**The Making of Star India** Vanita Kohli-Khandekar.2019-07-25 When Rupert Murdoch, executive chairman, News Corporation, blew up more than \$870 million buying Star TV from Richard Li in the early 1990s, analysts were dismayed. Why on earth had Murdoch invested in a pan-Asian broadcaster that was neither fish nor fowl? More than twenty-five years later, with revenues of over \$2 billion, Star India is one of the country's three largest media firms. Murdoch's instinct had done what a hundred investor summits could not: showcased the potential of the Indian media market to the world. Vanita Kohli-Khandekar tells the thrilling story of Indian television through its most notable protagonist: Star TV. The narrative is peppered with delicious anecdotes and a fascinating cast of characters that includes Rathikant Basu, Peter Mukerjea, Uday Shankar, Sameer Nair and the Murdochs, who loom large over every scene.

**Nurturing Little Humans** Jay Lilawala.2018-08-30 Being born in the year 1984 and being raised amidst a Big Fat Indian Family amongst the love and warmth of grandparents, timely and firm advice from parents, spirit of oneness from uncles-aunts and the feeling of camaraderie that is free from any distinguishes amongst the cousins, I have lived an eventful childhood in the 20th century with my family and moved in the 21st century with my growth as a human. So I have memories of both the centuries and now I am standing at the equidistant of the 21st century that connects the lifestyles of two different eras. We did not have a childhood with the hi-tech technology where we could video call a long distant relative or play online Ludo with my friends. In our times we would meet at a cousin's place over tea and samosas followed by gully cricket. Since we have been imbibed with the skills of both the centuries which has made us capable enough to embrace any challenge with open arms, it is our responsibility to help and guide the 21st century kids towards understanding the real joy of life. Let's not complicate things for them with high management fundas and rather use our simple and playful tricks of past centuries and make life and childhood more memorable for them. The correct blend of old times with the current techno world will help us Nurture a Perfect Little Human who will in future build a Nation to be proud of.

**Those Pricey Thakur Girls** Anuja Chauhan.2017-08-16 In a sprawling bungalow on New Delhi's posh Hailey Road, Justice Laxmi Narayan Thakur and his wife Mamta spend their days watching anxiously over their five beautiful (but troublesome) alphabetically named daughters. Anjini, married but an incorrigible flirt; Binodini, very worried about her children's hissa in the family property; Chandrakanta, who eloped with a foreigner on the eve of her wedding; Eshwari, who is just a little too popular at Modern School, Barakhamba Road; and the Judge's favourite (though fathers shouldn't have favourites): the quietly fiery Debjani, champion of all the stray animals on Hailey Road, who reads the English news on DD and clashes constantly with crusading journalist Dylan Singh Shekhawat, he of shining professional credentials but tarnished personal reputation, crushingly dismissive of her 'state-sponsored propaganda', but always seeking her out with half-sarcastic, half-intrigued dark eyes. Spot-on funny and toe-curlingly sexy, *Those Pricey Thakur Girls* is rom-com specialist Anuja Chauhan writing at her sparkling best.

**Chronicles from Kashmir: An Annotated, Multimedia Script** Nandita Dinesh.2020-09-14 'What is happening in Kashmir?' *Chronicles from Kashmir* explores this question through a site-adaptive 24-hour theatrical performance. Developed between 2013 and 2018 by the Ensemble Kashmir Theatre Akademi and Nandita Dinesh, the play uses a durational, promenade format to immerse its audience

within a multitude of perspectives on life in Kashmir. From a wedding celebration that is interrupted by curfew, to schoolboys divided by policing strategies, and soldiers struggling with a toxic mixture of boredom and trauma, *Chronicles from Kashmir* uses performance, installation and collaborative creation to grapple with Kashmir's conflicts through the lenses of outsiders, insiders, and everyone in between. Due to varying degrees of censorship and suppression, the play has not been performed live since 2017. This book is, therefore, an attempt to keep *Chronicles from Kashmir* alive by including filmed scenes, a script, contextual questions, a glossary, and illuminating introductions by Nandita Dinesh and EKTA founder Bhawani Bashir Yasir. A valuable Open Access resource for practitioners, educators and students of performance and conflict, this book is also stimulating reading for anybody who has asked, 'What is happening in Kashmir?' This playscript includes: Twenty filmed scenes of the play in performance A range of contextual questions to stimulate discussion on staging site-adaptive theatre in places of conflict A helpful glossary

*Boats on Land* Janice Pariat.2012-10-05 Boats on Land is a unique way of looking at India's northeast and its people against a larger historical canvas—the early days of the British Raj, the World Wars, conversions to Christianity, and the missionaries. This is a world in which the everyday is infused with folklore and a deep belief in the supernatural. Here, a girl dreams of being a firebird. An artist

watches souls turn into trees. A man shape-shifts into a tiger. Another is bewitched by water fairies. Political struggles and social unrest interweave with fireside tales and age-old superstitions. Boats on Land quietly captures our fragile and awkward place in the world.

"A Sociological Study of Patterns of Televiewing" Dr. BABAN M. CHOUDHARI (Researcher) ,Dr. (Mrs) SUNANDA BIRE (Supervisor). During the past decade, the number of television receivers per home has skyrocketed, with many children each having a TV set in their bedroom. Through cable and satellite access, families have a choice of a hundred or more channels, most broadcasting twenty-four hours a day. The videotape recorder has enabled viewers to delay watching or to rewatch television programs at any time and thereby shift the traditional viewing hours to virtually any time of the day. The research studies directed at these phenomena have confirmed, however, that little effect has been seen in children's viewing habits. There was simply more of the same programming fare and it was available through a broader time frame. The distribution of television sets into various areas of the home and the less traditional hours of availability have, if anything, reduced the opportunities for parental coviewing and control. The V-chip was predicted to enhance the ability of parents to exercise such control, but appears to have been a failure with many parents not even aware of the existence of such a device.

**Urmila** Smriti Dewan.2021-04-18 Urmila is an alternative narrative of the Ramayana, the story of the abandoned throne of Ayodhya, the bonds of sisterhood and the anxieties of a multi-racial, multi-cultural Bharat with matriarchal influences from the east. It's an ancient epic set in a fantasy world with modern values and political tensions between kingdoms that mirror the geo-politics of the modern world and its leaders. It follows a reluctant princess, the heir to the throne of Mithila who constantly questions her credentials and ability to rule and is always looking for ways to shrug out of those responsibilities. She's a strong, resolute and independent, always under the shadow of her older sister. Urmila, unlike her sister with her divine roots, is human, with fears and weaknesses

that are human as is the way she deals with them, which makes for a relatable protagonist. It's mythology with a twist, where the route is the same, but the actions and motivations of characters make for a very different flavour.

The ten chapters explore topics including the impact of the medieval troubadour in modern love songs, the legacy of figures such as Tristan, Iseult, Lancelot, Guinevere, and Merlin in modern film and literature, and more generally, how courtly and chivalric conceptions of love have shaped the Western world's conception of love, loyalty, honor, and adultery throughout history and to this day.

A Bird of Bagdad O. Henry. 2022-07-19 By day a restaurant owner and by night a self-styled 'Prince of Bohemia', Margrave Quigg is a man who longs for excitement. One evening, whilst roaming the streets seeking people to help, Quigg encounters a distressed young man called Simmons. Hopelessly in love, Simmons must solve a riddle in order to turn his life around and win the hand of the woman he loves. This is just the sort of quest that Quigg has been waiting for, and before long, his own life is also turned upside-down by the mysterious riddle. A delightful, mysterious short story by the much-loved author William Sidney Porter - also known as O. Henry. William Sidney Porter (1862-1910) was an American writer best-known for his short stories. Born in North Carolina, Porter moved to Texas in his early twenties where he began his literary career contributing to newspapers and magazines such as 'The Houston Post'. During this period he also began work at a bank where he was accused of embezzlement, lost his job and was arrested a year later. Growing fearful of his upcoming trial, Porter escaped to New Orleans and then Honduras while on bail, where he hid for several months. It was here that he was inspired to write one of his famous short story collections 'Cabbages and Kings'. In 1897 Porter returned to the US and was sentenced to five years in prison. He continued to write and had several stories published from prison under various pseudonyms, the most famous of which was 'O. Henry' - a name by which he is better known. Upon release Porter moved to New York where his most intense period of writing began, authoring hundreds of short stories mostly for the New York World Sunday Magazine. His witty narration and plot twists made his stories a huge hit with readers, a legacy which endures to this day. Some of his most popular short stories include, 'The Gift of the Magi', 'The Cop and the Anthem' and 'The Caballero's Way'. 1952 film 'O. Henry's Full House' featured five of his short stories and starred Marilyn Monroe and Charles Laughton. Annual American literary prize 'The O. Henry Award' was established in his honour in 1919.

*English Heart, Hindi Heartland* Rashmi Sadana. 2012-02-02 English Heart, Hindi Heartland examines Delhi's postcolonial literary world—its institutions, prizes, publishers, writers, and translators, and the cultural geographies of key neighborhoods—in light of colonial histories and the globalization of English. Rashmi Sadana places internationally recognized authors such as Salman Rushdie, Anita Desai, Vikram Seth, and Aravind Adiga in the context of debates within India about the politics of language and alongside other writers, including K. Satchidanandan, Shashi Deshpande, and Geetanjali Shree. Sadana undertakes an ethnographic study of literary culture that probes the connections between place, language, and text in order to show what language comes to stand for in people's lives. In so doing, she unmasks a social discourse rife with questions of authenticity and cultural politics of inclusion and exclusion. English Heart, Hindi Heartland illustrates how the notion of what is considered to be culturally and linguistically authentic not only obscures larger questions relating to caste, religious, and gender identities, but that the authenticity discourse itself is continually in flux. In order to mediate and extract cultural capital from India's complex linguistic hierarchies, literary practitioners strategically deploy a fluid set of cultural and political distinctions that Sadana calls literary nationality. Sadana argues that English, and the way it is positioned among the other Indian languages, does not represent a fixed pole, but rather serves to change political and literary alliances among classes and castes, often in surprising ways.

Rethinking Gamification Mathias Fuchs, Sonia Fizek, Paolo Ruffino.2014 Gamification marks a major change to everyday life. It describes the permeation of economic, political, and social contexts by game-elements such as awards, rule structures, and interfaces that are inspired by video games. Sometimes the term is reduced to the implementation of points, badges, and leaderboards as incentives and motivations to be productive. Sometimes it is envisioned as a universal remedy to deeply transform society toward more humane and playful ends. Despite its use by corporations to manage brand communities and personnel, however, gamification is more than just a marketing buzzword. States are beginning to use it as a new tool for governing populations more effectively. It promises to fix what is wrong with reality by making every single one of us fitter, happier, and healthier. Indeed, it seems like all of society is up for being transformed into one massive game. The contributions in this book offer a candid assessment of the gamification hype. They trace back the historical roots of the phenomenon and explore novel design practices and methods. They critically discuss its social implications and even present artistic tactics for resistance. It is time to rethink gamification!

The Three Khans and the Emergence of New India Kaveree Bamzai.2021 When the Angry Young Man era was on its last legs, three young men entered the world of Hindi films, heralding a change that audiences sought and found in the 1988 teen romance Qayamat Se Qayamat Tak, starring Aamir Khan. The film's success set the stage for another blockbuster, Maine Pyar Kiya, a year later,

starring Salman Khan. Meanwhile, a third young actor, Shah Rukh Khan, emerged as the star of Fauji, a TV series. In the coming years, Hindi films changed dramatically, much of it spearheaded by the troika. The last three decades have also seen change in India with the unleashing of caste mobilisation, the emergence of a post-liberalisation open market and the rise of an assertive Hindutva. In addition, these decades have witnessed the growth of multiplexes, the emergence of digital streaming, noisy television news channels and an opinionated and vibrant social media. While exploring the political and social circumstances in which the Khans rose to fame, The Three Khans and the Emergence of New India maps the movies that marked the turning points in their careers and examines their social and emotional impact on Indian audiences.--

Salman Rushdie in the Cultural Marketplace Ana Cristina Mendes.2016-03-23 Taking up the roles that Salman Rushdie himself has assumed as a cultural broker, gatekeeper, and mediator in various spheres of public production, Ana Cristina Mendes situates his work in terms of the contemporary production, circulation, and consumption of postcolonial texts within the workings of the cultural industries. Mendes pays particular attention to Rushdie as a public performer across various creative platforms, not only as a novelist and short story writer, but also as a public intellectual, reviewer, and film critic. Mendes argues that how a postcolonial author becomes personally and professionally enmeshed in the dealings of the cultural industries is of particular relevance at a time when the market is strictly regulated by a few multinational corporations. She contends that marginality should not be construed exclusively as a basis for understanding Rushdie's work, since a critical grounding in marginality will predictably involve a reproduction of the traditional postcolonial binaries of oppressor/oppressed and colonizer/colonized that the writer subverts. Rather, she seeks to expand existing interpretations of Rushdie's work, itineraries, and frameworks in order to take into account the actual conditions of postcolonial cultural production and circulation within a marketplace that is global in both orientation and effects.
