Into the Wild Jon Krakauer.2009-09-22 NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. It may be nonfiction, but *Into the Wild* is a mystery of the highest order. —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

Firestorm Edward Struzik.2019-09-05 Frightening...*Firestorm* comes alive when Struzik discusses the work of offbeat scientists. —New York Times Book Review Comprehensive and compelling. —Booklist A powerful message. —Kirkus Should be required reading. —Library Journal For two months in the spring of 2016, the world watched as wildfire ravaged the Canadian town of Fort McMurray. Firefighters named the fire “the Beast.” It acted like a mythical animal, alive with destructive energy, and they hoped never to see anything like it again. Yet it’s not a stretch to imagine we will all soon live in a world in which fires like the Beast are commonplace. A glance at international headlines shows a remarkable increase in higher temperatures, stronger winds, and drier lands- a trifecta for igniting wildfires like we’ve rarely seen before. This change is particularly noticeable in the northern forests of the United States and Canada. These forests require fire to maintain healthy ecosystems, but as the human population grows, and as changes in climate, animal and insect species, and disease cause further destabilization, wildfires have turned into a potentially uncontrollable threat to human lives and livelihoods. Our understanding of the role fire plays in healthy forests has come a long way in the past century. Despite this, we are not prepared to deal with an escalation of fire during periods of intense drought and shorter winters, earlier springs, potentially more lightning strikes and hotter summers. There is too much fuel on the ground, too many people and assets to protect, and no plan in place to deal with

these challenges. In *Firestorm*, journalist Edward Struzik visits scorched earth from Alaska to Maine, and introduces the scientists, firefighters, and resource managers making the case for a radically different approach to managing wildfire in the 21st century. Wildfires can no longer be treated as avoidable events because the risk and dangers are becoming too great and costly. Struzik weaves a heart-pumping narrative of science, economics, politics, and human determination and points to the ways that we, and the wilder inhabitants of the forests around our cities and towns, might yet flourish in an age of growing megafires.

The Joy Luck Club Amy Tan.2006-09-21 "The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of *Crazy Rich Asians* Amy Tan's beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary *Amy Tan: Unintended Memoir* on Netflix Four mothers, four daughters, four families whose histories shift with the four winds depending on who's saying the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. To despair was to wish back for something already lost. Or to prolong what was already unbearable. Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

Seeing Red Mark Cronlund Anderson,Carmen L. Robertson.2011-09-02 The first book to examine the role of Canada's newspapers in perpetuating

the myth of Native inferiority. *Seeing Red* is a groundbreaking study of how Canadian English-language newspapers have portrayed Aboriginal peoples from 1869 to the present day. It assesses a wide range of publications on topics that include the sale of Rupert's Land, the signing of Treaty 3, the North-West Rebellion and Louis Riel, the death of Pauline Johnson, the outing of Grey Owl, the discussions surrounding Bill C-31, the "Bended Elbow" standoff at Kenora, Ontario, and the Oka Crisis. The authors uncover overwhelming evidence that the colonial imaginary not only thrives, but dominates depictions of Aboriginal peoples in mainstream newspapers. The colonial constructs ingrained in the news media perpetuate an imagined Native inferiority that contributes significantly to the marginalization of Indigenous people in Canada. That such imagery persists to this day suggests strongly that our country lives in denial, failing to live up to its cultural mosaic boosterism.

Do Not Say We Have Nothing: A Novel Madeleine Thien.2016-10-11 Winner of the Scotiabank Giller Prize and the Governor General's Literary Award // Finalist for the Man Booker Prize and the Baileys Women's Prize for Fiction A powerfully expansive novel...Thien writes with the mastery of a conductor. —New York Times Book Review “In a single year, my father left us twice. The first time, to end his marriage, and the second, when he took his own life. I was ten years old.” Master storyteller Madeleine Thien takes us inside an extended family in China, showing us the lives of two successive generations—those who lived through Mao’s Cultural Revolution and their children, who became the students protesting in Tiananmen Square. At the center of this epic story are two young women, Marie and Ai-Ming. Through their relationship Marie strives to piece together the tale of her fractured family in present-day Vancouver, seeking answers in the fragile layers of their collective story. Her quest will unveil how Kai, her enigmatic father, a talented pianist, and Ai-Ming’s father, the shy and brilliant composer, Sparrow, along with the violin prodigy Zhuli were forced to reimagine their artistic and private selves during China’s political campaigns and how their fates reverberate through the years with lasting consequences. With maturity and sophistication, humor and beauty, Thien has crafted a novel that is at once intimate and grandly political, rooted in the details of life inside China yet transcendent in its universality.
