévêtue, celle-ci conserve ce voile de pudeur invisible qui distingue, pour les moralistes, la femme honnête de la dévoyée. Bel éloge de la féminité, mais lourde responsabilité qui a souvent contribué à l'effacement de la parole et du corps féminins. La pudeur féminine a, en Occident, une histoire spécifique, retracée ici depuis l'Antiquité grecque. Aujourd'hui, pourtant, on la résume souvent dans une opposition binaire entre impudeur et pudeur : d'un côté, la femme-objet, dont la chair exposée est réduite à un pur objet de désir ; de l'autre, la femme cachée, vêtue jusqu'au bout des ongles. Dévoilée ou voilée, la nudité féminine est érotisée, suscitant la honte ou le désir. L'exacerbation des positions est la conséquence naturelle de cette réduction abusive. Chacun se bat au nom de la « liberté » de la femme, les uns estimant que le voile l'emprisonne ; les autres, que le dévoilement l'asservit au désir masculin. Je rappellerai donc cette troisième dimension, celle du voile naturel et invisible qui révèle la femme, afin de retrouver et de réhabiliter, loin des débats biaisés, une chair déculpabilisée et une pudeur faite de respect. The Secret of the Torah Abraham Ibn Ezra.2021-02-05 Rabbi Abraham Ibn Ezra is one of the most important Jewish personalities of all time. Aside from being a Bible commentator of great consequence, his works in Jewish philosophy - though less famous - impacted many of his successors, including Maimonides' Guide for the Perplexed, Nahmanides, and Rabbi Joseph Albo, as well as the Jewish mystics and Kabbalists. The *Yesod Mora* is one of the first books of Jewish philosophy written in Hebrew, which blazed the trail for philosophy to enter those parts of the Jewish world that were unfamiliar with Arabic. Highlights of Ibn Ezra's *Yesod Mora* include the claim that we cannot properly understand the Bible and Talmud without studying logic, philosophy, and science; when we are obligated to accept standard rabbinic interpretations of verses, and when we are permitted to draw our own conclusions; the reasons for - and classification of - the commandments in the Torah; the composition of the soul according to Jewish philosophy; how we connect to God by achieving *deveikut* (communion) with God This edition of *Yesod Mora* is based on a version originally published in 1995, with additional notes and critical analysis. The original Hebrew text has been supplied as well. Editor, interpreter, and translator H. Norman Strickman is Rabbi emeritus of the Marine Park Jewish Center in Brooklyn and is a Professor emeritus of Jewish Studies at Touro College in New York City. He earned his ordination from Rabbi Dr. Joseph B. Soloveitchik and Rabbi Dr. Samuel Belkin of Yeshiva University. Dr. Strickman received his B.A. and M.H.L. degrees from Yeshiva University, and his Ph.D. from Dropsie University.

The Gentiles Handbook to the Judaean Question David Lacroix. Ph. D.2019-02 Indeed a book unwritten in over 400 years. the book price is marginal; but the information value is indispensable. many sure surprises here to ponder at once. Most people are under the impression that what has transpired in the making of modern Jewish Israel has been a Biblical concept, even promised from the times before and of the New Testament, yet this is patently false. The English translation of the Bible is solely responsible for the making and establishment of modern Jewish Israel, and there is no doubt that this could not have happened without the word program found in the English Bible versions. Beginning with Wycliffe modern English was born as was the term Jew, and Tyndale set the Bible word vernacular program in stone through the prism of a Jewish Talmudic word system, followed by all subsequent translations unto the K.J.V. It is a curious and interesting fact that this system has been followed by all modern English Bible translations to this day. It is surprising to most people that such words as Jew, and Gentile, are not original to the Scriptures, but imposed on them, and their original meanings have been turned on their heads. There is a destructive anti-Christian paradigm, purportedly of Biblical roots sweeping over the world at this time more than ever. Yet the real Bible story is gone unnoticed. The good news here is that our Ethnicity, our Gentility and our Nationality, are not about our race or country, but in fact are really all about our spiritual nature.

Essai sur l'interprétation et la culture talmudiques Dan Jaffé.2016-09-02 Le Talmud forme un corpus inachevé et en constante quête de sens. Ainsi ses développements sont-ils des réécritures de la Bible qui ne craignent pas de revisiter, voire de subvertir, certains passages bibliques jugés hermétiques et peu viables pour le modèle de société que voulaient ériger les Sages du Talmud. L'interprétation talmudique s'élabore donc par un processus de construction et de déconstruction à plusieurs voix, ordonné au projet éthique de ses auteurs. Cet essai montre les modalités du raisonnement du Talmud, avec ses cheminements propres, ses particularités, mais aussi ses incohérences. Les passages bibliques étudiés ici concernent tout particulièrement la femme et la famille, car c'est là qu'apparaît le plus clairement la tension entre éthique et révélation biblique. Selon la Bible, un enfant désobéissant doit être lapidé, un mari jaloux peut soumettre sa femme à une cérémonie avilissante pour prouver son adultère. Peut-on vivre dans une société qui accomplirait effectivement de telles prescriptions ? Quelle est la place du fantasme et du refoulement au sein de cette société ? Telles sont quelques-unes des questions auxquelles s'efforce de répondre cette étude.

The Talmud Barry Scott Wimpfheimer.2018-04-17 The life and times of an enduring work of Jewish spirituality The Babylonian Talmud, a postbiblical Jewish text that is part scripture and part commentary, is an unlikely bestseller. Written in a hybrid of Hebrew and Aramaic, it is often ambiguous to the point of incomprehension, and its subject matter reflects a narrow scholasticism that should hardly have broad appeal. Yet the Talmud has remained in print for centuries and is more popular today than ever. Barry Scott Wimpfheimer tells the remarkable story of this ancient Jewish book and explains why it has endured for almost two millennia. Providing a concise biography of this quintessential work of rabbinic Judaism, Wimpfheimer takes readers from the Talmud's prehistory in biblical and second-temple Judaism to its present-day use as a source of religious ideology, a model of different modes of rationality, and a totem of cultural identity. He describes the book's origins and structure, its centrality to Jewish law, its mixed reception history, and its golden renaissance in modernity. He explains why reading the Talmud can feel like being swept up in a river or lost in a maze, and why the Talmud has come to be venerated--but also excoriated and maligned--in the centuries since it first appeared. An incomparable introduction to a work of literature that has lived a full and varied life, this accessible book shows why the Talmud is at once a received source of traditional teachings, a touchstone of cultural authority, and a powerful symbol of Jewishness for both supporters and critics.

The Talmud of Jerusalem Moïse Schwab.2022-04-26 The Jerusalem Talmud probably originated in Tiberias in the School of Johanan ben Nappaha. It is a compilation of teachings of the schools of Tiberias, Sepphoris and Caesarea. It is written largely in a western Aramaic dialect that differs from its Babylonian counterpart.

Hosea Eugen J. Pentiu,Gad Barnea,Étienne Méténier,L. Popko,E. J. Pentiu.2017-11-28 According to the Talmud, four prophets prophesied in one age and the greatest of all of them was Hosea. The book of Hosea is in fact a key to the Hebrew Bible, a unique witness to the antiquity of Scripture, as it offers a number of the oldest testimonies to various traditions, such as the Exodus, the Decalogue, as well as patriarchal legends such as the cycle of Jacob. But Hosea is much more than a deposit of ancient traditions. Hosea's prophecy harbors phrases that have transformed the image of God forever. Far from the immobile first mover of Greek philosophy, this is the heart of a passionate God who pours out his feelings that are turned upside down with humanity in these inspired pages. For the first time the four great versions in which this Word has gone through the centuries - the Masoretic text, the Septuagint, the Vulgate and the Peshitta - have been collated and translated into English on a same page. This is accompanied by annotations that allow one to hear echoes throughout various periods, confessions and disciplines, from textual criticism to films, as well as Jewish and Christian traditions, literature, painting and music

De la Bible au Talmud Georges Hansel.2008-01-03 Le Talmud, mise par écrit de la tradition orale, est devenu la colonne vertébrale du judaïsme. Il reste pourtant peu connu ou mal compris, non seulement du grand public, mais même de bien des lettrés, désorientés à la fois par la richesse vertigineuse de son contenu et par le caractère sans équivalent de sa méthodologie. Cet ouvrage se propose, par l'étude d'un large ensemble de problèmes, de saisir la pensée talmudique de l'intérieur, d'en mettre en évidence l'unité et la philo-sophie sous-jacente. La loi du talion, le sens du respect des parents, les lois du deuil, la relation entre la prophétie et la loi d'un côté, entre le Talmud et le texte biblique de l'autre, l'interprétation de la figure d'Abraham, la notion de « Terre promise », la relation avec l'islam, sont autant de questions que la lecture des textes talmudiques ou de talmudistes invite à reconsidérer. La dernière partie de l'ouvrage tient une place à part. Elle met en évidence la liaison entre la progression des recherches philo-sophiques d'Emmanuel Levinas et ses positions relative au judaïsme, au christianisme et au politique. Mathématicien, Georges Hansel a mené, parallèlement à ses travaux scientifiques, de longues recherches sur l'exégèse juive aux côtés d'Emmanuel Levinas. Il est l'auteur d'Explorations talmudiques et de Levinas Concordance.

La Bible à l'épreuve des sciences humaines Jean-Daniel Macchi.2022-08-31 Ce petit volume s'adresse à celles et ceux qui se posent des questions en lisant la Bible, mais ne se contentent pas de réponses toutes faites. Il montre quels outils d'analyse peuvent être utilisés pour mieux comprendre ces textes parfois étonnants ou difficiles. Chaque chapitre présente une méthode qui permet d'étudier et d'interpréter le contenu de la Bible de manière rationnelle. Il s'agit d'outils classiques en sciences historiques et en analyse littéraire qui ne sont pas seulement utilisés en études bibliques, mais aussi pour d'autres textes anciens : traduction, examen des manuscrits, de la structure, de la datation, du contexte littéraire et historique, de la façon dont les textes ont été interprétés, etc. Cet ouvrage montre que l'utilisation des sciences humaines pour comprendre les textes bibliques apporte des éclairages utiles pour en appréhender la signification. Chaque technique d'analyse est appliquée à un passage célèbre de la Bible et

Homme de conviction et d'engagement, *Everyman's Talmud* Abraham Cohen.1995 Long regarded as the classic introduction to the teachings of the Talmud, this comprehensive and masterly distillation summarizes the wisdom of the rabbinic sages on the dominant themes of Judaism. To some readers of this book, the Talmud represents little more than a famous Jewish book. But people want to know about a book that, they are told, defines Judaism. Everyman's Talmud is the right place to begin not only to learn about Judaism in general but to meet the substance of the Talmud in particular . . . In time to come, Cohen's book will find its companion-though I do not anticipate it will ever require a successor for what it accomplishes with elegance and intelligence: a systematic theology of the Talmud's Judaism. —From the Foreword by Jacob Neusner This classic introduction reveals the wisdom of the rabbinic sages on such topics as the doctrine of God; God and the universe; the soul and its destiny; prophesy and revelation; physical life; moral life and social living; law, ethics, and jurisprudence; legends and folk traditions; the Messiah and the world to come.

Explorations talmudiques Georges Hansel.1998 Objet de mystères, entouré de légendes, dénigré, censuré, brûlé parfois, le Talmud est l'un des fondements du judaïsme. Il reste cependant mal connu d'un large public. Quelle est l'inspiration commune à ces textes qui abordent tous les aspects de l'existence humaine ? Quelles sont les grandes conceptions talmudiques sur le droit, sur la morale, sur la politique, sur les relations familiales et sociales ? Georges Hansel dévoile non seulement les principes de base du Talmud, mais aussi l'inspiration qui en fait l'unité : la fusion intime entre, d'un côté, l'abstraction et l'idéal le plus pur et le plus élevé et, de l'autre, le concret, la substance même de la vie de tous les jours.

Le Retour d'Israël et l'Espérance du Monde Abraham Livni.2018-03-13 Auschwitz, 1944, création de l'État d'Israël, 1948... paradoxal et bouleversant rapprochement ! D'un côté, l'échec brutal d'une civilisation bimillénaire dont toutes les structures morales se sont effondrées ; de l'autre, la résurrection du peuple mis à part, depuis plus de 3 000 ans, pour découvrir à l'humanité le message éternel des prophètes. Mais entre l'angoisse d'une civilisation détraquée et l'espérance d'une jeune nation retournant à l'héritage surnaturel de ses origines, le choix peut paraître encore incertain.Abraham Livni, puisant aux sources traditionnelles de la pensée hébraïque, analyse les raisons de l'échec d'une civilisation qui avait tenté de dépouiller le vieux peuple d'Israël de sa Terre, de sa bible et de son identité, et nous fait découvrir dans l'histoire du peuple juif l'épine dorsale de toute l'aventure humaine, une Histoire témoin, prototype, porteuse de la seule espérance de salut du monde moderne.Abraham Livni a 20 ans lorsqu'il découvre l'horreur de la Shoah. Il cherche alors à percer le mystère de la haine antisémite. Une longue quête intellectuelle et spirituelle qui le conduira au judaïsme et à s'installer à Jérusalem dans les années 60.Publié en 1984 et plusieurs fois réédité depuis, Le Retour d'Israël et l'espérance du monde a bouleversé des milliers de lecteurs, juifs et non-juifs dans le monde francophone. À l'heure où l'État d'Israël suscite de violentes controverses, il reste d'une brûlante actualité. Le livre a été traduit en hébreu et connaît un réel retentissement en Israël.
