Antifascisms David Ward.1996 This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian

history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, *Antifascisms* offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

Achtung-Panzer! Heinz Guderian. 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

As the most comprehensive compilation of American homophones (words that sound alike) and homographs (look-alikes), this latest edition serves well where even the most modern spell-checkers and word processors fail--although rain, reign, and rein may be spelled correctly, the context in which these words may appropriately be used is not obvious to a computer.

The Sixth Station Linda Stasi.2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Williams.2018-08-10 Inspired by movies the missionaries showed

in Casamance, Senegal (NW Africa), Abdalla Ndao has attended film school at NYU and is now working on a documentary film. He wonders about Nowace, the gem he left behind. He is not aware that she has been sending him monthly letters-even though she has received no reply to any of them. When the Ndao farmland is used as a test case, Abdalla must return to Casamance, find a lawyer, and raise the question as to the reasons the government has fenced the property. Once in town, however, he wonders if he can find Nowace Waldo and whether she even remembers him from eight years ago. Meanwhile, people encourage Abdalla to boost his documentary to a feature film. When he asks his former professor about this, the man cautions Abdalla not to make any family move or large changes in life. It's too risky to raise another three million dollars in the late 1960s. Courtney Alexander Williams completes his second novel of a trilogy. His first book, *Faithful Brothers?* begins with the youngest brother discovering diamonds in the peanut crops and fencing them in the local market. The elder brother is in New York at film school. The younger brother links up with unsavory elements. Meanwhile, the government pursues the family. In *From Africa with Love*, the elder brother now needs to go back to Africa to retain the family farmland. These stories grow out of Williams's experience of living as an adopted son with a family in Senegal, Africa. Williams is a member of the Screen Actors Guild (SAG), American Federation of Television and Radio Artists (AFTRA), and Actors' Equity Association (AEA). Although he lives in and around the New York City area, he has also trained in Los Angeles. He has performed in over a dozen movies, nearly a dozen television programs, and half-dozen off-Broadway theater productions.

The Illustrated Virago Book of Women Travellers Mary Morris. 2002-12-05 Women move through the world differently from men. The constraints and perils, the perceptions and complex emotions women journey with are different. For many women, the inner landscape is as important as the outer. This does not mean that the woman traveller is not politically aware, historically astute or in touch with the customs and language of the place, but it does mean that a woman cannot travel and not be aware of her body and the limitations her sex presents.
