*The Lost Continent* Bill Bryson.2012-09-25 I come from Des Moines. Somebody had to. And, as soon as Bill Bryson was old enough, he left. Des Moines couldn't hold him, but it did lure him back. After ten years in England he returned to the land of his youth, and drove almost 14,000 miles in search of a mythical small town called Amalgam, the kind of smiling village where the movies from his youth were set. Instead he drove through a series of horrific burgs, which he renamed Smellville, Fartville, Coleslaw, Coma, and Doldrum. At best his search led him to Anywhere, USA, a lookalike strip of gas stations, motels and hamburger outlets populated by obese and slow-witted hicks with a partiality for synthetic fibres. He discovered a continent that was doubly lost: lost to itself because he found it blighted by greed, pollution, mobile homes and television; lost to him because he had become a foreigner in his own country.

**The Book of Happiness** Nina Berberova.2002-05 An outstanding novel about a young Russian woman's life in exile after the Russian Revolution. The Book of Happiness is one of the outstanding novels the great Russian writer Nina Berberova wrote during the years she lived in Paris, and the

most autobiographical. All Berberova's characters live raw, unfurnished lives, in poverty, on the edge of cities, with little sense of belonging except in moments of epiphany to their time and in life itself (The Observer). Such a character is Vera, the protagonist of The Book of Happiness. At the novel's opening, Vera is summoned to the scene of a suicide, that of her childhood companion, Sam Adler, whose family left Russia in the early days of the revolution and whom Vera has not seen in many years. His death reduces Vera to a flood of tears and memories of the times before Sam's departure, and thoughts about how her life has gone since her move to Paris where she lives tied to a brilliant but demanding invalid husband. Berberova spins the story with a wonderful unsentimental poignancy, making it a beautiful testament to the indestructibility of happiness.

Munich Robert Harris. 2018-01-16 NEW YORK TIMES BESTSELLER • From the bestselling author of V2 and Fatherland—a WWII-era spy thriller set against the backdrop of the fateful Munich Conference of September 1938. Now a Netflix film starring Jeremy Irons. With this electrifying novel about treason and conscience, loyalty and betrayal, Harris has brought history to life with exceptional skill (The Washington Post). Hugh Legat is a rising star of the British diplomatic service, serving at 10 Downing Street as a private secretary to the Prime Minister, Neville Chamberlain. Paul von Hartmann is on the staff of the German Foreign Office—and secretly a member of the anti-Hitler resistance. The two men were friends at Oxford in the 1920s, but have not been in contact since. Now, when Hugh flies with Chamberlain from London to Munich, and Hartmann travels on Hitler's train overnight from Berlin, their paths are set on a disastrous collision course. And once again, Robert Harris gives us actual events of historical importance—here are Hitler, Chamberlain, Mussolini, Daladier—at the heart of an electrifying, unputdownable novel.

**Living Currency** Pierre Klossowski. 2017-04-06 'I should have written you after my first reading of The Living Currency; it was already breath-taking and I should have responded. After reading it a few more times, I know it is the best book of our times.' Letter to Pierre Klossowski from Michel Foucault, winter 1970. Living Currency is the first English translation of Klossowski's La monnaie vivante. It offers an analysis of economic production as a mechanism of psychic production of desires and is a key work from this often overlooked but wonderfully creative French thinker.

Encyclopedia of Hepatic Surgery Amelia Foster. 2015-03-06 This book provides a comprehensive study on hepatic surgery. The liver was referred to as a hostile organ by Longmire, since it welcomes sepsis and malignant cells so warmly, bleeds so freely, and is usually the first organ to get injured in blunt abdominal trauma. To balance these negative factors, it has an excellent characteristic: its capability to regenerate after a great loss of substance. This book highlights a great range of topics including the surgical anatomy of the liver, history of liver surgery, portal hypertension, liver trauma, methods of liver resection, and malignant and benign liver tumors. This book would benefit as a good source of reference to students, researchers and surgeons.

*Peter Hujar* Paul Kasmin Gallery.2016 It's a vanished world, and Peter Hujar was right there in it. The Lower East Side between 1972 and 1985 - filled with artists, wannabe artists and hangers-on - was a community of the misbegotten gathered from every town in America and relocated in the mean streets between Broadway and the Bowery. Nothing but their talent, their flamboyance, their rank gender-bending mockery and their arch irony supported them. Some made their names. Many came to grief. A few made art. In those days, the gutted streets of the Lower East Side looked like a war zone. Everyone lived and worked on the extreme outer margins of money and art, penniless and unknown. As a community, Downtown was a counterstatement to the rich New York of the banks, museums, media, corporations ... and the art world itself. That Downtown is forever gone. Time, gentrification, disease and death have taken their toll and turned this vibrant epoch into a chapter of art history. But before it vanished, its extravagant cast sat for Peter Hujar's camera - and is now alive again in front of our eyes. Featured among others: Joe Brainard, William Burroughs,

Remy Charlip, Edwin Denby, Divine, Ray Johnson, Fran Lebowitz, Charles Ludlum, Susan Sontag, Paul Thek, John Waters, Robert Wilson, David Wojnarowicz.

You will find here the highest quality photos of acoustic guitars produced by every significant maker, from Alvarez to Zemaitis, plus detailed information, and a host of action pictures of important players from pop, rock, jazz, country classical, blues, and folk. An acoustic guitar need not be a simple brown box with a neck attached. Acoustic Guitars: The Illustrated Encyclopedia celebrates the unusual, the different and the purely bizarre in addition to the assured roots-based craft of the finest unadorned instruments, underlining the sheer diversity and variety of the acoustic stringed instruments that have been built and sold and played through three centuries. Here are resonator guitars made since the 1920s by Dobro, National, and others, often with highly decorated metal bodies; revered flat-tops from Martin, Taylor, Gibson, and more; peculiarly shaped and oddly featured creations from many of the custom builders; early 20th-century harp guitars with extra strings and extended bodies; creative archtops from D'Angelico, Epiphone, Benedetto, and more; and plastic-equipped constructions from Ovation. The comprehensive and informative text is in a clear A-to-Z format organized by brand name, written and researched by a unique team of the world's leading authorities on the subject. Acoustic Guitars: The Illustrated Encyclopedia shows in words and pictures just why and how the acoustic guitar continues to be the most popular musical instrument in the world.

Alexander Dumas Dictionary Of Cuisine Dumas. 2014-01-21 First published in 2005. A cookery book by the author of *The Three Musketeers* and *The*

Count of Monte Cristo may seem an improbability. Yet Alexandre Dumas was an expert cook- his love of food was said to be equalled only by his love of women - and his Great Dictionary of Cuisine, written to be read by worldly people and used by professionals and published posthumously in 1873, it is a masterpiece in its own right. This abridged version of the Dictionary is designed to be both useful and entertaining. A glance at the Index will show that there are hundreds of recipes - for sauces, soups, meat, fish, eggs, poultry and game - not all kitchen-tested with modern ingredients, but well within the scope of an experienced and imaginative cook.

**The Big Show** Pierre Clostermann.1951 When The Big Show was first published, paper rationing meant that the text had to be heavily cut. Now, for the first time, this international bestseller has been returned to its complete, and breathtaking, original state. Pierre Clostermann was a Free French fighter ace who flew with the RAF during the Second World War. Over the course of five years he engaged in hundreds of dog-fights, shot down scores of Luftwaffe planes, escorted American bombers on some of the most dangerous raids of the war, and watched many of his friends falling to their deaths in the skies over the Channel. The Big Show, his incredible account of the air war over Britain and France, has become one of the most famous memoirs of the Second World War. Now in its original state, it contains everything one could wish for in a war memoir: wonderfully observed descriptions of wartime Britain, frighteningly evocative stories of in-the-cockpit action, an amazing cast of characters, and all the drama and bravery of a man fighting a desperate war thousands of feet above the ground. An undeniable classic.
